

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PETITIONS AND MEMORIALS.

By Senator Cofer:

To the Legislature of Texas:

The undersigned, citizens of Grayson county, respectfully represent that we are informed that our county auditor says that Grayson county has paid an average of \$19,000 a year for the last five years for jurors. We believe that three-fourths of the time of our courts devoted to civil business is taken up by railroad damage suits and that of this three-fourths, one-half is by suits that do not properly belong here, and in which our people have no interest—suits in which the plaintiffs do not live in Texas and do not receive their injuries in Texas—suits in which the plaintiffs live in Arkansas, Kansas, Oklahoma and Missouri and received their injuries in those States and ought to bring their suits there. It is not right that our people should be burdened with taxes to pay these expenses.

The auditor's statement shows that of the \$20,000 paid by Grayson county in 1908 for jurors \$6,000 was paid in these

cases where the plaintiffs were not injured here and do not live here.

The courts should be open to every one who has a cause of action or thinks he has one, but let him go where he belongs.

We respectfully ask you to give us relief by passing a law depriving our courts of jurisdiction to try such cases.

Numerously signed.

REASONS FOR VOTING.

I vote no, and my reasons are these: I am opposed to locating experimental stations at present in the central black land belt of Texas. I believe there should be four experimental stations, to be located by the Agricultural and Mechanical College Board, and that these should be located in the west or arid portions of the State, and that a sufficient appropriation should be made to improve and make a perfect experimental farm of the two thousand acres of land at the Agricultural and Mechanical College, and to maintain those in other parts of the State as they should be.

EXECUTIVE MESSAGE.

Executive Office,
State of Texas.

Austin, Texas, March 22, 1909.

To the Legislature:

House bill No. 89, passed at the Regular Session of the Thirty-first Legislature, being a bill amending a law known as the Robertson insurance law, must be acted upon by the Governor within twenty days after the adjournment of the Regular Session, that is to say, not later than April 3. Section 5 of this bill fixes the occupation tax to be hereafter imposed upon life insurance companies not organized under the laws of this State and transacting business in Texas at the existing rate of 3 per cent of the gross premium receipts, subject to the following provision:

"Provided, that when the report of the investments in Texas securities of any company, as on December 31 of any year, shall show that such company has invested on said date as much as 30 per cent of its total Texas reserve in Texas securities, the rate of said occupation tax shall be reduced to 2 1-2 per cent, and when such report shall show that such company has invested on said date as much as 60 per cent of its total Texas reserves in Texas securities, the rate of such occupation tax shall be reduced to 2 per cent and when the report of such company shall show that as much as 75 per cent of the total Texas reserves of such company was invested on the said date in Texas securities, the rate of such occupation tax shall be reduced to 1 1-2 per cent; provided, the investment in Texas securities of 75 per cent of the Texas reserves provided by this act shall in any event be required of all such companies."

It is clear that inasmuch as the provisions of this act require the investment of at least 75 per cent of the Texas reserves in Texas securities, unconditionally, that the effect of said section is to finally reduce the premium gross receipts occupation tax from 3 per cent to 1 1-2 per cent of the gross premium receipts.

The Robertson insurance law, which

is the present law, increased the tax from 2 1-4 to 3 per cent, and the Thirtieth Legislature also repealed the law which had been in force for many years, imposing an annual occupation tax of \$5.00 for State purposes, \$2.50 for county purposes and \$2.50 for city and town purposes upon local agents of life insurance companies. The amounts from this source theretofore aggregating approximately more than \$30,000 per annum. Under the present law, which is repealed by House bill No. 89, an occupation tax of \$50 for State purposes, \$25 for county purposes and \$25 for city and town purposes is levied upon the general agents of life insurance companies. The bill before me provides that ultimately the sole tax collected from foreign life insurance companies in this State shall be an occupation tax of 1 1-2 per cent of the gross premium receipts, all fees and all other occupation taxes upon companies or agents being eliminated. In other words, the bill provides for a tax of 1 1-2 per cent of the gross premium receipts in lieu of both the present rate of 3 per cent and gross receipts tax, the tax of \$100 for all purposes upon general agents of life insurance companies.

If this bill should become a law it would result in reducing the tax imposed upon life insurance companies doing business in this State, not organized under the laws of Texas, at least \$125,000 per annum; provided, the business transacted by such companies equals the business done by them in Texas during the year 1906, and it is but reasonable to assume that such business transactions would increase in proportion to the increase in population and volume of business generally. Reliable data before me shows that Texas is practically the only State in which no taxes are collected upon such life insurance business, other than the State occupation tax upon gross premium receipts, and that the average of the gross receipts in all the States, notwithstanding all the other States impose additional taxes, is 17-10 per cent. I believe it clear that justice to the property taxpayers of the State would require that the minimum gross premium receipts tax rate, if all other taxes and fees are to be eliminated, both as to companies and their agents, should in no event be less than 2 per cent, and in view of the fact that House bill No. 89, above referred to, requires the investment in due time of 75 per cent of the Texas reserves in Texas securities, that there is no sound reason

for offering a tax reduction to secure compliance with the law.

Section 2 of the act provides that such companies may invest in Texas securities, and it is suggested that the interests of the State would be best subserved by legislation securing investments of such reserves in Texas real estate mortgages, instead of Texas securities, as such investments would tend to lower the rate of interest in Texas, while investments in general Texas securities would have little tendency in that direction.

It is further suggested that if the said House bill No. 89 is approved and becomes a law, the loss in gross receipts occupation taxes as a result of the reduction above mentioned will be shifted to the property taxpayers of the State, which was doubtless not intended by the Legislature. It is, therefore, suggested that Section 5 of said act be so amended as to provide that the occupation tax rate shall be 3 per cent upon the gross premium receipts; provided, that the company or companies having invested as much as 30 per cent of its total Texas reserves in Texas real estate mortgages shall pay only 2 6-10 per cent, and that the company or companies having as much as 60 per cent of its total Texas reserves so invested shall pay only 2 3-10 per cent, and that the company having the required 75 per cent fully invested in Texas real estate mortgages shall only pay 2 per cent.

Such legislative action as will encourage investment and reduce the interest rate to the masses of the people is needed, and the gross receipts premium occupation tax on the premium receipts of life insurance companies, not chartered under the laws of Texas and doing business in Texas and the graduation thereof as above outlined is suggested as a subject for consideration and legislation with that end in view and to prevent a further reduction in the State's revenues from that source. Prompt legislation in the premises is requested, as action must be taken on House bill No. 89 not later than April 3, 1909.

T. M. CAMPBELL,
Governor of Texas.

PETITIONS AND MEMORIALS.

By Senator Terrell of McLennan:

Waco, Texas, March 23, 1909.

Hon. H. B. Terrell, Austin, Texas:

We heartily favor passing appropriation bill and adjourning. We do not believe that any of the subjects submitted will assist in the upbuilding of Texas. We have had enough legislation for the best interest of this State.

Earnestly soliciting your support.

Numerously signed.

By Senator Adams:

Brownwood, Texas, March 17, 1909.

To Hon. W. N. Adams, State Senate,
and Hon. C. H. Jenkins, House of Representatives, Austin, Texas.

Sirs: In view of the fact that a large majority of the leading bankers and financiers of the State are strongly opposed to the enactment of any law bearing on the guaranty of deposits, and believing that this opposition to such law is based upon the actual experience of able men who have devoted a lifetime to the study of banking; dreading the ultimate results that may arise from a radical departure from the solid experience of the past, and that such opposition is not from selfish motives; and believing that the enactment of such a law would be in violation of the fundamental principles of our institutions; and believing that the law guaranteeing deposits, even in Oklahoma, is yet an unsupported theoretical experiment which has already required amendments, one of the amendments asked for, showing the grave apprehension of danger lurking in such a law; and believing that time alone can only furnish a practical demonstration as to whether or not the guaranty law of Oklahoma should be an object lesson for Texas to follow; and further believing that even if there is a platform demand on that subject, which is denied by some, it would not suffer by deferring action in the matter until two years hence; therefore, we would earnestly represent that we deem it the part of wisdom and discretion that the Legislature of Texas do not act hastily in a matter so momentous to the financial interests of the State, but rather defer action thereon for the next two years, thereby enabling our lawmakers to see the result of such a law in other States and profit thereby.

Signed—Coggin & Ford Co., Brown-

wood National Bank, Citizens' National Bank, B. E. Hurlbut, Brooke, Smith & Co.

By Senator Kellie:

Beaumont, Texas, March 23, 1909.

Captain E. I. Kellie, Senate, Austin, Texas:

Would be glad to see you pass appropriations and adjourn.

H. D. FLETCHER.

Beaumont, Texas, March 23, 1909.

E. I. Kellie, Austin, Texas:

Your constituents want appropriation bill passed and then adjourn.

F. C. McREYNOLDS,
JNO. H. HIGLEY.

The Chair had the following telegrams read to the Senate:

Beaumont, Texas, March 23, 1909.

President of the Senate, Austin, Texas:

We believe much of the legislation proposed will do great harm, and respectfully petition your body to adjourn.

Signed—W. E. Adams, L. Solinsky, W. C. Arnold, J. B. Synnott, G. W. McCain, John H. Broocks.

Beaumont, Texas, March 23, 1909.

Lieutenant Governor, Austin, Texas:

We respectfully submit that the best thing that the Legislature can do is to pass no more laws and allow the people to rest.

Signed—R. M. Mothner, Louis Mayer, Guy W. Junker.

Beaumont, Texas, March 23, 1909.

Lieutenant Governor, Senate Chamber, Austin, Texas:

The new measures submitted by the Governor are regarded as extreme. We believe they would injure the State.

Signed—W. F. Keith, J. J. Nathan.

By Senator Perkins:

Celeste, Texas, March 22, 1909.

Hon. Tom W. Perkins, Austin, Texas:

Use your best efforts to defeat depositors' bank guarantee law for two years, until the Oklahoma law has been thoroughly tested.

Signed—Y. R. Eastwood, S. P. Green, C. E. Patterson and twenty-six others.

S. S. B. No. 4. By Commission

A BILL

To be entitled

An Act to require each corporation organized under the laws of this State to do a banking business, or to receive funds on deposit, to file annually or before the first day of January with the Superintendent of Banks for the State a bond, or policy of insurance, or other guaranty of indemnity, to be approved by such Superintendent; to secure the depositors of such bank for the succeeding year, fixing the terms of such bond, policy of insurance or other guaranty, authorizing any other person, firm or corporation doing a banking business in the State or receiving funds on deposit; to take the benefits of the provisions of this act, and providing for the enforcement of the terms and conditions of such bond or policy of

insurance or other guaranty of indemnity, and providing for the forfeiture of the charter of any corporation organized under the laws of this State to do a banking business, or to receive funds on deposit which shall fail or refuse to comply with the provisions of this act, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. It shall be the duty of each banking corporation, or other corporation receiving funds on deposit, created under the laws of the State of Texas and transacting business in the State, to file annually with the Superintendent of Banking, on or before the first day of each year, a bond, or policy of insurance, or other guaranty of indemnity in an amount equal to the average daily deposits of such corporation filing the same for the preceding year; provided, that no part of the assets of the corporation filing such bond, or other guaranty, shall be considered in determining its sufficiency. Such bond or policy of insurance or other guaranty shall be subject to approval by the Superintendent of Banking, and shall take effect and be in force from and after the time it is approved and filed by him.

Sec. 2. Any person, firm or corporation transacting lawfully a banking business in this State, or lawfully receiving funds on deposit, shall be authorized to take advantage of the provisions of this act and to file a bond, or policy of insurance, or other guaranty of indemnity, as provided in Section 1 hereof; provided, that any such person, firm or corporation shall submit therewith to the Superintendent of Banking such reports and statements concerning its deposits and concerning the solvency of such bond or policy of insurance or other guaranty of indemnity as he may require in order to enable him to determine the sufficiency of such bond, or policy of insurance, or other guaranty of indemnity, and shall pay all such reasonable expenses as may be incurred by him in the making of an examination thereof.

Sec. 3. In the event of default by the person, firm or corporation who shall make or execute the bond, or policy of insurance, or other guaranty of indemnity, provided for herein, it shall be the duty of the Superintendent of Banking, when such default shall be made known to him, to report the same to the Attorney General of the State, and to give notice thereof to each and all persons

who may be obligated by reason of the conditions of such bond or policy of insurance or other guaranty of indemnity. In the event such person, firm or corporation in default shall so continue for the period of six months from the beginning thereof, it shall be the duty of the Attorney General, or any district or county attorney acting at his instance, to bring suit upon such bond, or policy of insurance, or other guaranty of indemnity in the name of the Governor, and for the benefit of all persons who may be beneficiaries thereof, by reason of its terms and conditions. Such suit shall be instituted in the district court of the county where the person, firm or corporation making such bond, policy of insurance or other guaranty of indemnity resided and transacted such business at the time of the filing thereof. Any action upon such bond, or policy of insurance, or other guaranty of indemnity shall be brought within twelve months of the date therein fixed for the termination thereof, and not thereafter.

Sec. 4. The Superintendent of Banking shall charge a fee of \$25 against each corporation incorporated under the laws of the State to do a banking business or to receive funds on deposit for the examination of the bond, or policy of insurance, or other guaranty of indemnity provided for in Section 1, and the examination of the solvency thereof and for the filing of the same, and shall be authorized to charge an examination fee sufficient to cover the actual expenses thereof against any other person, firm or corporation permitted to file such bond, or policy of insurance, or other guaranty of indemnity under the provisions of this act.

Sec. 5. The bond, or policy of insurance, or other guaranty of indemnity herein provided for shall contain substantially the following provisions:

The State of Texas,

County of.....

Know all men by these presents: That we,, as principal, and, as sureties, are held and firmly bound unto the Governor of the State of Texas and his successors in office in the sum of dollars, conditioned that the above bound, will pay upon demand, or in accordance with its certificates of deposit, to the persons entitled thereto, all funds or other deposits received by it during the period beginning and ending

Sec. 6. If any corporation organized

under the laws of this State to do a banking business or to receive funds on deposit shall fail or refuse to file the bond, or policy of insurance, or other guaranty of indemnity provided for in Section 1 hereof, in accordance therewith, it shall be the duty of the Superintendent of Banking to promptly report such failure to the Attorney General, who shall thereupon institute suit in the district court of Travis county to forfeit the charter of such corporation, and such court shall, upon hearing and proof thereof, enter decree and judgment therein forfeiting and annulling the charter of such corporation.

Sec. 7. In the event the business of any person, firm or corporation applying to the Superintendent of Banking for permission to file a bond, or policy of insurance, or other guaranty of indemnity as provided herein, shall not have been in operation for one year preceding such application, the Superintendent of Banking shall have authority, and it shall be his duty to fix the amount of such bond, or policy of insurance, or other guaranty of indemnity, at his discretion.

Sec. 8. All laws and parts of laws in conflict herewith are hereby repealed.

Sec. 9. The fact that no adequate provision now exists for the executing and filing of bonds, or other indemnities for the protection of depositors in banks, and other concerns receiving funds for deposit in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and it is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Hon. A. B. Davidson, President of the Senate.

Sir: Your Committee on Engrossed Bills have carefully examined and compared

Senate bill No. 54, A bill to be entitled "An Act providing for the establishment of an agricultural experiment station in the Third Senatorial District of Texas,"

And find the same correctly engrossed.
WARD, Chairman.

PETITIONS AND MEMORIALS.

By Senator Hudspeth:

San Angelo, Texas, March 18, 1909.

To Hon. C. B. Hudspeth, State Senate, and Hon. Brown F. Lee, House of Representatives, Austin, Texas.

Sirs: In view of the fact that a large majority of the leading bankers and financiers of the State are strongly opposed to the enactment of any law bearing on the guaranty of deposits; and

Believing that this opposition to such a law is based upon the actual experience of able men who have devoted a life time to the study of banking, dreading the ultimate results that may arise from a radical departure from the solid experience of the past, and that such opposition is not from selfish motives; and

Believing that the enactment of such a law would be in violation of the fundamental principles of our institutions; and

Believing that the law guaranteeing deposits, even in Oklahoma, is yet an unsupported, theoretical experiment which has already required amendments, one of the amendments asked for showing the grave apprehension of danger lurking in such a law; and

Believing that time alone can only furnish a practical demonstration as to whether or not the guaranty law of Oklahoma should be an object lesson for Texas to follow; and

Further believing that, even if there is a platform demand on that subject, which is denied by some, it would not suffer by deferring action in the matter until two years hence.

Therefore, we would earnestly represent that we deem it the part of wisdom and discretion that the Legislature of Texas do not act hastily in a matter so momentous to the financial interest

of the State, but rather defer action thereon for the next two years, thereby enabling our lawmakers to see the result of such a law in other States, and profit thereby.

Numerously signed.

By Senator Adams:

Hon. W. N. Adams, State Senator, Austin, Texas:

We, the undersigned, citizens, request that you use your best endeavors toward passing the appropriation bill and then adjourn, thereby earning the everlasting gratitude of your constituents.

Numerously signed.

By Senator Perkins:

Commerce, Texas, March 24, 1909.

Hon. Thos. W. Perkins, State Senator, Austin, Texas.

Dear Sir: We the undersigned, business men of Commerce, Texas, beg to say that we are unalterably opposed to the compulsory guaranty of deposits law, and ask that in the name of justice and right you oppose it.

We think the people should have an opportunity to thoroughly understand what compulsory guarantee of deposits mean before such a law is passed.

Numerously signed.

On adoption of the said code by votes of a majority of the members of the board, and approved by the Governor, it shall be published at length for one time in the official monthly bulletin of the State Board of Health, and at least three times for three consecutive weeks in three daily newspapers of the State, after which adoption, approval and publication, it shall become operative and have the absolute force of law, and any person who shall violate any of the rules and regulations in said sanitary code after its adoption and publication as above provided for shall be deemed guilty of a misdemeanor and upon conviction shall be fined as herein prescribed.

Copies of said code shall be furnished by the board upon application to any person applying therefor and paying a nominal sum, to be fixed by the board, to cover cost of publication and transportation of same.

Sec. 12. Power is hereby conferred upon the Texas State Board of Health to further revise and amend said sanitary code for Texas at any time they may deem proper and expedient; provided, that such revision and amendment shall come within the scope of the power herein conferred upon the board for enacting the original code.

Sec. 13. It shall be the duty of said Texas State Board of Health to perform all functions and duties now imposed by existing laws upon the State Health Officer, and whenever State Health Officer is mentioned in the present laws the Texas State Board of Health shall be deemed to succeed in purpose and effect, whenever such statutes are not in conflict with this act.

Sec. 14. Each member of the said Texas State Board of Health and each of its inspectors and officers is hereby constituted a peace officer and shall have power to arrest persons violating any of the provisions of the sanitary code to be adopted by the board, of the violation of any public health, sanitary or quarantine law of the State, and such member, officer or inspector may so arrest such offenders without warrant

It is hereby made the duty of all sheriffs and their deputies and constables and their deputies, police officers, town marshals, State Rangers and all other peace officers to assist in the apprehension and arrest of all persons violating any provisions, rules, ordinances or laws or the sanitary code for Texas as it may be adopted by said board, or for violation of any public health, sanitary or quarantine laws of the sanitary code for Texas as it may be adopted by said inspectors and officers of said board to apprehend and arrest all persons who may commit any offense against the public health laws of this State, or the rules, regulations, ordinances and laws of the sanitary code for Texas when adopted, published and promulgated by said Board of Health, as provided in this act when charged to execute a warrant of arrest issued by the proper officer for the apprehension and arrest of all persons charged with so offending.

Sec. 15. The members of the Board of Health and every person duly authorized by them upon presentation of proper authority in writing are hereby empowered whenever they may deem it necessary in pursuance of their duties to enter into, examine, investigate, inspect and view all grounds, public buildings, factories, slaughter houses, packing houses, abattoirs, dairies, bakeries, manufactories, hotels, restaurants and all other public places and public buildings where they may deem it proper to enter for the discovery and suppression of disease and for the enforcement of the rules, regulations and ordinances of the sanitary code of Texas after it has been adopted, promulgated and published by the board for the enforcement of any and all health laws, sanitary laws or quarantine regulations of this State.

Sec. 16. The members of said Board of Health and its officers are hereby severally authorized and empowered to administer oaths and to summon witnesses and compel their attendance in all matters proper for the said board to investigate, such as the determination of nuisances, investigation of public water supplies, investigation of any sanitary conditions within the State, investigation of the existence of infection or the investigation of any and all matters requiring the exercise of the discretionary powers invested in said board and

its officers and members and in the general scope of its authority invested by this act. The several district judges and courts are hereby charged with the duty of aiding said board in its investigations and in compelling due observance of this act, and in the event any witness summoned by said board or any of the officers or members of the same shall prove disobedient or disrespectful to the lawful authority of such board, officer or member, such person shall be punished by the district court of the county in which such witness is summoned to appear as for contempt of said district court.

Sec. 17. Any witness when summoned to appear before said board who shall falsely testify as to any matters proper for the determination of any question which the board may be investigating shall be deemed guilty of perjury, and shall be punished as provided by law for the offense of perjury.

Sec. 18. Be it further enacted that the office of county physician shall be abolished within the several organized counties of this State, and that instead the office of county health officer is hereby created in each organized county within this State.

Sec. 19. The office of county health officer shall be filled by a competent physician legally qualified to practice under the laws of the State of Texas and of reputable professional standing.

Sec. 20. It is hereby made the duty of the commissioners court by majority vote of each organized county to appoint a proper person for the office of county health officer for his county, who shall hold office for two years and until his successor shall be appointed and qualify, unless sooner removed for cause; provided, however, that in all counties where there is a duly appointed and acting county physician heretofore appointed the county judge shall appoint such county physician as county health officer. Said county health officer shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath of office and a copy of his appointment with the Texas State Board of Health, and until such copies are so filed said officer shall not be deemed legally qualified. Compensation of said county health officer shall be fixed by the commissioners court; provided, that no compensation or salary shall be allowed except for services actually rendered.

Sec. 21. The office of city physician for the several incorporated cities and towns within this State is hereby abol-

ished, and instead created the office of city health officer.

Sec. 22. The office of city health officer shall be filled by a competent physician, legally qualified to practice medicine within this State, of reputable professional standing.

Sec. 23. It is hereby made the duty of the city council or the city commissioners, as the case may be, of each incorporated city and town within this State to elect a qualified person for the office of city health officer by a majority of the votes of the city council or city commission, as the case may be, except in cities which may be operated under a charter providing for a different method of selecting city health physicians, in which event the office of city health officer shall be filled as is now filled by the city physician, but in no instance shall the office of city health officer be abolished.

The city health officer, after appointment, shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath and a copy of his appointment with the Texas State Board of Health, and shall not be deemed to be legally qualified until said copies shall have been so filed.

Sec. 24. In case the authorities hereinbefore mentioned shall fail, neglect or refuse to fill the office of county or city health officer as in this act provided, then the Texas State Board of Health shall have the power to appoint such county or city health officer to hold office until the local authorities shall fill such office, first having given ten days' notice in writing to such authority of the desire for such appointment.

Sec. 25. Each county health officer shall perform such duties as has heretofore been required of county physicians with relation to caring for the prisoners in county jails and in caring for the inmates of county poor farms, hospitals, discharging duties of county quarantine and other such duties as may be lawfully required of the county physician by the commissioners court and other officers of the county, and shall discharge any additional duties which it may be proper for county authorities under the present laws to require of county physicians, and in addition thereto he shall discharge such duties as shall be prescribed for him under the rules, regulations and requirements of the Texas State Board of Health or the president thereof, and is empowered and authorized to establish,

maintain and enforce quarantine in his county. He shall also be required to aid and assist the State Board of Health in all matters of local quarantine, inspection, disease, prevention and suppression, vital and mortuary statistics and general sanitation within his county, and he shall at all times report to the State Board of Health in such manner and form as it shall prescribe the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and shall make such other and further reports in such manner and form and such times as said Texas State Board of Health shall direct, touching such matters as may be proper for said State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of its proper rules, regulations, requirements and ordinances and in the enforcement of sanitary laws and quarantine regulations within his jurisdiction.

Sec. 26. In all matters with which the State Board of Health may be clothed with authority, said county health officer shall at all times be under its direction, and any failure or refusal on the part of said county health officer to obey the authority and reasonable commands of said State Board of Health shall constitute malfeasance in office, and shall subject said county health officer to removal from office at the relation of the State Board of Health, and pending charges for removal said county health officer shall not receive any salary or compensation, which cause shall be tried in the district court of the county in which such county health officer resides.

Sec. 27. In the event any county health officer shall fail or refuse to properly discharge the duties of his office, as prescribed by this act, the State Board of Health shall file charges with the commissioners court for the proper county specifying wherein such officer has failed in the discharge of his duties, and at the same time the State Board of Health shall file a protest with the county clerk and the county treasurer against the payment of further fees, salary, or allowance to said county health officer, and pending such protest and charges, it shall not be lawful for such county health officer to be paid or to receive any subsequently earned salary, fees or allowances on account of his office, unless such charges are shown to be untrue and are not sustained. After five days' notice in

writing to said county health officer the commissioners court shall hear the charges, at which hearing the county judge shall preside, and the State Board of Health may be represented. Either party, the State Board or the county health officer, may appeal from the decision of said court to the district court of said county, and pending such appeal no salary, fees or allowance shall be paid to said county health officer for any subsequent earned salary, and in the event the charges shall be sustained, the said county health officer shall be charged to pay all costs of court, and shall forfeit all salary, fees and allowances, earned subsequent to the date of filing the charges and protests.

Sec. 28. No bond for cost or bond on appeal or writ of error shall be required of the State Board of Health or State officials in any actions brought or maintained under this act.

Sec. 29. Each city health officer shall perform such duties as may now or hereafter be required by the city councils and ordinances of city physicians and such duties as may be required of him by general law and city ordinances with regard to the general health and sanitation of towns and cities, and perform such other duties as shall be legally required of him by the mayor, councils, commissioners or the ordinances of his city or town. He shall in addition thereto discharge and perform such duties as may be prescribed for him under the directions, rules, regulations and requirements of the State Board of Health and the president thereof. He shall be required to aid and assist the State Board of Health in all matters of quarantine, vital and mortuary statistics, inspection, disease, prevention and suppression and sanitation within his jurisdiction. He shall at all times report to the State Board of Health in such manner and form as shall be prescribed by said Board of Health the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and shall make such other and further reports in such manner and form and at such times as said State Board of Health shall direct touching all such matters as may be proper for the State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of proper rules, regulations and requirements in the enforcement of all sanitary laws, quarantine regulations and vital statistics collection,

and perform such other duties as said State Board of Health shall direct.

In all matters in which the State Board of Health may be clothed with authority said city health officer shall at all times be governed by the authority of said Board of Health, and failure or refusal on the part of said city health officer to properly perform the duties of his office as prescribed by this act shall constitute malfeasance in office and shall subject said city health officer to removal from office at the relation of the State Board of Health, which cause shall be tried in the district court of the county in which such city health officer resides.

In the event of a failure or refusal of said city health officer to properly discharge his duties of his office the State Board of Health shall file charges against said city health officer with the council or city commission of the proper town or city, which shall specify in what particulars said city health officer has failed in respect to the discharge of his duties, and shall at the same time file a protest with the city secretary and city treasurer against the payment to said city health officer of further fees, salary or allowance, and pending such charges and protest no further salary, fees or allowance shall be paid to said city health officer, unless such charges are shown to be untrue and not sustained. After five days' notice in writing to said city health officer the charges shall be heard before the mayor and council, or the mayor and commission of the town or city in which said city health officer shall reside, at which hearing the State Board of Health may be represented, and either the city health officer or the State Board of Health shall have the right of appeal to the county court of the county in which the city or town is situated, and if said charges be sustained said city health officer shall be adjudged to pay all costs of court, and shall forfeit all salary, fees and allowance accrued subsequent to the date of filing of the charges and protest originally and which may be due him on account of his office.

Sec. 30. The compensation of city health officer shall be fixed by the mayor and council, or the mayor and commissioners of the respective towns and cities within this State.

Sec. 31. There shall be an annual conference of county health officers and city health officers of this State, at such time and place as the State Board of

Health shall designate, at which conference the president or some member of the said State Board of Health, shall preside. The several counties, towns and cities may provide for and pay the necessary expense of its county health officer or city health officer for attendance upon said conference.

Sec. 32. In all matters wherein the Board of Health shall invoke the assistance of the courts, the action shall run in the name of the State of Texas, and the Attorney General shall assign a special assistant to attend to all legal matters of the Board, and upon demand of the Board it shall be the duty of the Attorney General to promptly furnish the necessary assistance to the Board to attend to all its legal requirements.

Sec. 33. The fact that there is now no uniform and efficient law for the suppression and prevention of disease within this State, other than that of foreign origin, and no effective system for preserving, tabulating and utilizing the vital and mortuary statistics of the State and for the appointment of local health officers, creates an emergency and imperative public necessity that the constitutional rule providing that bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

PERSONAL PRIVILEGE.

Senator Senter here arose to a question of personal privilege, and at the conclusion of his remarks he moved that same be printed in the Journal of today.

Pending discussion on the above motion, Senator Hudspeth amended the motion to print the remarks in the Journal by adding that 10,000 copies of the Journal be printed for the use of the Senators.

Senator Murray moved the previous question on both of the above motions, which motion being duly seconded, was so ordered.

Senator Terrell of Bowie called for a division of the question.

The motion to print the personal privilege matter by Senator Senter in the Journal was put first, and the motion was adopted.

Senator Hudspeth then withdrew his motion to print 10,000 extra copies of the Journal.

Following is the personal privilege remarks by Senator Senter:

Mr. President and Gentlemen of Senate:

In reply to several requests th should make some further statemen reference to the facts and circumsta connected with the expulsion of Thomas I have stated that I regai my duties here as of paramount impa nce, and that I had no desire whate to interfere in the contest now pend in the Second Senatorial District. attitude with respect to this, as w respect to every other matter connect with the proceedings of this body, h been that it was sufficient for me to pe form my duty as I understood it a to leave the consequences to take care themselves. Inasmuch, however, as M Thomas has issued a circular which ha just been brought to my attention i which he has seen fit to connect m name with his divers and sundry at tacks upon the members of this body and to eject into his campaign a state- ment wholly without foundation touch- ing my course with reference to his ex- pulsion, I deem it to be my duty in the interest of truth and decency, as well as a duty of candor that I owe to the people of my own district, of whom I am but the representative, to make plain and permanent record of the facts touching this particular statement of Mr. Thomas.

I quote from a circular addressed "to the voters of the Second Senatorial Dis- trict," and signed "yours for honesty in public office, H. Bascom Thomas." The particular matter to which I shall call the attention of the Senate reads as follows: "The day I was expelled we reached that point in our deliberations when I was asked for these names, a few minutes before Senator Cofer had asked the President that if I should name these men if they would be al- lowed to vote upon my expulsion to which he answered in the affirmative. A recess of a few minutes was taken and a statement was drawn up setting out the charges heretofore mentioned, and which could have proven satisfactorily to the citizens of Texas, but which Sena- tor Cofer thought would not be ac- cepted by the Senators. My friends ad- vised me to go no further and there we rested the case, being convinced that if these names were given these Senators and their friends would vote for my ex- pulsion should I attempt to prove them guilty of corruption. A few minutes before my expulsion Senator Senter asked if I would promise not to refer to any of these charges after the Legis-

lature adjourned. I refused to make such a promise."

It would be impossible for the most mendacious imagination that ever afflicted a human frame to conceive a statement which contains as little of truth as this. The facts are not wholly a matter of record, and hence it is proper that they should now be put of record. Up almost to the very minute of his last sensational exploit, I was endeavoring with such little influence as I could command to protect the Senator from Hopkins county from the just consequences of his own folly, to use the very lightest term by which his conduct could properly be characterized. When he made his sweeping charges of corruption against the members of this body I confess that I was startled, and supposed that he had some proof to offer against somebody, for it did not enter my mind that any person could be so reckless as to stand up in a legislative assembly composed of representatives from the whole body of the people of Texas and declare that he had knowledge of corruption upon the part of some members of that body without having a single fact at his command to support such charges. As every member of this body knows, I not only stood ready to back Mr. Thomas in his effort to prove up his charges, but I was ready to stand upon the floor and assist in the punishment of the guilty man, if he could adduce proof of guilt. A committee of investigation was appointed, one member of which was named by Mr. Thomas, and, as I understood the matter, the proceedings were conducted with a desire to afford him every opportunity to offer evidence. It is a matter of record here that he tendered no evidence whatever which would have supported any charge which reflected upon any member of this body.

When Mr. Thomas was first called to book in this body on account of his constant reiteration of unsupported charges against its membership, and after he had rushed from time to time into print with declarations for which he might have been properly arraigned before the bar of the Senate in a contempt proceeding, it became manifest that the patience of the membership of the Senate was well nigh exhausted, and, as is a matter of public record, action was taken which at one time threatened to result in his expulsion. Believing at the time that he was to some extent the victim of a disordered imagination and was possibly not responsible for his own

acts, and accepting the assurances of his avowed friends that he did not understand the meaning of words and terms and did not know what he was doing, I joined in a movement to prevent his expulsion. A conference was held just before the Senate then acted in which several Senators participated, among them Senator Brachfield, Senator Sturgeon and myself. As a result of our efforts, and of others, every man animated by a spirit of kindness toward Mr. Thomas, he signed what was proposed and represented by him to be, and represented by us, acting as his friends, to be a retraction of his charges against the membership of this body. It is a matter of record that the Senate accepted that retraction in a spirit of cordiality and it was the general understanding voiced on the floor of the Senate in proceedings in which Mr. Thomas participated with great unctious that we were to hear no more of the charges against the membership of this body, which Mr. Thomas then publicly admitted to have no support and touching which, as every one knows, he had offered not a single scintilla of evidence. Every man who has any sense of honor will comprehend my own amazement when but a day or two after this proceeding I read a statement in the press signed by H. Bascom Thomas declaring that he had made no retraction and renewing the wholesale charges, for which he had theretofore been arraigned in the Senate. Then and there I parted company with Mr. Thomas, and I desire to make a record here of the declaration that under such circumstances I part company with any man.

I took no interest thereafter in Mr. Thomas, or in any of his performances, because I found quite enough of public matters of an urgent nature demanding my attention here to consume all of my time. I should have remained indifferent to these performances if he had confined himself to the crusade in the public press, to which the principal part of his time and attention, as far as I could see, was given, if he had not persisted in blockading the proceedings of this body with his interminable charges and insinuations. When this culminated in the resolution to expel him, I was present in one of the committee rooms where most of the members of the Senate gathered and talked over this matter. Among those who were there was the Senator from Navarro, Mr. Holsey, who opposed the expulsion of Mr. Thomas, and who declared that he had

no doubt that Thomas would sign a full and complete retraction of all charges of corruption he had continuously repeated against the membership of this body, and that, as a matter of expediency, it was best to accept such retraction. After my own experience as a volunteer champion of Mr. Thomas, I was somewhat wearied of accepting at their face value his retractions. I then suggested that he had signed one retraction in order to avoid the penalty for his misconduct, and had immediately retracted his retraction. I shall not undertake to quote the language of the Senator from Navarro, but the substance of it was that he was confident that Mr. Thomas would tender full and ample apology for his unfounded reflections upon the membership of this body. Bearing in mind all of these facts which I have related, it will be understood why I thought it proper after having been chosen by the Senate to interrogate Mr. Thomas, to inquire of him the real purport of the last document which he signed and tendered as a retraction of his repeated charges. In a communication to the press, which had been published but a day or two before, he used this language:

"Every honest man in Texas, including members of the Senate, knows my charges to be true, and in a short time I will publish in pamphlet form a detailed report of the investigation, so that the people will know something of the graft, rottenness and corruption that prevails among the so-called representatives of the people. The Senate this afternoon would not have permitted me to discuss that report and the facts disclosed before the investigation for half this capitol, for my remarks would have forever sent to their political graves several men of prominence connected with the Senate."

In the statement sent up by Mr. Thomas and incorporated in the Journal as his second retraction he used this language:

"Sometime back I arose to a point of personal privilege and called the attention of the Senate to what I thought to be a violation of the anti-lobby law, and since which time I have given out interviews to the press and made other statements on the floor of the Senate, some of which interviews and statements made by me, the members think, reflect upon their honesty and integrity; and such not being my intention, I think it proper and fair to all concerned to make the following statement:

"I wish to state that I absolutely know of no member of this Senate engaging in anything within this Capitol that is dishonest or disreputable in any particular, and when I said in an interview given out by me that there was a scandal in which some members of the Legislature were connected, I did not mean to convey the idea that there had been any scandal of any kind in the Capitol so far as the Senate is concerned, but had reference to some unlawful gambling, to-wit: Poker playing in certain places in Austin in which some members of the Legislature were engaged."

It will at once appear to every candid mind that these two statements, the last of which closely followed the first, are irreconcilable. My final question to Mr. Thomas was in effect to ask whether he stood upon the first or upon the last of such statements.

In the investigation which was conducted upon the floor of the Senate, every opportunity was offered to Mr. Thomas to prefer charges and to offer testimony. He was invited and urged to make any charge upon which he could offer any evidence tending to incriminate any member of this body, and all of the machinery of the Senate was put at his command to collect testimony. Every member of the Senate who was present concurred in a request, evidenced by a vote, that he should present to the Senate any fact or circumstance which he might know tending to show corruption upon the part of any member of this body. After he had stated that he had nothing more to say, no facts to disclose, no charges to make and no testimony to offer, he was asked if the investigation had been fair and complete, and he declared upon the floor of the Senate in the affirmative. In the presence of this body he declared that he could not offer a single witness or present a single fact to corroborate either of the many declarations he had made against the membership of this body as a whole. I then put to them an inquiry, the object of which was to ascertain whether he intended to do as he had done before and again retract his retraction. He had declared here in the presence of the Senate at the conclusion of his first performance, that he had no proof, no witnesses, that he was without a single proof for his protracted crusade of slander, and in the face of these admissions he had rushed out before the public and renewed the declaration that this body was honey-combed

with intrigue and scandal. I believed then, and I believe now, that it was proper for the Senate and the public to know whether Mr. Thomas was sincerely seeking to bring about the disclosure of graft and corruption, or whether he was engaged in a sensational fanfaronade, having no other purpose than to raise a dust and to keep his name before the public. I deem it proper to make this full explanation as a predicate to the declaration that I now make in the presence of the Senate as one which I desire to go into the record, which is that the suggestion that I sought to exact a promise from Mr. Thomas that he would agitate no further his charges against the membership of this body in return for the implied promise to shield him from punishment by this body is a wilful and deliberate falsehood by whomsoever made, and could only be made by one incapable of telling the truth unless he had some personal or financial end to gain by telling it. This much I deem it my duty to say in justice to all the membership here, whether they joined in the resolution of expulsion, or whether they merely voted to censure the Senator from Hopkins county for his misconduct.

Having said this much, it may be admissible to indulge in one reflection concerning this episode. It will be a sad day for Texas whenever graft and corruption shall exist in one of its legislative assemblies and no member can be found there strong and brave enough to declare the truth. It will be a sadder day for Texas whenever an irresponsible mischief-maker and scandal monger can, without a scintilla of truth at his back, sow down the State with charges of corruption, refuse when called upon to produce one witness, one circumstance or one fact to support his charges, back away from the trial of his charges, and then meet the approval of any considerable number of our people. We should be admonished by that suggestive story in the old Blue Back spelling book "that constant iteration of vain and false soon bring about a condition of the public mind akin to disgust," and that it is as important that the people's confidence in faithful officials should not be shaken, as it is that the unfaithful should be sternly punished. If there be a greater offender against the public welfare than the public servant who filches the dollar which belongs to the public treasury, it is that creeping, crawling thing which insults God's sunshine with its slime and casts a trail of poisonous scandal wher-

ever it crawls. There is no fit place but the penitentiary for the public servant who is corrupt. There is no place under the canopy of heaven where a reckless and mischievous scandal monger should find room and welcome.

PETITIONS AND MEMORIALS.

By Senator Terrell of McLennan:

Austin, Texas, March 21, 1909.

To Senator H. B. Terrell, Representative W. C. O'Bryan, Representative John Maxwell, Representative Sam Stratton, Representative A. M. Kennedy.

Sirs: We, the undersigned members of the McLennan County Democratic Convention, which convened in Waco last August, respectfully request you, as our representatives, to vote against the guaranty of bank deposits.

Numerously signed.

By Senator Cofer:

Sherman, Texas, March 24, 1909.

Senator Cofer and Representatives Marshall, Elliott and Aston.

Sirs: We, the undersigned citizens of Sherman and Grayson county earnestly petition you to pass the appropriation bill and adjourn as speedily as possible.

Numerously signed.

Sherman, Texas, March 26, 1909.

Messrs. Cofer, Marshall, Aston, and Elliott.

I got these signatures yesterday evening after court adjourned and send this to you to show there is no real sentiment in this county favoring the Commercial Secretaries' idea of adjourning and coming home. This is a Democratic county and its citizenship believes in the fundamental principles of Democracy (which is honesty in government) and the redemption of every pledge made by party to people.

The people are standing by you in your work there better than I ever saw and are highly pleased with John Marshall's election. Stand pat on platform demands, and the "gates of hell," etc. I am, very truly,

B. F. GAFFORD.

The undersigned Democrats and qualified voters of Grayson county, Texas, believing that our Democratic Legislature should reflect the will and redeem the pledges of the Democratic party made to the people during the recent campaign, hereby request our Senator and Representatives to do their utmost to enact into law every Democratic platform demand.

Numerously signed.

REASONS FOR VOTING NO.

We voted against the wolf scalp bill, and place this statement in the record showing our opposition to said bill, as there was no roll call on final passage. However, the record on the vote to suspend the constitutional rule shows our record on the bill in opposition to it. We deem it inexpedient and unwise to vote \$150,000 of the public funds for killing wolves and especially at this time in the present condition of the treasury.

REASONS.

I introduced the amendment and voted for it because the Legislature has no right in law, as has been frequently held by the higher courts, to change the penalty for violating the local option law in communities where prohibition prevails. The people in that community are the only power on earth that can change the law, as they voted it. Lawhon vs. State, 9 S. W. Rep., 355; Dawson's Case, 25 Tex. App., 670. Neither do I think it right to attempt to change the law as the people voted it. Any change should apply only to communities hereafter adopting the law.

PETITIONS AND MEMORIALS.

By Senator Adams:

Memorial from Gum Springs Farmers' Union, favoring guaranty bill.

Petition from Llano, favoring guaranty bank bill.

By Senator Hudspeth:

San Angelo, Texas, March 18, 1909.

To Hon. C. B. Hudspeth, State Senate, and Hon. Brown F. Lee, House of Representatives, Austin, Texas.

Sirs: In view of the fact that a large majority of the leading bankers and financiers of the State are strongly opposed to the enactment of any law bearing on the guaranty of deposits; and

Believing that this opposition to such a law is based upon the actual experience of able men who have devoted a lifetime to the study of banking, dreading the ultimate results that may arise from a radical departure from the solid experience of the past, and that such opposition is not from selfish motives; and

Believing that the enactment of such a law would be in violation of the fundamental principles of our institutions; and

Believing that the law guaranteeing deposits, even in Oklahoma, is yet an unsupported theoretical experiment which has already required amendments, one of the amendments asked for showing the grave apprehension of danger lurking in such a law; and

Believing that time alone can only furnish a practical demonstration as to whether or not the guaranty law of Oklahoma should be an object lesson for Texas to follow; and

Further believing that, even if there is a platform demand on that subject, which is denied by some, it would not suffer by deferring action in the matter until two years hence.

Therefore, we would earnestly represent that we deem it the part of wisdom and discretion that the Legislature of Texas do not act hastily in a matter so momentous to the financial interest of the State, but rather defer action thereon for the next two years, thereby enabling our law-makers to see the result

of such a law in other States, and profit thereby.

Numerously signed.

By Senator Weinert:

Petition from C. D. Mead and other citizens of Hays county, favoring House bill No. 54, creating the office of State Fire Marshal.

Petition from Farmers' Union of Guadalupe county, favoring House bill No. 1, and also a like petition from Farmers' Union of Gonzales county.

By Senator Hayter:

Chico, Texas, March 30, 1909.

J. P. Hayter, State Senator:

We, the members of Chico Union, ask that you consider the Cureton bill on bank guaranty, and that you vote for the bill without any amendment if you can honestly do so.

Yours truly,

W. W. JONES,
Secretary.

By Senator Hayter:

To the Hon. J. P. Hayter:

We, the undersigned members of Joe Bailey local Farmers' Union of Wise county, earnestly ask your support of the Cureton bill which guarantees the deposits of State banks. We also ask that you oppose any amendments to this bill, supporting only the original.

By Senator Bryan:

Rochester, Texas, March 27, 1909.

To Hon. W. J. Bryan, Senate Chamber, Austin, Texas.

Dear Sir: Believing that the bill introduced in the House by Representative Cureton of Bosque county, known as House bill No. 1 for guaranteeing of deposits in State banks, if enacted into law, will increase bank deposits in our State and otherwise contribute to a feeling of safety in financial circles in our State, thereby reducing to the minimum the probability of panic. We, the undersigned citizens of Haskell county and constituents of your district, expect you to give said bill your hearty support in the Senate and to do all in your power to prevent its being so amended as to weaken or thwart its original purpose.

Numerously signed.

By Senator Adams:

to the Hon. Wm. Adams, Austin, Texas:

We, the undersigned, your constituents, respectfully request and urge your support to the State bank guaranty law.

This law has been demanded by the Democrats in the State convention, and we feel certain that an overwhelming majority of the people of the State of Texas favor the enactment of this law and we, knowing that you recognize yourself to be a true Democrat, you certainly will not oppose the will of the Democrats of Texas.

Numerously signed.

The Chair had the following read to the Senate:

Albany, Texas, March 29, 1909.

To the Honorable Legislature of Texas:

We, the undersigned citizens of Shackelford county, Texas, do hereby petition the said honorable body that you enact some law by which you repeal all laws passed by you at the present session of the Legislature, and adjourn at once, and stop the expense to the State.

Numerously signed.

Be it enacted by the Legislature of the State of Texas:

Section 1. For the purpose of preserving a record in all cases for the information of the court, jury and parties, the judges of the district courts in all judicial districts of this State composed of only one county, or of only a portion of one county and of all other district courts sitting in the same counties therewith may appoint official shorthand reporters for such courts, who shall be well skilled in their profession, who shall be sworn officers of the courts, and shall hold their office during the pleasure of the court. In all other judicial districts the district judges thereof may appoint official shorthand reporters if in their judgment such appointment is necessary, and in the event of such appointment the terms of this act shall apply.

Sec. 2. Before any person is appointed an official shorthand reporter under the provisions of this act he shall be examined as to his competency by a committee to be composed of at least three members of the bar practicing in

said court, such committee to be appointed by the judge thereof. The test of competency of any applicant for the position of official shorthand reporter shall be as follows: The applicant shall write in the presence of such committee at the rate of at least 120 words per minute for five consecutive minutes from questions and answers not previously written by him, and in computing the number of words written the words "Questions" and "Answers" appearing in the official shorthand reporter's transcript shall not be counted, and shall transcribe the same with accuracy. If the applicant passes this test satisfactorily, a majority of the committee shall furnish him with a certificate of that fact, which shall be filed among the records of the court, and shall be recorded by the clerk of the court in the minutes thereof. Upon the occasion of subsequent appointments the presentation of a certified transcript from the clerk of the court of the certificate above mentioned shall be taken as prima facie evidence of the applicant's competency; provided, however, that if the applicant shall have been an official stenographer of any district court of this State for not less than two years prior to the filing of his application for said appointment, then such examination by said committee, as herein provided, shall not be necessary.

Sec. 3. Before any person shall assume the duties of official shorthand reporter under the provisions of this act, he shall, in addition to the oath required of officers by the Constitution, subscribe to an oath, to be administered to him by the clerk of any district court, to the effect that he will well and truly and in an impartial manner keep a correct record of all evidence offered in any case which may be reported by him, together with the objections and exceptions thereto which may be interposed by the parties to such suit, and the rulings and remarks of the court in passing on the admissibility of such testimony.

Sec. 4. It shall be the duty of the official shorthand reporter to attend all sessions of the court; to take full shorthand notes of all oral testimony offered in every case tried in said court together with all objections to the admissibility of testimony, the rulings and remarks of the court thereon, and all exceptions to such rulings. If during the trial of any cause, either party thereto or his attorney, shall desire to have the evi-

dence already adduced upon the trial, or any part thereof, read over to him, he shall request such official shorthand reporter to read the same from his notes, and it shall be the duty of such reporter to comply with such request, and in case he shall fail or refuse so to do, he shall be removed from his official position as court reporter, in case it shall be found by a committee of three disinterested practicing attorneys of the county wherein such failure or refusal occurred, to be appointed by the court, that such failure or refusal was intentional and without justification; to preserve all shorthand notes taken in said court for future use or reference for at least one year, and to furnish to any person a transcript in question-and-answer form of all such evidence or other proceedings, or any portion thereof, upon the payment to him of the compensation hereinafter provided.

Sec. 5. In case an appeal is taken from the judgment rendered in any case, the official shorthand reporter shall, unless otherwise directed by all parties to the cause or their attorneys, transcribe the testimony and other proceeding recorded by him in said case in the form of questions and answers, providing the same is requested by either party to the suit, certifying that such transcript is true and correct, and shall file the same in the office of the Clerk of the Court within such reasonable time as may be fixed by written order of the court, said transcript to be paid for by the party appealing on delivery, and the amount so paid taxed as costs.

Sec. 6. Upon the filing in the office of the clerk of the court by the official shorthand reporter of his transcript as provided in Section 5 of this act, the party appealing shall prepare or cause to be prepared a statement of facts in duplicate, which shall consist of the evidence adduced upon the trial, both oral and by deposition, stated in a succinct manner and without unnecessary repetition, together with copies of such documents, sketches, maps and other matters as were used in evidence. It shall not be necessary to copy said statement of facts in the transcript of the clerk on appeal, but the same shall, when agreed to by the parties and approved by the judge, or in the event of a failure of the parties to agree and a statement of facts is prepared and certified by the judge trying the case, be filed in duplicate with the clerk of the court and the original thereof shall be

sent up as a part of the record in the cause on appeal. Provided, however that the official shorthand reporter shall, when requested by the party appealing, prepare under the direction of the party appealing a statement of facts in narrative form, in duplicate, and deliver same to the party appealing, for which said statement of facts he shall be paid the sum of five cents per folio of 100 words for the original copy and no charge shall be made for the duplicate copy.

Sec. 7. When an appeal is taken from the judgment rendered in any cause in any district court or county court, the parties to the suit shall be entitled to and they are hereby granted thirty days after the day of adjournment of court in which to prepare and file a statement of facts and bills of exception; and upon good cause shown the judge trying the cause may extend the time in which to file a statement of facts and bills of exception. Provided, that the court trying such cause shall have power in term time or in vacation, upon the application of either party, for good cause, to extend the several times as hereinbefore provided for the preparation and filing of the statement of facts and bills of exception, but the same shall not be so extended so as to delay the filing of the statement of facts, together with the transcript of the record, in the appellate court within the time prescribed by law, and when the parties fail to agree upon a statement of facts, and that duty devolves upon the court the court shall have such time in which to do so, after the expiration of the thirty days as hereinbefore provided, as the court may deem necessary, but the court, in such case, shall not postpone the preparation and filing of such statement of facts and bills of exceptions so as to delay the filing of same, together with a transcript of the record in the appellate court within the time prescribed by law. Provided, if the term of said court may by law continue more than eight weeks, said statement of facts and bills of exception shall be filed within twenty days after the appeal is perfected unless the court shall by order entered of record in said cause extend the time for filing such statement, and bills of exception. Statement of facts in cases taken up on writ of error shall in all cases be filed within thirty days after the perfection of the writ of error.

Sec. 8. The official shorthand reporter shall receive a per diem compensation

of \$5.00 for each and every day he shall be in attendance upon the court for which he is appointed, to be paid monthly by the commissioners court of the county in which said court sits, out of the general fund of the county, upon the certificate of the district judge. He shall also receive from persons ordering transcripts of his notes the sum of ten cents per folio of one hundred words; provided, that in judicial districts composed of more than one county the official shorthand reporter shall, while attending sessions of the court away from the county of his residence, receive in addition to the per diem three cents per mile for each mile he may travel in going to and returning from said courts, where he travels by rail, and the sum of fifteen cents per mile when he travels otherwise than by rail; provided further, that in reckoning the distances the nearest practical route shall be the distance for which he is entitled to charge, and that said official shorthand reporter shall in all cases travel by rail where he can reach the county seat in that manner, at less expense, which said sums are to be paid at the adjournment of each term of the district court in the several counties composing the district; provided further, however, that if, in any district composed of two or more counties, the said official shorthand reporter shall, within the judgment of the court, have rendered more services to the court in the discharge of his duties than the terms of this bill shall provide for, then, and in that event the district judge shall certify to the commissioners court of each county in his district, six months after the taking effect of this act, and at the end of every six months thereafter, whether or not in his judgment the compensation is commensurate with the services performed, and if not, that the certificate of said judge shall state the amount that in his judgment the said official shorthand reporter should receive from each of the counties in the district, and same shall be a claim against the county, to be allowed, or rejected, by the commissioners court as other claims against the counties. Provided, that when any criminal case is appealed and the defendant is not able to pay for a statement of facts, or to give security therefor, he may make affidavit of such facts, and upon the making and filing of such affidavit, the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in civil cases, but

the stenographer shall receive no pay for same, provided that should any such affidavit so made by such defendant be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

In any civil case where the appellant or plaintiff in error has made the proof required to appeal his case without bond, such appellant or plaintiff in error may make affidavit of such facts and upon the making and filing of such affidavit, the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in other cases, but the stenographer shall receive no pay for same, provided that should any such affidavit so made by such appellant or plaintiff in error be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

Sec. 9. At the request of any person it shall be the duty of the official shorthand reporter to make a transcript in typewriting of all the evidence and other proceedings, or any portion thereof, either in question and answer form or in narrative form, in any case, which transcript shall be paid for at the rate of ten cents per folio of 100 words by and be the property of the person ordering the same.

Sec. 10. Hereafter the clerks of all courts having official shorthand reporters as provided for in this act shall tax as costs in each civil case now or hereafter pending in such courts, except suits for the collection of delinquent taxes, and except suits which are not contested, in which cases the imposition of the stenographer's fee herein provided for shall be within the discretion of the court, a stenographer's fee of three dollars, which shall be paid as other costs in the case, and which shall be paid by said clerk, when collected, into the general fund of the county in which said court sits, except cases in which the district court has not original jurisdiction.

Sec. 11. The official shorthand reporter may, with the consent of the court, appoint one or more deputies when necessary to assist him in the discharge of his duties, provided, however, that before any such deputy shall enter upon the discharge of his duties as official shorthand reporter he shall subscribe to the same oath hereinbefore provided for for the official shorthand reporter and shall also be required to stand such

examination as to his proficiency as may be required by the court.

Sec. 12. It shall be the duty of each official shorthand reporter to file with the district clerk of each county of his district annually upon the first Monday in January an itemized statement, verified by affidavit, showing all sums collected by him as per diem or other compensation during the preceding year, giving the name of the person paying each sum and the date of payment of same.

Sec. —. Whenever either party to a civil cause pending in the county court shall apply therefor, the judge of the court shall appoint a competent stenographer to report the oral testimony given in such cause. Such stenographer shall take the oath herein prescribed, and shall receive such compensation as the court may fix, to be not less than taxed and collected as costs. The provisions of this act with respect to the preparation of the statement of facts, the time to be allowed therefor, and for the presentation to the opposite party, and the approving and filing thereof by the court shall apply to all statements of facts in civil causes tried in the county court.

Sec. 13. That Chapter 24, page 509, Acts of the First Called Session of the Thirtieth Legislature of the State of Texas, providing for the appointment of court stenographers, prescribing their duties and regulating their charges, and all other laws or parts of laws in conflict with this act, be and the same are hereby expressly repealed; provided, however, that nothing in this act shall be so construed as to prevent parties from preparing statements of facts on appeal independent of the transcript of the notes of the official shorthand reporter. Provided, the provisions of this act as to preparing and filing statement of facts and bills of exception shall apply only to cases hereafter tried; as to cases heretofore tried the law now in force shall govern.

Sec. 14. In the trial of all criminal cases in the district court in which the defendant is charged with a felony, the official shorthand reporter shall keep an accurate stenographic record of all the proceedings of such trial in like manner as is provided for in civil cases, and should an appeal be prosecuted in any judgment of conviction whenever the State and defendant can not agree as to the testimony of any witness, then and in such event so much of the transcript of the official shorthand reporter's

report with reference to such disputed fact or facts shall be inserted in the statement of facts as is necessary to show what witnesses testified to in regard to the same, and constitute a part of the statement of facts, and the same rule shall apply in the preparation of bills of exceptions; provided, that such stenographer's report, when carried into the statement of facts or bills of exceptions, shall be condensed so as not to contain the questions and answers, except where, in the opinion of the judge such questions and answers may be necessary in order to elucidate the fact or question involved; provided, that in all cases where the court is required to and does appoint an attorney to represent the defendant in a criminal action, that the official shorthand reporter shall be required to furnish the attorney for the said defendant, if convicted, and where an appeal is prosecuted, with a transcript of his notes, for which said service he shall be paid, by the State of Texas, upon the certificate of the district judge, one-half of the rate provided for herein in civil cases.

Sec. 15. The fact that the present law relating to the appointment of official stenographers does not provide a proper standard of competency and does not provide a sufficient length of time in which to prepare and file statements of facts and bills of exceptions in cases on appeal, thereby causing confusion and dissatisfaction, creates an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and that this act take effect from and after its passage, and it is so enacted.

(Lieutenant Governor Davidson in the chair.)

Senator Cofer offered the following amendment, which was read and adopted:

Amend the bill by striking out Sections 14 and 15 and inserting in lieu thereof the following:

"Section 14. When such district has been created by order of the commissioners court of said county said court shall, by its written order, determine the amount of bonds to be issued by said district for the purposes designated in Section 13 of this act. The amount of bonds shall not exceed 10 per cent of the assessed value of the real estate in such district to be determined from the last assessment as shown by the assessment rolls of said county. Said court shall determine the time and place of holding the election, shall be governed by the laws of this State governing general elections, and the notice of such election shall be given by posting notices thereof at three public places, one of which should be at the courthouse of said county and two of said notices shall be posted within the limits of such district. The proposition and notices shall specify the purpose for which the bonds are to be issued, the amount of bonds, the rate of interest and the time the bonds shall be made payable, and no such bonds shall ever be issued to extend and be in force longer than the term of thirty

years from their date of issue and the order of the court. The proposition, the notices and the bonds themselves shall provide that one-thirtieth of the amount of said bonds shall be paid each year and that a sinking fund shall be created sufficient to pay the interest of said bonds annually as it accrues and to discharge one-thirtieth of each issue of bonds each year in serial order. No bond shall draw a rate of interest exceeding 5 per centum per annum. All ballots to be voted at said election shall have printed thereon, 'For the Road Bond,' or 'Against the Road Bond,' as the case may be, and such proposition to be voted upon shall be submitted to a vote of the resident property taxpayers who are electors of such district or territory to be affected thereby, and if said proposition shall receive in favor thereof a two-thirds vote of all electors voting thereon, then such road improvements shall be made accordingly, and the bonds of said district issued as authorized by this act, under the further direction of the county commissioners court.

"Section 15. At the time of the issuance of the bonds authorized by this act, the commissioners court of said county shall levy and cause to be assessed and collected a special road improvement tax in the same manner that other taxes are levied and collected upon all property subject to taxation in the said district as ascertained from the assessments made by the county assessor, and the said taxes shall be in amount sufficient to pay the interest upon said bonds as the same shall become due and to create an amount annually sufficient to discharge one-thirtieth of the principal amount of bonds issued, and the said commissioners court shall annually, after the collection of said special road improvement tax pay the interest upon said bonds that may be outstanding, and shall take up and cancel one-thirtieth of the amount of total issue of said bonds, provided that the retirement of any of said bonds shall be optional with the commissioners court of said county after the expiration of ten years, and said canceled bonds shall be sufficiently canceled and mutilated to show their payment, but shall not be destroyed, but shall be kept as evidence of their payment. All bonds which shall be issued under this act shall be approved by the Attorney General of the State of Texas; shall be signed by the county judge and countersigned by the county clerk; shall be registered by the

county treasurer before delivery and also registered by the Comptroller of the State of Texas. The county treasurer shall keep an account of the amount of principal and interest paid on each bond, and no bond shall be sold for less than par. He shall also be the custodian of all moneys realized from the sale of such bonds, and such moneys shall be deposited by him in the county depository, if there be one, and the interest accruing thereon shall be placed to the credit of such district. Such bonds shall be issued in the denomination of from one hundred to one thousand dollars each, as may be provided by the commissioners court, and shall have attached thereto interest coupons, those maturing one year, one coupon; those maturing two years, two coupons, and so on with the last bond to mature having thirty interest coupons, and all said bonds shall be known and styled 'Grayson County Road Bond,' and each district shall be numbered and shall be known and designated by its number both upon such bonds and upon the records of said county. The commissioners court of said county shall provide all necessary conveniences for the assessor and collector of taxes and for and by which the necessary taxes within said district or districts shall be assessed and collected for the payment of all interest and the final discharge of such bonds, and no taxes for such purpose shall ever be collected from any other property not included in such district. And the taxes so assessed and collected for such purpose in said district shall be known as district road tax for the district having the proper number, and none of the money collected for such purpose in such a district shall ever be used for improvements of any kind or character in any other portion of the county. The county assessor shall assess and the collector of taxes shall collect said taxes as other taxes are assessed and collected, and shall receive the same compensation therefor as is provided for the assessment and collection of State and county taxes."

Amend the bill by adding another section, to be known as Section 21, and to read as follows, and to be inserted just before emergency clause:

of said fund; authorizing certain advertising privileges to such banks, and providing a penalty for the unauthorized use of such advertising privileges, and providing for savings departments for State banks, and declaring an emergency.

"Be it enacted by the Legislature of the State of Texas:

"Section 1. A State Banking Board is hereby created, which board shall be composed of the Governor, Lieutenant Governor, Commissioner of Insurance and Banking, Comptroller and Treasurer of this State. Said board shall have the control and management of the depositors' guaranty fund hereinafter provided for, and shall have the power to adopt all necessary rules and regulations, in harmony with this act, for the management of said fund.

"Sec. 2. Each and every corporation created, or which may hereafter be incorporated under the laws of this State with banking and discount privileges, shall pay to said Banking Board, providing its application is approved by said board hereinafter prescribed in Section 5 of this act within sixty days after this act shall take effect, 1 per cent of its daily average non-interest bearing individual deposits, for the preceding year, not including United States, State or other public funds, if otherwise secured, nor deposits of other banks and trust companies, for the purpose of creating a depositors' guaranty fund. Annually, after the first payment to said fund, each bank and trust company subject to the provisions of this act shall pay to said board one-fourth of 1 per cent of its daily average deposits, as above defined, which amount shall be added to said guaranty fund; provided, that when the amount available in said guaranty fund shall reach the sum of two million dollars the Bank Commissioner shall notify all bank and trust companies subject to this act, at least thirty days before the next annual payment, and thereafter the banks and trust companies participating shall not pay any further amount into said fund until said fund be depleted, and in the event of the depletion of said fund from any cause so that it falls below two million dollars, said board shall have authority to require the payment for the current year of the full 1 per cent of such average deposits, or such part thereof as may be necessary to restore said fund to the maximum above named, but no bank or trust company coming under the pro-

visions of this act shall ever be required to pay more than 1 per cent of said average daily deposits for any one year; provided further, that first payments herein provided for shall be made to said board without reference to said maximum sum.

"Sec. 3. The fund provided for herein shall be deposited with the State Treasurer and a separate account shall be kept thereof, and it shall be paid out on warrants of the Comptroller based on vouchers issued as may be prescribed by the said Banking Board, and said fund shall never be diverted from the purpose herein specified. The Treasurer may, and he shall on order of said Banking Board keep 50 per cent of the amount of said guaranty fund deposited in State depositories, subject to demand call of said board; provided, that 25 per cent of all payments required may be held by guaranteed banks as demand deposits, to the credit of said Banking Board.

"Sec. 4. State bank and trust companies organized subsequent to the taking effect of this law, on approval of their applications as provided for in Section 5 of this act, shall pay into said guaranty fund 2 per cent of the amount of their capital stock, which amount shall constitute a credit fund, subject to adjustment on the basis of their deposits as provided for other banks now existing, at the end of one year; provided, however, that said payment shall not be required of banks and trust companies formed by the reorganization or consolidation of banks that have previously complied with the terms of this act.

"Sec. 5. The State Banking Board shall admit to the benefits and protection of this act only such banks and trust companies as in their opinion are solvent and properly officered and conducted, and said board shall prescribe the form of application and statement which shall be made by each and every bank and trust company, and which shall be sworn to by two of the chief officers of the bank, blank copies of which application and statement shall be mailed to each State bank and trust company in this State at least ten days before this act requires the initial payment, and which shall be filled out, signed, sworn to and returned promptly to said board, and such copies shall be mailed to any other bank within this State on request. Should said board decline the application of any bank or trust company it shall state the grounds of such declination to such institution

and whether the objection can be removed, and the conditions thereof.

"Sec. 6. Any national bank in this State may voluntarily avail its depositors of the protection of the depositors' guaranty fund, upon the same terms, payments, conditions and in the same manner as herein provided for State banks.

"Sec. 7. Whenever any State bank or trust company shall become insolvent and shall voluntarily, or by law, or in any manner as provided in Chapter 10, Acts of First Called Session of the Twenty-ninth Legislature, come into the hands of the Commissioner of Insurance and Banking, he may proceed to wind up its affairs, either through a receiver or through some competent person, who shall give such bond as may be required by the board, payable to the board, for the faithful performance of all duties imposed upon him. Said bond may be recovered upon for the benefit of said guaranty fund.

"Sec. 8. In the event the Commissioner of Insurance and Banking shall take possession of any bank or trust company, subject to this act, as herein provided, the depositors of said bank or trust company, as specified in Section 2 of this act, shall be paid in full out of the cash in said bank or trust company and that can be made immediately available from such bank, and the remainder shall be paid out of the depositors' guaranty fund through the said board in the event the cash available in said institution shall be insufficient; provided, that deposits on which interest is being paid by said bank, its officers or stockholders, to the depositor and deposits otherwise secured, shall not be insured under this act, but shall only receive the pro rata amount which may be realized from the assets, resources and collections of and from such bank or trust company, its stockholders or directors.

"Sec. 9. The State shall have, for the benefit of the depositors' guaranty fund, a first lien upon all the assets of such bank or trust company, and all liabilities owing or accruing to such bank or trust company; provided, however, that any deposits on which said bank was paying interest and any other deposits not insured under this act and which are entitled to share in said assets, shall share in the dividends and proceeds of such assets and collections pro rata or as may be provided by law.

"Sec. 10. In the event the depositors' guaranty fund, or any part thereof,

shall be used by said Banking Board to pay off the depositors of a national bank which has accepted the provisions of this law, then the said Banking Board shall receive from the receiver or other officer in charge of said bank the pro rata share of the proceeds of the assets and collections which would be due to said depositors to the amount so paid by the Banking Board.

"Sec. 11. A proper certificate, showing a compliance with this act, shall be issued by the Commissioner of Insurance and Banking, to all banks and trust companies entitled thereto, which certificate shall be posted in a conspicuous place in said bank or trust company. Such bank or trust company may print or engrave upon its stationery and advertisements words to the effect that its depositors are protected by the depositors' guaranty fund of the State of Texas, and any person, or any officer or director of any bank or trust company engraving or printing a false statement as to this fact, or using such false statement upon its stationery or advertisements, shall be guilty of a felony, and shall be punished by imprisonment in the State penitentiary not less than two nor more than five years, on conviction thereof.

"Sec. 12. Any State bank or banking and trust company, incorporated under the laws of this State, desiring to maintain a savings department or to use or continue to use the word 'savings' as part of its corporate name, or in or as a part of any sign or advertisement, or in or upon any stationery used or to be used by it, shall establish and maintain a savings department in compliance with the provisions of this section. Such savings department may be established by the board of directors adopting a resolution providing therefor, at a regular meeting, which shall contain a copy of this section, and a certified copy of which shall be filed in the office of the Commissioner of Insurance and Banking, and also recorded in the office of the county clerk of the county in which such bank or banking and trust company is located; such copies to be so filed by banks or banking and trust companies maintaining savings departments and using the word 'savings' as above provided at the time this act shall take effect, and which desire to continue to do so, within ninety days from the time this act shall take effect, and to be filed by banks desiring to establish such savings departments after this act shall take effect prior to the estab-

All banks or banking and trust companies establishing or maintaining a savings department or using the word 'savings' as above provided after this act shall take effect, or which, having such departments or so using the word 'savings' at the time this act shall take effect shall continue to maintain such departments or to so use the word 'savings' more than ninety days thereafter shall keep the business of such department entirely separate and distinct from the general business of the bank or banking and trust company and shall keep all moneys received as such savings deposits and the funds and securities in which the same may be invested, at all times segregated from and unmingled with the other moneys and funds of the bank or banking and trust company, and may invest not more than 85 per cent of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to-wit:

"It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described, and from time to time to sell and reinvest the proceeds of such investments, but for the purpose of meeting current demands in excess of the receipt, any of the securities may be sold, or taken up and replaced in cash by the bank or banking and trust company out of its general fund, and there shall be kept on hand at all times not less than 15 per cent of the whole amount of such deposits in actual cash, in such savings department.

"It shall be lawful to require sixty days' written notice of the withdrawal of any savings deposit, as provided for in this section, at the option of the bank or banking and trust company, in case of the insolvency or liquidation of any State bank or banking and trust company which shall establish or maintain a savings department under the terms of this section, its savings depositors and the remainder, after they have been paid in full, shall be applied in payment of claims of general creditors. It shall be the duty of the president or vice-president and the cashier of each State bank or banking and trust company maintaining a savings department under the provisions of this section, to file with the Commissioner of Insurance and Banking not less than ten days after the first calendar month, a statement of the assets and liabilities of such savings department, upon a form to be prescribed by the Commissioner of Insurance and Banking, and it shall be unlawful for any officer of any State bank or banking and trust company to receive or assent to the receiving of any savings deposits when the last preceding monthly statement, as herein provided for, is not conspicuously posted in the office or from where its business is transacted.

"The directors of any bank or banking and trust company establishing or maintaining or continuing to maintain a savings department may provide that such rate of interest shall be paid on its savings deposits as it may see fit, payable at such periods and upon such terms and conditions as may be reasonable; provided, that in any case the earnings of such savings department are

sufficient to pay any interest due upon any savings deposit such interest or the deficiency therein shall be paid by the bank or banking and trust company out of its general funds. At the end of any period for which such bank or banking and trust company may lawfully declare a dividend upon its stock, it shall be proper to transfer to the general funds of such bank or banking and trust company all accumulated earnings of the said savings department after the payment or credit of all interest due and accrued on savings deposits and the legitimate expenses of such departments have been provided for. In computing the aggregate amount of the average annual deposits of any bank or banking and trust company for the purpose of ascertaining whether or not it shall be required to increase its capital stock as provided for in Section 17 of this act, the deposits of its savings department, as provided in this section shall not be included. All such savings departments shall be governed by the terms and provisions of this act so far as same are applicable and are not in conflict with the special provisions of this section, and shall also be governed by such provisions of this section, and shall also be governed by such provisions of the laws of this State applicable to savings banks as are not in conflict with any provisions of this act or of this section, and such reasonable rules and regulations for the control of such savings departments may be adopted and put in force by the board of directors at any regular meeting or by the stockholders at any annual meeting, provided that such rules and regulations shall not become effective until they have been submitted to the Commissioner of Insurance and Banking and by him approved.

"It shall be unlawful for any officer or director of any bank or banking and trust company which shall establish or maintain or continue to maintain a savings department or which shall use or continue to use the word 'savings' as provided in this section to knowingly misappropriate any moneys or funds belonging to such savings department or to use or consent to the use of any such moneys or funds otherwise than for the payment of lawful demands of savings depositors, and in the making of such investments as are prescribed in this section, and in the payment of such dividends to the shareholders as are allowed by law to be paid therefrom, or to borrow any of the funds belonging to such savings department, or to in

any way be an obligor for moneys loaned by or borrowed of such savings department, or to receive or accept, directly or indirectly, any commission, brokerage, or other valuable thing or favor of any kind by reason or on account of any loan or investment made out of the funds of such savings department, or to sell to such savings department any securities or other investment, or willfully and knowingly do or perform any act or transaction, by or as a result of which at any time the assets of such savings department, including cash, shall not at least equal in amount the deposits in such savings department, at least 15 per cent of which shall be actual cash in such savings department.

"Any officer or director of any State bank or banking and trust company who shall knowingly violate the provisions of this section shall be deemed guilty of a felony and shall, upon conviction, be punished by imprisonment in the State penitentiary for a term of not less than one nor more than five years.

"Sec. 13. The fact that there is no law in this State providing for a fund for the protection of depositors in banks and trust companies creates an emergency which requires that the constitutional rule that bills be read on three several days be suspended, and this act take effect from and after its passage, and it is so enacted."

Senator Watson offered the following substitute for the amendment, which is known as the Senter-Hume bill:

A BILL

To be entitled

An Act to require each corporation organized under the laws of this State to do a banking business or to receive funds on deposit to file annually with the Superintendent of Banking for the State a bond, or policy of insurance, or other guaranty of indemnity, to be approved by the county judge of the county in which such business is domiciled and by such Superintendent, to secure the depositors in such bank or other depository at such time for the succeeding year, and fixing the terms of such bond, policy of insurance, or other guaranty of indemnity, and authorizing any other person, firm or corporation doing a banking business in the State, or receiving funds on deposit, to take the benefit of the provisions of this act, and providing for the issuance of certificates, by the Superintendent of Banking, showing

compliance with the provisions of this act, and providing for the enforcement of the terms and conditions of such bond or policy of insurance or other guaranty of indemnity, and providing for the forfeiture of the charter of any corporation organized under the laws of this State to do a banking business or to receive funds on deposit which shall fail or refuse to comply with the provisions of this act, and providing that any corporation not incorporated under the laws of Texas, and transacting business in the State under a permit therefrom which shall violate the provisions of this act shall not receive another permit from the State, and that the makers or signers as sureties of any bond or policy of insurance or other guaranty of indemnity executed hereunder upon making payments thereunder shall be subrogated to the rights of the depositors for whose benefit such payments shall be made, and providing penalties for the violation of the provisions of this act and for their enforcement, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. It shall be the duty of each banking corporation, or other corporation receiving funds on deposit, created under the laws of the State of Texas and transacting business in the State, to file annually with the Superintendent of Banking a bond, policy of insurance, or other guaranty of indemnity in an amount equal to twice the amount of its capital stock, which said bond, policy of insurance or other guaranty of indemnity shall be for and inure to the benefit of all depositors. Such instrument and the security thereby provided shall be approved by the county judge of the county in which such business is domiciled, and by the Superintendent of Banking, and shall take effect and be in force from and after the time it is approved and filed in the office of the Superintendent of Banking. Every such corporation shall comply with the provisions of this act within thirty days after the time said act shall take effect, and every such corporation that may hereafter be incorporated shall comply with the provisions of this section before it shall be permitted to receive deposits. Every such bond or policy of insurance or other guaranty of indemnity filed as provided for in this act shall secure depositors at the time said bond is filed and approved,

and all deposits made during the period of twelve months thereafter.

Sec. 2. Any person, firm or corporation other than as described in Section 1 hereof transacting lawfully a banking business in this State, or lawfully receiving funds on deposit, shall be authorized to take advantage of the provisions of this act and to file with the Superintendent of Banking a bond, or policy of insurance, or other guaranty of indemnity. Any such corporation shall, in such event, file a bond, or policy of insurance, or guaranty of indemnity in like amount as it would be required to file if incorporated under the laws of Texas. Any such person or firm transacting the business of a private bank shall in such event file a bond or policy of insurance or other guaranty of indemnity in an amount equal to the average of the daily deposits with such person or firm for the preceding period of twelve months; provided, that no person or firm shall be permitted to take the benefit of this act unless such person or firm shall have been engaged in such business in the State of Texas for the period of at least twelve months; provided, that any such person, firm or corporation shall submit to the Superintendent of Banking such reports and statements concerning its deposits and concerning the solvency of such bond, or policy of insurance, or other guaranty of indemnity as he may require in order to enable him to determine the sufficiency of such bond, or policy of insurance, or other guaranty of indemnity, and shall pay all such reasonable expenses as may be incurred by him in the making of an examination thereof; provided further, that such bond, policy of insurance or other guaranty of indemnity shall be approved by the county judge and the Superintendent of Banking, and filed with said Superintendent of Banking as provided for in Section 1 hereof.

Sec. 3. In the event of default by any person, firm or corporation transacting such business of receiving deposits which shall make, execute or file the bond, or policy of insurance, or other guaranty of indemnity provided for herein, in the payment of a deposit lawfully demanded, it shall be the duty of the Superintendent of Banking, when such default shall be made known to him, to report the same to the Attorney General of the State, and to give notice thereof to each and all persons who may be obligated by reason of such default and of the conditions of such bond, or policy

of insurance, or other guaranty of indemnity, and upon the mailing of such notice the full amount of the same shall thereby become due and payable.

When any bond or policy of insurance or other guaranty of indemnity provided for herein shall become due and payable in accordance with the provisions of this act, it shall be the duty of the makers and signers thereof to pay over the full amount of the same to the Superintendent of Banking, or such part thereof as he may demand, to be held by him in trust for the depositors with the person, firm or corporation furnishing such bond or policy of insurance or other guaranty of indemnity. All proceeds thus arising, either from voluntary payment or otherwise, shall be payable to the Superintendent of Banking and shall be by him promptly paid over pro rata to unpaid depositors upon presentation to him of satisfactory proofs of their claims, which proofs shall be received and filed, and before payment thereof shall be approved by him.

In the event any maker or signer as sureties of such bond or policy of insurance or other guaranty of indemnity shall be a corporation incorporated under the laws of Texas and it shall refuse or fail to pay over upon demand therefor, as herein provided, the full amount due by it upon such bond or policy of insurance or other guaranty of indemnity, its charter shall thereby become subject to forfeiture, and it shall be the duty of the Attorney General upon receiving notice thereof from the Superintendent of Banking to bring suit in the district court of Travis county, Texas, to forfeit such charter, and upon hearing thereof decree and judgment may be rendered annulling and forfeiting the charter of such corporation.

In the event any maker or signer as surety of such bond, or policy of insurance, or other guaranty of indemnity, shall be a corporation incorporated elsewhere than in the State of Texas and transacting business in this State under a permit from the State, and it shall refuse or fail to pay over on demand therefor by the Superintendent of Banking, as herein provided, the full amount of its liability upon any such bond, or policy of insurance, or other guaranty of indemnity, it shall thereupon be the duty of the Superintendent of Banking to notify the Secretary of State of said facts, and it shall be the duty of the Secretary of State and the Superintendent of Banking and Commissioner of Insurance thereafter to refuse

any permit to said corporation to transact business in the State until it shall show to the satisfaction of such officers that it has fully discharged its liability upon such bond or policy of insurance or other guaranty of indemnity upon which default was thus made.

In the event such person, firm or corporation in default in the payment of a default lawfully demanded shall so continue for the period of ninety days from the beginning thereof, and the obligation of such bond, or policy of insurance, or other guarantee indemnity is not discharged, it shall be the duty of the Attorney General, or any district or county attorney acting at his instance, to bring suit upon such bond or policy of insurance or other guaranty of indemnity in the name of the Governor and for the benefit of all persons who may be beneficiaries thereof by reason of its terms and conditions. Such suit shall be instituted in the district court of the county where the person, firm or corporation furnishing such bond, policy of insurance or other guaranty of indemnity transacted such business at the time of the filing thereof. Any action upon such bond, or policy of insurance, or other guaranty of indemnity shall be brought within twelve months of the date therein fixed for the termination thereof.

Sec. 4. Whenever any maker or signer of any bond, or policy of insurance, or other guaranty of indemnity other than the principal therein, shall be required under the provisions of this act to pay over for the benefit of the depositors with any person, firm or corporation, any sum or sums of money, such maker or signer making or participating in such payment shall thereby become subrogated to the rights of a depositor to the extent of the payment or payments so made, and entitled to assert such right in accordance with the laws of the State, secondary and subject to the rights of all depositors secured by such bond, or policy of insurance or other guaranty of indemnity.

Sec. 5. The Superintendent of Banking shall charge a fee of not to exceed \$20 against each corporation incorporated under the laws of the State to do a banking business or to receive funds on deposit for the examination of the bond, or policy of insurance, or other guaranty of indemnity provided for in Section 1 and the examination of the solvency thereof and for the filing of the same shall be authorized to charge an examination fee sufficient to cover the actual expenses thereof against any

other person, firm or corporation permitted to file such bond, or policy of insurance, or other guaranty of indemnity under the provisions of this act.

Sec. 6. The bond, or policy of insurance, or other guaranty of indemnity herein provided for shall contain substantially the following provisions:

The State of Texas,

County of

Know all men by these presents: That we,, as principal, and and as sureties, are held and firmly bound unto the Governor of the State of Texas, and his successors in office in trust for the benefit of depositors in the sum of dollars, payable as provided by the law of Texas at the time of the execution hereof, conditioned that the above bound..... will pay upon demand, or in accordance with the certificates of deposit, to the persons entitled thereto all deposits in said bank at the date of said bond and all other deposits made therein during the period of one year from the date thereof. Upon payment of any sum or sums made obligatory by reason of the terms hereof, any surety herein making or participating in such payment shall thereby be subrogated to the rights of a depositor and entitled to assert such rights in accordance with the laws of the State, secondary and subject to the rights of all depositors secured by the terms hereof.

Sec. 7. The security for the benefit of depositors provided for by this act may be divided into two or more bonds, policies of insurance, or other guaranties of indemnity, or any part thereof may be given in either of such forms of guaranty of indemnity provided that the aggregate thereof shall be equal to the total amount of the security required in accordance with the provisions of this act.

Sec. 8. Whenever the deposits of any corporation incorporated under the laws of Texas which shall have filed a bond, or policy of insurance, or other guaranty of indemnity with the Superintendent of Banking in accordance with the provisions of this act shall exceed five times the amount of its capital, it shall be its duty to furnish, in addition to the security theretofore so given, additional security for the protection of its depositors, which additional security shall consist of one or more bonds, or policies of insurance, or other guaranties of in-

demnity, as herein provided, in a sum or sums which shall, in the aggregate, be equal to the total amount of such excess of deposits above five times the amount of the capital of such corporation. In the event any such corporation shall refuse or fail to comply with the provisions of this section, after demand by the Superintendent of Banking, it shall be his duty to report the facts to the Attorney General, who shall thereupon institute suit in the district court of Travis county to forfeit the charter of such corporation, and such court shall, upon hearing and proof thereof, enter decree and judgment therein forfeiting and annulling the charter of such corporation.

Sec. 9. If any corporation organized under the laws of this State to do a banking business or to receive funds on deposit shall fail or refuse to file the bond, or policy of insurance, or other guaranty of indemnity, provided for in Section 1 hereof, in accordance therewith, it shall be the duty of the Superintendent of Banking to promptly report such failure to the Attorney General, who shall thereupon institute suit in the district court of Travis county to forfeit the charter of such corporation, and such court shall, upon hearing and proof thereof, enter decree and judgment therein forfeiting and annulling the charter of such corporation.

Sec. 10. If at any time it shall appear to the Superintendent of Banking that any bond or policy of insurance or other guaranty of indemnity filed as provided for herein by any corporation organized under the laws of Texas is insufficient, he shall have the authority, and it shall be his duty, to require such corporation to file new or additional security in an amount sufficient to protect its depositors in accordance with the provisions of this act. In the event such corporation shall refuse or fail to comply with such, communicate the facts to the Attorney General, who shall thereupon institute such proceedings and take such steps as the nature of the case may require. The Superintendent of Banking and the Attorney General shall in such event have and exercise, for the protection of depositors, all the authority conferred upon them by Section 40 of Chapter 10 of the General Laws enacted at the First Called Session of the Twenty-ninth Legislature.

Sec. 11. The Superintendent of Banking shall issue to every person, firm or corporation acting hereunder and entitled thereto a proper certificate showing compliance with the provisions of this act and the amount and nature of the security furnished. Such person, firm or corporation, shall post such certificate conspicuously in its place of business, and may publish or advertise said certificate, or the facts recited therein; provided, any person, firm or corporation which shall falsely publish, advertise or represent, or cause to be falsely published, advertised, or represented any statement of compliance with the provisions of this act, or any false statement as to the terms of such certificate, or the facts recited in said certificate, shall be deemed guilty of a misdemeanor and shall be punished for each offense by fine not to exceed one thousand dollars.

Sec. 12. The fact that no adequate provision now exists for the execution and filing of bonds or other indemnities for the protection of depositors in banking, and other concerns receiving funds for deposit in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and it is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

SPECIAL COMMITTEE REPORT.

By Senator Terrell of Bowie:

Austin, Texas, April 5, 1909.

Hon. A. B. Davidson, Lieutenant Governor of Texas.

Sir: Your committee appointed to investigate and report upon the account of Tobin's Book Store for supplies sold by them for the use of the Senate during the Regular and First Called Sessions of the Thirtieth Legislature, beg leave to report as follows:

We find that for some reason, claimed by Tobin's Book Store to be a custom, that the account was not presented for payment until an hour after the close of that session of the Legislature.

We also find that practically all the supplies purchased for the use of the Senate in both the Regular and First Called Sessions of the Thirtieth Legislature were purchased from said Tobin's Book Store.

We further find that no part of said account for said supplies has been paid, as shown by letter of the Comptroller of Public Accounts hereto attached.

We beg to state that we have carefully examined said account and checked over same, and that we have stricken out and refused to allow payment for any items for which said Tobin's Book Store did not have an order signed by the Chairman of the Contingent Expense Committee of said Senate, or a receipt signed by the Sergeant-at-Arms of said Senate or his assistant; that after so auditing said account and passing on same to the best of our ability, we find that the

said Senate of the Thirtieth Legislature is indebted to said Tobin's Book Store on said account in the sum of eight hundred and ninety-nine and 54-100 (\$899.54) dollars as per account hereto attached.

We, therefore, recommend that said account be approved for said amount by the Lieutenant Governor to be paid out of the contingent expense fund now in the Treasury of the State of Texas to the credit of the Senate of the Thirtieth Legislature, and that the Comptroller of Public Accounts issue warrant on said fund for the payment of said amount upon the receipt of said account so approved by the Lieutenant Governor.

We further recommend that a copy of this report be printed in the Journal.

Respectfully submitted,

TERRELL of Bowie,
HOLSEY,
TERRELL of McLennan.

Comptroller's Department,
State of Texas.

Austin, Texas, January 16, 1909.

Hon. J. M. Terrell, Chairman Contingent Expenses, Senate Chamber.

Dear Sir: Replying to your request of 13th inst., asking to be furnished certified copies of the accounts of Tobin's Book Store, for which warrants were issued against the contingent expenses of the Senate of the Thirtieth Legislature, we beg to advise that our records do not show that Tobin's Book Store was paid any amount for supplies furnished the Senate, either during the Regular or Called Session of the Thirtieth Legislature.

Yours very truly,
J. W. STEPHENS,
Comptroller.

To the Hon. Mack Meachum and Hon. James McDonald, care F. I. Townsen.

Kind Sirs: We, the farmers of Union Hill local, want the Cureton bank law as it is without amendment. We believe it will give protection to the depositor and yield protection to the country. We appeal to you to vote for this bill.

A. O. McDUGALD,
President.

G. W. SULLIVAN,
Secretary and Treasurer.

P. S.—The above local has sixty-one male members.

By Senator Adams:

J. E. MORTON,
President.

H. M. COURTNEY,
County Secretary.

By Senator Sturgeon:

Honey Grove, Texas, April 5, 1909.

Hon. B. B. Sturgeon, Austin, Texas.

Dear Sir: Beliving that the Cureton bank guaranty bill, as passed by the House Saturday, the 3rd inst., meets the demands of the people of Texas, as well as the Texas Democracy, and that the Senter-Hume bill as passed by the Senate Saturday night, does not in any sense, come up to the requirements or expectations of either the people or the Texas Democracy, but is a weak subterfuge intended to thwart the will of both the people and Texas Democracy. We shall hope you can see your way clear to give your support and influence to the final passage of the Cureton bill, thus carrying out the expressed will of the voters of Texas.

Numerously signed.

By Senator Hayter:

Park Springs, Tex., March 31, 1909.

Hon. J. P. Hayter.

Dear Sir: We, the members of the Farmers' Union here, thank you for your polite letter of the 17th inst. In regard to the Terrell anti-bucket shop law. We wish that you would support and vote for the Cureton bill, and to oppose any amendment to include National and private banks in its provisions. Believing that you will look after our interest here, I am respectfully,

J. N. MONROE, Secretary.

By Senator Perkins:

Commerce, Texas, April 3, 1909.

Hon. Tom W. Perkins, Austin, Texas.

Numerously signed.

By Senator Holsey:

Terrell, Texas, April 5, 1909.

Hon. W. R. Holsey, State Senate, Austin, Texas:

We appreciate your efforts in behalf of a sensible guaranty bank bill. The Senter-Hume amendment would force the State banks to liquidate. This is the evident purpose of the authors.

By Senator Peeler:

Be it enacted by the Legislature of the State of Texas:

Section 1. There shall be established at such places in the State of Texas, as the board hereinafter named may deem proper, experimental stations in addition to those now in existence, for the purpose of making experiments in the planting and growing of agriculture, horticulture, cereals and plants, and the feeding and fattening of live stock for slaughter; such stations to be under the care, control and management and direction of the superintendent of agriculture and horticulture of the Agricultural and Mechanical College of Texas, and to be maintained and operated at such places in Texas as the board hereinafter designated may direct.

Sec. 2. The Governor, the Commissioner of Agriculture and Lieutenant Governor shall be, and are hereby vested with power to designate such places or localities in the State upon which agricultural, horticultural and feeding stations may be established.

Sec. 3. After the location of any such station or stations, such station or stations may, at the pleasure of said board, be abandoned, and located elsewhere in the State of Texas.

Sec. 4. In the location of any such agricultural, horticultural, or feeding station, the board so locating such station or stations may take into consideration any donation of money or other property to be used in the operation and management of such station or stations, and may accept any lease of lands upon which to carry on such experiments.

Sec. 5. It shall be the duty of the superintendent of such stations and feeding place to issue, and circulate among the farmers and live stock rais-

ers of the State from time to time, as may be deemed beneficial to such industries, printed bulletins showing the results of such experiments, such bulletins to be mailed to such persons as may desire same.

Sec. 6. That the agricultural and experimental stations now existing under the laws of this State shall, from the time this act takes effect, be under and subject to the provisions of this act, and may at the pleasure of said board be discontinued at such time as they may direct.

Sec. 7. Sec. 8. There shall be appropriated out of any funds in the State Treasury, not otherwise appropriated, the sum of twenty-five thousand dollars per annum, or so much thereof as may be necessary, to be expended in the location and establishment, maintenance and operation of such station or stations, such appropriation to extend for two years from the end of the fiscal year for 1909.

Sec. 9. That all laws and parts of laws in conflict with this act be and the same are hereby repealed.

Sec. 10. There being no provision in the laws of the State of Texas authorizing the establishment of agricultural, horticultural and feeding stations, and the fact that two of Texas' greatest industries are in a measure being daily neglected, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and this bill be placed upon its third reading and final passage, and it is so enacted.

SENATE BILL NO. 76—PRINTED IN FULL.

Senator Harper moved that Senate bill No. 76 be printed in the Journal of today.

The motion was adopted.

Following is the bill in full:

S. B. No. 76. By Harper.

A BILL

To Be Entitled

An Act authorizing any life insurance company, incorporated under the laws of this State, at its option, to deposit securities equal in value to the legal reserve on its outstanding policies and annuity bonds for the benefit of all the holders thereof, and providing for the regulation and maintenance of such deposit, and the terms and purposes for which same shall be held, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Any life insurance company now incorporated, or which may hereafter be incorporated under the laws of this State, may deposit with the Commissioner of Insurance and Banking of the State of Texas, for the common benefit of all the holders of its policies and annuity bonds, securities of the

kinds in which, by the laws of this State, it is permitted to invest or loan its funds, equal to the legal reserve on all its outstanding policies in force, which shall be held by said Commissioner in trust for the purpose and objects herein specified. Any such company may deposit, in lieu of the securities above referred to, any portion of the amount of its reserve on outstanding policies and annuity bonds, lawful money of the United States and any such company may also, for the purposes of such deposit, convey to said Commissioner, in trust, the real estate in which any portion of its said reserve may be lawfully invested, and in such case said Commissioner shall hold the title thereto in trust until other securities in lieu thereof shall be deposited with him, whereupon he shall reconvey the same to such company. Said Commissioner may cause any such securities of real estate to be appraised and valued prior to their being deposited with or conveyed to him in trust as aforesaid. The reasonable expense of such appraisal or valuation shall be paid by the company.

Sec. 2. After making the deposit mentioned above, no company shall issue a policy of insurance or endowment or annuity bond unless it shall have upon its face a certificate in the following words: "This policy is registered in the office of the Commissioner of Insurance and Banking of the State of Texas and approved securities equal in value to the legal reserve thereon are held in trust by said Commissioner," which certificate shall be signed by said Commissioner and sealed with the seal of his office.

All policies and bonds of each kind and class issued, and the forms thereof filed in the office of said Commissioner, shall have imprinted thereon some appropriate designating letter or figure, combination of letters or figures or terms identifying the particular form of contract, together with the year of adoption of such form, and whenever any change or modification is made in the form of contracts, policy or bond, the designating letters, figures or terms and year of adoption thereon shall be correspondingly changed.

The Commissioner of Insurance and Banking shall prepare and keep such registers thereof as will enable him to compute their value at any time. Upon written proof attested by the president or vice president and secretary of the company which shall have issued such

policies or annuity bonds, that any of them have been commuted or terminated, the Commissioner shall commute or cancel them upon his register. The net value of every policy or annuity bond, according to the standard prescribed by the laws of this State for the valuation of policies of life insurance companies, when the first premium shall have been paid thereon, less the amount of such fines, not exceeding such value as the company may have against it, shall be entered opposite the record of said policy or annuity bond in the register aforesaid at the time such record is made. On the first day of January, each year, or within sixty days thereafter, the Commissioner shall cause the policies and annuity bonds of each company to be carefully valued, and the actual value thereof at the time fixed for such valuation, less such liens not exceeding such value as the company may have against it, shall be entered upon the register opposite the record of such policy or bond, and the Commissioner shall furnish a certificate of the aggregate of such value to the company.

It shall be the duty of the Commissioner to cancel mutilated or surrendered policies and annuity bonds issued by said companies, and register other like policies or bonds issued in lieu thereof.

Each company which shall have made the deposit herein provided for shall make additional deposits from time to time in amounts not less than \$5000, and of such securities as are permitted by this section to be deposited, so that the market value of the securities deposited shall always be equal to the net value of the policies and annuity bonds issued by said company, less such liens (not exceeding such net value) as the company may have against them. So long as any company shall maintain its deposit as herein prescribed, at an amount equal to or in excess of the net value of its policies and annuity bonds as aforesaid, it shall be the duty of the said Commissioner to sign and affix his seal to the certificates before mentioned on every policy and annuity bond presented to him for the purpose by any company so depositing.

The Commissioner shall keep a careful record of the securities deposited by each company and showing by item the amount and market value thereof. If at any time it shall appear therefrom that the value of the securities held on deposit is less than the actual value of the policies and annuity bonds issued

by such company, and then in force it shall be unlawful for the Commissioner to execute the certificate on any additional policies or annuity bonds of such company until it shall have made good the deficit.

Any company depositing under the provisions of this section may increase its deposits at any time by making additional deposits of not less than \$5000 of such securities as are authorized by this section. Any such company whose deposits exceed the net value of all policies and annuity bonds it has in force, less such liens (not exceeding such net value) as the company may hold against them, may withdraw such excess, and it may withdraw any of said securities at any time by depositing others of equal value and of the character authorized by this act in their stead, and it may collect the interest, coupons, rents and other income on the securities deposited as the same accrue.

The securities deposited under this act shall be placed and kept by the Commissioner of Insurance and Banking of the State in some secure, safety deposit fire-proof box or vault in the city or town in or near which the home office of the company is located, and the officers of the company shall have access to such securities for the purpose of detaching interest coupons and crediting payments, under such reasonable rules and regulations as the Commissioner may establish.

The company shall pay the rent or charges for the safety box or vault above mentioned.

Every company making deposit under the provisions of this section shall pay to the Commissioner of Insurance and Banking for each certificate placed on registered policies or annuity bonds, or issued for that purpose, including seal, a fee of 25 cents, and such fees shall by the Commissioner be deposited with the State Treasurer to the credit of the general fund.

Sec. 3. Any life insurance company organized under the laws of this State making the deposit provided for by this act, may include as a part thereof any deposits of its securities heretofore or hereafter made representing its capital stock in complying with the law of this State, and shall only be required to deposit in addition thereto the remainder of its total reserve on outstanding policies and annuity bonds after deducting therefrom the amount of its capital stock securities so deposited.

Sec. 4. The securities deposited un-

der the provisions of this act shall be held by the Commissioner of Insurance and Banking and his successors in office in trust for the policy holders of such company so long as its policies or annuity bonds or any of them shall remain in force. In case of a liquidation of any company making such deposits, such securities shall be deposited or otherwise disposed of in accordance with the order or decree of the court having jurisdiction of the subject matter. And in case of the reinsurance of the outstanding business of any such company it shall be a condition of such reinsurance that such securities shall remain on deposit and that additional deposits of securities shall be thereafter maintained as required by this act so long as there are any of such policies or annuity bonds remaining in force.

Sec. 5. The fact that there is now no law in this State authorizing life insurance companies organized under the laws of this State to afford their policy holders the protection provided for by this act, constitutes an emergency and an imperative public necessity demanding that the constitutional rule requiring bills to be read on three several days in each house be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

REASON FOR VOTING.

I voted "yea" on Senate bills Nos. 85 and 86, being local measures offered by Senator Hudspeth, yet I am of the opinion that they are unconstitutional, because they were not submitted by the Governor, and the Constitution requires that all measures shall be submitted by the Governor in extra session before they can be discussed or passed by the Legislature, yet it has been a common custom for years to vote unanimously for all local measures as a common courtesy to Senators and Representatives offering them, and, in voting for these bills, I only did it as a courtesy

to Senator Hudspeth, believing that the Governor will not approve them.

(2)

following the enacting clause and insert in lieu thereof the following:

Section 1. On and after the first day of January, 1910, all banks of deposit or discount, or of both deposit and discount, and banking and trust companies in this State, organized, or that may hereafter be organized, under and by virtue of the provisions of Chapter 10 of the Acts of the First Called Session of the Twenty-ninth Legislature of the State of Texas, and known as the State Banking Law, shall be liable pro rata, in the manner and proportion and to the extent hereinafter provided for the payment of all the liabilities of each such banking or other corporation to its guaranteed depositors as hereinafter defined. All of the classes of banking corporations above referred to shall for the purposes of this act, be classed and known and hereafter referred to as "State banks."

Sec. 2. All the liabilities of State banks other than liabilities to stockholders on account of stock owned by them, except debts due by such banks for which they have given collateral or other security, and debts due depositors, or other persons, upon which such State banks or any person for them or on their behalf have directly or indirectly paid or agreed to pay, or have become liable in law to pay, any interest, bonus, commission or other compensation whatever, shall be considered and defined and hereinafter referred to as their "guaranteed deposits," and the persons to whom such liabilities are or may become due and payable, shall be considered and defined and hereinafter referred to as their "guaranteed depositors."

Sec. 3. For the purpose of carrying out and enforcing the provisions of this act, there is hereby created the State Banking Board which shall be composed of the Commissioner of Insurance and Banking who is hereafter referred to in this act as the Commissioner, the Attorney General and a citizen of this State who shall be appointed by the Governor of this State, and who, prior to his appointment, shall have had five years' experience as an active officer of a bank and who shall receive as his compensation as a member of the State Banking Board, the sum of \$10 per day for each day while engaged in active discharge of his duties as a member of said Board. Immediately after this act shall take effect, said Board shall cause to be made by the State bank examiners, who are hereby placed under the direction and control of said Board

for that purpose, a full and careful examination of the affairs of each and every State bank doing business in this State, for the purpose of ascertaining its financial condition, the character, amount and values of its assets, the extent of its liabilities, the financial responsibility of its stockholders, the moral character, previous occupation, competency and business qualifications of its officers and directors, and such other facts as said Board may deem advisable and may direct; and said Board shall require a full and detailed report of such examination of each such corporation, to be made by the State Bank Examiner making such examination, under his oath of office, such report to be filed with said Board not later than the first day of December, 1909. It shall be the duty of the State Banking Board, from time to time after this act shall take effect, and prior to January 1, 1910, as the reports of examinations provided for in this section shall be filed with it, to consider and pass upon such reports, and to determine therefrom, and from such additional facts as may be submitted for its consideration or as it may ascertain from other investigation, whether such State bank is solvent and its capital stock unimpaired, and whether its officers and directors are of good moral character, competent, and possess the necessary qualifications for properly discharging the duties incumbent upon them as such officers or directors and whether it is entitled under the laws of this State to continue to transact a banking business. Said Board shall keep a record of its proceedings and findings relative to each bank considered and passed upon, and shall file a certified copy thereof, signed by each member of said Board, in the office of the Commissioner, which shall be by him duly recorded in a book to be kept for that purpose. The said Board shall not certify its approval of any State bank as being entitled to continue to transact a banking business or its approval of the chartering of any State bank, as provided in Section 5 of this act, unless it shall find the officers and directors of such bank to be of good moral character, competent and possessing the necessary qualifications to properly discharge the duties incumbent or to be incumbent upon them as such officers or directors.

Sec. 4. It shall be the duty of the Commissioner to issue to each State bank which the State Banking Board shall have approved and certified to him, as provided in the preceding sec-

tion, as being entitled to continue to transact a banking business, a certificate of authority in such form as the State Banking Board may approve, to be signed by him under his official seal, certifying that such State bank is authorized, under the laws of this State, to continue to engage in the banking business. The Commissioner shall close all State banks which the State Banking Board shall disapprove, and shall determine not to be entitled, under the laws of this State, to continue to transact the banking business and shall proceed respecting the same in the manner provided by law with respect to insolvent banks, unless such State bank shall go into voluntary liquidation.

Sec. 5. Section 2 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby amended so as to hereafter read as follows:

"Sec. 2. The articles of association shall set out:

"(1) The corporate name of the proposed corporation, which shall not be the name of any corporation heretofore incorporated in this State for similar purposes, or any imitation of such name, and which shall include as a part thereof either the word 'bank' or 'banking.'

"(3) The amount of the capital stock of the corporation, which shall be divided into shares of \$100 each; that the same has been bona fide subscribed and actually paid up in lawful money of the United States, and is in the custody of the persons named as the first board of directors or managers.

"(4) The name and place of residence of the several shareholders, and the number of shares subscribed by each.

"(5) The number of directors or managers, and the names of those agreed upon for the first year.

"(6) The number of years the corporation is to continue, which in no case shall exceed fifty years."

Such articles shall be signed and acknowledged by the parties thereto, shall be filed in the office of the Commissioner of Insurance and Banking, and when so filed shall be immediately submitted to the Attorney General for his approval, and if found by him to be in accordance with the law, he shall so certify and return the same to the Commissioner of Insurance and Banking, who shall record the same in a book to be kept for that purpose, and shall make a certified copy thereof under his hand

and seal, and shall immediately deliver such certified copy to a State Bank Examiner, by whom he shall cause to be made an examination for the purpose of ascertaining whether the requisite capital stock of such corporation has been fully paid up as required by the Constitution and laws of this State. No certificate of incorporation under this act shall be valid unless at the time the articles of association were signed and acknowledged the capital stock therein prescribed shall have been bona fide subscribed and paid up in lawful money of the United States. If, upon such examination, it shall be found that the Constitution and laws have been fully complied with, the person making such examination shall deliver to the president or cashier of said corporation the certified copy of its articles of incorporation, and shall take therefor the receipt of such corporation and of the person to whom the same shall be delivered. Upon the delivery of such certified copy and the execution of the receipt therefor and upon the filing for record of such certified copy in the office of the county clerk of the county in which the corporation is to be located, the same shall become valid and effective as to the charter of said corporation, which shall thereupon be allowed to open its doors and engage in business as a State bank. It shall be the duty of the examiner to immediately make a report of such examination under his oath of office to the State Banking Board, whose duty it shall be to forthwith consider and act upon the same and to determine therefrom and from such additional facts as may be submitted for its consideration, or as it may ascertain from other investigation, whether such corporation is solvent and its capital stock unimpaired, and whether its officers and directors are of good moral character, competent and possess the necessary qualifications for properly discharging the duties incumbent upon them as such officers or directors, and whether it is entitled under the laws of this State to transact a banking business.

If the State Banking Board shall have approved the chartering of such bank, upon receipt of its certificate, the Commissioner shall issue to such corporation the certificate of authority above provided for. In case the State Banking Board shall disapprove the report of the examiner, and refuse to certify that such corporation is entitled to a certificate of authority, it shall be the duty of the Commissioner to immediately

close the office of such corporation, unless it shall go into voluntary liquidation, and to proceed in the manner provided by law with respect to insolvent banks. All amendments to the charters of all banking corporations heretofore or hereafter formed shall be filed in the office of the Commissioner of Insurance and Banking and approved by the Attorney General and recorded by said Commissioner, when so approved, in the same manner as original charters.

Sec. 6. Section 10 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby amended so as to hereafter read as follows:

"Sec. 10. The articles of agreement shall be signed and acknowledged by the parties thereto and recorded in the office of the Commissioner of Insurance and Banking, who shall submit the same to the Attorney General for his approval, and if found by him to be in accordance with the law, he shall so certify and return the same to said Commissioner, who shall record the same in a book to be kept for that purpose and make a certified copy thereof under his hand and seal, and thereafter the same steps shall be taken and the same course pursued as is provided by law with respect to the incorporation of banks of deposit or discount, or both of deposit and discount."

Sec. 7. Section 5 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature of the State of Texas is hereby amended so as hereafter to read as follows:

"Sec. 5. That hereafter the capital stock of all banking corporations, which shall be fully paid up, shall not be less than \$10,000, if the business is to be transacted in towns or cities having less than 750 inhabitants, nor less than \$25,000 if the business is to be transacted in towns or cities having 750 or more and less than 3000 inhabitants; nor less than \$50,000, if the business is to be transacted in towns or cities having 3000 or more and less than 6000 inhabitants; nor less than \$100,000 if the business is to be transacted in towns or cities having 6000 inhabitants or more. Provided, that a banking corporation may be formed with a capital, with not less than \$50,000, having power to transact business in any city or town at a point, designated in its charter, not less than one mile removed from the place of business, at the time such corporation is formed, of any banking corpora-

tion organized under the laws of Texas or those of the United States. The population of all towns and cities for the purpose of fixing the minimum capital stock of banks under this act shall be ascertained by the Commissioner of Insurance and Banking from such affidavits as may be submitted to him or such proof as he may obtain upon investigation."

Sec. 8. All State banks transacting business in this State shall be required, on and after the first day of January, 1910, to hold a certificate of authority to transact a banking business, issued by the Commissioner, in compliance with the provisions of this act, and to keep the same conspicuously posted at all times in the banking house where such business is transacted. Any person or persons who shall, in any capacity, transact, or hold themselves out as transacting the business of banking for or on behalf of any State bank or banking or trust company, after the first day of January, 1910, without such bank or banking and trust company shall hold a certificate of authority as herein provided for, except in cases where such certificates shall not yet have been issued to newly incorporated banks, as herein provided for, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for each offense, each day being considered a separate offense, by a fine of not less than \$500 and not exceeding \$1000, or by imprisonment in the county jail for not less than one nor more than twelve months, or by both such fine and imprisonment.

Sec. 9. The Commissioner shall, during the month of November, 1909, and of each calendar year thereafter, require the cashier of each State bank, which has been so organized and doing business for one year prior to November 1 of each such calendar year, to file with him a sworn statement of the average daily deposits of such bank for said year ending November 1; and he shall require the cashiers of all other State banks to each file with him, during said month of November, a sworn statement of the total amount of the capital, surplus and undivided profits of their respective banks, as of said first day of November. Immediately after the first day of December, 1909, the State Banking Board shall, for the purpose of creating a State bank guaranty fund, levy against each State bank, which it shall have approved as being entitled to con-

tinue in the banking business, an assessment of one per cent of its average daily deposits for the year ending on the first day of November, 1909, if it shall have transacted business for one year prior to said date, or an assessment of 3 per cent of its total capital, surplus and undivided profits as of the first day of November, 1909, if it shall not have transacted business for one year prior to that date; provided, that if said assessment shall not in the aggregate provide a fund of at least five hundred thousand (\$500,000) dollars, then the same shall be proportionately increased to such percentage of the average daily deposits and of the capital, surplus and undivided profits, respectively, as will provide a fund of that amount. Immediately after the first day of December of each year after 1909, the State Banking Board shall levy and readjust the assessment above provided for in the same manner except that they shall each succeeding year increase the percentage of the assessment upon the average daily deposits of the banks to which such assessment is applicable by one-fourth of one per cent, and they shall increase the percentage of assessment upon the capital, surplus and undivided profits of banks to which such assessment is applicable by three-fourths of one per cent until such time as the total amount of said State bank guaranty fund shall equal five per cent of the average daily deposits of all of the State banks which have been in business for as much as one year added to fifteen per cent of the capital, surplus and undivided profits of all other State banks. Each State bank shall pay such assessments by crediting the State bank guaranty fund with the amount thereof upon its books as of date January 1, next, after the said assessment is made, as a demand deposit, subject to check, upon the order of the State Banking Board, and shall, prior to said date, forward to the Commissioner proper evidence of such credit, and each State bank shall charge the amount of each such assessment so credited to the State bank guaranty fund upon its books to "interest in State bank guaranty fund," and shall be entitled to treat in its statements of condition and otherwise the amount of its said interest in said fund, as shown by its books as a portion of its assets; provided, that the amount of its said interest in said fund shall not include any of the amounts paid out upon general checks

drawn by order of the State Banking Board. The levy and readjustment of the assessment herein provided for shall be made on such a basis as will provide a State bank guaranty fund as of January 1 of each succeeding year equal to the percentages herein prescribed of the average annual deposits and capital, surplus and undivided profits, respectively, for each succeeding year until the maximum percentage herein prescribed shall be attained and thereafter such levy and readjustment shall be made each year upon such a basis as will provide a fund upon January 1 of each year amounting to five per cent of the annual deposits and fifteen per cent of the capital, surplus and undivided profits as hereinabove provided for.

If, in the making of such levy and readjustment, it becomes necessary to reduce the amount of the assessment of any State bank, said Board shall order a check to be signed by the Commissioner and countersigned by some other members of said Board, designated for that purpose, drawn upon said State bank in favor of itself, dated January 1 next thereafter, for the amount of such reduction, which the Commissioner shall forthwith transmit to such State bank, and if it shall be necessary to increase the assessment of any State bank, it shall direct the Commissioner to notify such State bank of the amount of such increase, and require that it credit the State bank guaranty fund with the amount of such increase, as of date of the first day of January thereafter, and send to the Commissioner proper evidence of such credit, prior to said date. Any State bank incorporated after the first day of January, 1910, shall, before it shall be issued a certificate of authority to transact a banking business, credit the State guaranty fund upon its books, as hereinbefore provided, with an amount equal to three per cent of its capital stock and paid in surplus, if any, and furnish the Commissioner with proper evidence of such credit. Whenever the amount deposited to the credit of the State bank guaranty fund on the books of the various State banks shall at any time be reduced by the payment of checks drawn upon them by order of the State Banking Board, for the purpose of paying the guaranteed deposits of any State bank, as hereinafter provided for, below the amount of such credit as of the first day of January next preceding, it shall be the duty of the State Banking Board to immediately

levy an assessment based upon the average daily deposits, and upon the capital, surplus and undivided profits, as shown by the sworn statements filed in the preceding November, as herein provided, sufficient to make good such reduction; provided, that the total assessments made for the purpose of making good such reduction shall not exceed two per cent of such average daily deposits for any one calendar year exclusive of the one-fourth of one per cent required to be placed to the credit of the bank guaranty fund each year as heretofore stated, and the various banks shall immediately furnish the Commissioner proper evidence of such additional credit; but this provision shall not apply to special checks drawn only on certain banks by order of said Board, as hereinbefore provided.

It shall be the duty of the Commissioner to keep a strict account with each State bank in which any portion of the State bank guaranty fund is deposited in a book to be kept for that purpose, showing all amounts credited to said fund, in each bank, and all checks drawn against the same, and it shall be his duty to immediately notify any such bank of any discrepancy between the status of its account as shown upon his books and any statement made by such bank or any report of its examination, and he shall also call such discrepancy to the attention of the State Banking Board.

Whenever any State bank shall pay off and discharge all its liabilities to its creditors and go into liquidation for the purpose of voluntarily winding up its affairs and surrender to the Commissioner its certificate of authority, it shall be the duty of the State Banking Board upon a showing of these facts to order the Commissioner to draw a check upon such State bank in its favor for the amount of the State bank guaranty fund on deposit therewith, which shall be thereby repaid to it upon such liquidation, provided nothing in this act shall be construed so as to guarantee interest-bearing deposits in such bank.

Sec. 10. Whenever the Commissioner shall have reason to believe that the capital stock of any State bank is reduced by impairment or otherwise below the amount required by law or by its certificates of authority or articles of incorporation, he shall present the matter to the State Banking Board for its consideration, and if said Board shall determine thereupon that the capital

stock of such State bank is impaired to the extent of not more than twenty-five per cent thereof, the Commissioner shall require such State bank to make good the deficiency within sixty days after the date of such requisition. If said Board shall determine that the impairment exceeds 25 per cent of the amount of the capital stock, the Commissioner shall require that such State bank forthwith reduce the amount of such impairment to less than 25 per cent and to make good the whole impairment within sixty days from the date of such requisition. The Commissioner may examine or cause to be examined any such State bank to ascertain the amount of such impairment and whether the deficiency has been made good, as required by him. The directors of every such State bank upon which such requisition shall have been made shall give notice of such requisition to each stockholder of the corporation and of the amount of the assessment which he must pay for the purpose of making good such deficiency by a written or printed notice mailed to such stockholder at his place of residence or served personally upon him, and a meeting of the stockholders of such bank shall forthwith be called for the purpose of determining whether or not such bank shall make good such deficiency or impairment or liquidate; and if it be decided to make good such deficiency or impairment, each stockholder shall thereupon become liable for, and shall pay his pro rata part of said assessment, and if any stockholder shall refuse or neglect to pay the assessment specified in such notice within the time provided by the requisition of the Commissioner, the directors shall have the right to sell to the highest bidder at public auction the stock of such stockholder, after giving previous notice of such sale for two weeks in a newspaper of general circulation published in the county where the principal office of such corporation is located; or such stock may be sold at private sale and without such published notice; provided, however, that before making private sale thereof an offer in writing to purchase such stock shall be obtained and a copy thereof served upon the owner of record of the stock caused to be sold either personally or by mailing a copy of such offer to such owner at his place of residence or address furnished by him to such State bank; and if after service of such offer such owner shall still refuse or neglect to pay such assessment

within two weeks from the time of service of such offer, the said directors may accept such offer and sell such stock to the person or persons making such offer, or to any other person or persons making larger offer than the amount named in the offer submitted to such stockholder; but such stock shall in no event be sold for a smaller sum than the valuation put on it by the Commissioner in his determination and certificate, which valuation shall not be less than the amount of the assessment called for and the necessary costs of sale. Out of the avails of the stock sold the directors shall pay the necessary cost of sale and the amount of the assessment called for thereon. The balance, if any, shall be paid to the person or persons whose stock has been thus sold. The sale of stock as herein provided shall effect the cancellation of the outstanding certificate or certificates evidencing the stock so sold, and shall make the same null and void, and a new certificate or new certificates shall be issued to the purchaser or purchasers of said stock. If it shall appear to the Commissioner that any State bank has violated its charter or any law binding upon it, he may, by an order under his hand and official seal, addressed to such State bank, direct the discontinuance of such violation; or, if it shall appear to the Commissioner that any such State bank is conducting its business in an unsafe or unauthorized manner, he may in like manner direct the discontinuance of such unsafe or unauthorized practices. Such order shall require such State bank to show cause before the State Banking Board at a time and place to be fixed by the Commissioner, why said order should not be observed.

Sec. 11. If the capital stock of any State bank shall be impaired and such impairment is not made good as required by law, or if any such State bank shall refuse to submit its books, papers and concerns to the inspection of any examiner, or if any officer thereof shall refuse to be examined upon oath touching the concerns of such State bank, or if it shall violate its charter, or any law of the State, or if such State bank shall suspend payment of its obligations, or if such State bank shall conduct its business in an unsafe or unauthorized manner, or if from any examiner's or other report provided for by law the Commissioner shall conclude that such State bank is in an unsafe or unsound condition to transact the

business for which it is organized, or that it is unsafe and inexpedient for it to continue business, and the Commissioner shall communicate the facts to the Attorney General, an action to procure a judgment dissolving such corporation and forfeiting its charter may be maintained.

Sec. 12. Whenever it shall appear to the Commissioner that any State bank has violated its charter or any law of the State, or is conducting its business in an unsafe or unauthorized manner, or if any such State bank shall refuse to submit its books, papers, and concerns to the inspection of any examiner, or if any officer thereof shall refuse to be examined upon oath touching the concern of any such State bank, or to answer under oath any interrogatories touching such concern, sent him by the Commissioner through the mails with the requests for such answer, within ten days after the same shall have been mailed to him at his address by registered letter, or if any such State bank shall suspend payment of its obligations, or if from any examination or report provided for or authorized by law, the Commissioner shall have reason to conclude that such State bank is in an unsound or unsafe condition to transact the business for which it is organized, or that it is unsafe or inexpedient for it to continue business, or if any such State bank shall neglect or refuse to observe an order or requisition of the Commissioner to reduce or make good the impairment in its capital stock, as required by law, the Commissioner may forthwith take possession of the property and business of such State bank and retain such possession until such State bank shall resume business, or its affairs are finally liquidated, as herein provided. On taking possession of the property and business of any such State bank, the Commissioner shall forthwith give notice of such fact to any and all banks, trust companies, associations and individuals holding or in possession of any assets of any such State bank.

No bank, trust company, association or individual knowing of such taking possession by the Commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the State bank of whose property and business the Commissioner shall have taken possession as aforesaid. Such State bank may, with the con-

sent of the State Banking Board, resume business upon such condition as may be approved by it, which permission shall be evidenced by a written statement to that effect from the Commissioner. Upon taking possession of the property and business of such State bank, the Commissioner is authorized to collect moneys due to such corporation, and do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate the affairs thereof as hereinafter provided. The Commissioner shall collect all debts due and claims belonging to such State bank, and upon the order of the district court, if in session, or the judge thereof if in vacation, of the county in which it was located and transacting business, may sell or compound all bad or doubtful debts, and on like order may sell the real or personal property of such State bank on such terms as the court shall direct; and may, if necessary to pay the debts of such State bank, enforce the individual liability of the stockholders. The Commissioner may, under his hand and official seal, appoint one or more special agents to assist him in the duty of liquidation and distribution, the certificate of appointment to be filed in the office of the Commissioner and a certified copy in the office of the clerk of the county court in which such State bank was located and transacted business. The Commissioner may, from time to time, authorize a special agent to perform such duties connected with such liquidation and distribution as the said Commissioner may deem proper. The Commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such State bank, and may retain such of the officers or employees of such State bank as he may deem necessary. The Commissioner shall require from a special agent and from such assistants such security for the faithful discharge of their duties as he may deem proper. The Commissioner shall cause notice to be given by advertisement in such newspapers as he may direct, weekly, for three consecutive months, calling on all persons who may have claims against such State bank to present the same to the Commissioner and make legal proof thereof at a place and within a time not earlier than the last day of publication to be therein specified, which notice shall contain a statement, in larger type than that in which the body of such notice is print-

ed, specifically stating that all such claims of guaranteed depositors must be presented and legal proof thereof made at the place designated within forty-five days after the date which the property and business of such State bank was taken possession of by the Commissioner, and that all claims of guaranteed depositors presented after the expiration of forty-five days shall not be entitled to payment of any portion thereof out of the State bank guaranty fund. The Commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of the State bank. If the Commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant, either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the Commissioner. The action upon a claim so rejected must be brought within six months after such service. Claims presented after the expiration of the time fixed in the notice to the creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the Commissioner equitably applicable thereto. Upon taking possession of the property and assets of such State bank, the Commissioner shall make an inventory of the assets of such State bank in duplicate, one to be filed in the office of the Commissioner and one in the office of the clerk of the county court in which such State bank was located and transacting business: upon the expiration of the time fixed for the presentation of claims, the Commissioner shall make in duplicate a full and complete list of the claims presented, including and specifying such claims as have been rejected by him, and showing fully all claims and amounts paid to guaranteed depositors out of the State bank guaranty fund, and the amount to which said fund is entitled by reason of its subrogation to the rights of such guaranteed depositors so paid, and all amounts held by him on account of claims of guaranteed depositors, which have been rejected or are in dispute, one to be filed in the office of the Commissioner and one in the office of the clerk of the county court of the county in which such State bank was located and transacted business. Such inventory and list of claims shall be open at all reasonable times to inspection. All compensation of special agents, counsel and other employes

and assistants, and all expenses of supervision and liquidation shall be fixed by the Commissioner, subject to the approval of the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was located and transacting business, on notice to such State bank; provided, that the compensation of such special agents shall always be the same as is provided by law for State Bank Examiners, and shall, upon the certificate of the Commissioner, be paid out of the fund of such State banks in the hands of the Commissioner. The moneys collected by the Commissioner shall be from time to time deposited in one or more State banks, and, in case of the suspension or insolvency of the depository, such deposits shall be preferred before all other deposits. At any time after the expiration of the date fixed for the presentation of claims, the Commissioner may, out of the funds remaining in his hands, after the payment of expenses, declare one or more dividends, and after the expiration of one year from the first publication of a notice to creditors, he may declare a final dividend, such dividends to be paid to such person and in such manner, and upon such notice as may be directed by the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was located and transacted business. In the declaration and payment of all such dividends, the State bank guaranty fund shall be entitled to receive as its dividend such portions of the amounts due and payable to guaranteed depositors as shall have been paid to them out of the State bank guaranty fund, together with 6 per cent interest thereon from the date or dates upon which checks were drawn upon all State banks, as hereinafter provided to provide for the payment of the guaranteed deposits of such State banks, and the Commissioner shall forthwith distribute such dividends to the State banks upon which checks were drawn for such payment of guaranteed depositors in proportion to the amounts of such checks, respectively. Objections to any claim not rejected by the Commissioner may be made by any party interested by filing a copy of such objections with the Commissioner, who shall present the same to the district court, if in session, or the judge thereof, if in vacation, at the time of the next application to declare a dividend. The court may make proper provision for unproved or unclaimed deposits. When-

ever any such State bank, of whose property and business the Commissioner has taken possession as aforesaid, deems itself aggrieved thereby, it may, at any time within ten days after such taking possession, apply to the district court, if in session, or the judge thereof, if in vacation, of the district in which such bank is located and transacting business to enjoin further proceedings, and said court, if in session, or the judge thereof, if in vacation, after citing the Commissioner to show cause why further proceedings should not be enjoined, and hearing the allegations and proofs of the parties and determining the facts, may, upon the merits dismiss such application or enjoin the Commissioner from further proceedings and direct him to surrender such business and property to such State bank. Whenever the Commissioner shall have paid to each and every depositor and creditor of such State bank (not including stockholders), except for the amount of their deposits over and above their liability under the law as stockholders, whose claim or claims as such creditors or depositor shall have been duly proven and allowed, the full amount of such claims, and shall have repaid to the State bank guaranty fund all amounts paid out of it to guaranteed depositors of such State bank, together with 6 per cent interest thereon from the date when the checks to provide for such payment were drawn and shall have made proper provision for unclaimed and unpaid deposits or dividends, and shall have paid all the expenses of the liquidation, the Commissioner shall call a meeting of the stockholders of such State bank by giving notice thereof for thirty days in one or more newspapers in the county where such State bank was located and transacted business. At such meeting the stockholders shall determine whether the Commissioner shall be continued as liquidator, and shall wind up the affairs of such State bank, or whether an agent or agents shall be elected for that purpose, and in so determining, the said stockholders shall vote by ballot, in person or by proxy, each share of stock entitling the holder to one vote, and a majority of the stock shall be necessary to a determination. In case it is determined to continue the liquidation under the Commissioner, he shall complete the liquidation of such corporation, and after paying the expenses thereof shall distribute the proceeds among the stockholders in proportion to the several holdings of stock in such manner, and upon

such notice as may be directed by the district court. In case it is determined to appoint an agent or agents to liquidate, the stockholders shall thereupon select such agent or agents by ballot, a majority of the stock present and voting, in person or by proxy, being necessary for a choice. Such agent or agents shall execute and file with the Commissioner a bond, in such amount, with such sureties and in such form as shall be approved by the Commissioner, conditioned for the faithful performance of all the duties of his, or their trust, and thereupon the Commissioner shall transfer and deliver to such agent, or agents, all the undivided and unclaimed or other assets of such State bank then remaining in his hands; and upon such transfer and delivery the said Commissioner shall be discharged from any and all further liability to such State bank and its creditors and stockholders. Such agent, or agents, shall convert the assets coming into his or their possession into cash, and shall account for and make distribution of the property of said State bank, as is herein provided in the case of distribution by the Commissioner, except that the expenses thereof shall be subject to the direction and control of the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was located and transacted business. In case of the death, removal or refusal to act of such agent or agents, the stockholders, on the same notice, to be given by the Commissioner, upon proof of such death, removal or refusal to act being filed with him, and by the same vote hereinbefore provided, may select a successor, and shall have the same power and be subject to the same liabilities and duties as the agent originally elected. Dividends and unclaimed deposits remaining unpaid in the hands of the Commissioner for six months after the order for final distribution, shall be by him deposited in some State bank to be designated by the State Banking Board to the credit of the Commissioner in his name of office, in trust, for the several depositors with, and creditors of, the liquidated State bank from which they were received, who are entitled thereto. The Commissioner shall show in his official report the names of the State banks so taken possession of and liquidated, and the amounts of unclaimed and unpaid deposits or dividends, with respect to each of them respectively. The Commissioner shall pay over the moneys so held by him to the per-

sons respectively entitled thereto, upon the order of the State Banking Board, who shall direct such payment to such persons upon being furnished satisfactory evidence of their right to the same. In cases of doubt or conflicting claims, the State Banking Board may require an order of the district court, if in session, or the judge thereof, if in vacation, authorizing and directing the payment thereof. The State Banking Board may apply the interest earned by the moneys held by the Commissioner, or may authorize him to apply the same toward defraying the expenses incurred in the payment and distribution of such unclaimed deposits or dividends to the depositors and creditors entitled to receive the same, and the Commissioner shall include in his official report a statement of the amount of interest earned by such unclaimed dividends. Any State bank may, at any time, place its affairs and assets under the control of the Commissioner by posting a notice on its front door, as follows: "This institution is in the hands of the Commissioner of Insurance and Banking of the State of Texas." The posting of this notice or of the same notice by the Commissioner or any State bank examiner at any time when he shall have taken possession of the property and business of a State bank, shall be sufficient to place all its assets and property of whatever nature in the possession of the Commissioner and shall operate as a bar to any attachment proceedings whatever.

Sec. 13. Section 40 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby repealed.

Sec. 14. Whenever any State bank shall voluntarily place itself in the hands of the Commissioner, or whenever the Commissioner shall take possession of the property and business of any State bank, in addition to the other duties required of him by law, he shall immediately cause to be made a thorough and complete examination of the affairs of such State bank by a State bank examiner, and shall require a report of such examination to be made to him by the examiner making the same, under his oath of office, which shall be without delay submitted to the State Banking Board for its consideration. Such report shall show the amount of the liabilities of such State bank to guaranteed depositors as defined by this act, so shown by its books, and also the

amount of any such liabilities of which the examiner may have received information not shown by such books and all its other liabilities, and also its total cash and other resources and the probable amount that can be realized out of the collection of its debts and the probable time within which the same may be realized, the responsibility of its stockholders, and such other facts as the Commissioner or the State Banking Board may direct. When the State Banking Board shall have considered such report it shall either make an order directing that the entire amount of the guaranteed deposits as herein defined of such State bank be paid by the Commissioner, personally, or through his special agent, in cash, upon satisfactory proof of the indebtedness due to each of such guaranteed depositors being made, or it may make an order directing that the Commissioner, either personally or through his special agent, shall issue to such guaranteed depositors, upon satisfactory proof being made of the amount due him by said State bank as a guaranteed deposit, a certificate (or certificate as hereinafter provided) certifying that the holder is a guaranteed depositor in such State bank, and as such is entitled to be paid out of the State bank guaranty fund, the amount stated in such certificate and that the said amount is due and will be paid over to the owner or holder of such certificate, together with 6 per cent interest thereon, sixty days after the date of the closing of such State bank by the Commissioner, out of said State bank guaranty fund (provided that if prior to the expiration of such period of sixty days said State bank shall be lawfully permitted to resume business, then and in that event such certificate shall be payable and redeemable in cash upon presentation to said State bank by it instead of by the Commissioner out of said State bank guaranty fund). Such certificates shall be in form prescribed and approved by the State Banking Board, and shall be signed or countersigned by the Commissioner or such other member of said Board, as it shall direct, and shall be so devised and designated as to guard against alteration or misuse. Such certificates may, at the option of the guaranteed depositor entitled to receive the same, be issued in such reasonable denominations as he may desire; provided, that the total amount of such certificates so issued to each guaranteed de-

positor shall equal the amount due him as a guaranteed depositor. The amount which shall be paid to any guaranteed depositor in any State bank on account of his guaranteed deposit, a portion or all of which shall be payable out of the State bank guaranty fund, shall be the net amount derived by deducting from the total amount of the liability of said State bank to him, as a guaranteed depositor, the amount of his direct and indirect indebtedness and liability due or to become due, if any, to said State bank.

Sec. 15. Should the State bank guaranty fund become depleted, then the State Banking Board, upon the approved claims of all guaranteed depositors, shall issue certificates, which, at the option of the depositor entitled to receive the same, may be issued in such reasonable denominations as he may desire, provided that the total of such certificates shall equal the total amount due such guaranteed depositor, which certificates shall be numbered consecutively, and shall bear interest at the rate of 6 per cent per annum, and shall be payable, principal and interest, out of the State bank guaranty fund upon call of the State Banking Board, as soon as a sufficient amount shall have been accumulated under the terms and provisions of this act. The Commissioner shall keep a record of the issuance and number of such certificates, and the payment of the same shall be in accordance with the numbers of such certificates, as shown by the record in the office of the Commissioner.

Sec. 16. When any State bank shall voluntarily place itself in the hands of the Commissioner, or when he shall take possession of the property and business of any State bank, he shall immediately after the State Banking Board shall have passed upon the examiner's report and determined and directed how the guaranteed depositors shall be paid, cause a written notice to be sent to each and every guaranteed depositor, as shown by the books of said State bank, informing him that his claim as a guaranteed depositor against said State bank must be presented and proved up for payment, not later than forty-five days after the date upon which the Commissioner took possession of said State bank, which notice shall advise such guaranteed depositor whether his claim is to be paid in cash or in certificates as herein provided, and shall inform him that unless his claim be

proven up within forty-five days after the date upon which the Commissioner took possession of said bank, the same will not be payable in any event out of the State bank guaranty fund.

Sec. 17. If the State Banking Board shall make an order directing that the guaranteed depositors in a closed State bank shall be paid in cash, it shall immediately order the Commissioner to draw checks, countersigned by some other member of said board designated for that purpose, which shall be known and marked as "special checks," on such of the State banks and for such portions of the amount of the State bank guaranty fund on deposit therewith, respectively, as it may determine and direct, for amounts sufficient in the aggregate to pay in full the amount due to the guaranteed depositors of said State banks. The State Banking Board shall have the right to order other additional special checks drawn as above provided in case they shall find that the amount originally estimated will prove insufficient to pay all guaranteed depositors. Such special checks shall be made payable to the order of some State bank, and shall be deposited by the Commissioner in such bank as a special deposit for the purpose of paying the guaranteed depositors in the State bank of which he shall take possession, and shall be subject to his check for that use and purpose. The Commissioner may, if so directed by the State Banking Board, draw the sums so deposited in cash upon checks made payable to himself for the purpose of paying in cash the guaranteed depositors of said closed State bank. With the fund so provided, the Commissioner shall immediately proceed, either personally or through his special agents, to pay all claims of guaranteed depositors as they may be presented and proven up, taking receipts therefor in such form as may be prescribed by the State Banking Board. At the expiration of forty-five days after the Commissioner shall have taken possession of the property and business of any State bank whose guaranteed depositors he shall have paid in cash, he shall make report to the State Banking Board of the total amount of guaranteed deposits of such institution, and of the amount of such guaranteed deposits made by him, and to whom paid and of the amount of claims presented by guaranteed depositors which he has rejected and disallowed, and of any amount of cash he has on hand on ac-

count of such claims, and of any amount which he may have paid or contracted to pay out of said State bank guaranty fund in connection with the expenses incident to the payment of such guaranteed deposits, and of the amount remaining in his hands or on special deposit in his name out of the funds provided by special checks for the payment of the guaranteed depositors of such State bank, and of the amount of money in his hands belonging to said closed State bank which may be properly paid into the State bank guaranty fund on account of the guaranteed deposits paid out of such fund. Such report shall be accompanied by proper vouchers for all expenditures so made by the Commissioner, or his special agent. The State Banking Board shall thereupon consider such report, and carefully audit the same in connection with the vouchers submitted therewith, and if it approve the same it shall order the Commissioner to draw checks, countersigned by some other member of said board designated for that purpose, upon all State banks other than those upon whom such special checks were drawn for their respective proportionate amounts of such sum as may be necessary in addition to such amount as may remain unexpended in the hands of the Commissioner out of proceeds of such special checks, and such amount belonging to said closed bank as may be in his hands, which is due and payable, as aforesaid, to the State bank guaranty fund, to repay the amounts drawn by such special checks. Each of the checks so drawn shall be for that proportion of such sum which the amount of the State bank guaranty fund on deposit in each such State bank bears to the total amount of said State bank guaranty fund, and such checks shall be payable to the order of some State bank in which there shall be deposited by the Commissioner to his credit as a special deposit, and against such special deposit shall immediately draw his check in favor of each of the State banks upon whom the special checks were drawn for the difference between the amount of such special checks drawn upon each bank and its proportionate amount of the cash raised upon all of such special checks so drawn, and he shall immediately transmit the same to such State banks upon whom such special checks were drawn in repayment of the amount advanced by them over and above the amount proportionately due by them.

Sec. 18. If the State Banking Board shall direct that the guaranteed depositors of any State bank of the business and property of which the Commissioner shall take possession shall be paid in certificates, as provided in this act, the Commissioner, personally, or through his special agent, shall issue certificates as provided herein to each guaranteed depositor as his claim may be presented and proved up, and at the expiration of forty-five days after he shall have taken possession of such State bank, he shall report to the State Banking Board the total amount of the guaranteed deposits of such State bank, claims for which have been proven up and allowed and paid in such certificates and of the amount of cash in his hands belonging to said State bank, which is due and payable to the State bank guaranty fund, or can properly be applied to the redemption of such certificates so issued. It shall be the duty of the State Banking Board to consider said report, and to determine therefrom the amount necessary to draw from the State bank guaranty fund to redeem the certificates issued and pay the interest accrued thereon, and to pay the expenses of handling and administering the affairs of said State bank properly payable out of said fund, and to direct the Commissioner to draw checks, countersigned by some other member of said Board designated for that purpose upon each State bank for the proportion of said amount which the amount of the State bank guaranty fund on deposit in such State bank bears to the total amount of said State bank guaranty fund. Such checks shall be payable to the order of some State bank and shall be deposited, together with the funds in the hands of the Commissioner belonging to such closed State bank, due and payable to the State bank guaranty fund, in some State bank, to his credit as a special deposit for the purpose of redeeming such certificates; and the Commissioner shall immediately, upon the expiration of sixty days after the date upon which he took charge of said bank, or if the State bank guaranty fund is depleted, upon call of the State Banking Board, pay the certificates theretofore issued by him or his special agent, as the same shall be presented for payment, together with interest thereon at the rate of 6 cent per annum for said time, in checks drawn against such special deposit, or at the option of the holder in cash. If any State bank of the business and property of which the Commissioner

shall have taken charge shall thereafter resume business by order of the State Banking Board, within less than sixty days after the date upon which the Commissioner so took charge, in that event any certificates that may have been issued by the Commissioner in payment of its guaranteed depositors shall be redeemed upon the reopening of said State bank by it in cash upon their presentation. The Commissioner, within ninety days after he shall have taken possession of such bank, shall make a full report to the State Banking Board, showing the amounts collected and disbursed by him in the payment of guaranteed depositors, accompanied by proper vouchers for all disbursements, and showing all amounts remaining in his hands and on what account the same is held, which report shall be carefully audited by the State Banking Board, in connection with the vouchers submitted therewith. A copy of such report shall be recorded in the office of the Commissioner, and a certified copy shall be recorded in the office of the county clerk of the county where such State bank was located and transacted business, and a printed copy shall be mailed by the Commissioner to each State bank in the State.

Sec. 19. If the Commissioner, or his special agent, shall disallow or reject any claim presented by a guaranteed depositor, he shall nevertheless include the amount of such disallowed or rejected claim in the amount for the payment of which provision is to be made out of the State bank guaranty fund, and like provisions shall be made for such claim as for those duly allowed and paid; but the Commissioner shall retain in his hands such an amount pending the final settlement and an adjudication of such rejected or disputed claim, and shall apply the same in payment thereof, if it shall be found that such State bank was legally liable therefor, and shall equitably distribute the same to the various banks in which the State bank guaranty fund is deposited if it shall be finally determined that such State bank is not so liable.

Sec. 20. Any deposit made by the Commissioner, as provided by this act, in any State bank, for the purpose of providing for the payment of guaranteed depositors, whether of special checks or checks drawn upon all banks in which the State bank guaranty fund may be deposited or otherwise, and all deposits of any portion of the State bank guaranty fund originally credited thereto in

any State bank, as provided by this act, shall be preferred before all other deposits in case of the insolvency or suspension of the depository.

Sec. 21. If from the sworn statement of the average daily deposits of any bank for the year ending on the first day of November, 1909, or of any subsequent year, filed with the Commissioner as provided for in Section 7 of this act, it shall appear that such average daily deposits for such year amounted to more than five times the capital stock and surplus of such bank on November 1 of such year, if the capital stock of such bank is not more than \$10,000, or more than six times such capital stock and surplus if the capital is more than \$10,000 and less than \$20,000, or seven times such capital stock and surplus if the capital stock is \$20,000 or more and less than \$40,000, or eight times such capital stock and surplus if the capital stock is \$40,000 or more and less than \$75,000, or nine times such capital stock and surplus if the capital stock is \$75,000 or more and less than \$100,000, or ten times such capital stock and surplus if such capital stock is \$100,000 or more, then in any such case it shall be the duty of the State Banking Board to require that such State bank shall within sixty days thereafter increase its capital by 25 per cent thereof, and it shall be the duty of the Commissioner to immediately furnish such State bank with a certified copy of the order making such requirement; and upon the receipt of such requisition the directors of such State bank shall, within the time required, cause such increase to be made in its capital stock, and if the same is not done within such time, it shall be unlawful for such bank to thereafter receive any deposits at any time when its total demand and time deposits shall in the aggregate amount to more than the limitation herein placed upon deposits.

Sec. 22. Section 39 of Chapter 10 of the Acts of the First Called Session of the Twenty-ninth Legislature of the State of Texas is hereby amended so as to hereafter read as follows:

"Sec. 39. It shall be the duty of the Commissioner of Insurance and Banking at least once in each quarter of each calendar year to cause each banking corporation, subject by law to examination, to be thoroughly and fully examined, and any such corporation may be examined whenever such Commissioner may deem it necessary or expedient. Such Commissioner and all

State Bank Examiners shall have the power to administer oaths to any person whose testimony may be desired for the purpose of any such examinations. The expenses of every general and special examination shall be paid by the corporation examined in such amount as the Commissioner of Insurance and Banking shall certify to be just and reasonable. Provided such expenses shall be paid in proportion to the amount of capital stock of the various corporations as follows: Those with a capital stock of \$10,000 shall not pay more than \$12.50; those with a capital stock of more than \$10,000 and not exceeding \$25,000 shall not pay more than \$15; those with a capital stock of more than \$25,000 and not exceeding \$50,000 shall not pay more than \$20; those with a capital stock of more than \$50,000 and not exceeding \$100,000 shall not pay more than \$30; those with a capital stock of more than \$100,000 and not exceeding \$250,000 shall not pay more than \$37.50; those with a capital stock of more than \$250,000 and not exceeding \$500,000 shall not pay more than \$75; those with a capital stock of more than \$500,000 and not exceeding \$1,000,000 shall not pay more than \$125; those with a capital stock of more than \$1,000,000 and not exceeding \$2,000,000 shall not pay more than \$150; those with a capital stock of more than \$2,000,000 and not exceeding \$4,000,000 shall not pay more than \$200; and those with a capital stock exceeding \$4,000,000 shall not pay more than \$300.

"The permanent surplus of any such corporation shall be reckoned in ascertaining the fees for examination as a part of its capital stock. All sums collected as examination fees shall be paid by the Commissioner of Insurance and Banking directly into the State Treasury, to the credit of the general revenue fund. Payments for salaries and expenses of examinations and for expenses of the Commissioner of Insurance and Banking in enforcing this act shall be made upon the certificate of the Commissioner of Insurance and Banking by warrant on the Comptroller upon the State Treasurer.

Sec. 24. Sec. 25. No State bank shall, at any time, be indebted, or in any way liable, to an amount exceeding the amount of its capital stock at such time, actually paid in and remaining undiminished by losses, or otherwise, except on account of demands of the nature following:

Such savings department may be established by the board of directors adopting a resolution providing therefor, at a regular meeting, which shall contain a copy of this section, and a certified copy of which shall be filed in the office of the Commissioner of Insurance and Banking, and also recorded in the office of the county clerk of the county in which such bank or banking and trust company is located; such copies to be so filed by banks or banking and trust companies maintaining savings departments and using the word "savings" as above provided at the time this act shall take effect, and which desire to continue to do so, within ninety days from the time this act shall take effect, and to be filed by banks desiring to establish such savings departments after this act shall take effect prior to the establishment of such department. All banks or banking and trust companies establishing or maintaining a savings department or using the word "savings" as above provided after this act shall take effect, or which, having such departments or so using the word "savings" at the time this act shall take effect, shall continue to maintain such departments or to use the word "savings" more than ninety days thereafter shall keep the business of such department entirely separate and distinct from the general business of the bank or banking and trust company, and shall keep all moneys received as such savings deposits and the funds and securi-

ties in which the same may be invested, at all times segregated from and unmingled with the other money and funds of the bank or banking and trust company, and may invest not more than 85 per cent of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest-bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.

2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may be hereafter organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.

3. In bonds of the State of Texas or of any State in the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof.

4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.

In bonds and notes secured by first mortgage, deed of trust, or other valid first lien on unincumbered improved real estate to run for a term not longer than ten years, situated in the State, worth at least twice the amount loaned thereon, such bonds or notes to be always accompanied by a complete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the laws of this State, certifying said bonds or notes to be a first lien on the land mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above prescribed and from time to time to sell and reinvest the proceeds of such investment, but for the purpose of meeting current demands in excess of the receipts, any of the securities may be sold, or taken up and replaced in cash by the bank or banking

and trust company out of its general fund, and there shall be kept on hand at all times not less than 15 per cent of the whole amount of such deposits in actual cash, in such savings department.

It shall be lawful to require sixty days' written notice of the withdrawal of any savings deposit, as provided for in this section, at the option of the bank or banking and trust company. In case of the insolvency or liquidation of any State bank or banking and trust company which shall establish or maintain a savings department under the terms of this section, its savings depositors and the remainder, after they have been paid in full, shall be applied in payment of claims of general creditors. It shall be the duty of the president or vice-president and the cashier of each State bank or banking and trust company maintaining a savings department under the provisions of this section to file with the Commissioner of Insurance and Banking not less than ten days after the first calendar month, a statement of the assets and liabilities of such savings department, upon a form to be prescribed by the Commissioner of Insurance and Banking, and it shall be unlawful for any officer of any State bank or banking and trust company to receive or assent to the receiving of any savings deposits when the last preceding monthly statement, as herein provided for, is not conspicuously posted in the office or from where its business is transacted.

The directors of any bank or banking and trust company establishing or maintaining or continuing to maintain a savings department may provide that such rate of interest shall be paid on its saving deposits as it may see fit, payable at such periods and upon such terms and conditions as may be reasonable: provided, that in case the earnings of such savings department are insufficient to pay any interest due upon any savings deposits such interest or the deficiency therein shall be paid by the bank or banking and trust company out of its general funds. At the end of any period for which such bank or banking and trust company may lawfully declare a dividend upon its stock, it shall be proper to transfer to the general funds of such bank or banking and trust company all accumulated earnings of the said savings department after the payment or credit of all interest due and accrued on savings deposits and the legitimate expenses of such departments

have been provided for. In computing the aggregate amount of the average annual deposits of any bank or banking and trust company for the purpose of ascertaining whether or not it shall be required to increase its capital stock as provided in Section 17 of this act, the deposits of its savings department, as provided in this section, shall not be included. All such savings departments shall be governed by the terms and provisions of this act so far as same are applicable and are not in conflict with the special provisions of this section, and shall also be governed by such provisions of the laws of this State applicable to savings banks as are not in conflict with any provision of this act, or of this section, and such reasonable rules and regulations for the control of such savings departments may be adopted and put in force by the board of directors at any regular meeting or by the stockholders at any annual meeting; provided, that such rules and regulations shall not become effective until they have been submitted to the Commissioner of Insurance and Banking and by him approved.

It shall be unlawful for any officer or director of any bank or banking and trust company which shall establish or maintain or continue to maintain a savings department or which shall use or continue to use the word "savings" as provided in this section to knowingly misappropriate any moneys or funds belonging to such savings department or to use or consent to the use of any such moneys or funds otherwise than for the payment of lawful demands of savings depositors, and in the making of such investments as are prescribed in this section, and in the payment of such dividends to the shareholders as are allowed by law to be paid therefrom, or to borrow any of the funds belonging to such savings department, or to in any way be an obligor for moneys loaned by or borrowed of such savings department, or to receive or accept, directly or indirectly, any commission, brokerage or other valuable thing or favor of any kind by reason or on account of any loan or investment made out of the funds of such savings department, or to sell to such savings department any securities or other investment, or willfully and knowingly do or perform any act or transaction, by or as a result of which at any time, the assets of such savings department, including cash, shall not at least equal in amount the deposits in

such savings department, at least 15 per cent of which shall be actual cash in such savings department.

Any officer or director of any State bank or banking and trust company who shall knowingly violate the provisions of this section shall be deemed guilty of a felony and shall, upon conviction, be punished by imprisonment in the State penitentiary for a term of not less than one nor more than five years.

Sec. 41a. Provided, that any bank or trust company, created by virtue of a special act of the Legislature of the State of Texas, that is now and has been for more than three years engaged in the general banking business in Texas and which at the time has only one place of business, and which has heretofore or may hereafter, prior to the taking effect of this law, accepted one or more of the provisions of the acts of the Twenty-ninth Legislature, known as the State Banking Law, and thereby submitted itself to the jurisdiction of the State banking departments, may with the approval of the Commissioner of Banking of the State of Texas avail itself of the provisions of this act.

Sec. 41b. Neither the Commissioner of Insurance and Banking or any regularly appointed clerks or employees of the Department of Insurance and Banking, or any State bank examiner, shall, at any time during his incumbency be financially interested, directly or indirectly, in any State bank or banking and trust company, subject to the supervision of the Department of Insurance and Banking, or knowingly be or become indebted either directly or indirectly to any such State bank or banking and trust company.

Any officer or employe named in this section violating its provisions shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not exceeding \$500, and the venue in such case shall be in the county wherein such State bank or banking and trust company is located. The violation of the provisions of this section shall work a forfeiture of the office or position held by the person guilty of such violation.

Sec. 42. Any national bank in this State, approved by the Commissioner may voluntarily avail its depositors of the protection of the State bank guaranty fund, by application to the State Banking Board, in writing, and the said application may be sustained upon terms and conditions in harmony with the purpose of this act, to be agreed

upon by the State Banking Board, the Commissioner and the Comptroller of the Currency of the United States; provided, that in the event national banks should be required by Federal enactment to pay assessments to any bank guaranty fund of the Federal Government and thereby the deposits in national banks in this State should be guaranteed by virtue of Federal laws, that the national banks having availed themselves of the benefits of this act may withdraw therefrom and have returned to them the unused portion of all assessments levied upon and paid by said banks; however, should the courts declare this section of this bill unconstitutional or unauthorized by law, or in conflict with any other section or provisions of this act, or with any existing banking laws of this State, then such decision shall affect only this section of the act.

Sec. 43. The fact that if this act shall become a law, as much time as possible prior to the first day of January, 1910, will be necessary for the thorough and strict examination of all State banks, and other necessary preparation before that time, and the fact that there are now practically no criminal penalties provided for violating the provisions of the State banking laws, constitute an emergency and an imperative public necessity requiring that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Section 1. It shall be the duty of each banking corporation, or other corporation receiving funds on deposit created under the laws of the State of Texas and transacting business in the State, to file annually with the Commissioner of Insurance and Banking, a bond, policy of insurance, or other guaranty of indemnity in an amount equal to twice the amount of its capital stock,

which said bond, policy of insurance, or other guaranty of indemnity shall be for and inure to the benefit of all depositors. Such instrument and the security thereby provided shall be approved by the county judge of the county in which such business is domiciled, and by the Commissioner of Insurance and Banking and shall take effect and be in force from and after the time it is approved and filed in the office of the Commissioner of Insurance and Banking. Every such corporation shall comply with the provisions of this act, within thirty days after the time said act shall take effect and every such corporation that may hereafter be incorporated shall comply with the provisions of this section before it shall be permitted to receive deposits. Every such bond or policy of insurance or other guaranty of indemnity filed as provided for in this act shall secure depositors at the time said bond is filed and approved and all deposits made during the period of twelve months thereafter.

Sec. 2. Any person, firm or corporation other than as described in Section 1 hereof transacting lawfully a banking business in this State, or lawfully receiving funds on deposit, shall be authorized to take advantage of the provision of this act and to file with the Commissioner of Insurance and Banking a bond, or policy or other guaranty of indemnity. Any such corporation shall, in such event, file a bond or policy of insurance or guaranty of indemnity in like amount as it would be required to file if incorporated under the laws of Texas. Any such person or firm transacting the business of a private bank shall in such event file a bond or policy of insurance or other guaranty of indemnity in an amount equal to the average of the daily deposits with such persons or firm for the preceding period of twelve months; provided, that no person or firm shall be permitted to take the benefit of this act unless such person or firm shall have been engaged in such business in the State of Texas for the period of at least twelve months; provided, that any such person, firm or corporation shall submit to the Commissioner of Insurance and Banking such reports and statements concerning its deposits, and concerning the solvency of such bond, or policy of insurance, or other guaranty of indemnity as he may require in order to enable him to determine the sufficiency of such bond, or policy of insurance or other guaranty of

indemnity, and shall pay all such reasonable expenses as may be incurred by him in the making of an examination thereof; provided further, that such bond, policy of insurance or other guaranty shall be approved by the county judge and the Commissioner of Insurance and Banking and filed with the Commissioner of Insurance and Banking as provided for in Section 1 hereof.

Sec. 3. In the event of default by any person, firm or corporation transacting such business of receiving deposits which shall make, execute or file the bond or policy of insurance or other guaranty of indemnity, provided for herein, in the payment of a deposit lawfully demanded, it shall be the duty of the Commissioner of Insurance and Banking, when such default shall be made known to him, to report the same to the Attorney General of the State, and to give notice thereof to each and all persons who may be obligated by reason of such default and of the conditions of such bond, or policy of insurance or other guaranty of indemnity, and upon the mailing of such notice the full amount of the same shall thereby become due and payable. In case the bond hereinabove provided for shall be executed by personal obligation or security, then in no event shall such bond be deemed adequate and sufficient unless and until it shall have been executed by at least three different persons or individuals of financial responsibility and solvency satisfactory to the authorities herein authorized by this act to approve such bond.

When any bond or policy of insurance or other guaranty of indemnity provided for herein shall become due and payable in accordance with the provisions of this act, it shall be the duty of the makers and signers thereof to pay over the full amount of the same to the Commissioner of Insurance and Banking, or such part thereof as he may demand, to be held by him in trust for the depositors with the person, firm or corporation furnishing such bond or policy of insurance or other guaranty of indemnity. All proceeds thus arising either from voluntary payment or otherwise, shall be payable to the Commissioner of Insurance and Banking, and shall be by him promptly paid over pro rata to unpaid depositors upon presentation to him of satisfactory proofs of their claims, which proofs shall be received and filed and before payment thereof shall be approved by him.

In the event any maker or signer as sureties of such bond or policy of insurance or other guaranty of indemnity shall be a corporation incorporated under the laws of Texas and it shall refuse or fail to pay over, upon demand therefor, as herein provided, the full amount due by it upon such bond or policy of insurance or other guaranty of indemnity, its charter shall thereby become subject to forfeiture, and it shall be the duty of the Attorney General upon receiving notice thereof from the Commissioner of Insurance and Banking to bring suit in the district court of Travis county, Texas, to forfeit such charter, and upon hearing thereof decree and judgment may be rendered, annulling and forfeiting the charter of such corporation.

In the event any maker or signer as surety of such bond, or policy of insurance, or other guaranty of indemnity shall be a corporation incorporated elsewhere than in the State of Texas, and transacting business in this State under a permit from the State, and it shall refuse or fail to pay over on demand therefor by the Commissioner of Insurance and Banking, as herein provided, the full amount of its liabilities upon any such bond, or policy of insurance or other guaranty of indemnity, it shall thereupon be the duty of the Commissioner of Insurance and Banking to notify the Secretary of State of said facts, and it shall be the duty of the Secretary of State and the Commissioner of Insurance and Banking thereafter to refuse any permit to said corporation to transact business in the State until it shall show to the satisfaction of such officers that it has fully discharged its liabilities upon such bond, or policy of insurance or other guaranty of indemnity upon which default was thus made.

In the event such person, firm or corporation in default in the payment of a default lawfully demanded, shall so continue for the period of ninety days from the beginning thereof, and the obligation of such bond, or policy of insurance or other guaranty of indemnity is not discharged it shall be the duty of the Attorney General or any district or county attorney, acting at his instance, to bring suit upon such bond or policy of insurance or other guaranty of indemnity in the name of the Governor and for the benefit of all persons who may be beneficiaries thereof by reason of its terms and conditions. Such

suit shall be instituted in the district court of the county where the person, firm or corporation furnishing such bond, policy of insurance or other guaranty of indemnity transacted such business at the time of the filing thereof, or in any county immediately adjacent thereto at the option of the Attorney General. Any action upon such bond, or policy of insurance or other guaranty of indemnity shall be brought within twelve months of the date therein fixed for the termination thereof.

In the event any person, firm or corporation or association of persons executing or signing the bond or guaranty herein provided for, shall transfer such portion of his or its property within four months prior to the service of the notice herein above provided for in case of default in the payment of the deposit lawfully demanded as that his remaining property, over and above all lawful exemptions, would be insufficient to meet the requirements of the obligation in said bond or guaranty incurred and assumed, then, in such event, such transfer of said property shall be void as to any unpaid balance due and payable under said bond or guaranty, and there shall be and is hereby created a preference lien upon the property so undertaken to be transferred in favor of the Commissioner of Insurance and Banking as trustee for and on behalf of the lawful depositors of any such person, firm or corporation so making default in the payment of its depositors, or depositors, to the extent of any portion of any unpaid liability due and owing upon such bond or guaranty, provided that the satisfaction of such bond or guaranty as provided for in this act, and the terms of such bond shall satisfy and discharge such preference lien herein above provided for.

Sec. 4. Whenever any maker or signer of any bond or policy of insurance, or other guaranty of indemnity other than the principal therein, shall be required under the provisions of this act to pay over for the benefit of the depositors with any person or corporation, any sum or sums of money such maker or signer making or participating in such payment, shall thereby become subrogated to the rights of a depositor to the extent of the payment or payments so made, and entitled to assert such right in accordance with the laws of the State, secondary and subject to the rights of all depositors secured by such

bond, or policy of insurance or other guaranty or indemnity.

Sec. 5. The Commissioner of Insurance and Banking shall charge a fee of not to exceed \$20 against each corporation incorporated under the laws of the State to do a banking business or to receive funds on deposit for the examination of the bond, or policy of insurance, or other guaranty of indemnity provided for in Section 1, and the examination of the solvency thereof and for the filing of the same shall be authorized to charge an examination fee sufficient to cover the actual expenses thereof against any surety herein making or participating to file such bond or policy of insurance or other guaranty of indemnity under the provisions of this act.

Sec. 6. The bond, or policy or insurance or other guaranty of indemnity herein provided for shall contain substantially the following provisions:

State of Texas,

County of.....

Know all men by these presents: That we,, as principal, and and as sureties, are held and firmly bound unto the Governor of the State of Texas, and his successors in office in trust for the benefit of depositors in the sum of dollars, payable as provided by the law of Texas, at the time of the execution hereof, conditioned that the above bound will pay upon demand, or in accordance with the certificate of deposit to the persons entitled thereto all deposits in said bank at the date of said bond and all other deposits made therein during the period of one year from the date thereof. Upon payment of any sum or sums made obligatory by reason of the terms hereof, any surety herein making or participating in such payment shall thereby be subrogated to the rights of a depositor and entitled to assert such rights in accordance with the laws of the State, secondary and subject to the rights of all depositors secured by the terms hereof.

Sec. 7. The security for the benefit of depositors provided for by this act may be divided into two or more bonds, policies of insurance or other guaranties of indemnity, or any part thereof may be given in either of such forms of guaranty of indemnity, provided that the aggregate thereof shall be equal to the total amount of the security re-

quired in accordance with the provisions of this act.

Sec. 8. Whenever the deposits of any corporation incorporated under the laws of Texas which shall have filed a bond, or policy of insurance or other guaranty of indemnity with the Commissioner of Insurance and Banking in accordance with the provisions of this act shall exceed five times the amount of its capital it shall be its duty to furnish, in addition to the security theretofore so given, additional security for the protection of its depositors, which additional security shall consist of one or more bonds, or policies of insurance or other guaranties of indemnity, as herein provided, in a sum or sums, which shall, in the aggregate, be equal to the total amount of such excess of deposits above five times the amount of the capital of such corporation. In the event any such corporation shall refuse or fail to comply with the provisions of this section, after demand by the Commissioner of Insurance and Banking shall be his duty to report the facts to the Attorney General, who shall thereupon institute suit in the district court of Travis county to forfeit the charter of such corporation, and such court shall, upon hearing and proof thereof, enter decree and judgment therein, forfeiting and annulling the charter of such corporation.

Sec. 9. If any corporation organized under the laws of this State, to do a banking business or to receive funds on deposit shall fail or refuse to file the bond, or policy of insurance or other guaranty of indemnity, provided for in Section 1 hereof, in accordance therewith, it shall be the duty of the Commissioner of Insurance and Banking to promptly report such failure to the Attorney General, who shall thereupon institute suit in the district court of Travis county to forfeit the charter of such corporation, and such court shall, upon hearing and proof thereof, enter decree and judgment therein forfeiting and annulling the charter of such corporation.

Sec. 10. If at any time it shall appear to the Commissioner of Insurance and Banking that any bond, or policy of insurance or other guaranty of indemnity filed as provided for herein by any corporation organized under the laws of Texas is insufficient, he shall have the authority, and it shall be his duty, to require such corporation to file new or additional security in an amount

sufficient to protect its depositors in accordance with the provisions of this act. In the event such corporation shall refuse or fail to comply with such, communicate the facts to the Attorney General, who shall thereupon institute such proceedings and take such steps as the nature of the case may require. The Commissioner of Insurance and Banking and the Attorney General shall, in such event, have and exercise, for the protection of depositors, all the authority conferred upon them by Section 40 of Chapter 10 of the General Laws, enacted at the First Called Session of the Twenty-ninth Legislature.

Sec. 11. The Commissioner of Insurance and Banking shall issue to every person, firm or corporation acting hereunder and entitled thereto, a proper certificate showing the compliance with the provisions of this act and the amount and nature of the security furnished. Such person, firm or corporation, shall post such certificate conspicuously in its place of business, and may publish or advertise said certificate, or the facts recited therein, provided, any person, firm or corporation which shall falsely publish, advertise or represent or cause to be falsely published, advertised or represented any statement of compliance with the provisions of this act or any false statement as to the terms of such certificate or the facts recited in said certificate, shall be deemed guilty of a misdemeanor and shall be punished for each offense by fine not to exceed one thousand dollars.

Sec. 12. The fact that no adequate provision now exists for the execution and filing of bonds or other indemnities for the protection of depositors in banking and other concerns receiving funds for deposit in this State, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and it is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Sec. 2. All the liabilities of State banks other than owned by them, except debts due by such banks for which they have given collateral or other security, and debts due depositors, or other persons, upon which such State banks or any person for them or on their behalf have directly or indirectly paid or agreed to pay, or have become liable in law to pay, any interest, bonus, commission or other compensation whatever, shall be considered and defined and hereafter referred to as their "guaranteed deposits," and the persons to whom such liabilities are or may become due and payable, shall be considered and defined and hereinafter referred to as their "guaranteed depositors."

For the purpose of carrying out and enforcing the provisions of this act, there is hereby created the State Banking Board, which shall be composed of the Commissioner of Insurance and Banking, who is hereafter referred to in this act as the Commissioner, the Attorney General and a citizen of this State who shall be appointed by the Governor for this State and who, prior to his appointment, shall have had five (5) years' experience as an active officer of a bank and who shall receive as his compensation as a member of the State Banking Board, the sum of ten (\$10) dollars per day for each day while engaged in active discharge of his duties as a member of said board. Immediately after this act shall take effect said board shall cause to be made by the State bank examiners, who are hereby placed under the direction and control of said board for that purpose, a full and careful examination of the affairs of each and every State bank doing business in this State, for the purpose of ascertaining its financial condition, the character, amount and values of its assets, the extent of its liabilities, the financial responsibility of its stockholders, the moral character, previous occupation, competency and business qualifications of its officers and directors, and such other facts as said board may deem advisable and may direct; and said board shall require a full and detailed report of such exami-

It shall be the duty of the State Banking Board, from time to time after this act shall take effect, and prior to January 1, 1910, as the reports of examinations provided for in this section shall be filed with it, to consider and pass upon such reports, and to determine therefrom, and from such additional facts as may be submitted for its consideration or as it may ascertain from other investigation, whether such State bank is solvent and its capital stock unimpaired, and whether its officers and directors are of good moral character, competent and possess the necessary qualifications for properly discharging the duties incumbent upon them as such officers or directors and whether it is entitled under the laws of this State to continue to transact a banking business. Said board shall keep a record of its proceedings and findings relative to each bank considered and passed upon, and shall file a certified copy thereof, signed by each member of said board, in the office of the Commissioner, which shall be by him duly recorded in a book to be kept for that purpose. The said board shall not certify its approval of any State bank as being entitled to continue to transact a banking business or its approval of the chartering of any State bank, as provided in Section 5 of this act, unless it shall find the officers and directors of such bank to be of good moral character, competent and possessing the necessary qualifications to properly discharge the duties incumbent or to be incumbent upon them, as such officers or directors.

Sec. 4. It shall be the duty of the Commissioner to issue to each State bank which the State Banking Board shall have approved and certified to him, as provided in the preceding section, as being entitled to continue to transact a banking business, a certificate of authority in such form as the State Banking Board may approve, to be signed by him under his official seal, certifying that such State bank is authorized, under the laws of this State, to continue to engage in the banking business. The Commissioner shall close all State banks which the State Banking Board shall dispose, and shall determine not to be entitled, under the laws of this State, to continue to transact the banking business and shall proceed respecting the

same in the manner provided by law with respect to insolvent banks, unless such State bank shall go into voluntary liquidation.

Sec. 5. Section 2 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby amended so as to hereafter read as follows:

"Section 2. The articles of association shall set out:

"(1) The corporate name of the proposed corporation, which shall not be the name of any corporation heretofore incorporated in this State for similar purposes, or any imitation of such name, and which shall include as a part thereof either the word 'bank' or 'banking.'

"(3) The amount of the capital stock of the corporation, which shall be divided into shares of \$100 each; that the same has been bona fide subscribed and actually paid up in lawful money of the United States, and is in the custody of the person named as the first board of directors or managers.

"(4) The name and place of residence of the several shareholders, and the number of shares subscribed by each.

"(5) The number of directors or managers and the names of those agreed upon for the first year.

"(6) The number of years the corporation is to continue, which in no case shall exceed fifty years.

"Such articles shall be signed and acknowledged by the parties thereto, shall be filed in the office of the Commissioner of Insurance and Banking, and when so filed shall be immediately submitted to the Attorney General for his approval, and if found by him to be in accordance with the law he shall so certify and return the same to the Commissioner of Insurance and Banking, who shall record the same in a book to be kept for that purpose, and shall make a certified copy thereof under his hand and seal, and shall immediately deliver such certified copy to a State bank examiner, by whom he shall cause to be made an examination for the purpose of ascertaining whether the requisite capital stock of such corporation has been fully paid up as required by the Constitution and laws of this State. No certificate of incorporation under this act shall be valid unless at the time the articles of association were signed and acknowledged the capital stock therein prescribed shall have been bona fide subscribed and paid up in lawful money of the United States. If, upon such examination it shall be found that the Constitution and laws have been fully

complied with, the person making such examination shall deliver to the president or cashier of said corporation the certified copy of its articles of incorporation, and shall take therefor the receipt of such corporation and of the person to whom the same shall be delivered. Upon the delivery of such certified copy and the execution of the receipt therefor and upon the filing for record of such certified copy in the office of the county clerk of the county in which the corporation is to be located the same shall become valid and effective as to the charter of said corporation, which shall thereupon be allowed to open its doors and engage in business as a State bank. It shall be the duty of the examiner to immediately make a report of such examination under his oath of office to the State Banking Board, whose duty it shall be to forthwith consider and act upon the same, and to determine therefrom and from such additional facts as may be submitted for its consideration, or as it may ascertain from other investigation, whether such corporation is solvent and its capital stock unimpaired, and whether its officers and directors are of good moral character, competent and possess the necessary qualifications for properly discharging the duties incumbent upon them as such officers or directors, and whether it is entitled under the laws of this State to transact a banking business. If the State Banking Board shall have approved the chartering of such bank, upon receipt of its certificate the Commissioner shall issue to such corporation the certificate of authority above provided for. In case the State Banking Board shall disapprove the report of the examiner, and refuse to certify that such corporation is entitled to a certificate of authority, it shall be the duty of the Commissioner to immediately close the office of such corporation, unless it shall go into voluntary liquidation, and to proceed in the manner provided by law with respect to insolvent banks. All amendments to the charters of all banking corporations heretofore or hereafter formed shall be filed in the office of the Commissioner of Insurance and Banking and approved by the Attorney General and recorded by said Commissioner, when so approved, in the same manner as original charters."

Sec. 6. Section 10 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby amended so as to hereafter read as follows:

"Section 10. The articles of agreement shall be signed and acknowledged by the parties thereto and recorded in the office of the Commissioner of Insurance and Banking, who shall submit the same to the Attorney General for his approval, and if found by him to be in accordance with the law, he shall so certify and return the same to said Commissioner, who shall record the same in a book to be kept for that purpose, and make a certified copy thereof under his hand and seal, and thereafter the same steps shall be taken and the same course pursued as is provided by law with respect to the incorporation of banks of deposit or discount, or both of deposit and discount."

Sec. 7. Section 5 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature of the State of Texas is hereby amended so as to hereafter read as follows:

"Section 5. That hereafter the capital stock of all banking corporations, which shall be fully paid up, shall not be less than \$10,000, if the business is to be transacted in towns or cities having less than 750 inhabitants, nor less than \$25,000 if the business is to be transacted in towns or cities having 750 or more and less than 3000 inhabitants; nor less than \$50,000, if the business is to be transacted in towns or cities having 3000 or more and less than 6000 inhabitants; nor less than \$100,000, if the business is to be transacted in towns or cities having 6000 inhabitants or more. Provided, that a banking corporation may be formed with a capital, with not less than \$50,000, having power to transact business in any city or town at a point, designated in its charter, not less than one mile removed from the place of business, at the time such corporation is formed, of any banking corporation organized under the laws of Texas or those of the United States. The population of all towns and cities for the purpose of fixing the minimum capital stock of banks under this act shall be ascertained by the Commissioner of Insurance and Banking from such affidavits as may be submitted to him or such proof as he may obtain upon investigation."

Sec. 8. All State banks transacting business in this State shall be required, on and after the first day of January, 1910, to hold a certificate of authority to transact a banking business issued by the Commissioner, in compliance with the provisions of this act, and to keep

the same conspicuously posted at all times in the banking house where such business is transacted. Any person or persons who shall, in any capacity, transact, or hold themselves out as transacting the business of banking for or on behalf of any State bank or banking and trust company, after the first day of January, 1910, without such bank or banking and trust company shall hold a certificate of authority as herein provided for, except in cases where such certificates shall not yet have been issued to newly incorporated banks as herein provided for, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for each offense, each day being considered a separate offense, by a fine of not less than \$500 and not exceeding \$1000, or by imprisonment in the county jail for not less than one nor more than twelve months, or by both such fine and imprisonment.

Sec. 9. The Commissioner shall, during the month of November, 1909, and of each calendar year thereafter, require the cashier of each State bank, which has been so organized and doing business for one year prior to November 1 of each such calendar year, to file with him a sworn statement of the average daily deposits of such bank for said year ending November 1, and he shall require the cashiers of all other State banks to each file with him, during such month of November, a sworn statement of the total amount of the capital, surplus and undivided profits of their respective banks, as of said first day of November. Immediately after the first day of December, 1909, the State Banking Board shall, for the purpose of creating a State bank guaranty fund, levy against each State bank, which it shall have approved as being entitled to continue in the banking business, an assessment of 1 per cent of its average daily deposits for the year ending on the first day of November, 1909, if it shall have transacted business for one year prior to said date, or an assessment of 3 per cent of its total capital, surplus and undivided profits as of the first day of November, 1909, if it shall not have transacted business for one year prior to that date; provided, that if said assessment shall not in the aggregate provide a fund of at least five hundred thousand (\$500,000) dollars, then the same shall be proportionately increased to such percentage of the average daily

deposits and of the capital, surplus and undivided profits, respectively, as will provide a fund of that amount. Immediately after the first day of December of each year after 1909, the State Banking Board shall reley and readjust the assessment above provided for in the same manner except that they shall each succeeding year increase the percentage of the assessment upon the average daily deposits of the banks to which such assessment is applicable by one-fourth of one per cent, and they shall increase the percentage of assessment upon the capital, surplus and undivided profits of banks to which such assessment is applicable by three-fourths of one per cent until such time as the total amount of said State bank guaranty fund shall equal 5 per cent of the average daily deposits of all of the State banks which have been in business for one year added to 15 per cent of the capital, surplus and undivided profits of all other State banks. Each State bank shall pay such assessments by crediting the State bank guaranty fund with the amount thereof upon its books as of date January 1, next, after the said assessment is made, as a demand deposit, subject to check, upon the order of the State Banking Board, and shall, prior to said date, forward to the Commissioner proper evidence of such credit, and each State bank shall charge the amount of each such assessment so credited to the State bank guaranty fund upon its books to "interest in State bank guaranty fund," and shall be entitled to treat in its statements of condition and otherwise the amount of its said interest in said fund, as shown by its books as a portion of its assets; provided, that the amount of its said interest in said fund shall not include any of the amounts paid out upon general checks drawn by order of the State Banking Board. The reley and readjustment of the assessment herein provided for shall be made on such a basis as will provide a State bank guaranty fund as of January 1 of each succeeding year equal to the percentages herein prescribed of the average annual deposits and capital, surplus and undivided profits, respectively, for each succeeding year until the maximum percentage herein prescribed shall be attained and thereafter such reley and readjustment shall be made each year upon such a basis as will provide a fund upon January 1 of each year amounting to 5 per cent of the annual

deposits and 15 per cent of the capital, surplus and undivided profits as hereinabove provided for.

If, in the making of such re-levy and readjustment, it becomes necessary to reduce the amount of the assessment of any State bank, said board shall order a check, countersigned by some other members of said board designated for that purpose, drawn upon said State bank in favor of itself, dated January 1 next thereafter, for the amount of such reduction, which the Commissioner shall forthwith transmit to such State bank, and if it shall be necessary to increase the assessment of any State bank, it shall direct the Commissioner to notify such State bank of the amount of such increase, and require that it credit the State bank guaranty fund with the amount of such increase, as of date of the first day of January thereafter, and send to the Commissioner proper evidence of such credit, prior to said date. Any State bank incorporated after the first day of January, 1910, shall, before it shall be issued a certificate of authority to transact a banking business, credit the State guaranty fund upon its books, as hereinbefore provided, with an amount equal to three per cent of its capital stock and paid in surplus, if any, and furnish the Commissioner with proper evidence of such credit. Whenever the amount deposited to the credit of the State bank guaranty fund on the books of the various State banks shall at any time be reduced by the payment of checks drawn upon them by order of the State Banking Board, for the purpose of paying the guaranteed deposits of any State bank, as hereinafter provided for, below the amount of such credit as of the first day of January next preceding, it shall be the duty of the State Banking Board to immediately levy an assessment based upon the average daily deposits, and upon the capital, surplus and undivided profits, as shown by the sworn statements filed in the preceding November, as herein provided, sufficient to make good such reduction; provided, that the total assessments made for the purpose of making good such reduction shall not exceed two per cent of such average daily deposits for any one calendar year exclusive of the one-fourth of one per cent required to be placed to the credit of the bank guaranty fund each year as heretofore stated, and the various banks shall immediately furnish the Commissioner proper evidence of such additional credit, but this provision shall not apply to special checks drawn

only on certain banks by order of said board, as hereinbefore provided.

It shall be the duty of the Commissioner to keep a strict account with each State bank in which any portion of the State bank guaranty fund is deposited in a book to be kept for that purpose, showing all amounts credited to said fund, in each bank, and all checks drawn against the same, and it shall be his duty to immediately notify any such bank of any discrepancy between the status of its account as shown upon his books and any statement made by such bank or any report of its examination, and he shall also call such discrepancy to the attention of the State Banking Board.

Whenever any State bank shall pay off and discharge all its liabilities to its creditors and go into liquidation for the purpose of voluntarily winding up its affairs and surrender to the Commissioner its certificate of authority, it shall be the duty of the State Banking Board upon a showing of these facts to order the Commissioner to draw a check upon such State bank in its favor for the amount of the State bank guaranty fund on deposit therewith, which shall be thereby repaid to it upon such liquidation, provided nothing in this act shall be construed so as to guarantee interest bearing deposits in such bank.

Sec. 10. Whenever the Commissioner shall have reason to believe that the capital stock of any State bank is reduced by impairment or otherwise below the amount required by law or by its certificate of authority, or articles of incorporation, he shall present the matter to the State Banking Board for its consideration, and if said Board shall determine thereupon that the capital stock of such State bank is impaired to the extent of not more than twenty-five per cent thereof, the Commissioner shall require such State bank to make good the deficiency within sixty days after the date of such requisition. If said Board shall determine that the impairment exceeds twenty-five per cent of the amount of the capital stock, the Commissioner shall require that such State bank forthwith reduce the amount of such impairment to less than twenty-five per cent and to make good the whole impairment within sixty days from the date of such requisition. The Commissioner may examine or cause to be examined any such State bank to ascertain the amount of such impairment and whether the deficiency has been made good, as required by him.

The directors of every such State bank upon which such requisition shall have been made shall give notice of such requisition to each stockholder of the corporation and of the amount of the assessment which he must pay for the purpose of making good such deficiency by a written or printed notice mailed to such stockholder at his place of residence, or served personally upon him. If any stockholder shall refuse or neglect to pay the assessment specified in such notice within the time provided by the requisition of the Commissioner, the directors shall have the right to sell to the highest bidder at public auction the stock of such stockholder, after giving previous notice of such sale for two weeks in a newspaper of general circulation published in the county where the principal office of such corporation is located; or such stock may be sold at private sale and without such published notice; provided, however, that before making private sale thereof an offer in writing to purchase such stock shall be obtained and a copy thereof served upon the owner of record of the stock caused to be sold either personally or by mailing a copy of such offer to such owner at his place of residence or address furnished by him to such State bank; and if after service of such offer such owner shall still refuse or neglect to pay such assessment within two weeks from the time of service of such offer, the said directors may accept such offer and sell such stock to the person or persons making such offer, or to any other person or persons making larger offer than the amount named in the offer submitted to such stockholder; but such stock shall in no event be sold for a smaller sum than the valuation put on it by the Commissioner in his determination and certificate, which valuation shall not be less than the amount of the assessment called for and the necessary costs of sale. Out of the avails of the stock sold the directors shall pay the necessary costs of sale and the amount of the assessment called for thereon. The balance, if any, shall be paid to the person or persons whose stock has been thus sold. The sale of stock as herein provided shall effect the cancellation of the outstanding certificate or certificates evidencing the stock so sold, and shall make the same null and void, and a new certificate or new certificates shall be issued to the purchaser or purchasers of said stock. If it shall appear to the Commissioner that any State bank has violated its charter or any law binding upon it, he may, by an order under his

hand and official seal, addressed to such State bank, direct the discontinuance of such violation; or, if it shall appear to the Commissioner that any such State bank is conducting its business in an unsafe or unauthorized manner, he may in like manner direct the discontinuance of such unsafe or unauthorized practices. Such order shall require such State bank to show cause before the State Banking Board at a time and place to be fixed by the Commissioner why said order should not be observed.

Sec. 11. If the capital stock of any State bank shall be impaired and such impairment is not made good as required by law, or if any such State bank shall refuse to submit its books, papers and concerns to the inspection of any examiner, or if any officer thereof shall refuse to be examined upon oath touching the concerns of such State bank, or if it shall violate its charter, or any law of the State, or if such State bank shall suspend payment of its obligations, or if such State bank shall conduct its business in an unsafe or unauthorized manner, or if from any examiner's or other report provided for by law, the Commissioner shall conclude that such State bank is in an unsafe or unsound condition to transact the business for which it is organized, or that it is unsafe and inexpedient for it to continue business, and the Commissioner shall communicate the facts to the Attorney General, an action to procure a judgment dissolving such corporation and forfeiting its charter may be maintained.

Sec. 12. Whenever it shall appear to the Commissioner that any State bank has violated its charter or any law of the State, or is conducting its business in an unsafe or unauthorized manner, or if any such State bank shall refuse to submit its books, papers and concerns to the inspection of any examiner, or if any officer thereof shall refuse to be examined upon oath touching the concern of any such State bank, or to answer under oath any interrogatories touching such concern, sent him by the Commissioner through the mails with the requests for such answer, within ten days after the same shall have been mailed to him at his address by registered letter, or if any such State bank shall suspend payment of its obligations, or if from any examination or report provided for or authorized by law, the examiner shall have reason to conclude that such State bank is in an unsound or unsafe condition to transact the business for which it is organized or that

it is unsafe or inexpedient for it to continue business, or if any such State bank shall neglect or refuse to observe an order or requisition of the Commissioner to reduce or make good the impairment in its capital stock as required by law, the Commissioner may forthwith take possession of the property and business of such State bank and retain such possession until such State bank shall resume business, or its affairs finally liquidated, as herein provided. On taking possession of the property and business of any such State bank, the Commissioner shall forthwith give notice of such fact to any and all banks, trust companies, associations and individuals holding or in possession of any assets of any such State bank. No bank, trust company, association or individual knowing of such taking possession by the Commissioner, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the State bank whose property and business the Commissioner shall have taken possession as aforesaid. Such State banks may, with the consent of the State Banking Board, resume business upon such condition as may be approved by it, which permission shall be evidenced by a written statement to the effect of the Commissioner. Upon taking possession of the property and business of such State bank, the Commissioner is authorized to collect moneys due to such corporation, and do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate the affairs thereof as hereinafter provided. The Commissioner shall collect all debts due and claims belonging to such State bank, and upon the order of the district court, if in session, or the judge thereof if in vacation, of the county in which it was located and transacting business, may sell or compound all bad or doubtful debts, and on like order may sell the real or personal property of such State bank on such terms as the court shall direct; and may, if necessary to pay the debts of such State bank, enforce the individual liability of the stockholders. The Commissioner may, under his hand and official seal, appoint one or more special agents to assist him in the duty of liquidation and distribution, the certificate of appointment to be filed in the office of the Commissioner and a certified copy in the office of the clerk of the county court in which such State

bank was located and transacted business. The Commissioner may, from time to time, authorize a special agent to perform such duties connected with such liquidation and distribution as the said Commissioner may deem proper. The Commissioner may employ such counsel and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such State bank, and may retain such of the officers or employees of such State bank as he may deem necessary. The Commissioner shall require from a special agent and from such assistants such security for the faithful discharge of their duties as he may deem proper. The Commissioner shall cause notice to be given by advertisement in such newspapers as he may direct, weekly, for three consecutive months, calling on all persons who may have claims against such State bank to present the same to the Commissioner and make legal proof thereof, at a place and within a time not earlier than the last day of publication to be therein specified, which notice shall contain a statement, in larger type than that in which the body of such notice is printed, specifically stating that all such claims of guaranteed deposits must be presented and legal proof thereof made at the place designated within forty-five days after the date which the property and business of such State bank was taken possession of by the Commissioner, and that all claims of guaranteed depositors presented after the expiration of forty-five days shall not be entitled to payment of their claims or any portion thereof out of the State bank guaranty fund. The Commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of the State bank. If the Commissioner doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant, either by mail or personally. An affidavit of the service of such notice, which shall be prima facie evidence thereof, shall be filed with the Commissioner. The action upon a claim so rejected must be brought within six months after such service. Claims presented after the expiration of the time fixed in the notice to the creditors shall be entitled to share in the distribution only to the extent of the assets in the hands of the Commissioner equitably applicable thereto. Upon taking possession of the property and assets of such State bank, the

Commissioner shall make an inventory of the assets of such State bank in duplicate, one to be filed in the office of the Commissioner, and one in the office of the clerk of the county in which such State bank was located and transacting business; upon the expiration of the time fixed for the presentation of claims, the Commissioner shall make in duplicate a full and complete list of the claims presented, including and specifying such claims as have been rejected by him, and showing fully all claims and amounts paid to guaranteed depositors out of the State bank guaranty fund, and the amount to which said fund is entitled by reason of its subrogation to the rights of such guaranteed depositors so paid, and all amounts held by him on account of claims of guaranteed depositors, which have been rejected or are in dispute, one to be filed in the office of the Commissioner and one in the office of the clerk of the county court of the county in which such State bank was located and transacted business. Such inventory and list of claims shall be open at all reasonable times to inspection. All compensation of special agents, counsel and other employes and assistants, and all expenses of supervision and liquidation shall be fixed by the Commissioner, subject to the approval of the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was located and transacting business, or notice to such State bank; providing that the compensation of such special agents shall always be the same as is provided by law for State bank examiners, and shall, upon the certificate of the Commissioner, be paid out of the fund of such State banks in the hands of the Commissioner. The moneys collected by the Commissioner shall be from time to time deposited in one or more State banks, and, in case of the suspension or insolvency of the depository, such deposits shall be preferred before all other deposits. At any time after the expiration of the date fixed for the presentation of claims the Commissioner may, out of the funds remaining in his hands, after the payment of expenses, declare one or more dividends, and after the expiration of one year from the first publication of a notice to creditors, he may declare a final dividend, such dividends to be paid to such person and in such manner, and upon such notice as may be directed by the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was

located and transacted business. In the declaration and payment of all such dividends, the State bank guaranty fund shall be entitled to receive as its dividend such portions of the amounts due and payable to guaranteed depositors as shall have been paid to them out of the State bank guaranty fund, together with six per cent interest thereon from the date or dates upon which checks were drawn upon all State banks as hereinafter provided to provide for the payment of the guaranteed deposits of such State banks, and the Commissioner shall forthwith distribute such dividends to the State banks upon which checks were drawn for such payment of guaranteed depositors in proportion to the amounts of such checks respectively. Objections to any claim not rejected by the Commissioner may be made by any party interested by filing a copy of such objections with the Commissioner, who shall present the same to the district court, if in session, or the judge thereof, if in vacation, at the time of the next application to declare a dividend. The court may make proper provision for improved or unclaimed deposits. Whenever any such State bank, of whose property and business the Commissioner has taken possession as aforesaid, deems itself aggrieved thereby, it may, at any time within ten days after taking such possession, apply to the district court, if in session, or the judge thereof, if in vacation, of the district in which such bank is located and transacting business, to enjoin further proceedings, and said court, if in session, or the judge thereof, if in vacation, after citing the Commissioner to show cause why further proceedings should not be enjoined and hearing the allegations and proofs of the parties and determining the facts may, upon the merits, dismiss such application or enjoin the Commissioner from further proceedings and directing him to surrender such business and property to such State bank. Whenever the Commissioner shall have paid to each and every depositor and creditor of such State bank (not including stockholders), whose claim or claims as such creditor or depositor shall have been duly proven and allowed, the full amount of such claims and shall have repaid to the State bank guaranty fund all amounts paid out of it to guaranteed depositors of such State bank, together with six per cent interest thereon from the date when the checks to provide for such payment were drawn, and shall have made proper provision for unclaimed and unpaid deposits or dividends, and shall have paid all the ex-

penses of the liquidation, the Commissioner shall call a meeting of the stockholders of such State bank by giving notice thereof for thirty days in one or more newspapers in the county where such State bank was located and transacted business. At such meeting the stockholders shall determine whether the Commissioner shall be continued as liquidator, and shall wind up the affairs of such State bank, or whether an agent or agents shall be elected for that purpose, and in so determining, the said stockholders shall vote by ballot, in person or by proxy, each share of stock entitling the holder to one vote, and a majority of the stock shall be necessary to a determination. In case it is determined to continue the liquidation under the Commissioner, he shall complete the liquidation of such corporation, and after paying the expenses thereof shall distribute the proceeds among the stockholders in proportion to the several holdings of stock in such manner and upon such notice as may be directed by the district court. In case it is determined to appoint an agent or agents to liquidate, the stockholders shall thereupon select such agent or agents by ballot, a majority of the stock present and voting, in person or by proxy, being necessary for a choice. Such agent or agents shall execute and file with the Commissioner a bond, in such amount, with such sureties and in such form as shall be approved by the Commissioner, conditioned for the faithful performance of all the duties of his or their trust, and thereupon the Commissioner shall transfer and deliver to such agent, or agents, all the undivided and unclaimed or other assets of such State bank then remaining in his hands; and upon such transfer and delivery the said Commissioner shall be discharged from any and all further liability to such State bank and its creditors and stockholders. Such agent or agents shall convert the assets coming into his or their possession into cash, and shall account for and make distribution of the property of said State bank, as is herein provided in the case of distribution by the Commissioner, except that the expenses thereof shall be subject to the direction and control of the district court, if in session, or the judge thereof, if in vacation, of the district in which such State bank was located and transacted business. In case of the death, removal, or refusal to act, of such agent or agents, the stockholders, on the same notice, to be given by

the Commissioner, upon proof of such death, removal, or refusal to act being filed with him, and by the same vote hereinbefore provided, may select a successor, and shall have the same power and be subject to the same liabilities and duties as the agent originally elected. Dividends and unclaimed deposits remaining unpaid in the hands of the Commissioner for six months after the order for final distribution, shall be by him deposited in some State bank to be designated by the State Banking Board to the credit of the Commissioner, in his name of office, in trust, for the several depositors with, and creditors of, the liquidated State bank from which they were received, who were entitled thereto. The Commissioner shall show in his official report the names of the State banks so taken possession of and liquidated, and the amounts of unclaimed and unpaid deposits or dividends, with respect to each of them, respectively. The Commissioner shall pay over the moneys so held by him to the persons respectively entitled thereto, upon the order of the State Banking Board, who shall direct such payment to such persons upon being furnished satisfactory evidence of their right to the same. In cases of doubt of conflicting claims, the State Banking Board may require an order of the district court, if in session, or the judge thereof, if in vacation, authorizing and directing the payment thereof. The State Banking Board may apply the interest earned by the moneys held by the Commissioner, or may authorize him to apply the same toward defraying the expenses incurred in the payment and distribution of such unclaimed deposits or dividends to the depositors and creditors entitled to receive the same, and the Commissioner shall include in his official report a statement of the amount of interest earned by such unclaimed dividends. Any State bank may, at any time, place its affairs and assets under the control of the Commissioner by posting a notice on its front door, as follows: "This institution is in the hands of the Commissioner of Insurance and Banking of the State of Texas." The posting of this notice or of the same notice by the Commissioner at any time when he shall have taken possession of the property and business of a State bank, shall be sufficient to place all its assets and property of whatever nature in the possession of the Commissioner

and shall operate as a bar to any attachment proceedings whatever.

Sec. 13. Section 40 of Chapter 10 of the General Laws of the First Called Session of the Twenty-ninth Legislature is hereby repealed.

Sec. 14. Whenever any State bank shall voluntarily place itself in the hands of the Commissioner, or whenever the Commissioner shall take possession of the property and business of any State bank, in addition to the other duties required of him by law, he shall immediately cause to be made a thorough and complete examination of the affairs of such State bank by a State bank examiner, and shall require a report of such examination to be made to him by the examiner making the same, under his oath of office, which shall be without delay submitted to the State Banking Board for its consideration. Such reports shall show the amount of the liabilities of such State bank to guaranteed depositors as defined by this act, as shown by its books, and also the amount of any such liabilities of which the examiner may have received information not shown by such books and all its other liabilities, and also its total cash and other resources and the probable amount that can be realized out of the collection of its debts and the probable time within which the same may be realized, the responsibility of its stockholders, and such other facts as the Commissioner of the State Banking Board may direct. When the State Banking Board shall have considered such report it shall either make an order directing the entire amount of the guaranteed deposits as herein defined of such State bank to be paid by the Commissioner, personally or through his special agent, in cash, upon satisfactory proof of the indebtedness due in each of such guaranteed depositors being made, or it may make an order directing that the Commissioner, either personally or through his special agent, shall issue to such guaranteed depositors, upon satisfactory proof being made of the amount due him by said State bank as a guaranteed deposit, a certificate (or certificate as hereinafter provided) certifying that the holder is a guaranteed depositor in such State bank, and as such is entitled to be paid out of the State bank guaranty fund, the amount stated in such certificate and that the said amount is due and will be paid over to the owner or holder of such certificate, to-

gether with 6 per cent interest thereon, sixty days after the date of the closing of such State banks by the Commissioner, out of said State guaranty fund (provided, that if prior to the expiration of such period of sixty days said State bank shall be lawfully permitted to resume business, then and in that event such certificate shall be payable and redeemable in cash upon presentation to said State bank by it instead of by the Commissioner out of said State bank guaranty fund). Such certificates shall be in form prescribed and approved by the State Banking Board, and shall be signed or countersigned by the Commissioner or such other member of said Board as it shall direct, and shall be so devised and designated as to guard against alteration or misuse. Such certificates may, at the option of the guaranteed depositor entitled to receive the same, be issued in such reasonable denomination as he may desire; provided, that the total amount of such certificates so issued to each guaranteed depositor shall equal the amount due him as a guaranteed depositor. The amount which shall be paid to any guaranteed depositor in any State bank on account of his guaranteed deposit, a portion or all of which shall be payable out of the State bank guaranty fund, shall be the net amount derived by deducting from the total amount of the liability of said State bank to him, as a guaranteed depositor, the amount of his direct and indirect indebtedness and liability due or to become due, if any, to said State bank.

Sec. 15. Should the State bank guaranty fund become depleted, then the State Banking Board, upon the approved claims of all guaranteed depositors, shall issue certificates, which, at the option of the depositors entitled to receive the same, may be issued in such reasonable denominations as he may desire, provided that the total of such certificates shall equal the total amount due such guaranteed depositor, which certificates shall be numbered consecutively, and shall bear interest at the rate of 6 per cent per annum, and shall be payable, principal and interest, out of the State bank guaranty fund upon call of the State Banking Board, as soon as a sufficient amount shall have been accumulated under the terms and provisions of this act. The Commissioner shall keep a record of the issuance and number of such certificates, and the payment of the same shall be in accordance

with the numbers of such certificates, as shown by the record in the office of the Commissioner.

Sec. 16. When any State bank shall voluntarily place itself in the hands of the Commissioner, or when he shall take possession of the property and business of any State bank, he shall immediately, after the State Banking Board shall have passed upon the examiner's report and determined and directed how the guaranteed depositors shall be paid, cause a written notice to be sent to each and every guaranteed depositor, as shown by the books of said State bank, informing him that his claims as a guaranteed depositor against said State bank must be presented and proved up for payment not later than forty-five days after the date upon which the Commissioner took possession of said State bank, which notice shall advise such guaranteed depositor whether his claim is to be paid in cash or in certificates as herein provided and shall inform him that unless his claim be proven up within forty-five days after the date upon which the Commissioner took possession of said bank, the same will not be payable in any event out of the State bank guaranty fund.

Sec. 17. If the State Banking Board shall make an order directing that the guaranteed depositors in a closed State bank shall be paid in cash, it shall immediately order the Commissioner to draw checks, countersigned by some other members of said Board designated for such purpose, which shall be known and marked as "special checks", on such of the State banks and for such portions of the amount of the State bank guaranty fund on deposit therewith, respectively, as it may determine and direct, for amounts sufficient in the aggregate to pay in full the amount due to the guaranteed depositors of said State banks. The State Banking Board shall have the right to order other additional special checks drawn as above provided in case they shall find that the amount originally estimated will prove insufficient to pay all guaranteed depositors. Such special checks shall be made payable to the order of some State bank, and shall be deposited by the Commissioner in such bank as a special deposit for the purpose of paying the guaranteed depositors in the State bank of which he shall take possession, and shall be subject to his check for that use and purpose. The Commissioner may, if so directed by the State Banking Board,

draw the sums so deposited in cash upon checks made payable to himself for the purpose of paying in cash the guaranteed depositors of said closed State bank. With the fund so provided, the Commissioner shall immediately proceed, either personally or through his special agents, to pay all claims of guaranteed depositors as they may be presented and proven up, taking receipts therefor in such form as may be prescribed by the State Banking Board. At the expiration of forty-five days after the Commissioner shall have taken possession of the property and business of any State bank whose guaranteed depositors he shall have paid in cash he shall make report to the State Banking Board of the total amount of guaranteed deposits of such institution and of the amount of such guaranteed deposits paid by him, and to whom paid and of the amount of claims presented by guaranteed depositors which he has rejected and disallowed, and of any amount of cash he has on hand on account of such claims, and of any amount which he may have paid or contracted to pay out of said State bank guaranty fund in connection with the expenses incident to the payment of such guaranteed deposits, and of the amount remaining in his hands or on special deposit in his name out of the funds provided by special checks for the payment of the guaranteed depositors of such State bank, and of the amount of money in his hands belonging to said closed State bank which may be properly paid into the State bank guaranty fund on account of the guaranteed deposits paid out of such fund. Such report shall be accompanied by proper vouchers for all expenditures so made by the Commissioner, or his special agent. The State Banking Board shall thereupon consider such report, and carefully audit the same in connection with the vouchers submitted therewith, and if it approve the same it shall order the Commissioner to draw checks, countersigned by some other members of said Board designated for that purpose, upon all State banks other than those upon whom such special checks were drawn for their respective proportionate amounts of such sum as may be necessary in addition to such amount as may remain unexpended in the hands of the Commissioner out of proceeds of such special checks, and such amount belonging to said closed bank as may be in his hands, which is due and payable, as aforesaid.

to the State bank guaranty fund to repay the amounts drawn by such special checks. Each of the checks so drawn shall be for that proportion of such sum which the amount of the State bank guaranty fund on deposit in each such State bank bears to the total amount of said State bank guaranty fund and such checks shall be payable to the order of some State bank in which there shall be deposited by the Commissioner to his credit as a special deposit, and against such special deposit shall immediately draw his check in favor of each of the State banks upon whom the special checks were drawn for the difference between the amount of such special checks drawn upon each bank and its proportionate amount of the cash raised upon all of such special checks so drawn, and he shall immediately transmit the same to such State banks upon whom such special checks were drawn in repayment of the amount advanced by them over and above the amount proportionately due by them.

Sec. 18. If the State Banking Board shall direct that the guaranteed depositors of any State bank of the business and property of which the Commissioner shall take possession shall be paid in certificates, as provided in this act, the Commissioner, personally, or through his special agent, shall issue certificates as provided herein to each guaranteed depositor as his claim may be presented and proved up, and at the expiration of forty-five days after he shall have taken possession of such State bank, he shall report to the State Banking Board the total amount of the guaranteed deposits of such State bank, claims for which have been proven up and allowed and paid in such certificates and of the amount of cash in his hands belonging to said State bank, which is due and payable to the State bank guaranty fund, or can properly be applied to the redemption of such certificates so issued. It shall be the duty of the State Banking Board to consider said report and to determine therefrom the amount necessary to draw from the State bank guaranty fund to redeem the certificates issued and pay the interest accrued thereon, and to pay the expenses of handling and administering the affairs of said State bank properly payable out of said fund, and to direct the Commissioner to draw checks, countersigned by some other members of said board designated for that purpose, upon each State bank for the proportion of

said amount which the amount of the State bank guaranty fund on deposit in such State bank bears to the total amount of said State bank guaranty fund. Such checks shall be payable to the order of some State bank and shall be deposited together with the funds in the hands of the Commissioner belonging to such closed State bank, due and payable to the State bank guaranty fund, in some State bank, to his credit as a special deposit for the purpose of redeeming such certificates; and the Commissioner shall immediately upon the expiration of sixty days after the date upon which he took charge of said bank, or if the State bank guaranty fund is depleted, upon call of the State Banking Board, pay the certificates theretofore issued by him or his special agent, as the same shall be presented for payment, together with interest thereon at the rate of six per cent per annum for said time, in checks drawn against such special deposit, or at the option of the holder in cash. If any State bank of the business and property of which the Commissioner shall have taken charge shall hereafter resume business by order of the State Banking Board, within less than sixty days after the date upon which the Commissioner so took charge, in that event any certificates that may have been issued by the Commissioner in payment of its guaranteed depositors shall be redeemed upon the re-opening of said State bank by it in cash upon their presentation. The Commissioner, within ninety days after he shall have taken possession of such bank, shall make a full report to the State Banking Board, showing the amounts collected and disbursed by him in the payment of guaranteed depositors, accompanied by proper vouchers for all disbursements, and showing all amounts remaining in his hands and on what account the same is held, which report shall be carefully audited by the State Banking Board, in connection with the vouchers submitted therewith. A copy of such report shall be recorded in the office of the Commissioner, and a certified copy shall be recorded in the office of the county clerk of the county where such State bank was located and transacted business, and a printed copy shall be mailed by the Commissioner to each State bank in the State.

Sec. 19. If the Commissioner, or his special agent, shall disallow or reject any claim presented by a guaranteed depositor, he shall nevertheless include the amount of such disallowed or rejected

claim in the amount for the payment of which provision is to be made out of State bank guaranty fund, and like provisions shall be made for such claim as for those duly allowed and paid, but the Commissioner shall retain in his hands such an amount pending the final settlement and adjudication of such rejected or disputed claim, and shall apply the same in payment thereof, if it shall be found that such State bank was legally liable therefor, and shall equitably distribute the same to the various banks in which the State bank guaranty fund is deposited if it shall be finally determined that such State bank is not so liable.

Sec. 20. Any deposit made by the Commissioner, as provided by this act in any State bank, for the purpose of providing for the payment of guaranteed depositors, whether of special checks or checks drawn upon all banks in which the State bank guaranty fund may be deposited or otherwise, and all deposits of any portion of the State bank guaranty fund originally credited thereto in any State bank, as provided by this act, shall be preferred before all other deposits in case of the insolvency or suspension of the depository.

Sec. 21. If from the sworn statement of the average daily deposits of any bank for the year ending on the first day of November, 1909, or of any subsequent year, filed with the Commissioner as provided for in Section 7 of this act, it shall appear that such average daily deposits for such year amounted to more than five times the capital stock and surplus of such bank on November 1st of such year, if the capital stock of such bank is not more than \$10,000.00, or more than six times such capital stock and surplus, if the capital is more than ten thousand dollars and less than twenty thousand dollars, or seven times such capital stock and surplus if the capital stock is twenty thousand dollars or more and less than forty thousand dollars, or eight times such capital stock and surplus if the capital stock is forty thousand dollars or more and less than seventy-five thousand dollars, or nine times such capital stock and surplus if the capital stock is seventy-five thousand dollars or more and less than one hundred thousand dollars, or ten times such capital stock and surplus if such capital stock is one hundred thousand dollars or more, then in any such case it shall be the duty of the State Banking Board to require that such State bank shall within sixty days thereafter increase

its capital by 25 per cent thereof, and it shall be the duty of the Commissioner to immediately furnish such State bank with a certified copy of the order making such requirement, and upon the receipt of such requisition the directors of such State bank shall, within the time required, cause such increase to be made in its capital stock, and if the same is not done within such time, it shall be unlawful for such bank to thereafter receive any deposits at any time when its total demand and time deposits shall in the aggregate amount to more than ten times its capital stock, or when after receiving such deposit its total demand and time deposits will then amount to ten times its capital stock.

Sec. 22. Section 39 of Chapter 10 of the Acts of the First Called Session of the Twenty-ninth Legislature of the State of Texas is hereby amended so as hereafter to read as follows:

"Section 39. exceeding \$2,000,000 shall not pay more than \$150.00; those with a capital stock of more than \$2,000,000 and not exceeding \$4,000,000 shall not pay more than \$200.00; and those with a capital stock exceeding \$4,000,000 shall not pay more than \$300.00.

"The permanent surplus of any such corporation shall be reckoned, in ascertaining the fees for examination, as a part of its capital stock. All sums collected as examination fees shall be paid by the Commissioner of Insurance and Banking directly into the State Treasury, to the credit of the General Revenue fund. Payments for salaries and expenses of examinations and for expense of the Commissioner of Insurance and Banking in enforcing this act shall be made upon the certificate of the Commissioner of Insurance and Banking by warrant on the Comptroller upon the State Treasurer.

"The result of each examination shall be certified by the examiner upon the record of the corporation examined and the report of all examinations made during each year shall be embodied in an annual report pertaining to banking matters, to be made by the Commissioner of Insurance and Banking to the Governor. The result of all such examinations shall be reported semi-annually to the Comptroller."

Sec. 23. Section 44 of Chapter 10 of the Acts of the First Called Session of the Twenty-ninth Legislature of the State of Texas is hereby amended so as hereafter to read as follows:

"Section 44. The Commissioner of Insurance and Banking shall from time to time appoint such number of State Bank Examiners as may be necessary to make the examinations of banking corporations required by law, which number shall at no time exceed one for each forty banking corporations then subject to examination under the laws of this State. As full compensation for the performance of the duties of examiners, each person so appointed shall be entitled to receive a salary of \$2000 per annum, besides necessary traveling expenses. An itemized account of such expenses shall be rendered monthly, under oath, by each examiner, and shall be approved by the Commissioner.

Sec. 24. No State bank shall make any loan or discount on the security of the shares of its own capital stock, or be the purchaser or holder of any such shares, unless such security or purchaser shall be necessary to prevent a loss upon a debt previously contracted in good

faith; and stock so purchased or acquired shall, within six months from the time of its purchase, be sold or disposed of at public or private sale, or, in default thereof, such State bank shall be considered to have its capital stock impaired to the extent of the par value of such shares.

Sec. 25. No State bank shall, at any time, be indebted, or in any way liable, to an amount exceeding the amount of its capital stock at such time actually paid in and remaining undiminished by losses, or otherwise, except on account of demands of the nature following: (1) Money deposited with or collected by such State bank; (2) bills of exchange or drafts drawn against money actually on deposit to the credit of such State bank, or due thereto; (3) liabilities to the stockholders of such State bank on account of the stock held by them and for dividends and undivided profits.

Sec. 26. It shall be unlawful for any such bank to hypothecate or pledge as collateral security for money borrowed upon bills payable or certificates of deposit, or otherwise, its securities to an amount more than 50 per cent greater than the amount borrowed thereon; or for any State bank to issue or execute any bills or other evidence of indebtedness, secured or to be secured, by the pledge or hypothecation of any of its securities, which shall not contain a provision that in the event such State bank shall, for any cause, have its property and business taken possession of by the Commissioner, at any time before such pledge or hypothecation shall have been actually foreclosed, a grace of thirty days after the date of such taking possession, shall be allowed, in which such bank or Commissioner shall be permitted to redeem such securities so hypothecated or pledged by the payment of the amount due as principal and interest on such indebtedness.

Sec. 27. After this act shall take effect, it shall be unlawful for any State bank to make a loan, secured by the stock of any other banking corporation, if by the making of such loan the total of stock of such other banking corporation held by it as collateral, will exceed in the aggregate 10 per cent of the capital stock of such other banking corporation, unless the taking of a greater percentage of such capital stock as collateral shall be necessary to prevent loss upon a debt previously contracted, in good faith, and any such excess so

taken as collateral, or owned by such State bank, shall not be held as collateral or owned by it for a longer period than six months.

Sec. 28. After this act shall take effect, no State bank shall make a loan upon real estate security, directly or indirectly, which shall not be due and payable within three years from the date upon which such loan is made, or a loan upon other than real estate security which shall not be due and payable not more than one year from the date upon which such loan is made.

Sec. 29. Each director of a State bank, when appointed or elected, shall take an oath that he will, so far as the duty devolves upon him, diligently and honestly administer the affairs of such corporation, and will not knowingly violate, or wilfully permit to be violated, any of the provisions of the law applicable to such State bank; and that he is the owner in good faith, and in his own right, of the number of shares of stock required by law, subscribed by him or standing in his name on the books of the corporation, and that the same is not hypothecated, or in any way pledged as security for any loan or debt, and, in case of re-election or reappointment, that such stock was not hypothecated, or in any way pledged as security for any loan or debt during his previous term. Such oath shall be subscribed by the director making it, and certified by the officer before whom it is taken, and shall be immediately transmitted to the Commissioner and filed and preserved in his office.

Sec. 30. The directors of every State bank shall hold a regular meeting once in each month at which it shall be the duty of the cashier, or some other officer designated for that purpose by resolution of the board of directors, duly recorded in its minutes, to prepare and submit to each director a written statement of all purchases and sales of securities, and of every discount and loan exclusive of discounts, and loans of less amounts than \$1000, if the capital stock of such State bank be \$100,000 or more, and exclusive of discounts and loans of less than 1 per cent of its capital stock, if it be less than \$100,000, made since the last regular meeting of the board, describing the collateral to the loans so made, as of the date of the meeting at which such statement is submitted. Such statement shall also contain a list giving the aggregate of loans and discounts to each individual, firm, corporation or association, whose liability to such bank has been increased since the last regular meeting of the board, \$1000

or more, if such State bank has a capital of \$100,000 or more, and 1 per cent of its capital stock, if the same be less than \$100,000, together with a description of the collateral to such loans held by such corporation at the date of the meeting at which such statement is submitted. A copy of such statement shall be immediately mailed to each director not present at such meeting, whether or not a quorum of such directors shall attend, and a copy thereof, together with a list of the directors present at such meeting and of those to whom such statements were mailed, verified by the affidavit of the officer or officers charged with the duty of preparing such statement, shall be filed with the records of such State bank within one day after such meeting, and be presumptive evidence of the matters therein stated.

"Sec. 50. No bank and no bank or trust company or any member of either, shall, during the time it shall continue in banking or banking and trust operations, withdraw or permit to be withdrawn, either in the form of dividends or otherwise, any portion of its capital. If losses have at any time been sustained by any such association equal to or exceeding its undivided profits then on hand, no dividend shall be made; and no dividend shall ever be made by a bank or bank and trust company while it continues its banking or banking and trust operations to an amount greater than its net profits then on hand, deducting therefrom its losses and bad debts. All debts due to any association, on which interest is past due and unpaid for a period of six months, unless the same are well secured and in process of collection, shall be considered bad debts within the meaning of this section.

The board of directors of any bank or trust company organized under this act may declare a semi-annual or quarterly dividend, if such dividend has been earned, provided the corporation be fully solvent without such earnings proposed to be divided. But they shall not declare a dividend at any time when the capital of such corporation shall have

become impaired to such an extent that it is not worth in good resources the full amount paid in after the payment of all liabilities, and any officer or director of such corporation who shall assent to declaring and paying dividends where the capital stock is so impaired, shall be personally liable to the creditors of the corporation to the amount of his proportion of the proposed dividend, if any loss occur by reason of the payment of such dividend."

At the end of any period for which such bank or banking and trust company may lawfully declare a dividend upon its stock it shall be proper to transfer to the general funds of such bank or banking and trust company all accumulated earnings of the said savings department after the payment or credit of all interest due and

The violation of the provisions of this section shall work a forfeiture of the office or position held by the person guilty of such violation.

Sec. 42. Any national bank in this State, approved by the Commissioner, may voluntarily avail its depositors of the protection of the State bank guaranty fund, by application to the State Banking Board, in writing, and the said application may be sustained upon terms and conditions in harmony with the purpose of this act, to be agreed upon by the State Banking Board, the Commissioner and the Comptroller of the Currency of the United States; provided, that in the event national banks should be required by Federal enactment to pay assessments to any bank guaranty fund of the Federal Government and thereby the deposits in national banks in this State should be guaranteed by virtue of Federal laws, that the national banks having availed themselves of the benefits of this act may withdraw therefrom and have returned to them the unused portion of all assessments levied upon and paid by said banks; however, should the courts

declare this section of the bill unconstitutional or unauthorized by law, or in conflict with any other section or provisions of this act, or with any existing banking laws of this State, then such decision shall affect only this section of the act.

Sec. 43. The fact that, if this act shall become a law, as much time as possible prior to the first day of January, 1910, will be necessary for the thorough and strict examination of all State banks, and other necessary preparation before that time, and the fact that there are now practically no criminal penalties provided for violating the provisions of the State banking laws, constitute an emergency and an imperative public necessity requiring that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

TERRELL of McLennan, Chairman.

Following is the enrolled bill in full:

An Act to authorize any county or political subdivision, or other defined district of a county, upon a vote of two-thirds majority of the resident property taxpayers voting thereon, who are qualified electors of such county or political subdivision or defined districts of the county to issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such county or political subdivision or defined district thereof, and to levy and collect taxes to pay the interest on said bonds, and to provide a sinking fund for the redemption thereof for the purpose of constructing, maintaining and operating macadamized, graveled and paved roads and turnpikes or in aid thereof; creating road districts, making them bodies corporate; creating the office of road superintendent; providing that any county operating under a special road law may take advantage of any of the provisions of this act; repealing Senate bill No. 264, passed by the Regular Session of the Thirty-first Legislature, and House bill No. 727, passed by the Thirtieth Legislature, and all other laws and parts of

laws in conflict herewith, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Any county in this State, or any political subdivision or defined district now or hereafter to be described and defined, of a county is hereby authorized and empowered to issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such county or political subdivision or defined district thereof, and to levy and collect such taxes to pay the interest upon such bonds and provide a sinking fund for the redemption thereof for the purposes of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof.

Sec. 2. Upon the petition of fifty or a majority of resident property taxpaying voters of any county or political subdivision or defined district of any county in this State, to the county commissioners court of such county, such court shall have the power, and it is hereby made its duty at any regular or special session thereof, to order an election to be held in such county, political subdivision or defined district thereof, to determine whether or not the bonds of such county or political subdivision or defined district thereof shall be issued in any amount not to exceed one-fourth of the assessed valuation of the real property of such county or political subdivision or defined district for the purpose of constructing, maintaining or operating of macadamized, graveled or paved roads and turnpikes, or in aid thereof; and at such election there shall also be submitted to such resident property taxpaying voters the question as to whether or not a tax shall be levied upon the property of said county, or political subdivision or defined district thereof, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof, the amount of bonds proposed to be issued with rate of interest thereon and date of maturity shall be stated in the order ordering said election, and in the notice thereof.

Sec. 3. Notice of said election shall be given by publications in a newspaper published in the county for four successive weeks, and in addition thereto by posting notices at three public places

in the county, one of which shall be at the courthouse door for three weeks prior to said election, if said proposed issue of bonds and levy of taxes is for the entire county. If said proposed issue of bonds and levy of taxes is for any political subdivision, or defined district of the county notice of such election shall be given by publishing in a newspaper published in the political subdivision or defined district in which such bond issue is proposed, and if no newspaper is published in such political subdivision or defined district, then in some newspaper published in the county for four successive weeks, and by posting in at least three public places in such political subdivision or defined district of the county for three successive weeks prior to said election.

Sec. 4. The commissioners court of the county shall determine the time and place or places of holding such election; provided, no such election shall be held at any time less than thirty days from the time of making of the order ordering the election. The manner of holding said election shall be governed by the general laws of the State when not in conflict with the provisions of this act, and the returns of said election shall be made as now provided by law for making returns of elections held for the purpose of determining whether or not county bonds shall be issued.

Sec. 5. If, after the result of said election is known, it shall appear to the commissioners court of the county in which said election was held that two-thirds majority of the votes cast at such election were in favor of the issuance of bonds, it shall be the duty of said commissioners court, as soon thereafter as practicable, to issue said bonds on the faith and credit of said county, or of said political subdivision or defined district, now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages or municipal corporations of the county, as the case may be, which said bonds shall run not less than twenty nor more than forty years with such option of redemption as may be fixed by the commissioners court, and said bonds shall bear not more than 5½ per cent interest per annum, and which bonds shall be examined by the Attorney General of Texas, and registered by the Comptroller of Public Accounts of Texas. Such bonds when so issued shall continue in the custody of and under the control of the commissioners court

of the county in which they were issued, and shall be by said court sold to the highest and best bidder for cash, either in whole or in parcels, at not less than their par value, and the purchase money therefor shall be placed in the county treasury of such county to the credit of the available road fund of such county, or of such political subdivision or defined district of such county, as the case may be. Such funds shall be paid out by the county treasurer upon warrants drawn on such funds issued by the county clerk of the county, countersigned by the county judge, upon certified accounts approved by the commissioners court of the county, when such funds belong to the entire county, and when such funds belong to a political subdivision or defined district of a county, such funds shall be paid out by the county treasurer upon warrants issued by the county clerk upon certified accounts of the road superintendent of such road district and approved by the commissioners court of the county. The general laws of Texas relative to county bonds, not in conflict herewith, shall apply to the issuance, approval, registration, sale and payment of the bonds herein provided for.

Sec. 6. Before said road bonds shall be put on the market the county commissioners court of the county in which such election was held shall levy a tax sufficient to pay the interest on such bonds, and to produce a sinking fund sufficient to pay the bonds at maturity, and providing further that said tax herein authorized shall be assessed and collected in the same manner as now provided by law for the assessment and collection of other road taxes, if for a whole county, and if for a political subdivision, or other defined districts of a county, then it shall be assessed and collected as is now provided by law for the assessment and collection of common school district special local taxes. And it is hereby made the duty of such commissioners court to levy such tax; and it is hereby made the duty of the tax collector and assessor of such county wherein such taxes have been levied to assess and collect the same in the same manner, and at the same time as other taxes. And said taxes when so collected by such collector shall be by him paid over to the county treasurer of such county as and when other taxes are paid to the county treasurer. And the county treasurer of said county shall be custodian of all

funds collected by virtue of this law, and shall deposit the same with the county depository as county funds, and he shall pay the interest and principal, as it becomes due on such bonds, out of the funds so collected, in the same manner as the law directs in case of county courthouse bond funds.

Sec. 7. For the purpose of operating and being known under the provisions of this act, each political subdivision or defined district now or hereafter to be described and defined for the employment of this act in any county in this State shall be known as "Road District No. of County, Texas," and the bonds herein provided for in such political subdivision or defined district in any county shall be known as "Road Bonds of Road District No. of County, Texas," being definitely numbered and bearing the name of the county in which it is located. Provided, this section shall apply only to districts composing less than a county, and shall not apply to bonds issued hereunder by a whole county, which county bonds shall be known as ".....County Special Road Bonds," taking the name of the county issuing same.

For the purpose of this act any political subdivision of a county or defined district, now or hereafter to be described and defined, accepting the provisions of this act by voting such tax, is hereby made and created a body corporate, which may sue and be sued in like manner as counties, provided no road district created under the provisions hereof shall ever be held liable for torts.

The county commissioner in whose commissioner's precinct such political subdivision or defined district now or hereafter to be described and defined is located, shall be ex-officio road superintendent of said road district, with power to contract for and in behalf of such road district; provided, such contract shall not exceed the sum of \$50, which shall be approved by the commissioners court, and all contracts exceeding the sum of \$50 shall be awarded by the entire court, which contract shall be binding on said county, political subdivision or defined district when work is done by contract in any county, political subdivision or defined district bids shall be invited by publishing an advertisement in a newspaper or newspapers published in such county, and in a paper or papers outside the county when the commissioners court may deem it advisable to

do so, and the contract shall be awarded to the lowest and best bidder; provided, however, that the commissioners court shall have the right to reject any and all bids.

Sec. 8. Laws heretofore enacted and known as Senate bill No. 264, which was passed at the Regular Session of the Thirty-first Legislature and signed by the Governor on the 20th day of March, 1909, also House bill No. 727, passed by the Thirtieth Legislature, together with all other laws or parts of laws in conflict herewith, be and the same are hereby expressly repealed.

Sec. 9. Any county operating under a special road law may take advantage of any of the provisions of this act.

Sec. 10. The fact that there is no adequate law now on the statutes governing the issuance of bonds for road construction in political subdivision or defined districts of the various counties of the State constitutes an emergency and an imperative public necessity requiring the suspension of the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Committee Room,
Austin, Texas, April 8, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: Your Committee on Enrolled Bills have carefully examined and compared Senate bill No. 23, and find it correctly enrolled, and have this day, at 3 o'clock p. m., presented same to the Governor for his approval.

TERRELL of McLennan, Chairman.

Following is the enrolled bill in full:
An Act to provide a system of electric power, electric lights and water works for the purpose of supplying electric power, electric light and water to the State Capitol, the General Land Office, Governor's Mansion, State University and the various public institutions of the State of Texas in the city of Austin and adjacent thereto; to create a board with authority to construct or have constructed or purchase and put in operation the necessary property, machinery and plant for such purpose, and with authority to lay mains and pipes and to erect poles and place wires across and along streets and alleys, public grounds and public highways in the city of Austin and public roads adjacent thereto, and to secure from the

owners, by purchase or condemnation proceedings, if necessary, the right to lay such mains and pipes and erect such poles and place such wires across private lands: to provide for the operation of such plant, to make an appropriation therefor, and to declare an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That a board to consist of the Governor, the Attorney General and Comptroller of Public Accounts is hereby created, to be known and designated as Water and Light Board, of which the Governor shall be chairman and a majority of said board will constitute a quorum for the transaction of business, and said board is hereby authorized to provide a system of water works, electric light and power for the purpose of supplying with power, light and water the State Capitol, the General Land Office, the Governor's Mansion, State University, and the various public institutions of the State of Texas in the city of Austin, and adjacent thereto; provided, said board shall have authority to confer with the water and light corporation heretofore and now furnishing water and light for the several State institutions in the city of Austin and adjacent thereto, with a view to making a contract for water and light for a period of not less than two nor more than four years, and if a contract satisfactory to said board can be made with such corporation for water and lights for said period at a rate satisfactory to said board, then such contract shall be made and no new plant constructed.

Sec. 2. Said board shall have authority to employ a competent engineer or engineers to prepare plans and specifications for said plant or plants, but before any contract is made for said plant, the said board shall advertise for bids therefor for thirty days in some daily newspaper published in the city of Austin, and the contract shall be awarded the lowest and best bidder; provided, that the board shall have the right to reject any and all bids, and the contractor or the person or corporation to whom such contract is awarded shall execute a bond with good and sufficient surety or sureties in the amount of his said bid, payable at the city of Austin, conditioned that the said contractor shall perform his contract according to the said plans and specifications and according to the terms of his said contract and to the satisfaction of said board. That said board shall have authority to make all such rules and reg-

ulations and orders as it may deem necessary and proper in the matter of said plans and specifications and the advertisement for said bids and in making of said contract and the performance thereof, not inconsistent with the provisions of this act.

Sec. 3. Said board is hereby authorized to employ such agents and assistants as may be deemed by them necessary to carry out the purpose of this act, in establishing and putting into operation the said water, light and power system and to pay them for their services such compensation as may be agreed upon, out of the appropriation hereinafter made.

Sec. 4. Said board is hereby fully authorized to lay such mains and pipes and erect poles and place wires as may be necessary to supply and convey water, light and power to the various public institutions and buildings herein referred to across and along the streets and public alleys of the city of Austin and other public highways in said city and adjacent thereto in such manner as not to obstruct the same or to interfere with the use of the same for public travel, except such obstruction and interference with public travel as may be reasonably necessary while engaged in putting down such mains and pipes and erecting such poles and placing such wires and for necessary repairs and replacements thereof; and also through and across any public grounds belonging to the State; and should it be necessary to lay such mains and pipes and erect such poles and place wires across any private lands, said board is hereby authorized to obtain and secure from the owners thereof the right of such use, for such compensation as may be agreed upon; and should said board not be able to secure from such owner or owners of private lands the use and privileges aforesaid or to agree with them as to the compensation, then they are hereby fully authorized and empowered to condemn the same, by proceedings to be instituted by the Attorney General under the direction of the board in the manner and in accordance with the procedure hereinafter provided for. The board shall pay out of the appropriations hereinafter made, such amounts as may be agreed upon with the owner of such lands as aforesaid, and such awards as may be made in such condemnation proceedings, but the awards in such condemnation proceedings shall not be paid unless the same are satisfactory to the board, and the foregoing provisions of this section shall also apply to public highways if

it should become necessary to pay the owner of the fee of such highway for such use, or to condemn the same for the uses and purposes aforesaid; provided, that in event the awards, or any one of them, of such condemnation proceedings are found satisfactory to said board, no property thus condemned shall be taken or used by the State until the same is first paid for; and provided further, that all streets, alleys and other thoroughfares shall be left in as good condition as they were before such improvements were made.

Sec. 5. Should said board for any reason, fail or be unable to agree with the owner or owners of any land as to the price to be paid for the use thereof as hereinaforesaid, then they shall take steps to condemn the same in the name of the State of Texas, and in order to effect this purpose it shall be the duty of said board to cause to be stated in writing the real estate or property, the use of which is sought to be taken, the name of the owner or owners thereof and the residence of such owner, if known, and file such statements with the county clerk of Travis county. Upon the filing of the statement provided for in this section, it shall be the duty of the county judge of said county, in term or vacation, to appoint three disinterested freeholders and qualified voters of Travis county as special commissioners to assess the damage to accrue to the property by reason of such condemnation. The special commissioners, as appointed to assess such damages, shall, in the proceedings, be governed and controlled by the laws in force in reference to the condemnation of the right of way for railroad companies and the assessment and damages therefor, and the proceedings shall be in accordance with such laws, the State of Texas occupying the position of the railroad company, and all laws in reference to the application for the condemnation of right of way of railroad companies, including the measure of damages, the service, actual or constructive, on the property owner, the right of appeal, and the like, not consistent with the provisions of this act, shall apply to the application by the State in these proceedings; but it is specially provided that in the event in the condemnation proceedings the damages assessed for the use of any tract or parcel of land shall, in the discretion of the board herein provided for, be deemed excessive and greater than a reasonable and adequate compensation therefor, said board shall declare and refuse to pay the same, and in such event the State of Texas shall pay the

court costs of such proceedings and no further action shall be taken thereunder.

Sec. 6. When such water, light and power system shall have been completed and ready to be put in operation, the same shall be placed under the control and supervision of the Superintendent of Public Buildings and Grounds, who shall provide for the operation of the same and the supplying of water, light and power to the various public buildings and institutions hereinbefore referred to under the general supervision and control of the Water and Light Board.

Sec. 7. It is hereby appropriated out of any money in the public treasury not otherwise appropriated, the sum of two hundred and fifty thousand (\$250,000) dollars, or so much thereof as may be necessary for the purpose of carrying out the provisions of this act, and the Comptroller shall issue warrants payable out of the same upon the order of the Governor as chairman of said board, for all expenses incurred under this act; provided, that no water, light or power shall be supplied to any private buildings or grounds.

Sec. 8. The said board shall have the power, and it shall be their duty, to prescribe and adopt rules and regulations for the supplying of water, light and power to the various institutions of the State herein aforesaid, and for the enforcement of the same and to alter and amend the same from time to time, in such manner as the board may deem necessary or proper.

Sec. 9. That the act of the Twenty-ninth Legislature of Texas, First Called Session, approved May 1, 1905, and appearing on page 18 of the General Laws of the Twenty-eighth Legislature, and entitled "An Act to provide a system of electric power, electric lights and water works for the purpose of supplying electric power, electric lights and water to the State Capitol, the General Land Office, Governor's Mansion and the various public institutions of the State of Texas in the city of Austin and adjacent thereto: to create a board with authority to purchase and place in operation the necessary property, machinery and plant for such purposes, and with authority to lay mains and pipes and to erect and place wires across and along the streets and alleys and public highways in the city of Austin and public roads adjacent thereto, and to secure from private owners, by purchase or condemnation proceedings, if necessary, the right to lay such mains and pipes and erect such poles and place such wires across private lands: to provide for the operation of such plant; to

make an appropriation therefor, and to declare an emergency," be and the same is hereby repealed; provided, that all contracts or rights under contracts, actions, claims and demands, penalties and forfeitures, which have been made or accrued under the said act, approved May 1, 1903, shall be vested in and prosecuted by the said Water and Light Board, hereby created for and in behalf of the State of Texas and no contract or rights under contracts, actions, claims or demands, penalties or forfeitures, shall be affected by the passage of this act.

Sec. 10. The fact that the public institutions of the State located at the city of Austin, or adjacent, should be provided with an adequate supply of water and electric light and power, and that the construction and putting in operation or the purchase of an independent plant by the State of Texas, as provided for in this act, will result in an enormous saving to the State and supply such institutions with an adequate supply of water and electric lights and power as provided for by this act, creates an emergency and an imperative public necessity, requiring bills to be read on three several days, and that this act shall take immediate effect; said constitutional rule is therefore hereby suspended, and it is enacted that this act shall take effect from and after its passage.

Committee Room,

Austin, Texas, April 8, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: Your Committee on Enrolled Bills have carefully examined and compared

Senate bill No. 84, "An Act to amend Section 2 of an act passed by the Regular Session of the Thirty-first Legislature, known as an act creating an independent school district in the county of Gonzales, State of Texas, to be known as the Nixon Independent School District, and to have all the powers, rights and duties of independent school districts formed by the corporations of towns and villages for free school purposes only, and declaring an emergency,"

And find it correctly enrolled, and have this day, at 3 o'clock p. m., presented same to the Governor for his approval.

TERRELL of McLennan, Chairman.

PETITIONS AND MEMORIALS.

By Senator Adams:

Dublin, Texas, April 7, 1909.

Senator Adams, Austin, Texas.

Erath County Union now in session, composed of forty-two locals, requests you to support House bill No. 1.

H. M. CORTNEY, Secretary.

By Senator Sturgeon:

Selfs, Texas, April 6, 1909.

To the Honorable State Senate of Texas
—Greetings.

House bill No. 1, known as the Cureton bill, having passed the lower house of our Legislature and yet pending before your honorable body, we, the undersigned members of Selfs Farmers' Educational and Co-Operative Union No. 4982 and citizens of Fannin county, Texas, do hereby petition your honorable body to vote for the Cureton bill without any amendment, that the said bill may become a law of this State.

Numerously signed.

By Senator Perkins:

Emory, Texas, April 6, 1909.

Hon. Tom W. Perkins, Austin, Texas.

Dear Sir: We, the undersigned citizens, request you to vote for the Senter-Hume bill, requiring each bank to make its own bond to guarantee its depositors.

Numerously signed.

Celeste, Texas, April 6, 1909.

Hon. Tom W. Perkins, Austin, Texas.

Dear Sir: I write to ask you to stand pat on the Senter-Hume bill for bank guarantee of deposits, as it will make every bank responsible only for its own business, and not force other banks to become responsible for something they know nothing about.

I circulated a petition some days back to the business men of our little town, and had Mr. Cheatham forward to you. I never had but one man to refuse to sign the petition, and he said he was not posted enough to pass judgment on the matter. I am sure if I had time I could get 500 names to a petition against the Cureton-Love bill, and in this immediate vicinity, for when you approach a farmer who is not prejudiced, and who is posted on the matter, I find he is opposed to it.

Very truly yours,
M. K. HARRELL.

SIMPLE RESOLUTION.

Senator Senter called up from the President's table the following simple resolution:

Whereas, The recent disastrous fires in Forth Worth and Dallas caused such loss and suffering as to call for the consideration of the Legislature under the provisions of Article 8, Section 10, of the Constitution, authorizing the release of the inhabitants of any county, city or town from taxation in case of great public calamity; therefore be it

Resolved, That the Governor is hereby requested, when he shall submit the appropriation bill for the consideration of the Legislature to also submit to the Legislature the question as to whether the occupants of homes, which were destroyed in said fires shall be released from taxation for such period as the

Legislature may deem just and expedient.

Senator Senter moved that the resolution be adopted, which motion prevailed by the following vote:

REASONS FOR VOTE.

We vote "nay" on this resolution for the reason that Section 10, Article 8 of the Constitution reads that the Legislature may relieve the inhabitants of a county, city or town, from the payment of taxes in cases of public calamity and does not give the power to relieve a part of the inhabitants. If this subject was submitted to the Legislature for action, the law passed by them would have to relieve the railroads as to their tax the same as the individual. Therefore, we do not think it proper to ask the Governor to submit a subject that it would be impossible for us to cast a vote for.

Following are the House amendments:

Section 1. That the Department of Public Health and Vital Statistics as now existing under the laws of this State is hereby abolished, and that there be created and established in its stead a State Board of Health, to be officially designated as Texas State Board of Health, which shall consist of seven members, who shall be legally qualified practicing physicians, who shall have had at least ten years experience in actual practice of medicine within the State of Texas, of good professional standing, and who shall be graduates of reputable medical colleges, to be appointed biennially by the Governor as

soon as practicable after the passage of this bill, and thereafter on or before the 10th day of March following his inauguration. One member of said board, who shall be appointed by the Governor, and confirmed by the Senate, shall be designated by the Governor as State Health Officer, and who shall be president and executive officer of the board. The members of said board shall hold their office for a term of two years, and until their successors shall be appointed and qualified, unless sooner removed for cause.

Sec. 2. The president of said board shall receive annually a salary of \$3000. The other six members of said board shall receive no salary, but each of said members shall be allowed for each and every day he shall be in attendance upon the meetings of the board the sum of \$10, including the time spent in transit, and 3 cents per mile going and coming for actual expenses to be paid on their vouchers when approved by the president of the board and the Governor by warrant drawn by the Comptroller against the general appropriation provided by law for that purpose; provided, that no mileage be allowed where free transportation is used or that no member shall receive more than \$500 annually.

Sec. 12. It shall be the duty of said Texas State Board of Health to perform all functions and duties now imposed by existing laws upon the State Health Officer, and whenever State Health Officer is mentioned in the present laws the Texas State Board of Health shall be deemed to succeed in purpose and effect, whenever such statutes are not in conflict with this act.

Sec. 13. Each member of the said Texas State Board of Health and each of its inspectors and officers is hereby constituted a peace officer and shall have power to arrest persons violating any sanitary or quarantine law of the State, and such member, officer or inspector may so arrest such offenders without warrant when the offense is committed within the presence or sight of such member, officer or inspector, but otherwise only when in the execution of a warrant issued by a proper officer.

It is hereby made the duty of all sheriffs and their deputies and constables and their deputies, police officers, town marshals, State rangers and all other peace officers to assist in the apprehension and arrest of all persons violating any provisions, rules, ordinances or laws of the sanitary code for Texas as it may be adopted by said board, or for violation of any public health, sanitary or quarantine laws of the sanitary code for Texas as it may be adopted by said board, or for violation of any public health, sanitary or quarantine law of this State. It is hereby made the duty of such members, inspectors and officers of said board to apprehend and arrest all persons who may commit any offense against the public health laws of this State, or the rules, regulations, ordinances and laws of the sanitary code for Texas when adopted, published and promulgated, as provided in this act, when charged to execute a warrant of arrest issued by the proper officer for the apprehension and arrest of all persons charged with so offending.

Sec. 14. The members of the Board of Health and every person duly authorized by them upon presentation of proper authority in writing are hereby empowered whenever they may deem it necessary in pursuance of their duties to enter into, examine, investigate, inspect and view all grounds, public buildings, factories, slaughter houses, packing houses, abattoirs, dairies, bakeries, manufactories, hotels, restaurants and

all other public places and public buildings where they may deem it proper to enter for the discovery and suppression of disease and for the enforcement of the rules, regulations and ordinances of the sanitary code for Texas after it has been adopted, or for the enforcement of any and all health laws, sanitary laws or quarantine regulations of this State.

Sec. 15. Be it further enacted that the office of county physician shall be abolished within the several organized counties of this State, and that instead the office of county health officer is hereby created in each organized county within this State.

Sec. 16. The office of county health officer shall be filled by a competent physician legally qualified to practice under the laws of the State of Texas and of reputable professional standing.

Sec. 17. It is hereby made the duty of the county judge of each organized county to appoint a proper person for the office of county health officer for his county, who shall hold office for two years and until his successor shall be appointed and qualify, unless sooner removed for cause. Said county health officer shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath of office and a copy of his appointment with the Texas State Board of Health, and until such copies are so filed said officer shall not be deemed legally qualified. Compensation of said county health officer shall be fixed by the commissioners court.

Sec. 18. The office of city physician for the several incorporated cities and towns within this State is hereby abolished, and instead created the office of city health officer.

Sec. 19. The office of city health officer shall be filled by a competent physician, legally qualified to practice medicine within this State, of reputable professional standing.

Sec. 20. It is hereby made the duty of the mayor of each incorporated city and town within this State to nominate a qualified person for the office of city health officer to be confirmed by a majority of the votes of the city council or city commission, as the case may be, except in cities which may be operated under a charter providing for a different method of selecting city health physicians, in which event the office of city health officer shall be filled as is now filled by the city physician, but in no instance shall the office of city health officer be abolished.

The city health officer, after appointment, shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath and a copy of his appointment with the Texas State Board of Health, and shall not be deemed to be legally qualified until said copies shall have been so filed.

Sec. 21. In case the authorities hereinbefore mentioned shall fail, neglect or refuse to fill the office of county health officer as in this act provided, then the Texas State Board of Health shall have the power to mandamus such authorities in a court of competent jurisdiction to compel the appointment of such officer, first having given ten days' notice in writing to such authority of the desire for such appointment.

Sec. 22. Each county health officer shall perform such duties as has heretofore been required of county physicians with relation to caring for the prisoners in county jails and in caring for the inmates of county poor farms, hospitals, discharging duties of county quarantine and other such duties as may be lawfully required of the county physician by the commissioners court and other officers of the county, and shall discharge any additional duties which it may be proper for county authorities under the present laws to require of county physicians, and in addition thereto he shall discharge such duties as shall be prescribed for him under the rules, regulations and requirements of the Texas State Board of Health or the president thereof, and is empowered and authorized to establish, maintain and enforce quarantine within his county. He shall also be required to aid and assist the State Board of Health in all matters of local quarantine, inspection, disease, prevention and suppression, vital and mortuary statistics and general sanitation within his county, and he shall at all times report to the State Board of Health in such manner and form as it shall prescribe the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and he shall make such other and further reports in such manner and form and at such times as said Texas State Board of Health shall direct, touching such matters as may be proper for said State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of its proper rules, regulations, requirements and ordinances and in the enforcement of all

sanitary law and quarantine regulations within his jurisdiction.

Sec. 23. In all matters with which the State Board of Health may be clothed with authority, said county health officer shall at all times be under its direction, and any failure or refusal on the part of said county health officer to obey the authority and reasonable commands of said State Board of Health shall constitute malfeasance in office, and shall subject said county health officer to removal from office at the relation of the State Board of Health.

Sec. 24. In the event any county health officer shall fail or refuse to properly discharge the duties of his office, as prescribed by this act, the State Board of Health shall file charges with the commissioners court for the proper county specifying wherein such officer has failed in the discharge of his duties. After ten days' notice in writing to said county health officer the commissioners court shall hear the charges, at which hearing the county judge shall preside, and the State Board of Health may be represented.

Sec. 25. The State Board of Health shall not be required to give bond for cost of appeal in any action it may bring in any court of this State.

Sec. 26. Each city health officer shall perform such duties as may now be required by the city councils and ordinances of city physicians and such duties as may be required of him by general law and city ordinances with regard to the general health and sanitation of towns and cities, and perform such other duties as shall be legally required of him by the mayor, councils, commissioners or the ordinances of his city or town. He shall in addition thereto discharge and perform such duties as may be prescribed for him under the directions, rules, regulations and requirements of the State Board of Health and the president thereof. He shall be required to aid and assist the State Board of Health in all matters of quarantine, vital and mortuary statistics, inspection, disease, prevention and suppression and sanitation within his jurisdiction. He shall at all times report to the State Board of Health in such manner and form as shall be prescribed by said Board of Health the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and shall make such other and

further reports in such manner and form and at such times as said State Board of Health shall direct touching all such matters as may be proper for the State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of all sanitary laws, quarantine regulations and vital statistics collection, and perform such other duties as said State Board of Health shall direct.

In all matters in which the State Board of Health may be clothed with authority said city health officer shall at all times be governed by the authority of said Board of Health, and failure or refusal on the part of said city health officer to properly perform the duties of his office as prescribed by this act shall constitute malfeasance in office and shall subject said city health officer to removal from office at the relation to the State Board of Health.

In the event of a failure or refusal of said city health officer to properly discharge his duties of his office the State Board of Health shall file charges against said city health officer with the council or city commission of the proper town or city, which shall specify in what particulars said city health officer has failed in respect to the discharge of his duties. After ten days' notice in writing to said city health officer the charges shall be heard before the mayor and council, or the mayor and commission of the town or city in which said city health officer shall reside, at which hearing the State Board of Health may be represented.

Sec. 27. The compensation of city health officer shall be fixed by the mayor and council, or the mayor and commissioners of the respective towns and cities within this State.

Sec. 28. There shall be an annual conference of county health officers and city health officers of this State, at such time and place as the State Board of Health shall designate, at which conference the president or some member of the said State Board of Health shall preside. The several counties, towns and cities may provide for and pay the necessary expense of its county health officer or city health officer for attendance upon said conference.

Sec. 29. In all matters wherein the Board of Health shall invoke the assistance of the courts, the action shall run in the name of the State of Texas, and the Attorney General shall assign a special assistant to attend to all legal mat-

ters of the board, and upon demand of the board it shall be the duty of the Attorney General to promptly furnish the necessary assistance to the board to attend to all its legal requirements. The county attorney shall assist in all prosecutions wherein the Texas State Board of Health shall be the complainant.

Sec. 30. This act shall be cumulative of all other laws heretofore passed, and shall only repeal such parts of said laws as are in direct conflict with the provisions of this act.

Sec. 31. The fact that there is now no uniform and efficient law for the suppression and prevention of disease within this State, other than that of foreign origin, and no effective system for preserving, tabulating and utilizing the vital and mortuary statistics of the State and for the appointment of local health officers, creates an emergency and imperative public necessity that the constitutional rule providing that bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

(1)

AFTER RECESS.

The Senate was called to order by Lieutenant Governor Davidson.

REQUEST FOR SPECIAL COMMITTEE.

The Chair had the following read to the Senate:

San Antonio, Texas, April 8, 1909.

Hon. A. B. Davidson, Austin, Texas.

Dear Sir: I was recently elected Superintendent of the Southwestern Insane Asylum. I find there is much to do here in the way of urgent repairs and improvements. I request that you have a sub-committee from the Senate Appropriation Committee to come down here without delay, so that I can show them. I understand that the present Legislature will make more provision for the insane, and possibly at this Institution. I can approximate the cost for about 550 patients. Having drawings made, etc.

It appears to me that it would be good business policy for this committee to come, as I do not care to ask for appropriations and have them cut out or trimmed down.

Cannot give efficient management without money to do it.

Yours truly,
J. R. NICHOLS, Supt.

Whereas, We, the Senate of Texas, are at all times desirous of knowing the sentiment of the people of this State upon proposed legislation of importance; therefore, be it

Resolved by the Senate, That we hereby express to the public generally, including the Farmers' Union and labor unions, the merchants, mechanics, laborers, lawyers, bankers and all other worthy citizens, our appreciation of the interest they have manifested in pending legislation. We realize that the safety and perpetuity of our government rests upon the patriotism and wisdom of the great masses of the people, and we rejoice that our people generally, without respect to classes and distinctions, are taking an interest in the public affairs of our great State, which tends to insure to our children, and our children's children, the blessings of liberty and free government—incomparable privileges which cannot perish so long as our people interest themselves in the affairs of State.

Senator Hume offered the following amendment to the resolution:

Amend the resolution by adding thereto the following: "The thanks of the Senate is extended also to all those who have given us no thought, but have tacitly assumed that the Senate has been, and is trying to do the right thing by the State, and all the people, men, women and children."

Senator Holsey moved to table the amendment, which motion to table was lost.

By Senator Meachum:

To Senator McDonald Meachum, Austin, Texas.

Dear Sir: We, the undersigned, heartily commend your support of the Senter-Hume Guaranty Deposit bill, which requires each bank to insure its own deposits, as opposed to legislation making one bank responsible for the debts of all other banks; and respectfully request you to stand firmly in support of said Senter-Hume bill in opposition to the Cureton or Love bill; and to oppose all such legislation as is contemplated in the Cureton or Love bill; which we believe to be contrary to the principles of good government.

By Senator Senter:

Center Point, Texas, April 4, 1909.

Senator Senter, Austin, Texas.

Dear Sir: From the papers today, it

is noted that the House has passed the Cureton bill for the guarantee of bank deposits, while the Senate has adopted the Senter-Hume bill.

Some concessions are now in order. Will it be possible to induce the House to make them? The measures have been freely discussed in this valley today, and the general preference is given to the Senter-Hume bill. It is preferable to all, and in every way better fitted to the needs of Texas banks.

It embodies the most business-like plan, and the shareholders of this bank, and in fact of the other five banks with which I am associated, favor it heartily.

We are willing to make the State of Texas secure in the total sum of our deposits, and have the State guarantee the security of our depositors.

This bank would have pleasure in participating in a movement like you have planned, and think it is proper, but rather than guarantee the accounts of some other banks whose policy we have no voice in regulating, prefer no guarantee law at all.

Our vote is unanimous in behalf of the Senter-Hume bill, and it is esteemed here that a great blessing will be bestowed upon the entire State of Texas, if you will see to it that the House makes the concession.

You have my permission to use this letter if it will be worth while. I have written to Hon. John Marshall, and Hon. Sam OBryant. I am

Yours cordially,

M. P. McCORKLE.

Eastland, Texas, April 6, 1909.

Provided, that such "Advisory Supplement" to said "Sanitary Code for Texas" shall be advisory only. It shall be the duty of all city and county health officers, members of city councils, city and county commissioners to so co-operate at all times with the Texas State Board of Health in enforcing the rules and regulations contained in such "Advisory Supplement," and any city or town in this State may by a majority of its city council or commissioners and whenever the subject matter relates to the public schools with the approval of a majority of the members of the school board of such city or town, adopt such advisory supplement, and the rules and regulations therein contained shall thereafter have the full force and effect of law in such city or town; provided, that the commissioners court of any county in this State may by a majority vote adopt said "Advisory Supplement" to the "Sanitary Code for Texas" and thereafter the rules and regulations contained in such "Advisory Supplement" shall have the full force and effect of law outside of all incorporated cities and towns in such county.

Any person who shall violate any of the rules and regulations contained in the "Sanitary Code for Texas" as embraced in subdivisions a, b, c, d, e and f of this section, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than \$10 and not more than \$1000.

On adoption of the said code by votes of a majority of the members of the board, and approved by the Governor, it shall be published at length for one time in the official monthly bulletin of the State Board of Health, and at least three times for three consecutive weeks in three daily newspapers of the State, after which adoption, approval and publication, it shall become operative and have the absolute force of law, and any person who shall violate any of the rules and regulations in said sanitary code after its adoption and publication as above provided for shall be deemed guilty of a misdemeanor and upon conviction shall be fined as herein prescribed.

And it is hereby made the duty of the several courts of this State having jurisdiction over such offenses, according to the grade thereof, to enforce and carry into effect each and all of the rules and regulations as promulgated in said "Sanitary Code for Texas," when they shall have the force and effect of law as provided herein, and to impose and collect penalties in the amounts therein specified from all persons found guilty of any violations thereof.

There shall be printed by the board and by it published in pamphlet form a sufficient number of copies of the "Sanitary Code for Texas" for distribution to the public. Copies shall be furnished free upon application to county and municipal health authorities, boards of health, mayors, members of city councils, city commissioners and judges and clerks of courts. Copies of said code shall be furnished by the board upon application to any person applying therefor and paying a nominal sum, to be fixed by the board, to cover cost of publication and transportation of same.

Provided, this act shall not be construed to repeal any of the laws of this State now in force affecting the public health, but shall be construed to be cumulative to said laws, and the Board of Public Health is hereby authorized to promulgate rules and regulations for all laws relating to the public health now in force in this State.

Sec. 11. Power is hereby conferred upon the Texas State Board of Health to further revise and amend said sanitary code for Texas at any time they may deem proper and expedient; provided, that such revision and amendment shall come within the scope of the power herein conferred upon the board for enacting the original code.

Sec. 12. It shall be the duty of said Texas State Board of Health to perform all functions and duties now imposed by existing laws upon the State Health Officer, and whenever State Health Officer is mentioned in the present laws the Texas State Board of Health shall be deemed to succeed in purpose and effect, whenever such statutes are not in conflict with this act.

Sec. 13. Each member of the said Texas State Board of Health and each of its inspectors and officers is hereby constituted a peace officer and shall have power to arrest persons violating any of the provisions of the sanitary code to be adopted by the board, of the violation of any public health, sanitary or quarantine law of the State, and such member, officer or inspector may so arrest such offenders without warrant when the offense is committed within the presence or sight of such member, officer or inspector, but otherwise only when in the execution of a warrant issued by a proper officer.

It is hereby made the duty of all sheriffs and their deputies and constables and their deputies, police officers, town marshals, State Rangers and all other peace officers to assist in the apprehension and arrest of all persons violating

any provisions, rules, ordinances or laws or the sanitary code for Texas as it may be adopted by said board, or for violation of any public health, sanitary or quarantine laws of the sanitary code for Texas as it may be adopted by said inspectors and officers of said board to apprehend and arrest all persons who may commit any offense against the public health laws of this State, or the rules, regulations, ordinances and laws of the sanitary code for Texas when adopted, published and promulgated by said Board of Health, as provided in this act when charged to execute a warrant of arrest issued by the proper officer for the apprehension and arrest of all persons charged with so offending.

Sec. 14. The members of the Board of Health and every person duly authorized by them upon presentation of proper authority in writing are hereby empowered whenever they may deem it necessary in pursuance of their duties to enter into, examine, investigate, inspect and view all grounds, public buildings, factories, slaughter houses, packing houses, abattoirs, dairies, bakeries, manufactories, hotels, restaurants and all other public places and public buildings where they may deem it proper to enter for the discovery and suppression of disease and for the enforcement of the rules, regulations and ordinances of the sanitary code of Texas after it has been adopted, promulgated and published by the board for the enforcement of any and all health laws, sanitary laws or quarantine regulations of this State.

Sec. 15. The members of said Board of Health and its officers are hereby severally authorized and empowered to administer oaths and to summon witnesses and compel their attendance in all matters proper for the said board to investigate, such as the determination of nuisances, investigation of public water supplies, investigation of any sanitary conditions within the State, investigation of the existence of infection or the investigation of any and all matters requiring the exercise of the discretionary powers invested in said board and its officers and members and in the general scope of its authority invested by this act. The several district judges and courts are hereby charged with the duty of aiding said board in its investigations and in compelling due observance of this act, and in the event any witness summoned by said board or any of the officers or members of the same shall prove disobedient or disrespectful to the lawful authority of such board, officer or member, such person shall be punished by

the district court of the county in which such witness is summoned to appear as for contempt of said district court.

Sec. 16. Any witness when summoned to appear before said board who shall falsely testify as to any matters proper for the determination of any question which the board may be investigating shall be deemed guilty of perjury, and shall be punished as provided by law for the offense of perjury.

Sec. 17. Be it further enacted that the office of county physician shall be abolished within the several organized counties of this State, and that instead the office of county health officer is hereby created in each organized county within this State.

Sec. 18. The office of county health officer shall be filled by a competent physician legally qualified to practice under the laws of the State of Texas and of reputable professional standing.

Sec. 19. It is hereby made the duty of the commissioners court of each organized county to appoint a proper person for the office of county health officer for his county, who shall hold office for two years and until his successor shall be appointed and qualify, unless sooner removed for cause; provided, however, that in all counties where there is a duly appointed and acting county physician heretofore appointed the county judge shall appoint such county physician as county health officer. Said county health officer shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath of office and a copy of his appointment with the Texas State Board of Health, and until such copies are so filed said officer shall not be deemed legally qualified. Compensation of said county health officer shall be fixed by the commissioners court; provided, that no compensation or salary shall be allowed except for services actually rendered.

Sec. 20. The office of city physician for the several incorporated cities and towns within this State is hereby abolished, and instead created the office of city health officer; provided, however, that city physicians now in office shall serve as city health officers until the expiration of their present terms.

Sec. 21. The office of city health officer shall be filled by a competent physician, legally qualified to practice medicine within this State, of reputable professional standing.

Sec. 22. It is hereby made the duty of the city council or the city commissioners, as the case may be, of each in-

corporated city and town within this State to elect a qualified person for the office of city health officer by a majority of the votes of the city council or city commission, as the case may be, except in cities which may be operated under a charter providing for a different method of selecting city health physicians, in which event the office of city health officer shall be filled as it is now filled by the city physician, but in no instance shall the office of city health officer be abolished.

The city health officer, after appointment, shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath and a copy of his appointment with the Texas State Board of Health, and shall not be deemed to be legally qualified until said copies shall have been so filed.

Sec. 23. In case the authorities hereinbefore mentioned shall fail, neglect or refuse to fill the office of county or city health officer as in this act provided, then the Texas State Board of Health shall have the power to appoint such county or city health officer to hold office until the local authorities shall fill such office, first having given ten days' notice in writing to such authority of the desire for such appointment.

Sec. 24. Each county health officer shall perform such duties as has heretofore been required of county physicians with relation to caring for the prisoners in county jails and in caring for the inmates of county poor farms, hospitals, discharging duties of county quarantine and other such duties as may be lawfully required of the county physician by the commissioners court and other officers of the county, and shall discharge any additional duties which it may be proper for county authorities under the present laws to require of county physicians, and in addition thereto he shall discharge such duties as shall be prescribed for him under the rules, regulations and requirements of the Texas State Board of Health or the president thereof, and is empowered and authorized to establish, maintain and enforce quarantine within his county. He shall also be required to aid and assist the State Board of Health in all matters of local quarantine, inspection, disease, prevention and suppression, vital and mortuary statistics and general sanitation within his county, and he shall at all times report to the State Board of Health in such manner and form as it shall prescribe the presence of all contagious,

infectious and dangerous epidemic diseases within his jurisdiction, and he shall make such other and further reports in such manner and form and at such times as said Texas State Board of Health shall direct, touching such matters as may be proper for said State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of its proper rules, regulations, requirements and ordinances and in the enforcement of all sanitary laws and quarantine regulations within his jurisdiction.

Sec. 25. In all matters with which the State Board of Health may be clothed with authority, said county health officer shall at all times be under its direction, and any failure or refusal on the part of said county health officer to obey the authority and reasonable commands of said State Board of Health shall constitute malfeasance in office, and shall subject said county health officer to removal from office at the relation of the State Board of Health, and pending charges for removal said county health officer shall not receive any salary or compensation, which cause shall be tried in the district court of the county in which such county health officer resides.

Sec. 26. In the event any county health officer shall fail or refuse to properly discharge the duties of his office, as prescribed by this act, the State Board of Health shall file charges with the commissioners court for the proper county specifying wherein such officer has failed in the discharge of his duties, and at the same time the State Board of Health shall file a protest with the county clerk and the county treasurer against the payment of further fees, salary, or allowance to said county health officer, and pending such protest and charges, it shall not be lawful for such county health officer to be paid or to receive any subsequently earned salary, fees or allowances on account of his office, unless such charges are shown to be untrue and are not sustained. After five days' notice in writing to said county health officer the commissioners court shall hear the charges, at which hearing the county judge shall preside, and the State Board of Health may be represented. Either party, the State Board or the county health officer, may appeal from the decision of said court to the district court of said county, and pending such appeal no salary, fees or allowance shall be paid to said county health officer

for any subsequent earned salary, and in the event the charges shall be sustained, the said county health officer shall be charged to pay all costs of court, and shall forfeit all salary, fees and allowances, earned subsequent to the date of filing the charges and protests.

Sec. 27. No bond for cost or bond on appeal or writ of error shall be required of the State Board of Health or State officials in any actions brought or maintained under this act.

Sec. 28. Each city health officer shall perform such duties as may now or hereafter be required by the city councils and ordinances of city physicians and such duties as may be required of him by general law and city ordinances with regard to the general health and sanitation of towns and cities, and perform such other duties as shall be legally required of him by the mayor, councils, commissioners or the ordinances of his city or town. He shall in addition thereto discharge and perform such duties as may be prescribed for him under the directions, rules, regulations and requirements of the State Board of Health and the president thereof. He shall be required to aid and assist the State Board of Health in all matters of quarantine, vital and mortuary statistics, inspection, disease, prevention and suppression and sanitation within his jurisdiction. He shall at all times report to the State Board of Health in such manner and form as shall be prescribed by said Board of Health the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and shall make such other and further reports in such manner and form and at such times as said State Board of Health shall direct touching all such matters as may be proper for the State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of proper rules, regulations and requirements in the enforcement of all sanitary laws, quarantine regulations and vital statistics collection, and perform such other duties as said State Board of Health shall direct.

In all matters in which the State Board of Health may be clothed with authority said city health officer shall at all times be governed by the authority of said Board of Health, and failure or refusal on the part of said city health officer to properly perform the duties of his office as prescribed by this act shall constitute malfeasance in office

and shall subject said city health officer to removal from office at the relation of the State Board of Health, which cause shall be tried in the district court of the county in which such city health officer resides.

In the event of a failure or refusal of said city health officer to properly discharge his duties of his office the State Board of Health shall file charges against said city health officer with the council or city commission of the proper town or city, which shall specify in what particulars said city health officer has failed in respect to the discharge of his duties, and shall at the same time file a protest with the city secretary and city treasurer against the payment to said city health officer of further fees, salary or allowance, and pending such charges and protest no further salary, fees or allowance shall be paid to said city health officer, unless such charges are shown to be untrue and not sustained. After five days' notice in writing to said city health officer the charges shall be heard before the mayor and council, or the mayor and commission of the town or city in which said city health officer shall reside, at which hearing the State Board of Health may be represented, and either the city health officer or the State Board of Health shall have the right of appeal to the county court of the county in which the city or town is situated, and if said charges be sustained said city health officer shall be adjudged to pay all costs of court, and shall forfeit all salary, fees and allowance accrued subsequent to the date of filing of the charges and protest originally and which may be due him on account of his office.

Sec. 29. The compensation of city health officer shall be fixed by the mayor and council, or the mayor and commissioners of the respective towns and cities within this State.

Sec. 30. There shall be an annual conference of county health officers and city health officers of this State, at such time and place as the State Board of Health shall designate, at which conference the president or some member of the said State Board of Health, shall preside. The several counties, towns and cities may provide for and pay the necessary expense of its county health officer or city health officer for attendance upon said conference.

Sec. 31. In all matters wherein the Board of Health shall invoke the assistance of the courts, the action shall run

in the name of the State of Texas, and the Attorney General shall assign a special assistant to attend to all legal matters of the Board, and upon demand of the Board it shall be the duty of the Attorney General to promptly furnish the necessary assistance to the Board to attend to all its legal requirements.

Sec. 32. The fact that there is now no uniform and efficient law for the suppression and prevention of disease within this State, other than that of foreign origin, and no effective system for preserving, tabulating and utilizing the vital and mortuary statistics of the State and for the appointment of local health officers, creates an emergency and imperative public necessity that the constitutional rule providing that bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

SPECIAL COMMITTEE REPORT.

By Senator Murray:

Austin, Texas, April 10, 1909.

Hon. A. B. Davidson, President of the Senate:

Sir: Your committee appointed under resolution of the Senate to make an investigation of the cost of printing Senate Journals, and for the purpose of investigating such other matters as they might deem proper and expedient, relative to the cost of all matters required by the Legislature to be printed, beg leave to report:

That we have made an investigation of the matter and that it is our opinion that under Article 16, Section 21, of the Constitution, it is absolutely impossible for the Senate by any rule or regulation to control or govern the printing of legislative journals; and that under said section of the Constitution, it is very questionable whether or not the Legislature would have any authority to question or regulate the price of printing matters of this kind; therefore, it is the opinion of this committee that no action should be taken by the Senate with reference to this matter; all of which is

Very respectfully submitted,
MURRAY,
WILLACY,
WEINERT.

SENATE BILL NO. 26—FREE CONFERENCE COMMITTEE REPORT ON.

By Senator Meachum:

Committee Room,
Austin, Texas, April 10, 1909.

Hon. A. B. Davidson, President of the Senate, and Hon. John Marshall, Speaker of the House.

Sirs: We, your Free Conference Committee, heretofore appointed, and to whom was referred Senate bill No. 26, A bill to be entitled "An Act to amend Sections 6 and 11 of Chapter 94 of the Acts of the Twenty-eighth Legislature, page 119, entitled 'An Act to define, prohibit and declare illegal, trusts, monopolies and conspiracies in restraint of trade, and to prescribe penalties for forming or being connected with such trusts, monopolies and conspiracies, and to provide for the suppression of the same, and to promote free competition in the State of Texas, and to repeal all laws in conflict therewith'; providing venue; providing punishment for violations thereof; fixing compensation, and declaring an emergency,"

Have had the same under consideration for the purpose of adjusting the differences between the Senate and House of Representatives, and beg to report that we have adjusted said differ-

ences, and we report the following bill, which embodies our agreement and adjustment of differences:

S. B. No. 26. By Meachum et al.

A BILL

To be entitled

An Act to amend Sections 6 and 11 of Chapter 94 of the Acts of the Twenty-eighth Legislature, page 119, entitled "An Act to define, prohibit and declare illegal, trusts, monopolies and conspiracies in restraint of trade, and to prescribe penalties for forming or being connected with such trusts, monopolies and conspiracies, and to provide for the suppression of the same and to promote free competition in the State of Texas, and to repeal all laws in conflict therewith;" providing venue; providing punishment for violations thereof, fixing compensation; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Sections 6 and 11 of Chapter 94 of the Acts of the Twenty-eighth Legislature, page 119, entitled "An Act to define, prohibit and declare illegal, trust monopolies and conspiracies in restraint of trade, and to prescribe penalties for forming or being connected with trusts, monopolies and conspiracies, and to provide for the suppression of the same, and to promote free competition in the State of Texas, and to repeal all laws in conflict therewith;" be and the same are hereby amended so as to hereafter read as follows:

Sec. 6. For a violation of any of the provisions of this act, or any anti-trust laws of this State, by any corporation, it shall be the duty of the Attorney General, upon his motion, and without leave of order of any judge or court, to institute suit or quo warranto proceedings in Travis county, or at the county seat of any county in the State, which the Attorney General may select, for the forfeiture of its charter rights and franchises, and the dissolution of its corporate existence, and for such purposes venue is hereby given to each district court in the State of Texas.

Sec. 11. Each and every firm, person, corporation or association of persons, who shall in any manner violate the provisions of this act shall for each and every day that such violation shall be committed or continued, forfeit and pay

a sum of not less than fifty nor more than fifteen hundred dollars, which may be recovered in the name of the State of Texas in the district court of any county in the State of Texas, and venue is hereby given to such district courts, provided that when any such suit shall have been filed in any county and jurisdiction thereof acquired, it shall not be transferred to any other county except upon change of venue allowed by the court, and it shall be the duty of the Attorney General, or the district or county attorney, under the direction of the Attorney General, to prosecute for the recovery of the same, and the fees of the district or county attorney for representing the State in all anti-trust proceedings, or for the collection of penalties for the violation of the anti-trust laws of this State, shall be ten per cent. of the amount collected up to and including the sum of fifty thousand dollars and five per cent. of all sums in excess of the first fifty thousand dollars, to be retained by him when collected, and all such fees which he may collect shall be over and above the fees allowed under the general fee bill; provided that the provisions of this act as to the fees allowed the prosecuting attorney shall not apply to any case in which judgment has heretofore been rendered in any court, nor to any moneys to be hereafter collected upon any such judgment heretofore rendered in any court, whether such judgment or judgments are pending upon appeal or otherwise; and provided, further, that the district or county attorney who joins in the institution or prosecution of any suit for the recovery of penalties for a violation of the anti-trust laws of this State, who shall, previous to the collection of such penalties, cease to hold office, he shall be entitled to an equal division with his successor of the fee collected in said cause, and in case of the employment of special counsel by any such district or county attorney, the contract so made shall be binding upon such prosecuting officer making such contract and thereafter retiring from office; provided, further, that in case any suit is compromised before any final judgment in the trial court is had, then the fees herein provided for shall be reduced one-half.

Sec. 2. The fact that there is no law giving venue to each district court to try cases arising under the anti-trust laws throughout the State, and the further fact that the penalties provided

for under the Act of 1903 are inadequate to suppress violations of the law, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and that this act take effect and be in force from and after its passage, and it is so enacted.

EXECUTIVE MESSAGE.

The following message from the Governor was received and read to the Senate:

Executive Office,
State of Texas.

Austin, Texas, April 10, 1909.

To the Legislature:

The Constitution of this State imposes upon the Governor, among other things, the duty to "recommend to the Legislature such measures as he may deem expedient." Compliance with this provision of the Constitution is always the source of much annoyance to servants of special interests who may wish to serve their masters without protest from the Executive. However, under the Constitution, it is not only my privilege, but my duty to communicate by message with your honorable bodies, and in all reasonable ways to impress upon you the importance of such measures and the necessity for the enactment or repeal of such laws, as may appear to me to be demanded for the good of the State and for the welfare of all of the people. This duty I have at all times undertaken in an appropriate way to perform. The carplings of the hired lob-

byists may be echoed in our legislative halls in criticism and denunciation of the Executive, but no man has yet denied that I have acted within my duty and with fidelity to the masses of the people. In the contest for honest legislation and good government, I have never asked any quarter and will extend none. I have, without the semblance of dictation, but frankly and in a spirit of co-operation, sought the assistance of the Legislature, and have urged the enactment of needed and wholesome laws. I have respected the Democratic platform demands as good faith required me to do, and, as I believe, good faith requires of a Democratic Legislature. I have at all times sought to promote the welfare of all the people, and the extent to which I have received the co-operation of your honorable bodies, up to this time, is well known to the people of Texas. The most infamous lobby that ever trampled upon the will of the people has swarmed about this capital from the beginning of your Regular Session until this hour. The farmer is busy in his field. He cannot come to our capital to protect his interest. He relies upon you and upon me. He signs petitions and sends them by mail. To some, these petitions from the farmers, merchants and working men are irritating. It is their only way to be heard. The right of petition is sacred and the faithful public servant will not scoff at the petition of those who do not, and would not, hire professional lobbyists.

I have interpreted the Democratic platform without the aid of the liquor lobby, the railroad lobby, or of the Commercial Secretaries' lobby, which last mentioned instrument is the nucleus around which is gathered every selfish interest now represented at the capital. Its headquarters, established in Austin upon the assembling of this Legislature, with the evident purpose of directing legislation, is supported from a source unknown to you or to me. We can only surmise from the character of its work. I have interpreted the platform as I understand it, and as the people understand it, and not according to the view of those interests or of those politicians, who have shown such a marked activity in their efforts to defeat all legislative action, except to pass an appropriation bill and go home. A Legislature that is not competent to pass needed laws demanded by the people is certainly not competent to appropriate the taxpayers' money.

A law providing for the guaranty of

deposits in State banks was demanded and the people mean it. The National platform and the State platform demanded this legislation, because the people demand it and have the right to demand it. The depositors have asked for a bank guaranty law. Not a bond law, with only the right to bring a suit. Such a plan as proposed is, I believe, a sham and a fraud that would liquidate every State bank in Texas, notwithstanding it may have the support of good men, who are themselves deceived as to the practicability of such a scheme. Those who believe that such a subterfuge can be justified before the people are deceiving themselves. When the people deposit their savings in a bank, they have a right to security, and when the State authorizes a corporation to receive such deposits, it is in duty bound to provide appropriate safeguards for the stockholders and depositors. When the bank lends its money, it requires ample security, and should do so. When a bank holds the people's money for profit, it should give the depositors appropriate security. The guaranty of deposits demanded by the National and State platforms, contemplates a guaranty system by which each bank shall be guaranteed by all banks to the extent of the fund provided for that purpose, and that an adequate fund can be created and maintained by law with only slight burdens upon the banks, cannot be denied. As the law now stands, nobody is protected but the banker, and we will fall short of our duty to the people, if we fail to protect the depositors and their savings by an effective law. The system proposed by the Democratic platforms would make our banking system better and stronger, it will give stability and confidence, and stimulate development all along the line. I have taken the Democratic party at its word, and have reason to believe that legislators holding Democratic commissions, are in duty bound to keep the faith.

Your Regular Session of sixty days was expensive and of little value to the people. Not a single platform demand was enacted into law; one was defeated, and you adjourned without even considering the appropriation bill; whereupon the lobby applauded and it is not strange that you received through the newspapers the felicitations of the chairman of the Republican Executive Committee of this State. Under the circumstances, it was my plain duty to call an extra session of the Legislature, and this I did, to the end that the people may have

the laws that they needed and had demanded. Good men and sterling Democrats, in both the Senate and the House of Representatives have battled at every step during the Regular and Called Sessions for just laws, good government, and for the integrity of the Democratic party. The records of these loyal Democrats have been written in the proceedings of the Legislature and an appreciative constituency will reward them, just as surely as they will smite the public servants who betrays them.

Probably the boldest, the most arrogant and the most formidable lobby made up of the combined selfish interests, that ever assembled at the capital, gathered here upon the assembling of the Thirty-first Legislature to pester you and to hinder and defeat the popular will. Just what they have done, I do not know; but that they are still hovering about this capital, I do know.

The legitimate representative of a legitimate interest is entitled to be heard, and there are those who have come here in an orderly and in a legitimate way and have been heard before committees upon subjects of legislation. Upright men upon legitimate missions here are entitled to be heard and are entitled to courteous treatment on our part, but the professional lobbyist, who deals in deception and fraud, and whose mission is to defeat and throttle the will of the people, should have no part in making the laws or fixing the policy of our State, but should be driven from the presence of honest men.

Altogether your honorable bodies have been in continuous Regular and Called Sessions since January 12. It will hardly be denied that everything that has been done in the way of legislation by the Regular or Called Session could have been done in ten days, and then the appropriation bill could have been considered and passed. And it cannot be denied that everything demanded by the Democratic platform, together with all other needed legislation, could have been properly considered and disposed of in less than one-half the time that this Legislature has been in session.

Trainload jaunts over the State, frequent adjournments, filibustering, and the interference of a trained and organized lobby, sent here by selfish interests which combined in an effort to defeat all legislation in behalf of the masses of the people, have so far contributed to the failure of the Legislature to meet the full expectations of the people. This condition makes another called session absolutely necessary. Nearly ninety

days—and probably the most expensive ninety days in the history of legislation in Texas—has been consumed and much of that which should have been done long ago, remains for another called session. Without ill will towards anyone, and only with feelings of deep regret for conditions, to the creation of which I did not contribute, I have addressed this message to the Legislature.

Actuated by a sense of duty to the people, who have honored me and are trusting me, I have undertaken to meet the situation and deal with it as I find it. If the Democratic party is to be ignored and discredited, and if the people are betrayed, I am determined in so far as I am able, to fix the responsibility. If there are those who may thus prove themselves unworthy of the people's confidence, the people will and should know them. The overwhelming majority of the membership of the House of Representatives, and many of the members of the Senate are to be commended for the splendid record made during the Called Session. I have always believed, and still believe, that a majority of the members of this Legislature, taken as a whole, are true to the people, and I hope and believe that they will yet find a way by which they may redeem their own pledges, and the pledges of the Democratic party made to the masses of the people of our State. The issue here is understood by the people.

T. M. CAMPBELL,

Governor of Texas.

At the conclusion of the reading of the above message, Senator Senter moved that the message be referred to a Special Committee of five Senators, to be appointed by the Chair, for the purpose of consideration.

Senator Brachfield made the point of order on the motion, that the Senate had no right to refer same to a committee, and that nothing could be done with it save printing same in the Journal.

Senator Watson made a point of order to the point of order that the message by the Governor did not come within the constitutional power providing for the Governor to present messages to the Legislature, in that it did not submit subjects for legislation.

Pending discussion on the matter, the Chair, Lieutenant Governor Davidson, held that the motion of Senator Senter, that the message be referred to a Special Committee, was in order, in that the message did not recommend legisla-

tion, etc., which had the effect of overruling the point of order by Senator Brachfield and sustaining the one by Senator Watson.

Senator Cofer offered the following motion, as a substitute:

"I move, as a substitute, that the message of the Governor be printed in the Journal of the Senate for the information of the Senate."

Senator Senter made the point of order on the substitute, that it was not a substitute, in that the message would be printed in the Journal anyway, which point of order was sustained. Senator Murray also made a like point of order, and both were ruled on at the same time.

Action then recurred on the motion by Senator Senter, and pending discussion, Senator Alexander moved the previous question on the pending motion by Senator Senter, which motion being duly seconded, was so ordered by the following vote:

In accordance with the above motion, the Chair announced the following as the committee as provided for:

Senators Senter, Alexander, Perkins, Terrell of Bowie and Veale.

REASONS FOR VOTING.

We vote "nay" because we think the Governor is clearly within his constitutional rights in sending his message to the Legislature, and because we believe the Governor is right in the fight he has made and is making for the platform demands. The message should be simply printed in the Journal, and we are opposed to the unusual and wholly unnecessary course of sending the message to a committee and to this unprecedented attack upon the Governor.

FIFTH HOUSE MESSAGE.

Hall of the House of Representatives,
Austin, Texas, April 11, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: I am directed by the House to inform the Senate that the House concurs in Senate amendments to House bill No. 66 by the following vote: Yeas, 65; nays, 33.

SENATE BILL NO. 4—REQUEST OF HOUSE FOR FREE CONFERENCE COMMITTEE GRANTED.

Senator Watson called up, as a privilege matter, the request of the House for a new Free Conference Committee on Senate bill No. 4 (see House Message No. 1 for request of), and moved that the Senate grant the request of the House for the new Free Conference Committee.

The motion was adopted.

The Chair, upon the request of the House for a new Free Conference Committee on Senate bill No. 4, made the following statement:

The Governor of this State having submitted this morning a communication addressed to the Legislature of Texas in which great reflection is made upon the honor and integrity of as good men and as good Democrats as can be found in the State of Texas or in the Democratic party, and in which he sees fit to make the following statement:

"A law providing for the guaranty of deposits in State banks was demanded and the people mean it. The National platform and the State platform demanded this legislation, because the people demand it and have the right to demand it. The depositors have asked for a bank guaranty law. Not a bond law, with only the right to bring a suit. Such a plan as proposed is, I believe, a sham and fraud that would liquidate every State bank in Texas, notwithstanding it may have the support of good men who are themselves deceived as to the practicability of such a scheme. Those who believe that such a subterfuge can be justified before the people are deceiving themselves."

The Legislature certainly has the right to construe the Democratic platform recommendations as well as has the Chief Executive of this State, and the statement above quoted is an unjust reflection upon the committee heretofore appointed, who, according to their votes heretofore cast, believe that the position of the Senate is not only in compliance with the platform recommendations, but would be a safe and sound policy, not only for State banks, but other banks doing business in Texas, and could not destroy or injure any legitimate business enterprise in this State, but would be a plan in harmony with the best interests of State banks and certainly protect all depositors from loss and be in harmony with the general policy of this State, not to destroy unnecessarily any business institutions legitimately conducting

business within the borders of our Commonwealth.

Therefore the Chair declines to do otherwise than to appoint the committee heretofore appointed to adjust the differences between the House and the Senate, because to do so means to reflect not only upon the honesty of purpose of this committee under the charge above quoted, but also upon their democracy, both of which no man has heretofore seen fit to criticize. The Chair will, therefore, appoint Senators Senter, Watson, Hume, Hudspeth and Sturgeon as the committee.

A. B. DAVIDSON,
President of the Senate.

SENATE BILL NO. 12—FREE CONFERENCE COMMITTEE REPORT ON.

By Senator Meachum:

Committee Room.

Austin, Texas, April 10, 1909.

Hon. A. B. Davidson, President of the Senate, and Hon. John Marshall, Speaker of the House of Representatives.

Sirs: We, your Free Conference Committee, appointed to adjust the differences existing between the two houses on Senate bill No. 12, beg leave to report back the following bill as an adjustment of the differences:

A BILL

To Be Entitled

An Act providing for the appointment of official stenographers for district and county courts and county courts at law by the judges thereof, and prescribing their qualifications and duties, and providing for their compensation, and prescribing the time and method of making up and filing statements of facts and bills of exception in cases tried in such courts, and repealing Chapter 24 of the Acts of the First Called Session of the Thirtieth Legislature of Texas, and all other laws and parts of laws in conflict herewith, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. For the purpose of preserving a record in all cases for the information of the court, jury and parties, the judges of the district courts in all judicial districts of this State com-

posed of only one county, or of only a portion of one county and of all other district courts sitting in the same counties therewith may appoint official shorthand reporters for such courts, who shall be well skilled in their profession, who shall be sworn officers of the courts, and shall hold their office during the pleasure of the court. In all other judicial districts the district judges thereof may appoint official shorthand reporters if in their judgment such appointment is necessary, and in the event of such appointment the terms of this act shall apply.

Sec. 2. Before any person is appointed an official shorthand reporter under the provisions of this act he shall be examined as to his competency by a committee to be composed of at least three members of the bar practicing in said court, such committee to be appointed by the judge thereof. The test of competency of any applicant for the position of official shorthand reporter shall be as follows: The applicant shall write in the presence of such committee at the rate of at least 130 words per minute for five consecutive minutes from questions and answers not previously written by him, and in computing the number of words written the words "Questions" and "Answers" appearing in the official shorthand reporter's transcript shall not be counted, and shall transcribe the same with accuracy. If the applicant passes this test satisfactorily, a majority of the committee shall furnish him with a certificate of that fact, which shall be filed among the records of the court, and shall be recorded by the clerk of the court in the minutes thereof. Upon the occasion of subsequent appointments the presentation of a certified transcript from the clerk of the court of the certificate above mentioned shall be taken as prima facie evidence of the applicant's competency; provided, however, that if the applicant shall have been an official stenographer of any district court of this State for not less than two years prior to the filing of his application for said appointment, then such examination by said committee, as herein provided, shall not be necessary.

Sec. 3. Before any person shall assume the duties of official shorthand reporter under the provisions of this act, he shall, in addition to the oath required of officers by the Constitution, subscribe to an oath, to be administered to him by the clerk of any district court, to the effect that he will well and truly

and in an impartial manner keep a correct record of all evidence offered in any case which may be reported by him, together with the objections and exceptions thereto which may be interposed by the parties to such suit, and the rulings and remarks of the court in passing on the admissibility of such testimony.

Sec. 4. It shall be the duty of the official shorthand reporter to attend all sessions of the court; to take full shorthand notes of all oral testimony offered in every case tried in said court, together with all objections to the admissibility of testimony, the rulings and remarks of the court thereon, and all exceptions to such rulings. If during the trial of any cause, either party thereto or his attorney, shall desire to have the evidence already adduced upon the trial, or any part thereof, read over to him, he shall request such official shorthand reporter to read the same from his notes, and it shall be the duty of such reporter to comply with such request, and in case he shall fail or refuse so to do, he shall be removed from his official position as court reporter, in case it shall be found by a committee of three disinterested practicing attorneys of the county wherein such failure or refusal occurred, to be appointed by the court, that such failure or refusal was intentional and without justification; to preserve all shorthand notes taken in said court for future use or reference for at least one year, and to furnish to any person a transcript in question-and-answer form of all such evidence or other proceedings, or any portion thereof, upon the payment to him of the compensation hereinafter provided.

Sec. 5. In case an appeal is taken from the judgment rendered in any case, the official shorthand reporter shall transcribe the testimony and other proceeding recorded by him in said case in the form of questions and answers, provided the same is requested by either party to the suit, certifying that such transcript is true and correct, and shall file the same in the office of the clerk of the court within such reasonable time as may be fixed by written order of the court, said transcript shall be made in duplicate, to be paid for by the party ordering the same, on delivery, and the amount so paid shall be taxed as costs.

Sec. 6. Upon the filing in the office of the clerk of the court by the official shorthand reporter of his transcript as provided in Section 5 of this act, the

party appealing shall prepare or cause to be prepared a statement of facts in duplicate, which shall consist of the evidence adduced upon the trial, both oral and by deposition, stated in a succinct manner and without unnecessary repetition, together with copies of such documents, sketches, maps and other matters as were used in evidence. It shall not be necessary to copy said statement of facts in the transcript of the clerk on appeal, but the same shall, when agreed to by the parties and approved by the judge, or in the event of a failure of the parties to agree and a statement of facts is prepared and certified by the judge trying the case, be filed in duplicate with the clerk of the court and the original thereof shall be sent up as a part of the record in the cause on appeal. Provided, however, that the official shorthand reporter shall, when requested by the party appealing, prepare under the direction of the party appealing a statement of facts in narrative form, in duplicate, and deliver same to the party appealing, for which said statement of facts he shall be paid the sum of ten cents per folio of 100 words for the original copy and no charge shall be made for the duplicate copy; provided such amount shall not be taxed as costs in the case, if a transcript of the testimony in the form of questions and answers has been theretofore filed with the clerk and taxed as costs.

Sec. 7. When an appeal is taken from the judgment rendered in any cause in any district court or county court, the parties to the suit shall be entitled to and they are hereby granted thirty days after the day of adjournment of court in which to prepare and file a statement of facts and bills of exception; and upon good cause shown the judge trying the cause may extend the time in which to file a statement of facts and bills of exception. Provided, that the court trying such cause shall have power in term time or in vacation, upon the application of either party, for good cause, to extend the several times as hereinbefore provided for the preparation and filing of the statement of facts and bills of exception, but the same shall not be so extended so as to delay the filing of the statement of facts, together with the transcript of the record, in the appellate court within the time prescribed by law, and when the parties fail to agree upon a statement of facts, and that duty devolves upon

the court, the court shall have such time in which to do so, after the expiration of the thirty days as hereinbefore provided, as the court may deem necessary, but the court, in such case, shall not postpone the preparation and filing of such statement of facts and bills of exceptions so as to delay the filing of same, together with a transcript of the record in the appellate court within the time prescribed by law. Provided, if the term of said court may by law continue more than eight weeks, said statement of facts and bills of exception shall be filed within thirty days after final judgment shall be rendered unless the court shall by order entered of record in said cause extend the time for filing such statement and bills of exception.

Sec. 8. The official shorthand reporter shall receive a per diem compensation of \$5.00 for each and every day he shall be in the actual discharge of his duties in reporting cases in the court for which he is appointed, or in performing service under the actual direction of the judge of such court, upon work by such judge deemed necessary. Such compensation shall be paid monthly by the commissioners court of the county in which said court sits, out of the general fund of the county, upon the certificate of the district judge. He shall also receive from persons ordering transcripts of his notes the sum of ten cents per folio of one hundred words.

If the said official shorthand reporter shall, within the judgment of the court, have rendered more services to the court in the discharge of his duties than the terms of this bill shall provide for, then, and in that event the district judge shall certify to the commissioners court of each county in his district, six months after the taking effect of this act, and at the end of every six months thereafter, whether or not in his judgment the compensation is commensurate with the services performed, and if not, that the certificate of said judge shall state the amount that in his judgment the said official shorthand reporter should receive from each of the counties in the district, and same shall be a claim against the county, to be allowed, or rejected, by the commissioners court as other claims against the counties. Provided, that when any criminal case is appealed and the defendant is not able to pay for a statement of facts, or to give security therefor, he may make affidavit of such facts, and upon the mak-

ing and filing of such affidavit, the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in civil cases, but the stenographer shall receive no pay for same, provided that should any such affidavit so made by such defendant be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

In any civil case where the appellant or plaintiff in error has made the proof required to appeal his case without bond, such appellant or plaintiff in error may make affidavit of such facts and upon the making and filing of such affidavit, the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in other cases, but the stenographer shall receive no pay for same, provided that should any such affidavit so made by such appellant or plaintiff in error be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

Sec. 9. At the request of any person it shall be the duty of the official shorthand reporter to make a transcript in typewriting of all the evidence and other proceedings, or any portion thereof, either in question and answer form or in narrative form, in any case, which transcript shall be paid for at the rate of ten cents per folio of 100 words by and be the property of the person ordering the same.

Sec. 10. Hereafter the clerks of all courts having official shorthand reporters as provided for in this act shall tax as costs in each civil case now or hereafter pending in such courts, except suits for the collection of delinquent taxes, and except suits which are not contested, a stenographer's fee of three dollars, which shall be paid as other costs in the case, and which shall be paid by said clerk, when collected, into the general fund of the county in which said court sits, except cases in which the district court has no original jurisdiction.

Sec. 11. The official shorthand reporter may, with the consent of the court, appoint one or more deputies when necessary to assist him in the discharge of his duties, provided, however, that before any such deputy shall enter upon the discharge of his duties as official shorthand reporter he shall subscribe to the same oath hereinbefore provided for for the official shorthand reporter and shall also be required to stand such ex-

amination as to his proficiency as may be required by the court.

Sec. 12. It shall be the duty of each official shorthand reporter to file with the district clerk of each county of his district annually upon the first Monday in January an itemized statement, verified by affidavit, showing all sums collected by him as per diem or other compensation during the preceding year, giving the name of the person paying each sum and the date of payment of same.

Sec. 13. Whenever either party to a civil cause pending in the county court or county court at law shall apply therefor, the judge of the court shall appoint a competent stenographer to report the oral testimony given in such cause. Such stenographer shall take the oath herein prescribed, and shall receive such compensation as the court may fix, to be not less than five dollars per day, which shall be taxed and collected as costs. The provisions of this act with respect to the preparation of the statement of facts, the time to be allowed therefor, and for the presentation to the opposite party, and the approving and filing thereof by the court shall apply to all statements of facts in civil causes tried in the county court and county court at law; and all other provisions of law governing statement of facts and bills of exception to be filed in district courts and the use of the same on appeal, shall apply to civil causes tried in the county courts and county courts at law.

Sec. 14. That Chapter 24, page 509. Acts of the First Called Session of the Thirtieth Legislature of the State of Texas, providing for the appointment of court stenographers, prescribing their duties and regulating their charges, and all other laws or parts of laws in conflict with this act, be and the same are hereby expressly repealed; provided, however, that nothing in this act shall be so construed as to prevent parties from preparing statements of facts on appeal independent of the transcript of the notes of the official shorthand reporter. Provided, the provisions of this act as to preparing and filing statement of facts and bills of exception shall apply only to cases hereafter tried; as to cases heretofore tried the law now in force shall govern.

Sec. 15. In the trial of all criminal cases in the district court in which the defendant is charged with a felony, the official shorthand reporter shall keep an accurate stenographic record of all the

proceedings of such trial in like manner as is provided for in civil cases, and should an appeal be prosecuted in any judgment of conviction whenever the State and defendant can not agree as to the testimony of any witness, then and in such event so much of the transcript of the official shorthand reporter's report with reference to such disputed fact or facts shall be inserted in the statement of facts as is necessary to show what witnesses testified to in regard to the same, and constitute a part of the statement of facts, and the same rule shall apply in the preparation of bills of exceptions; provided, that such stenographer's report, when carried into the statement of facts or bills of exceptions, shall be condensed so as not to contain the questions and answers, except where, in the opinion of the judge such questions and answers may be necessary in order to elucidate the fact or question involved; provided, that in all cases where the court is required to and does appoint an attorney to represent the defendant in a criminal action, that the official shorthand reporter shall be required to furnish the attorney for the said defendant, if convicted, and where an appeal is prosecuted, with a transcript of his notes, for which said service he shall be paid, by the State of Texas, upon the certificate of the district judge, one-half of the rate provided for herein in civil cases.

Sec. 16. The fact that the present law relating to the appointment of official stenographers does not provide a proper standard of competency and does not provide a sufficient length of time in which to prepare and file statements of facts and bills of exceptions in cases on appeal, thereby causing confusion and dissatisfaction, creates an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and that this act take effect from and after its passage, and it is so enacted.

REPORT OF SPECIAL COMMITTEE.

(Majority report.)

By Senator Senter:

Austin, Texas, April 11, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: We, a majority of your special committee, to whom was referred the communication of the Governor of even date herewith, have had the same under consideration, and beg leave to submit the following report:

Upon inspection of the communication we find that the Governor states in said communication that "I have interpreted the Democratic platform without the aid of the liquor lobby, the railroad lobby, or of the Commercial Secretaries' lobby, which last mentioned instrument is the nucleus around which is gathered every selfish interest now represented at the capital. Its headquarters established in Austin upon the assembling of this Legislature, with the evident purpose of directing legislation, is supported from

a source unknown to you or to me. We can only surmise from the character of its work." And the motto of said Commercial Secretaries is claimed to be "Fewer Laws and Better Laws" or "pass the appropriation bill and come home." And we further find the following reference to said lobby, to-wit:

"Probably the boldest, the most arrogant and the most formidable lobby, made up by the combined selfish interests, that ever assembled at the capital, gathered here upon the assembling of the Thirty-first Legislature to pester you and to hinder and defeat the popular will. Just what they have done, I do not know; but they are still hovering about this capital, I do know."

And from a full inspection of said communication it is found that the Governor makes no charge that any member of this Legislature has been unduly influenced by any other motive than what such members honestly believed to be right, but that said communication is an arraignment of those organizations and interests which are opposed to his policies, and of the Legislature generally for not having passed the Democratic platform demands, or what the Governor construed to be such demands. We do not believe that the Governor charges nor do we think there is any reason for us to believe that any member of this Senate has been improperly influenced.

Therefore, we recommend that said communication of the Governor comes within his constitutional right and does not reflect on any member of the Legislature, and should be printed in the Journal, and that no further action be had thereon.

Respectfully submitted,
TERRELL of Bowie,
ALEXANDER,
VEALE.

(Minority Report.)

Austin, Texas, April 11, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: We, a minority of your committee, to which was referred the message of the Governor bearing date of April 10th, beg leave to submit the following report:

Under the provisions of Article 4, Section 9, of the Constitution it is provided that: "The Governor shall, at the commencement of each session of the Legislature, and at the close of his term of office, give to the Legislature information by message of the condition of the State; and he shall recom-

mend to the Legislature such measures as he may deem expedient."

Article 3, Section 40, of the Constitution provides: "When the Legislature shall be convened in special session there shall be no legislation upon subjects other than those designated in the proclamation of the Governor calling such session or presented to them by the Governor."

A careful examination of the message shows that it does not relate in any matter which would be presentable to the Legislature under the foregoing provisions of the Constitution. We are unable to find any provision in the Constitution for this discussion of measures which have lately been under consideration by the Legislature, and untimely and undignified upbraiding of its membership.

We think it unnecessary for the Legislature to take cognizance of the sinister insinuations contained in this document. An investigation was lately conducted under authority of the Senate of insinuations similar to those contained in this message, and if the Executive knew of any testimony bearing upon these matters which was not brought to the attention of that committee, he should then have submitted such facts to the committee. The Governor is charged by the Constitution with the duty of causing the laws to be faithfully executed. No such duty is vested in the Legislature. If the Governor is aware of any violation of the laws, it would be more appropriate, we suggest, to bring such violations to the attention of the executive officers under his immediate supervision and control than to present such matters to the Legislature.

The complaint of the Executive that the Senate has not always agreed with his views and with his interpretation of democratic platform is well based. It is contemplated by the Constitution that such differences may arise. We can discover no trace in that instrument of any lodgment of legislative power in the Governor other than the right to make recommendations to the Legislature and to exercise the veto power. It is unnecessary, at this time, to discuss the details of proposed legislation concerning which the Executive and the Senate have disagreed. Conscious of the rectitude of our own purposes and with a firm belief in the integrity of the Senate as a whole, we merely submit that the politician of

high or low degree who resorts to base and unfounded insinuations to escape the consequences of his own blunders or to revenge himself upon those who have not bowed to his command, is not likely to be accepted by the people of Texas as a just and a safe advisor. They are competent to pass judgment upon all issues, and they will not be deflected from a full investigation of every question upon its merits by tricks and artifices which have become too common in this State.

The experience of many years and many peoples has confirmed the wisdom of our system which separates the government into three co-ordinate branches, and guards with jealous care against encroachment by either upon the prerogatives of the other. Wherever popular government under whatever name has perished from the earth, its decline began with the usurpation of legislative power by the Executive.

SENTER,
PERKINS.

Senator Senter moved to adopt the minority report, and Senator Terrell of Bowie moved, as a substitute, to adopt the majority report.

Sec. 9j. The Comptroller of Public Accounts of the State of Texas shall not issue any permits to any person or firm for any city or town or justice precinct of any county in excess of the number of permits actually issued and existing on the 20th day of February, 1909, in such city or town or justice precinct, respectively, unless such number of permits are less than one for each 500 inhabitants, in which event he shall, if applied for, issue permits not exceeding one for each 500 inhabitants of such city or town or justice precinct. In case the number of permits issued and existing on the 20th day of February, 1909, for each said city or town or justice precinct is in excess of one for each 500 inhabitants, the number of permits existing on the 20th day of February, 1909, as applied for, shall be granted, but that number shall not be increased until the number of inhabitants of such city or town or justice precinct increases to the extent that the permits issued and actually in existence on February 20, 1909, is less than one for each 500 inhabitants, but the provisions of this section shall not apply to hotels now in existence or which may hereafter be opened, when located in the business section of a city or town, having a population of over 20,000, and provided, that in granting permits for licenses as a retail liquor dealer or a retail malt dealer the Comptroller of Public Accounts shall give preference to those applicants who apply for a permit to do business at the places and locations in said city or town or justice precinct where permits had heretofore been issued and granted; provided, further, that at least one permit may be issued in any city, town or justice precinct, when local option is not in force. The population of each city, town or justice precinct in the State shall be ascertained by the commissioners court of such county at the August term thereof of each and every year, in the following manner: It shall be the duty of the superintendent of public instruction for such county, upon the request of such commissioners court to inform such commissioners court of the total school census of each city and town and justice precinct, and it shall be the duty of the commissioners court in determining the population of such city, town or justice precinct to estimate the population at

the rate of six persons for every one name on such scholastic census, and upon such basis, at the August term of said court of each and every year, to ascertain and determine the population of such city, town and justice precinct, and to enter an order and decree upon the minutes of said court finding and determining what such population is, and shall send a certified copy thereof to the Comptroller of Public Accounts of the State of Texas.

Sec. 10. Any person or firm desiring a license as a retail liquor dealer or as a retail malt dealer, may in vacation or in term time file a petition with the judge of the county court of the county in which he desires to engage in such business, which petition shall have attached thereto as exhibits, the permit and copy of application required by Section 9 hereof, and shall state that the applicant is a law-abiding, taxpaying male citizen of the State of Texas, over the age of 21 years, and has been a resident of the county wherein such license is sought for more than two years next before the filing of such petition; that his license as a retail liquor or retail malt dealer has not been revoked or forfeited within five years next before the filing of such petition; that he desires a license as a retail liquor dealer or as a retail malt dealer, as the case may be, specifically stating the place where such business is to be conducted, describing with reasonable certainty the house or place wherein the same is to be conducted, and if the place of business be in any block or square of any town or city where there are more bona fide residences than there are business houses in said block or square, or in any block where there is a church or school, then said petition shall be accompanied with written consent of a majority of the bona fide householders or residents in said block or square, who have resided for at least six months preceding such application within 300 feet of such place of business. Upon the filing of the petition herein provided for, the county judge shall set the same for hearing at a time not less than ten nor more than twenty days from the filing of same, and if, upon the trial or hearing thereof, he finds that facts stated in said petition are true and that the same is accompanied by the permit aforesaid, he shall grant a license such as prayed for; provided, however, that upon the filing of such petition, the

clerk of the county court shall give notice of the filing thereof, by posting on the court house door a written notice of such petition, together with the substance thereof; and the petition when filed shall remain with said clerk until the same is acted upon by the county judge and shall be open to the inspection of any person desiring to see the same. And any resident taxpaying citizen residing or owning property in the block or square where said business is to be conducted, or any such citizen residing or owning property within 300 feet of the proposed place of business, or the county or district attorney shall be permitted to contest the facts stated in such petition and the applicant's right to obtain the license sought, upon giving security for all costs which may be incurred in such suit, should the same be decided in favor of applicant; provided, no county nor district attorney shall be required to give bond for such costs, but the county or State, as the case may be, shall be liable therefor.

Sec. 10a. The county judge shall in no case grant a license in any village, town or city, where the proposed place of business is within 300 feet of a church, school or other educational or charitable institution, the measurements to be along the property lines of the street fronts, and from front door to front door, and in a direct line across intersections where they occur; provided, the proposed place of business is not within a business block, or within 300 feet thereof, as such block is defined in Section 10 hereof.

Section 11. Upon the hearing of the petition, as provided in Section 10 hereof, the county judge shall determine the truth or falsity of the facts alleged, and shall render his judgment granting or refusing the license accordingly, and shall cause the same to be recorded at length, in a book kept for that purpose, which book shall be a record of said court and shall be preserved by the clerk as an archive of his office.

Sec. 12. Upon the granting of a license by the county judge, as provided by law, the clerk shall furnish the applicant with a certified copy of the judgment, which, when exhibited to the county tax collector of the license tax herein provided for, said collector shall receive said license tax and issue to such applicant his receipt therefor, showing the amount paid, date of payment, for

what paid, whether retail liquor dealer or retail malt dealer's license, and where such business is to be conducted.

Sec. 13. Upon the presentation to the county clerk by the applicant of the tax collector's receipt, provided for in the preceding section, and delivery to him of the bond provided for in Section 15 of this act, he shall examine such bond and receipt, and if such bond conforms to the provisions of said Section 15 hereof, and if the said receipt conforms to the judgment authorizing the same, he shall issue to the applicant the proper license, which shall be by him signed, be under the seal of his office, be dated, state on its face for what it is issued, the date when it will expire, by whom and where such business is to be conducted, and shall describe the place where the same is to be kept.

Sec. 14. That every person or firm having a license under the provisions of this act, who may be engaged in or who may hereafter engage in the sale of intoxicating liquors to be drunk on the premises (in any locality of this State, other than where local option is in force) shall close and keep closed their houses and places of business and transact no business therein or therefrom from and after 12 o'clock midnight until 5 o'clock a. m., of each week day, and shall close and keep closed their houses and places of business and transact no business therein or therefrom from and after 12 o'clock midnight Saturday until 5 a. m., of the following Monday of each week, and any such person or firm or his or their agent or employe, who shall open or keep open, or permit to be opened or kept opened, any such house or place of business for the purpose of traffic, or who shall sell or barter any intoxicating liquor of any kind, or who shall transact or permit to be transacted therein or therefrom any such business between the hours aforesaid, shall be deemed guilty of a misdemeanor and on conviction shall be punished by a fine of not less than \$25 nor more than \$200, or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment.

Sec. 15. That every person or firm desiring to engage in the sale of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, to be drunk on the premises, shall, before engaging in such sale, be required to enter into a bond in the sum of

\$5000; provided, however, that any person or firm dealing exclusively in malt liquors shall be required to give bond only in the sum of \$1000, with at least two good, lawful and sufficient sureties, and the sureties required by law on the bonds of liquor dealers shall make affidavit before some officer authorized to administer oaths, that they, in their own right, over and above all exemptions, are each worth the full amount of the bond they sign as sureties, and no county judge shall approve any such bond unless the affidavit as provided for in this section shall have been duly made. The approval of any such bond by the county judge without such affidavit shall make said county judge liable for any penalty recovered on such liquor dealer's bond, and any person who shall make any false affidavit as required by this act shall be punished as provided for in the Penal Code of this State; provided, that nothing herein shall prevent the making of such bond by a surety company as permitted by law, payable to the State of Texas, to be approved as to security by the county judge, which bond shall be conditioned that said person or firm so selling spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, in any quantity, to be drunk on the premises, shall not, either in person or knowingly by any agent, employe or representative, during the year for which such license shall run, keep open the house or place where liquors shall be sold under such license for the sale thereof or transact such business in such house or place of business after 12 o'clock midnight on Saturday and between that hour and 5 o'clock a. m. on the following Monday of any week; and that such person or firm shall keep an open, quiet and orderly house or place for the sale of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, and that such person or firm, or his or their agent or employe, will not sell or permit to be sold in his or their house or place of business, nor give nor permit to be given any spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication to any person under the age of 21 years, or to a student of any institution of learning, or any habitual drunkard, after having been notified in writing through the sheriff or other peace officer by the wife, father, mother, daughter or sister of such habitual drunkard, said notice shall be in force and effect for a period of two

years, not to sell to any such person, and that he or they will not permit any person under the age of 21 years to enter and remain in such house or place of business; that he or they will not permit any games prohibited by the laws of this State to be played, dealt or exhibited in or about such house or place of business, and that he or they will not rent or let any part of the house or place in which he or they have undertaken to sell spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, in any quantity, to be drunk on the premises, to any person or persons for the purpose of running or conducting any game or games prohibited by the laws of this State; and that he or they will not adulterate the liquors sold by them in any manner, by mixing the same with any drug, and that he or they will not knowingly sell or give away any impure or adulterated liquors of any kind; which said bond shall be filed in the office of the county clerk of the county where such business is conducted, and shall be recorded by such clerk in a book to be kept for such purpose, for which service said clerk shall be entitled to a fee of 75 cents, which said bond may be sued on at the instance of any person or persons aggrieved by the violation of its provisions, and such person shall be entitled to recover the sum of \$500 as liquidated damages for each infraction of the conditions of such bond, and the said bond shall not be void on the first recovery, but may be sued on until the full penal sum named therein shall have been recovered. In addition to civil proceedings for individual injuries brought on said bond, as above indicated, if any person or firm shall violate any of the conditions of the bond herein required, it shall be the duty of the county and district attorney, or either of them, to institute suit thereupon, or any person owning real property in the county, may institute suit thereupon, in the name of the State of Texas, for the use and benefit of the county, but no compensation shall be allowed such citizen, and he may be required to give security for costs, and the amount of \$500 as a penalty shall be recovered from the principals and sureties upon the liquor dealer's bond upon the breach of any of the conditions thereof; and hereafter when any recovery is had by any person or by any county or district attorney for the use and benefit of the county in any action in any court of competent jurisdiction upon the bond of any person or

firm engaged in the sale of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or malt liquors exclusively, to be drunk on the premises, in any locality other than where local option is in force, upon the ground that such licensee sold or permitted to be sold, or gave or permitted to be given any such liquors to a minor in his place of business, or permitted a minor to enter or remain in his place of business, or sold such liquor to any habitual drunkard after having been notified in writing not to sell to such habitual drunkard or that such licensee permitted prostitutes or lewd women to enter and remain in his place of business, or permitted any games prohibited by the law to be played, dealt or exhibited in or about his place of business, or of renting or letting his place of business or any part thereof for such purpose or purposes, the license of such person or firm shall by reason of such recovery, be forfeited, revoked and cancelled and the court entering judgment of recovery shall also enter an order declaring forfeited, revoked and cancelled such license, and the unearned portion of the occupation tax paid therefor shall not be refunded, but shall be forfeited to the State and county, city or town to which the money for the same may have been paid. And any person or firm who shall sell any such liquors or medicated bitters, in any quantity, to be drunk on the premises, without first giving bond as required by this act, or who shall sell the same after said license shall have been forfeited, revoked or cancelled, shall be deemed guilty of a misdemeanor, and on conviction shall be fined in the same amount provided for sales where no license has been obtained.

An open house in the meaning of this chapter is one in which no screens or other device is used or placed inside or outside of such house or place of business for the purpose of, or that will obstruct the view through the open door or place of entrance into any such house or place where intoxicating liquors are sold, to be drunk on the premises.

Sec. 17. The clerk of the county court shall make out a statement of all such licenses granted by him and the amount paid the collector on each for State and county taxes and report the same to the Comptroller of Public Accounts of the State.

Sec. 18. That hereafter when the license issued to any person or firm to

engage in the sale of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or malt liquors exclusively, to be drunk on the premises, in the locality other than where local option is in force, has been declared forfeited, by either the county or district court, revoked or cancelled, it shall be the duty of the clerk of the county or district court to immediately certify such forfeiture under the seal of such court to the Comptroller of Public Accounts of the State of Texas, which said certificate shall state the date of such forfeiture, the number and the nature of the cause, and the name and residence of the licensee or defendant, the name of the person and style of the firm, and the names and places of residence of the individual members of any such firm or the name and place of residence of any such person, as the case may be, as shown by the application for license filed by such person or firm in the county court, for which service the clerk shall receive a fee of \$1, to be taxed against the defendant or defendants. And it shall be the duty of the Comptroller upon receiving any such certificate to file and record the same in a book to be kept by him for such purpose, and he shall likewise record all such forfeitures by him made and thereafter no permit or license shall be issued to any such person or firm or to any member of any such firm to engage in the sale of spirituous, vinous or malt liquors, or medicated bitters capable of producing intoxication, or malt liquors exclusively, within the period of five years from and after the date of entry of such forfeiture.

firm engaged in the sale of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or malt liquors exclusively, to be drunk on the premises, in any locality other than where local option is in force, upon the ground that such licensee sold or permitted to be sold, or gave or permitted to be given any such liquors to a minor in his place of business, or permitted a minor to enter or remain in his place of business, or sold such liquor to any habitual drunkard after having been notified in writing not to sell to such habitual drunkard or that such licensee permitted prostitutes or lewd women to enter and remain in his place of business, or permitted any games prohibited by the law to be played, dealt or exhibited in or about his place of business, or of renting or letting his place of business or any part thereof for such purpose or purposes, the license of such person or firm shall by reason of such recovery, be forfeited, revoked and cancelled and the court entering judgment of recovery shall also enter an order declaring forfeited, revoked and cancelled such license, and the unearned portion of the occupation tax paid therefor shall not be refunded, but shall be forfeited to the State and county, city or town to which the money for the same may have been paid. And any person or firm who shall sell any such liquors or medicated bitters, in any quantity, to be drunk on the premises, without first giving bond as required by this act, or who shall sell the same after said license shall have been forfeited, revoked or cancelled, shall be deemed guilty of a misdemeanor, and on conviction shall be fined in the same amount provided for sales where no license has been obtained.

Sec. 33. In case the license of any

retail liquor dealer or retail malt dealer is forfeited under any of the provisions of this act, nevertheless such licensee shall be authorized to sell or dispose of in bulk any stock of intoxicating liquors he may have on hand at the time such license is forfeited.

Sec. 34. The term "intoxicating liquor," as used in this act, shall be construed to mean fermented, vinous or spirituous liquors or any composition of which fermented, vinous or spirituous liquors is a part; and all of the provisions of this act shall be liberally construed as remedial in character.

Sec. 35. All laws and parts of laws in conflict with this act are hereby expressly repealed; provided, all of the provisions relating to the sale of intoxicating liquors contained in any special charter granted by the Legislature to any city or town shall not be repealed by this act, but the same shall be cumulative thereof; provided, that as soon as this law goes into effect all licenses heretofore issued shall immediately cease and determine, but the holders of such licenses shall have until sixty days after this act takes effect in which to obtain licenses under this act, said licenses to be dated as of the date this act takes effect, and the tax collector shall give such licensee credit for the unearned portion of such cancelled license as of the date this act takes effect; and provided, during said sixty days said licensee shall have the right to pursue his business under and in accordance with the cancelled license and the laws applicable to the same, which for that purpose are hereby kept in force for said sixty days.

Sec. 35a. If, for any reason, any section or part of this act shall be held by the courts to be unconstitutional or invalid, then that fact shall not invalidate any other part of this act, but the same shall be enforced without reference to the parts, if any, which shall be so held to be invalid, unless the entire act shall be held to be invalid.

Sec. 36. The fact that the present law is defective, and that the calendar is greatly crowded, and the end of the session is near at hand, creates an emergency and an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days, and that this act should be in force from and after its passage, it is therefore hereby so enacted.

Senate bill No. 24.

An Act declaring corporations, receivers, or other persons operating railroads in this State, to be liable to employees for injuries received through the negligence of such employer, officer, agent or servant, or, in case of death from such injury, to be liable to the surviving widow and children, or husband and children, and mother and father of the deceased; and if none, then of the next of kin dependent upon such employees; prescribing the effect of

contributory negligence and assumed risk upon the right of recovery; declaring void any contract, rule or regulation intended to enable the employer to limit liability; also providing that employer shall be entitled to set off against any claim any sum contributed by such employer to a fund provided for such cases and which was actually paid to the injured party, and exempting such recovery from the debts of the deceased, and providing that the recovery shall be apportioned by the jury, or court trying the case without a jury, among those entitled to recover; providing how and by whom suit may be brought, and also that nothing in this act shall impair any right under any other law of this State or of the United States, or in any way interfere with any proceeding now pending in any court, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That every corporation, receiver or other person operating any railroad in this State, shall be liable in damages to any person suffering injury while he is employed by such carrier operating such railroad; or, in case of the death of such employe, to his or her personal representative for the benefit of the surviving widow and children and husband and children, or mother and father of the deceased, and if none, then of the next kin dependent upon such employe for such injury or death resulting in whole or in part from the negligence of any of the officers, agents or employes of such carrier, or by reason of any defect or insufficiency due to its negligence, in its cars, engines, appliances, machinery, track, roadbed, works, boats, wharves or other equipment; provided, the amount recovered shall not be liable for the debts of deceased and shall be divided among the persons entitled to the benefit of the action, or such of them as shall be alive, in such shares as the jury or court trying the case without a jury, shall deem proper, and provided in case of the death of such employe the action may be brought without administration by all the parties entitled thereto, or by one or more of them for the benefit of all, and if all parties be not before the court the action may proceed for the benefit of such of said parties as are before the court.

Sec. 2. That in all actions hereafter brought against any such common car-

rier by railroad under or by virtue of any of the provisions of this act to recover damages for personal injuries to an employe, or where such injuries have resulted in his death, the fact that the employe may have been guilty of contributory negligence shall not bar a recovery, but the damages shall be diminished by the jury in proportion to the amount of negligence attributable to such employe; provided, that no such employe who may be injured or killed shall be held to have been guilty of contributory negligence in any case where the violations by such common carrier of any statute enacted for the safety of employes contributed to the injury or death of such employe.

Sec. 3. That any action brought against any common carrier under or by virtue of any of the provisions of this act to recover damages for injuries to, or the death of any of its employes, such employe shall not be held to have assumed the risks of his employment in any case where the violation of such common carrier of any statute enacted for the safety of employes contributed to the injury or death of such employe.

Sec. 4. That any contract, rule, regulation or device whatsoever, the purpose or intent of which shall be to enable any common carrier to exempt itself from any liability created by this act, shall to that extent be void; provided, that in any action brought against any such common carrier under or by virtue of any of the provisions of this act, such common carrier may set off therein any sum it has contributed or paid to any insurance, relief benefit or indemnity that may have been paid to the injured employe or the person entitled thereto on account of the injury or death for which said action was brought.

Sec. 5. That nothing in this act shall be held to limit the duty or liability of common carriers or to impair the rights of their employes under the assumed risk law enacted by the Twenty-ninth Legislature and known as Chapter 163, page 386 of the General Laws of the Twenty-ninth Legislature, any other act or acts of the Legislature of this State, though in case of conflict this law shall prevail, or to affect the prosecution of any pending proceeding or right of action under the laws of this State.

Sec. 6. The fact that a conflict may arise between the Federal courts and the courts of this State in construing the Federal and State statutes of this State in suits against common carriers

S. B. No. 64. By Hudspeth.

An Act to authorize and empower the State Health Officer to isolate and return to their homes indigent consumptives sojourning in other sections of the State; providing appropriation to carry this law into effect; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Hereafter when any indigent person suffering from tuberculosis and is sojourning in any other county than his residence makes application for financial relief to any county health officer or commissioner court of any county in this State before any relief is granted he shall make an affidavit that he is indigent and unable to provide for himself, when such affidavit is made it shall be the duty of the county health officer or county judge to forthwith notify the State Health Officer of the case, giving the name of the patient and the place of his residence. If such patient is a bona fide citizen of any county within the State of Texas, it shall be the duty of the State Health Officer, and he shall have the power, to purchase a ticket for said patient and furnish him with sufficient additional means to purchase food en route to his former home and return such patient thereto.

Sec. 2. An appropriation of \$20,000 is hereby made from the general revenue of this State, not otherwise appropriated, for the purpose of carrying this law into effect and shall be paid out upon the warrant of the Comptroller upon the verified account of the person receiving the aid approved by the State Health

Officer and the county judge of the county where such patient is so temporarily sojourning.

Sec. 3. The fact that many persons of indigent circumstances go to the counties in the western part of the State seeking relief from the dreadful disease of tuberculosis and soon become charges on the charity of the people of that section of the State, creating demands upon the humanitarianism and benevolence of such people far beyond their ability to meet all such requirements, creates an emergency and imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and that this act take effect and be in force from and after its passage, and it is so enacted.

The Governor of Texas shall, as soon as practicable after the taking effect of this bill, appoint a commission to consist of the State Health Officer and two other citizens of the State of Texas, for the purpose of selecting a site for the erection of an institution to be known as the State Home for Lepers; such commission shall report within thirty days to the Governor their selection, which selection shall consist of not less than 100 acres of land, which said site shall not be less than five miles distant from any town or city within this State, and not less than one mile distant from any residence; said site shall upon selection by the commission aforesaid be purchased for the State and shall cost not to exceed \$2500. The Land Commissioner is hereby authorized upon the request of the board to award to the State any school land for the location of this home they may select, at the price fixed upon it by the Land Office; provided, nothing herein shall be construed as repealing any law now in force except as herein provided. Said members of said commission shall each be paid \$5.00 per day and necessary expenses for the time actually consumed in the services required by this section of this law.

Sec. 2. As soon as practicable after the selection and purchase of such site, the said commission shall designate the exact location on the ground, and the character and plans for all necessary buildings, including a home for the superintendent of such home for lepers, said buildings to be on the cottage plan, and shall have plans and specifications made therefor, and shall advertise for thirty days in at least one newspaper of general circulation in this State and one newspaper published in the county where such home is to be located, for bids for the erection of such buildings, and shall award the contract to the lowest and best bidder, provided the total amount of said bid for all the buildings shall not exceed \$10,000; and the said commission shall also purchase all necessary

furniture and equipment for said buildings, not to exceed in cost \$1500.

Sec. 3. All payments of money required under the provisions of Section 1 and Section 2 of this act shall be made by warrant on the State Treasury drawn by the State Comptroller, based on vouchers signed by the Commission provided for in Section 1 and approved by the Governor.

Sec. 4. Any person within this State found to be suffering with the disease of leprosy shall be isolated and removed to said State Home for Lepers, upon certificate of the county health officer of the county where such leper may be, and of the State Health Officer to the effect that such person is so suffering.

Upon the certificate of said State Health Officer and county health officer as herein provided for, the county judge of the county where such leper may be, shall issue his warrant commanding the sheriff of such county to seize such leper and convey him to the Home for Lepers as herein provided. All necessary expenses for conveying such leper to the Home for Lepers shall be paid for by the county wherein said leper may be found.

Such person after having been conveyed to the Home for Lepers as herein provided for, shall be confined therein and cared for and treated at the expense of this State during life, unless sooner discharged on account of being cured. Provided, however, that any person found suffering from leprosy within this State who shall not have been a resident of this State for a period of one year, shall be returned to the State from whence he came, and the expense of such return shall be paid by the county in which such leper is found.

Sec. 5. As soon as such Home for Lepers is completed and ready for occupancy, and every two years thereafter, the Governor shall appoint a superintendent for the State Home for Lepers, who shall be a graduate of a reputable school of medicine, who shall be authorized to practice medicine within this State, and he shall receive a salary of \$3000 per annum; said superintendent shall hold office for two years after his appointment and until his successor qualifies; which superintendent shall employ such nurses, assistants and servants as shall be necessary, and shall pay for same such salaries as may be fixed by such superintendent and approved by the Governor; provided, that said superintendent shall live at said State Home for Lepers and be in active

management and control of said home, subject to the limitations of this act.

Sec. 6. All payments of money necessary under the provisions of Section 5 of this act shall be made by warrant on the State Treasury drawn by the Comptroller, based upon vouchers signed by the superintendent of the Home for Lepers and approved by the Governor.

Sec. 7. Any person within this State who shall knowingly harbor or conceal any leper shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less \$50 and not more than \$500 for every day of such concealment.

Sec. 8. There is hereby appropriated from the general revenue of this State the sum of \$40,000, or as much thereof as may be necessary, for the purpose of carrying into effect this act, and to purchase such site and erect and equip such buildings as herein provided for, and for the maintenance of such institution for the fiscal years ending August 31, 1910, and August 31, 1911.

Sec. 9. The fact that there is now a number of cases of leprosy within this State, and that same for all time has been considered to be a pestilential and loathsome disease, and the further fact there now exists no means for isolating and caring for persons suffering with the disease of leprosy, creates an emergency and an imperative public necessity requiring that the constitutional requirement that a bill be read on three several days in each house be suspended, and that this act take effect from and after its passage, and it is so enacted.

S. B. No. 65.

By Alexander.

An Act to amend Articles 3388 and 3389, Title 69, Revised Civil Statutes of the State of Texas, 1895, prescribing the form of ballot to be used in local option elections, and making the general election law control in such local option elections whenever applicable, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Articles 3388 and 3389, Title 60, Revised Civil Statutes of the State of Texas, 1895, be so amended as to hereafter read as follows:

"Article 3388. At said election the vote shall be by official ballot, which shall have printed or written at the top thereof in plain letters the words "Official Ballot." Said ballot shall have also written or printed thereon the words "For Prohibition" and the words "Against Prohibition," and the clerk of the county court shall furnish the presiding officer of each voting box within the proposed limits with a number of such ballots to be not less than twice the number of qualified voters at such voting boxes, and the presiding officer of each such voting box shall write his name on the back of each ballot before delivering the same to the voter, and the person offering to vote at such election shall, at the time he offers to vote, be furnished by such presiding officer with one such ballot, and no voter shall be permitted to depart with such ballot and shall not be assisted in voting by any person except such presiding officer or by some officer assisting in the holding of such election under the direction of such presiding officer, when requested to do so by such voter.

"Those who favor the prohibition of the sale of intoxicating liquors within the proposed limits shall erase the words "Against Prohibition" by making a pencil mark through same, and those who oppose it shall erase the words "For Prohibition" by making a pencil mark through same. No ballot shall be received or counted by the officers of such election that is not an official ballot, and that has not the name of the presiding officer of such election written thereon in the handwriting of such presiding officer, as required by this act."

"Article 3389. The officers holding said election shall in all respects not herein specified conform to the general election laws now in force regulating elections, and after the polls are closed shall proceed to count the votes, and within ten days thereafter make due report of said election to the aforesaid court.

"The general election law passed at the First Called Session of the Twenty-ninth Legislature, known as Chapter 11, page 520 of the General Laws of the Twenty-ninth Legislature, as amended by the acts of the Thirtieth Legislature, shall govern in all respects as to the

qualifications of the electors, the method of holding such elections and in all other respects whenever said general law does not conflict with this title and whenever said general law can be made applicable to elections held under this title."

Sec. 2. The fact that local option elections are being frequently held in this State, and that there is no official ballot provided by law to be used at such elections creates an emergency and an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days, and that this act shall be in force from and after its passage, and it is so enacted.

Committee Room,
Austin, Texas, April-11, 1909.

Hon. A. B. Davidson, President of the Senate.

Sir: Your Committee on Enrolled Bills have carefully examined and compared Senate bill No. 12, and find it correctly enrolled, and have this day, at 11 o'clock p. m., presented same to the Governor for his approval.

TERRELL of McLennan, Chairman.

Following is the enrolled bill in full:

S. B. No. 12.

An Act providing for the appointment of official stenographers for district and county courts and county courts at law by the judges thereof, and prescribing their qualifications and duties, and providing for their compensation, and prescribing the time and method of making up and filing statements of facts and bills of exception in cases tried in such courts, and repealing Chapter 24 of the Acts of the First Called Session of the Thirtieth Legislature of Texas, and all other laws and parts of laws in conflict herewith, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. For the purpose of preserving a record in all cases for the information of the court, jury and parties, the judges of the district courts in all judicial districts of this State composed of only one county, or of only a portion of one county and of all other district courts sitting in the same counties therewith may appoint official shorthand reporters for such courts, who shall be well skilled in their profession, who shall be sworn officers of the courts,

and shall hold their office during the pleasure of the court. In all other judicial districts the district judges thereof may appoint official shorthand reporters if in their judgment such appointment is necessary, and in the event of such appointment the terms of this act shall apply.

Sec. 2. Before any person is appointed an official shorthand reporter under the provisions of this act he shall be examined as to his competency by a committee to be composed of at least three members of the bar practicing in said court, such committee to be appointed by the judge thereof. The test of competency of any applicant for the position of official shorthand reporter shall be as follows: The applicant shall write in the presence of such committee at the rate of at least 130 words per minute for five consecutive minutes from questions and answers not previously written by him, and in computing the number of words written the words "Questions" and "Answers" appearing in the official shorthand reporter's transcript shall not be counted, and shall transcribe the same with accuracy. If the applicant passes this test satisfactorily a majority of the committee shall furnish him with a certificate of that fact, which shall be filed among the records of the court, and shall be recorded by the clerk of the court in the minutes thereof. Upon the occasion of subsequent appointments the presentation of a certified transcript from the clerk of the court of the certificate above mentioned shall be taken as prima facie evidence of the applicant's competency; provided, however, that if the applicant shall have been an official stenographer of any district court of this State for not less than two years prior to the filing of his application for said appointment, then such examination by said committee, as herein provided, shall not be necessary.

Sec. 3. Before any person shall assume the duties of official shorthand reporter under the provisions of this act, he shall, in addition to the oath required of officers by the Constitution, subscribe to an oath, to be administered to him by the clerk of any district court, to the effect that he will well and truly and in an impartial manner keep a correct record of all evidence offered in any case which may be reported by him, together with the objections and exceptions thereto which may be interposed by the parties to such suit, and the rulings and remarks of the

court in passing on the admissibility of such testimony.

Sec. 4. It shall be the duty of the official shorthand reporter to attend all sessions of the court; to take full shorthand notes of all oral testimony offered in every case tried in said court, together with all objections to the admissibility of testimony, the rulings and remarks of the court thereof, and all exceptions to such rulings. If during the trial of any cause, either party thereto or his attorney, shall desire to have the evidence already adduced upon the trial, or any part thereof, read over to him he shall request such official shorthand reporter to read the same from his notes, and it shall be the duty of such reporter to comply with such request, and in case he shall fail or refuse so to do, he shall be removed from his official position as court reporter, in case it shall be found by a committee of three disinterested practicing attorneys of the county wherein such failure or refusal occurred, to be appointed by the court, that such failure or refusal was intentional and without justification; to preserve all shorthand notes taken in said court for future use or reference for at least one year, and to furnish to any person a transcript in question-and-answer form of all such evidence or other proceedings, or any portion thereof, upon the payment to him of the compensation hereinafter provided.

Sec. 5. In case an appeal is taken from the judgment rendered in any case, the official shorthand reporter shall transcribe the testimony and other proceedings recorded by him in said case in the form of questions and answers, provided the same is requested by either party to the suit, certifying that such transcript is true and correct, and shall file the same in the office of the clerk of the court within such reasonable time as may be fixed by written order of the court. Said transcript shall be made in duplicate, to be paid for by the party ordering the same, on delivery, and the amount so paid shall be taxed as costs.

Sec. 6. Upon the filing in the office of the clerk of the court by the official shorthand reporter of his transcript as provided in Section 5 of this act, the party appealing shall prepare or cause to be prepared a statement of facts in duplicate, which shall consist of the evidence adduced upon the trial, both oral and by deposition, stated in a succinct manner and without unnecessary repetition, together with copies of such documents, sketches, maps and other matters as were used in evidence. It shall not

be necessary to copy said statement of facts in the transcript of the clerk on appeal, but the same shall when agreed to by the parties and approved by the judge, or in the event of a failure of the parties to agree and a statement of facts is prepared and certified by the judge trying the case, be filed in duplicate with the clerk of the court and the original thereof shall be sent up as a part of the record in the cause on appeal. Provided, however, that the official shorthand reporter shall, when requested by the party appealing, prepare under the direction of the party appealing, a statement of facts in narrative form, in duplicate, and deliver same to the party appealing, for which said statement of facts he shall be paid the sum of 10 cents per folio of 100 words for the original copy, and no charge shall be made for the duplicate copy, provided such amount shall not be taxed as costs in the case, if a transcript of the testimony in the form of questions and answers has been theretofore filed with the clerk and taxed as costs.

Sec. 7. When an appeal is taken from the judgment rendered in any cause in any district court or county court, the parties to the suit shall be entitled to and they are hereby granted thirty days after the day of adjournment of court in which to prepare and file a statement of facts and bills of exception; and upon good cause shown the judge trying the cause may extend the time in which to file a statement of facts and bills of exception. Provided, that the court trying such cause shall have power in term time or in vacation, upon the application of either party, for good cause, to extend the several times as hereinbefore provided for the preparation and filing of the statement of facts and bills of exception, but the same shall not be so extended so as to delay the filing of the statement of facts, together with the transcript of the record, in the appellate court within the time prescribed by law, and when the parties fail to agree upon a statement of facts, and that duty devolves upon the court, the court shall have such time in which to do so, after the expiration of the thirty days as hereinbefore provided, as the court may deem necessary, but the court, in such case shall not postpone the preparation and filing of such statement of facts and bills of exceptions so as to delay the filing of same, together with a transcript of the record in the appellate court within the time prescribed by law. Provided, if the term of said court may by

law continue more than eight weeks, said statement of facts and bills of exception shall be filed within thirty days after final judgment shall be rendered unless the court shall by order entered of record in said cause extend the time for filing such statement, and bills of exception.

Sec. 8. The official shorthand reporter shall receive a per diem compensation of \$5.00 for each and every day he shall be in the actual discharge of his duties in reporting cases in the court for which he is appointed, or in performing service under the actual directions of the judge of such court, upon work by such judge deemed necessary. Such compensation shall be paid monthly by the commissioners court of the county in which said court sits, out of the general fund of the county, upon the certificate of the district judge. He shall also receive from persons ordering transcripts of his notes the sum of 10 cents per folio of 100 words; provided, further, however, that if, in any district, the said official shorthand reporter shall, within the judgment of the court, have rendered more services to the court in the discharge of his duties than the terms of this bill shall provide for, then, and in that event the district judge shall certify to the commissioners court of each county in his district, six months after the taking effect of this act, and at the end of every six months thereafter, whether or not in his judgment the compensation is commensurate with the services performed, and if not, that the certificate of said judge shall state the amount that in his judgment the said official shorthand reporter should receive from each of the counties in the district, and same shall be a claim against the county, to be allowed or rejected by the commissioners court as other claims against the counties. Provided, that when any criminal case is appealed and the defendant is not able to pay for a statement of facts, or to give security therefor, he may make affidavit of such facts, and upon the making and filing of such affidavit the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in civil cases, but the stenographer shall receive no pay for same, provided that should any such affidavit so made by such defendant be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

In any civil case where the appellant or plaintiff in error has made the proof

required to appeal his case without bond, such appellant or plaintiff in error may make affidavit of such facts and upon the making and filing of such affidavit the court shall order the stenographer to make such statement of facts in duplicate and deliver them as herein provided in other cases, but the stenographer shall receive no pay for same, provided that should any such affidavit so made by such appellant or plaintiff in error be false he shall be prosecuted and punished as is now provided by law for making false affidavits.

Sec. 9. At the request of any person it shall be the duty of the official shorthand reporter to make a transcript in typewriting of all the evidence and other proceedings, or any portion thereof, either in question and answer form or in narrative form, in any case, which transcript shall be paid for at the rate of 10 cents per folio of 100 words and be the property of the person ordering the same.

Sec. 10. Hereafter the clerks of all courts having official shorthand reporters as provided for in this act, shall tax as costs in each civil case now or hereafter pending in such courts, except suits for the collection of delinquent taxes, and except suits which are not contested, a stenographer's fee of \$3.00, which shall be paid as other costs in the case, and which shall be paid by said clerk, when collected, into the general fund of the county in which said court sits, except cases in which the district court has not original jurisdiction.

Sec. 11. The official shorthand reporters may, with the consent of the court, appoint one or more deputies when necessary to assist him in the discharge of his duties; provided, however, that before any such deputy shall enter upon the discharge of his duties as official shorthand reporter he shall subscribe to the same oath hereinbefore provided for for the official shorthand reporter, and shall also be required to stand such examination as to his proficiency as may be required by the court.

Sec. 12. It shall be the duty of each official shorthand reporter to file with the district clerk of each county of his district annually upon the first Monday in January an itemized statement, verified by affidavit, showing all sums collected by him as per diem or other compensation during the preceding year, giving the name of the person paying each sum and the date of payment of same.

Sec. 13. Whenever either party to a

civil cause pending in the county court or county court at law shall apply therefor, the judge of the court shall appoint a competent stenographer to report the oral testimony given in such cause. Such stenographer shall take the oath herein prescribed, and shall receive such compensation as the court may fix, to be not less than \$5.00 per day, which shall be taxed and collected as costs. The provisions of this act with respect to the preparation of the statement of facts, the time to be allowed therefor, and for the presentation to the opposite party, and the approving and filing thereof by the court shall apply to all statements of facts in civil causes tried in the county court and county court at law; and all other provisions of law governing statements of facts and bills of exception to be filed in district courts and the use of the same on appeal shall apply in civil causes tried in the county courts and county courts at law.

Sec. 14. That Chapter 24, page 509. Acts of the First Called Session of the Thirtieth Legislature of the State of Texas, providing for the appointment of court stenographers, prescribing their duties and regulating their charges, and all other laws or parts of laws in conflict with this act, be and the same are hereby expressly repealed; provided, however, that nothing in this act shall be so construed as to prevent parties from preparing statements of facts on appeal independent of the transcript of the notes of the official shorthand reporter. Provided, the provisions of this act as to preparing and filing statement of facts and bills of exception shall apply only to cases hereafter tried, as to cases heretofore tried the law now in force shall govern.

Sec. 15. In the trial of all criminal cases in the district court in which the defendant is charged with a felony, the official shorthand reporter shall keep an accurate stenographic record of all the proceedings of such trial in like manner as is provided for in civil cases, and should an appeal be prosecuted in any judgment of conviction whenever the State and defendant can not agree as to the testimony of any witness, then and in such event so much of the transcript of the official shorthand reporter's report with reference to such disputed fact or facts shall be inserted in the statement of facts as is necessary to show what witnesses testified to in regard to the same, and constitute a part of the statement of facts, and the same rule shall apply in the preparation of

bills of exceptions; provided, that such stenographer's report, when carried into the statement of facts or bills of exceptions, shall be condensed so as not to contain the questions and answers, except where, in the opinion of the judge, such questions and answers may be necessary in order to elucidate the fact or question involved; provided, that in all cases where the court is required to and does appoint an attorney to represent the defendant in a criminal action, that the official shorthand reporter shall be required to furnish the attorney for the said defendant, if convicted, and where an appeal is prosecuted, with a transcript of his notes, for which said service he shall be paid by the State of Texas upon the certificate of the district judge, one-half of the rate provided herein in civil cases.

Sec. 16. The fact that the present law relating to the appointment of official stenographers does not provide a proper standard of competency and does not provide a sufficient length of time in which to prepare and file statements of facts and bills of exception in cases on appeal, thereby causing confusion and dissatisfaction, creates an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect from and after its passage, and it is so enacted.

S. B. No. 29.

By Ward.

An Act to amend Subdivision 3 of Section 1 of Chapter 107 of the Acts of the Regular Session of the Thirtieth Legislature, and Section 2 of said act pertaining to Article 2989, Title 56 of the Revised Civil Statutes, with respect to the granting of injunctions, and providing for appeals from the orders and decrees of district and county courts, either granting or refusing temporary injunctions and fixing effects of such appeals, and repealing all laws in conflict herewith, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 2989 of the Revised Civil Statutes of Texas be amended so as to read as follows:

"Article 2989. Judges of the district and county courts shall either in term time or vacation, hear and determine all applications, and may grant writs of injunctions returnable to said courts in the following cases:

"(1) Where it shall appear that the party applying for such writ is entitled to the relief demanded, and such relief or any part thereof requires the restraint of some act prejudicial to the applicant.

"(2) Where, pending litigation, it shall be made to appear that a party is doing some act respecting the subject of litigation, or threatens, or is about to do some act, or is procuring or suffering the same to be done in violation of the rights of the applicant which act would tend to render judgment ineffectual.

"(3) In all cases where the applicant for such writ may show himself entitled thereto under the principles of equity, and as provided by statutes in all other acts of this State providing for the granting of injunctions, or where a cloud would be put on the title of real estate being sold under an execution against a person, partnership or corporation, having no interest in such real estate subject to the execution at the time of the sale, or irreparable injury to real estate or personal property is threatened, irrespective of any legal remedy at law. Provided, that no district judge shall have the power to grant any writ of injunction returnable to any other court than his own, unless the application or petition therefor shall state that the resident judge, that is, the judge in whose district the suit is, or is to be brought, is absent from his district, or is sick and unable to hear or act upon the application, or is inaccessible, or unless such resident judge shall have refused to hear or act upon such application for the writ of injunction, or unless such judge is disqualified to hear or act upon the application; and the facts of, and relating to, such judge's absence, or sickness and inability, or disqualification, or inaccessibility, or refusal to act must be fully set out in the application for the writ, or in an affidavit accompanying said application; and in case of such absence, or sickness and inability, or inaccessibility, or disqualification of the resident judge, or in

case of his refusal to hear, or act upon, such application, no district judge shall have the power to grant the writ when the application therefor shall have once been acted upon by a district judge of the State; provided, that when the judge applied to shall have refused to hear or act upon such application, he shall endorse thereon, or annex thereto his refusal to hear or act upon such application, together with his reason therefor; provided, that nothing herein shall apply to the granting of writs of injunction by non-resident judges to stay execution or to restrain foreclosures, or to restrain sales under deeds of trust, or to restrain trespassers, or to restrain the removal of property, or to restrain acts injurious to, or impairing riparian or easement rights where proof is made to the satisfaction of such non-resident judge that it is impracticable for the applicant to reach the resident judge and procure his action in time to effectuate the purpose of the application.

"A resident judge shall be deemed inaccessible, within the meaning of this act, when by the ordinary and available means and modes of travel and communication, he can not be reached in sufficient time to effectuate the purpose of the writ of injunction sought.

"Whenever an application or petition for the writ of injunction shall be made to a non-resident judge upon the ground that the resident judge is inaccessible as hereinbefore defined, the party making such application or his attorney, shall make and file with the application, as a part thereof or annexed thereto, an affidavit setting out fully the facts showing that the resident judge is inaccessible, and the efforts made by the applicant to reach and communicate with said resident judge, and the result of said efforts in that behalf. And unless it appears from said affidavit that the applicant has made a fair and reasonable effort to procure the action of the resident judge upon said application, non-resident judge shall have the power to hear said application upon the ground of inaccessibility of the resident judge; and should any non-resident judge hear said application upon said ground of inaccessibility of the resident judge, and should grant the writ of injunction prayed for, said injunction so granted shall be dissolved upon its being shown that the petitioner has not first made reasonable effort to procure a hearing upon said application before the resident judge. That Section 2 of Chapter 107 of the Acts of the Regular Session of

the Thirtieth Legislature shall be amended so as hereafter to read as follows:"

Sec. 2. Any party or parties to any civil suit wherein a temporary injunction may be granted, refused or dissolved under any of the provisions of this title in term time or in vacation, may appeal from the order of judgment granting, refusing or dissolving such injunction to the Court of Civil Appeals having jurisdiction of the case; but such appeal shall not have the effect to suspend the enforcement of the order appealed from, unless it shall be so ordered by the court or judge who enters the order; provided, the transcript in such case shall be filed with the clerk of the Court of Civil Appeals not later than fifteen days after the entry of record of such order or judgment granting, refusing or dissolving such injunction.

Sec. 3. It shall not be necessary to brief such case in the Court of Civil Appeals or Supreme Court, and the case may be heard in the said courts on the bill and answer, and such affidavits and evidence as may have been admitted by the judge granting, refusing or dissolving such injunction; provided, the appellant may file a brief in the Court of Civil Appeals or Supreme Court upon the furnishing the appellee with a copy thereof not later than two days before the case is called for submission in such court, and the appellee shall have until the day the case is called for submission to answer such brief.

Sec. 4. Such case shall be advanced in the Court of Civil Appeals or Supreme Court on motion of either party, and shall have priority over other cases pending in such courts.

Sec. 5. That all laws and parts of laws in conflict herewith are hereby repealed.

Sec. 6. The fact that there is now no well defined and settled statutes on law and equity to properly prevent a cloud on title of real estate and all other property exempt from force sale, under and by virtue of the exemption laws of this State, being sold under an execution against a person, partnership or corporation having no interest in such real estate, or all other property so exempt at the time of the sale, without resorting to the legal remedy at law. creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and that this act

take effect and be in force from and after its passage, and it is so enacted.

Committee Room,
Austin, Texas, April 11, 1909.

An Act to amend Chapter 22 of Title 39 of the Revised Civil Statutes of Texas of 1895, by amending Article 2125 of said chapter, relating to citations in the sale of land by executors or administrators of the estates of decedents, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 2125 of Chapter 22, Title 39 of the Revised Civil Statutes of Texas of 1895 is so amended as to hereafter read as follows:

"Article 2125. Such citation shall be posted in the manner required for other citations for at least twenty days before the first day of the term of the court at which such application is to be heard; and shall be returned and the citation and return recorded in like manner as other citations and returns thereon."

Sec. 2. The fact that there is a conflict as to the time required for the posting of citations in the sale of land by administrators, executors and guardians, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and it is hereby suspended and this bill take effect and be in force from and after its passage, and it is so enacted.

S. B. No. 18. By Ward and Bryan.

An Act making an appropriation for the enforcing of any and all laws of the State of Texas, and for the purpose of paying any and all necessary expenses in bringing and prosecuting or paying expenses in prosecuting same, providing the manner of expending such appropriation, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. For the purpose of enforcing any and all laws of the State of Texas, and for the purpose of paying any and all necessary expenses in bringing suits or paying expenses in prosecuting same, there is hereby appropriated out of any money in the State Treasury, not otherwise appropriated, the sum of \$25,000 or so much thereof as may be necessary, to be expended under the direction of the Attorney General by and with the approval of the Governor, and to be paid upon warrants drawn by the Comptroller of Public Accounts on vouchers approved by the Attorney General.

Sec. 2. The fact that adequate provision has not been made for the recovery of lands belonging to the public schools and other lands of the State of Texas and for the enforcement of the laws of this State concerning public lands, and the pendency of a great number of suits brought by the Attorney General for the recovery of many thousands of acres of land embraced by the terms of this act, which suits will come to trial in the near future, creates an emergency and an imperative public necessity requiring that the constitutional rule which provides that bills shall be read on three several days be suspended, and said rule is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

S. B. No. 46. By Perkins et al.

An Act making it a felony to pursue the occupation or business of selling intoxicating liquors, except as permitted by law, in any territory in this State where the sale of intoxicating liquor has been prohibited by law; prescribing suitable punishment for the violation of this act; defining such business or pursuit and providing rules of evidence in prosecutions arising hereunder, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. If any person shall engage in or pursue the occupation or business of selling intoxicating liquor, except as permitted by law, in any county, justice precinct, city, town or subdivision of a county in which the sale of intoxicating liquor has been or shall hereafter be prohibited under the laws of this State, he or she shall be punished by confinement in the penitentiary not less than two nor more than five years.

Sec. 2. In prosecutions under this act, where it is proven that there is posted up at the place where such intoxicating liquor is being sold, United States internal revenue liquor or malt license to any one, it shall be prima facie proof that the person to whom such license is issued is engaged in and is pursuing the business and occupation of selling intoxicating liquor within the meaning of this act.

Sec. 3. In order to constitute the engaging in or pursuing the occupation or business of selling intoxicating liquors within the meaning of this act, it shall be necessary for the State to prove in all prosecutions hereunder that the defendant made at least two sales of intoxicating liquor within three years next preceding the filing of the indictment.

Sec. 4. The inadequacy of the laws of this State to prohibit the unlawful sale of intoxicating liquors in the counties, justice precincts, cities, towns and other subdivisions of this State where the sale of intoxicating liquor has been prohibited by law, creates an emergency and an imperative public necessity demanding the suspension of the constitutional rule requiring bills to be read on three several days, and the rule is so suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

S. B. No. 33. By Meachum.

An Act to amend Chapter 3 of Title 28 of the Revised Civil Statutes of the State of Texas, by adding thereto Article 1107a, empowering judges of the district court to act in vacation, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Chapter 3 of Title 28 of the Revised Civil Statutes of the State of Texas be amended by adding thereto Article 1107a, to read as follows:

"Article 1107a. The judges of the district court may, in vacation, by consent of the parties, exercise all powers, make all orders, and perform all acts, as fully as in term time, except to enter final judgment in any suit; provided, that the judge may, by consent of the parties, try any case without a jury and enter final judgment, except in divorce cases. All such proceedings shall be conducted under the same rules as if done in term time, and the right of appeal and writ of error shall apply as if the acts had been done in term time."

Sec. 2. The fact that the final adjudication of many important matters is often delayed awaiting the regular term of court, and that many district judges in this State have sufficient time between the holding of different courts in their districts to hear, pass upon and determine important matters during vacation, thus relieving the crowded condition of the docket during the regular term, and preventing unnecessary delay in the administration of justice, creates an emergency and an imperative public necessity that the constitutional rule providing that bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

An Act to amend Article 1264 of the Revised Statutes of 1895, and to fix the time of filing an answer in all cases where the defendant is cited by publication, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 1264 of the Revised Statutes of 1895 be so amended as hereafter to read as follows:

"In all cases in which services of citation have been made by publication the answer shall be filed on or before appearance day of the term to which said citation is returnable; provided, that in all cases wherein a dissolution of marriage is sought in which service of the citation has been made by publication the answer shall be filed on or before appearance day of the term next succeeding that to which such citation is returnable; provided, that the provisions of this act shall apply to no cases except that in which eight weeks' publication is required; and provided further, that said publication shall be made in the county in which the land is situated, provided there be a newspaper published in such county and if there be no newspaper published in said county then such publication shall be made in the county nearest to where said lands are situated."

Sec. 2. That all laws and parts of laws in conflict with this amendment be and the same are hereby repealed.

Sec. 3. The fact that there is now no adequate law to expedite the trial of cases in which service of citation is had by publication upon the defendants in such cases creates an emergency and imperative public necessity that the constitutional rule requiring bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

S. B. No. 25.

An Act providing conditions upon which fire insurance companies shall transact business in this State, and providing for the regulation and control of rates of premium on fire insurance, and to prevent discrimination therein, and to create a Fire Insurance Rating Board, and to provide penalties for violations of this act, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Every fire insurance company not organized under the laws of this State, hereafter granted a certificate of authority to transact business in this State, shall be deemed to have accepted such certificate and to transact business thereunder upon the condition that it consents to the terms and provisions of this act, and that it agrees to transact its business in this State subject thereto.

Sec. 2. Every fire insurance company organized under the laws of this State, hereafter granted a certificate of authority to transact business in this State, shall be deemed to have accepted such certificate and to transact business thereunder upon the condition that it consents to the terms and provisions of this act, and that it agrees to transact its business in this State subject thereto.

Sec. 3. There is hereby created a board to be known as the State Fire Rating Board, which shall be composed of the Commissioner of Insurance and Banking, who shall be chairman thereof, and one member to be appointed by the Governor, who shall be secretary thereof, and one additional member, who shall be appointed by the Governor upon the joint nomination and recommendation in writing of a majority of all the companies transacting the business of fire insurance in this State, provided that if the State representative or rep-

representatives or executive officer of a majority of such companies shall fail to join in the nomination or recommendation of some citizen of this State for such appointment not later than ten days prior to the date when the same is required to be made, the Governor shall have the power to make such appointment regardless of such nomination or recommendation. The members of said board, other than the Commissioner of Insurance and Banking, shall each have had at least five years' practical experience in the making of fire insurance rates and inspection of risks, shall be appointed as herein provided within sixty days after this act takes effect for the term of two years and biennially thereafter, and they shall have the power to decide all questions required, authorized or permitted to be passed upon by said board upon which they shall agree, and in case of disagreement as to any such question, the decision of the Commissioner of Insurance and Banking thereon shall determine the action of the board. Said members of said board, other than the Commissioner of Insurance and Banking, shall each receive as compensation for their services the sum of \$2500 per annum, and the Commissioner of Insurance and Banking shall receive as compensation or salary for his services under this act the sum of \$500 per annum in addition to his compensation as now fixed by law.

Sec. 4. Every fire insurance company transacting business in this State shall, not later than January 1, 1910, after this act takes effect, file with the secretary of said board general basis schedules showing the rate on all classes of risks insurable by such company in this State, and all charges, credits, terms, privileges and conditions which in any wise affect such rates or the value of the insurance issued to the assured, and any one or more of such companies may employ for the making of such schedules and rates the services of such experts as they deem advisable for such purpose.

Sec. 5. No change shall be made in the schedules which have been filed in compliance with the requirements of this act except after thirty days notice to the secretary of said board, which notice shall plainly state the changes proposed to be made in the schedules thereunder in force and the time when such changes will go into effect; and such changes shall be shown by filing new schedules or shall be plainly indi-

cated on the schedules in force at the time; provided, that said board may in its discretion and for good cause shown allow changes to be made upon notice for a shorter period than that specified herein either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

Sec. 6. When said board shall determine that any rate made by any company in this State is excessive or unreasonably high, or that said rate is not adequate to the safety or soundness of the company granting the same, it is authorized to direct said company to publish and file a higher or lower rate as shall be commensurate with the character of the risk, but in every case the rate shall be reasonable. The State Fire Rating Board shall have the power at its discretion to have prepared and to publish for the information of the public, specific schedules of fire insurance rates which shall by said board be deemed reasonable, covering all fire insurance risks in the State, or in any locality thereof, and to fix the fee to be paid for copies of the same furnished to any person desiring such copies. Said board shall also have the power to alter, amend or revise such published specific schedules of reasonable rates, and to publish notice of such alteration, amendment or revision; provided, that nothing herein shall be construed to deny the right to any company to reduce its rates to conform with any lower rate, established by said board, applying to the same character of risks; provided, that said board shall never make a higher rate than the schedule published by said companies.

Sec. 7. No fire insurance company shall engage or participate in the insurance of any property located in this State unless the schedule of rates under which such property is insured has been filed in accordance with the provisions of this act; nor shall any fire insurance company knowingly write any insurance at a rate different than the rate named in the schedules, subject to the provisions of Section 6 hereof, or refund or remit in any manner or by any device any portion of the rates so established, or extend to any insured or other person any privileges, advantage, favor, inducement or concession except as is specified in such schedule.

Sec. 8. No fire insurance company, or officer, agent or representative thereof, shall enter into any contract of in-

insurance on any property located in this State on which there has been no rate filed as provided for in this act, unless such company shall within thirty days after entering into such contract file with said board in such form or forms as shall be by it prescribed, a statement truly setting forth the description of such property, the rate thereon, and such other information as said board shall require. Such statement shall conform to the schedule provided for in this act, and when so filed shall constitute the local tariff rates of premium for said company.

Sec. 9. That all schedules and local tariffs filed in accordance with the provisions of this act, shall be open to the inspection of the public, and each local agent shall have and exhibit to the public copies thereof relative to all risks upon which he is authorized to write insurance.

Sec. 10. No fire insurance company shall directly or indirectly by any special rate, tariff, rebate, drawback, or other device, charge, demand, collect or receive from any person or persons a greater or less or different compensation for the insurance of any property located in this State than it charges, demands, collects or receives from any other person or persons for like insurance on risks of a like kind and hazard under similar circumstances and conditions in this State; and any fire insurance company violating any of the provisions of this section shall be deemed guilty of unjust discrimination, which shall be unlawful.

Sec. 11. The Commissioner of Insurance and Banking, if he shall find that any insurance company or any officer, agent or representative thereof has violated any of the provisions of this act, may at his discretion revoke the certificate of authority of such company, officer, agent or representative, but such revocation of any certificate shall in no manner affect the liability of such company, officer, agent or representative to to the infliction of any other penalty provided by this act, and provided, that any action, decision or determination of the Commissioner of Insurance and Banking or of the State Fire Rating Board, shall be subject to review of the courts of this State, as herein provided.

Sec. 12. The State Fire Rating Board shall not make any regulations or order without giving all insurance companies concerned reasonable notice thereof, and an opportunity to appear

to be heard in respect to same, and if any insurance company or any other person or city or municipality which shall be interested in any such order shall be dissatisfied with any regulation, order or rate adopted by said board, such person or municipality or their representatives shall have the right within thirty days after the making of such regulation, order or rate to bring an action against said board in any district court of the State of Texas to have such regulation, order or rate vacated or modified, and shall set forth in the petition therein the particular ground or grounds of objection to any or all of them. In any such suit the issue shall be formed and the controversy tried and determined as in other civil cases; and the court may set aside, vacate or annul one or more or any part of any of the regulations, orders or rates adopted or fixed by said board which shall be found by the court to be unreasonable, unjust, excessive or inadequate to compensate the company writing insurance thereon for the risk assumed by it, without disturbing others. No injunction, interlocutory order or decree suspending or restraining directly or indirectly the enforcement of any order of said board shall be granted; provided, that the court may permit any company complaining of any order, regulation or rate made by said board to write insurance at any rates which obtained prior to the making of such order, regulation or rate complained of, upon condition that the difference between the rate complained of and the rate at which it is permitted to write insurance shall be deposited with the Commissioner of Insurance and Banking, and upon final determination of the suit shall be paid by him to the insurance company if the court shall find it entitled to the same, or to the holders of policies written by said company after the rate complained of is ordered, as the court may deem just and equitable. Whenever any action shall be brought on any insurance company under the provisions of this section within said period of thirty days, no penalties or forfeitures shall attach or accrue on account of the failure of the plaintiff to comply with the order sought to be vacated or modified in such action until the final determination of the same. Either party to any such action, if dissatisfied with the judgment or decree of said court, may appeal therefrom as in other civil cases.

No action shall be brought in any court of the United States to set aside any order made by said board under the provisions of this act until all of the remedies provided for herein shall have been exhausted by the party complaining. If any fire insurance company organized under the laws of this State or authorized to transact business in this State shall violate any of the provisions of this section, the Commissioner of Insurance and Banking shall cancel its certificate of authority to transact business in this State.

Sec. 13. Any fire insurance company, director or officer thereof, or any agent or person acting for or employed by any such company, who, alone or in conjunction with any corporation, company or person, shall wilfully do or cause to be done, or shall wilfully suffer or permit to be done, any act, matter or thing prohibited or declared to be unlawful by this act, or who shall wilfully omit or fail to do any act, matter or thing required to be done by this act, or shall cause or wilfully suffer or permit any act, matter or thing directed by this act, not to be done, or shall be guilty of any wilful infractions of this act, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine not to exceed \$100 for each offense, provided that if the offense for which any person shall be convicted, as aforesaid, shall be an unlawful discrimination, such person shall be punished by a fine not exceeding \$100, or by imprisonment in the county jail for a term not exceeding 90 days, or by both such fine and imprisonment.

Sec. 14. No person shall be excused from giving testimony or producing evidence when legally called upon so to do at the trial of any other person charged with violating any of the provisions of this act on the ground that it may incriminate him under the laws of this State, but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may so testify or produce evidence under the authority of this act, except for perjury in so testifying.

Sec. 15. No regulation, order or rate made by the State Fire Rating Board, under the provisions of this act, shall be binding upon any fire insurance company not organized under the laws of this State, until such company shall have obtained a certificate of authority

to transact business in this State, after this act takes effect, unless such company shall file with said board a certified copy of a resolution, duly adopted by its board of directors, accepting and agreeing to be bound by the terms of this act until the expiration of its certificate of authority in force at the time this act shall take effect.

Sec. 16. The salaries of the members of said State Fire Rating Board, and the compensation of the necessary clerical and other assistants employed by said board, and any necessary traveling or other expenses incurred by said board in carrying out the provisions of this act, shall be paid by warrants drawn by the Comptroller upon the State Treasurer, upon the order of said board, approved by the Commissioner of Insurance and Banking; provided, that the total amount of all such salaries and expenses shall not exceed the sum of \$15,000 during any one year after this act takes effect.

Not later than March 15, after this act shall take effect, and annually thereafter, it shall be the duty of the Commissioner of Insurance and Banking, for the purpose of reimbursing the State for the amount to be so expended, during the current year, in carrying out the provisions of this act, to collect from each fire insurance company which transacted business in this State during the preceding calendar year or any portion thereof, the proportion of said sum of \$15,000 which the gross premiums collected by such company during such year from persons or upon property located in this State bears to the aggregate amount of such gross premiums so collected during such year by all fire insurance companies transacting business in this State. Provided, that in computing such gross premiums receipts there shall be deducted therefrom the amount paid out for reinsurance and for returned premiums on cancelled risks. If at the end of any year after this act shall take effect it shall be found that the aggregate amount expended in carrying out the provisions of this act during such year has been less than \$15,000, the amount remaining unexpended shall be applied in reduction of the amount to be collected from said companies for the succeeding year.

The amount due under the provisions of this section by each company shall be certified by the Commissioner of Insurance and Banking, and he shall revoke the certificate of authority of any

company which shall fail to pay the same within thirty days after the receipt of such certificate. Provided, that the collection from fire insurance companies provided for in this section shall not be made for any year during which any such company shall be liable under the laws of this State, to the payment of an occupation tax at the rate of not less than two and one-half per cent of the gross premiums received, less deductions for reinsurance and returned premiums on cancelled risks.

Sec. 17. This act shall not apply to mutual or profit sharing fire insurance companies incorporated under the laws of this State, nor to purely co-operative inter-insurance and reciprocal exchanges carried on by the members thereof solely for the protection of their own property and not for profit.

Sec. 18. The fact that there is now no law in the State prohibiting unjust discrimination in the collection of fire insurance rates as between citizens of this State constitutes an emergency and an imperative public necessity requiring the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

S. B. No. 20. By Hume.

An Act to validate sales of real estate within this State, heretofore made by foreign executors of wills probated in any of the States of the United States.

Be it enacted by the Legislature of the State of Texas:

Section 1. That all sales of real estate within this State, which have been heretofore made by executors of wills, which, prior to such sales, had been probated according to the laws of another State of the United States, having jurisdiction, and which wills possessed the requisites to pass title to real estate required by the Statutes of this

State, where such wills conferred upon the executors the power to sell the real estate so sold, independent of the probate court, and where such sales would have been valid and effectual to pass the title to such real estate, had the wills been probated in this State, and where the will has been filed and recorded as required by Article 5353 of the Revised Statutes of 1895; and provided, this act shall not validate any sale where a will has been fraudulently probated, be and the same are hereby validated; provided, however, that the validation of such sales shall not defeat the rights of creditors of the testators of such will, nor affect the title of purchasers for the value from their heirs or devisees of the testators of such wills, where such purchases were made prior to the enactment hereof, and where, in such will, testament or testamentary instrument of any character, executors or trustees are named with powers conferred upon them sufficient to make them independent executors under the laws of this State, including power to sell real estate, then the filing of the will, as provided in Article 5353, Revised Statutes of 1895, shall be sufficient to authorize such executor or trustee to sell any real estate belonging to the estate of such testator and situated in this State, without the necessity of an ancillary administration in this State.

An Act to make it the duty of the Commissioner of Agriculture to inquire into the present system of irrigation as applied to the rice industry and other products, the character of rates and contracts, used on irrigating canals, to make public his report from time to time and to transmit same to the Governor and the Legislature, giving him power and authority to employ an engineer and expert to assist him when necessary in said work, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. It shall be the duty of the Commissioner of Agriculture to prepare and make public, reports on the present system of irrigation now in operation in this State; the cost of maintenance and operation of same, the character and kind of irrigation plants which result in the greater saving to the users of water, the class and character of water contracts entered into by the various canal companies; he shall also inquire into the reasonableness and fairness of rates being charged for water by the various canal companies in this State, and from time to time shall make public the result of his inquiries; he shall collect and publish statistics and other information regarding the irrigation of rice and other crops as may be of benefit in developing and collaborating a more efficient system of laws safeguarding and defining the rights of users and sellers of water for irrigating purposes; and he shall make up and file an annual report on same with such recommendations he may deem beneficial to the industry, which report shall be filed with the Governor, and transmitted to the Legislature.

Sec. 3. The fact that there is now no means of collecting data on canal rates and that there is no member of the Department of Agriculture qualified to perform the duties above mentioned, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in both houses be suspended, and this rule is hereby suspended and that this act shall take effect and be in force from and after its passage, and it is so enacted.

An Act to amend Article 2256, Title 39, Chapter 31 of the Revised Civil Statutes of 1895, relating to appeals to the district court in probate cases, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Article 2256, Chapter 31, Title 39 of the Revised Civil Statutes of 1895 be so amended as to hereafter read as follows:

"Article 2256. Sec. 2. "Section 11. Each and every firm person, corporation or association of persons, who shall in any manner violate the provisions of this act shall for each and every day that such violation shall be committed or continued, forfeit and pay a sum of not less than \$50 nor more than \$1500, which may be recovered in the name of the State of Texas, and venue is hereby given to such district courts, provided that when any such suit shall have been filed in any county and jurisdiction thereof acquired, it shall not be transferred to any other county except upon change of venue allowed by the court, and it shall be the duty of the Attorney General or the district or county attorney, under the direction of the Attorney General, to prosecute for the recovery of the same, and the fees of the district or county attorney for representing the State in all anti-trust proceedings, or for the collection of penalties for the violation of the anti-trust laws of this State, shall be 10 per cent of the amount collected up to and including the sum of \$50,000 and 5 per cent on all sums in excess of the first \$50,000, to be retained by him when collected, and all such fees which he may collect shall be over and above the fees allowed under the general fee bill; provided, that the provisions of this act as to the fees allowed the prosecuting attorney shall not apply to any case in which judgment has heretofore been rendered in any court nor to any moneys to be hereafter collected upon any such judgment heretofore rendered in any

court, whether such judgments are pending upon appeal or otherwise, and provided, further, that the district attorney who joins in the institution or prosecution of any suit for the recovery of penalties for a violation of any of the anti-trust laws of this State, who shall, previous to the collection of such penalties, cease to hold office, he shall be entitled to an equal division with his successor, of the fee collected in said cause, and in case of the employment of special counsel by any such district or county attorney, the contract so made shall be binding upon such prosecuting officer making such contract and thereafter retiring from office; provided, further, that in case any suit is compromised before any final judgment in the trial court is had, then the fees herein provided for shall be reduced one-half."

Sec. 2. The fact that there is no law giving venue to each district court to try cases arising under the anti-trust laws throughout the State, and the further fact that the penalties provided under the act of 1903 are inadequate to suppress violations of the law, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Be it enacted by the Legislature of the State of Texas:

Section 1. That the Department of Public Health and Vital Statistics as now existing under the laws of this State is hereby abolished, and that there be created and established in its stead a State Board of Health, to be officially designated as Texas State Board of Health, which shall consist of seven members, who shall be legally qualified practicing physicians, who shall have had at least ten years experience in actual practice of medicine within the State of Texas, of good professional standing, and who shall be graduates of reputable medical colleges, to be appointed biennially by the Governor as soon as practicable after the passage of this bill, and thereafter on or before the 10th day of March following his inauguration. One member of said board, who shall be appointed by the Governor, and confirmed by the Senate, shall be designated by the Governor as State Health Officer, and who shall be president and executive officer of the board. The members of said board shall hold their office for a term of two years, and until their successors shall be appointed and qualified, unless sooner removed for cause.

Sec. 2. The president of said board shall receive annually a salary of \$2500. The other six members of said board shall receive no salary, but each of said members shall be allowed for each and every day he shall be in attendance upon the meetings of the board the sum of \$10, including the time spent in transit, and 3 cents per mile going and coming for actual expenses to be paid on their vouchers when approved by the president of the board and the Governor

Sec. 3. A majority of the members of the board shall constitute a quorum for the transaction of business. The board shall meet at Austin on the first Tuesday after appointment and commission, and thereafter shall meet quarterly on a day to be fixed by the board, or as often and at such times and places as such meetings shall be deemed necessary by the board. Timely notice of such meetings shall be given to each member of the board by the president thereof. The office of said board shall be in the Capitol at Austin, and the said board shall be furnished with all necessary equipments and supplies, including laboratory supplies, books, stationery, blanks, furniture, etc., as other officers of the State are furnished, including suitable rooms for its offices and laboratories, necessary for the carrying on the work of the board, and to be provided in the Capitol building or other suitable buildings to be designated by the Governor.

Sec. 4. The president of the board shall at the first meeting of the board appoint, with the approval of the Governor, the following:

The president of the board shall have charge of and superintend the administration of all matters pertaining to State quarantine, with authority to declare and enforce quarantine by and with the approval of the Governor, but the quarantine service shall be maintained upon its present operating basis and under the existing general laws relating thereto, and shall be operative under the existing appropriations until the end of the current fiscal year.

Sec. 8. There is hereby appropriated and set aside out of the general revenue of the State the sum of \$8000, or as much thereof as shall be necessary to pay salaries of the members and officers of the board, its inspectors, assistants and employes for the remainder of the current fiscal year after their tenure of office begins.

Sec. 9. The State Board of Health shall have general supervision and control of all matters pertaining to the health of the citizens of this State. It

(b). In the government of quarantine and disinfection of all pestilential diseases, such as bubonic plague, Asiatic cholera, leprosy, typhus and yellow fever.

(c). (d). Governing the reporting by physicians and health officers of the presence in any locality of all contagious and infectious diseases.

(e). Governing the manner and method of collecting and reporting all

(f) Governing the preparation for transportation of dead bodies.

Provided, that said Texas State Board of Health shall prepare and adopt at such time as they may deem proper and expedient an "Advisory Supplement" to such "Sanitary Code for Texas" which shall contain rules and regulations on the following subjects:

(1) Prescribing and fixing the standard for disinfectants; requiring employment of disinfectants of proper quality and standard for the disinfection of all premises as directed by the board.

(4) Regulating the examination and inspection both ante mortem and post mortem of all animals which may be intended for supplying food products or meat for human consumption; regulating and governing the protection of the public with reference to the sale and use of diseased animals for producing food products or meat; the manner of feeding to animals designated for producing food products for human consumption; all offensive or disease-producing foodstuffs; regulating the inspection, examination and management of all dairy cows and herds for the purpose of controlling and suppressing tuberculosis and other diseases liable to be communicated from animal to man.

(5) Regulating the sanitary condition of slaughter houses, meat markets and dairies.

(6) Rules and regulations for the sanitation and disinfection of public buildings; provided, that a public building is hereby declared to be any building owned by the State or any county or any city school building, college or university of every class, any dance hall, music hall, saloon, fire hall, skating rink, theater, theatorium, moving picture show, circus, pavilion, office building, hotel, lodging house, restaurant, lecture hall, place of public worship or any building or place used for the congregation, occupation or entertainment, amusement or instruction of the public.

(7) Rules and regulations to govern and control the conduct and operation

of markets, peddlers' wagons, and all other places and methods of exposure for sale of meat, fish, poultry, game, fruits, vegetables and all perishable articles of food exposed for sale, and to regulate the time and method of such exposure, and to prescribe and limit methods for the preservation of such articles of food, and to prohibit the doing of any act or the use of any method with respect thereto, which said board shall deem prejudicial to the public health; provided, that any condemnation of any such article of food shall be in writing and a record of the same shall be kept by said health department.

Provided, that such "Advisory Supplement" to said "Sanitary Code for Texas" shall be advisory only. It shall be the duty of all city and county health officers, members of city councils, city and county commissioners to cooperate at all times with the Texas State Board of Health in enforcing the rules and regulations contained in such "Advisory Supplement," and any city or town in this State may by a majority vote of its city council or commissioners and whenever the subject matter relates to the public schools with the approval of a majority of the members of the school board of such city or town, adopt such "Advisory Supplement," and the rules and regulations therein contained shall thereafter have the full force and effect of law in such city or town; provided, that the commissioners court of any county in this State may by a majority vote adopt said "Advisory Supplement" to the "Sanitary Code for Texas" and thereafter the rules and regulations contained in such "Advisory Supplement" shall have the full force and effect of law outside of all incorporated cities and towns in such county.

Any person who shall violate any of the rules and regulations contained in the "Sanitary Code for Texas" as embraced in subdivisions a, b, c, d, e and f of this section, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than \$10 and not more than \$1000.

Any person who shall wilfully violate any of the rules and regulations contained in the "Advisory Supplement" to the "Sanitary Code for Texas," embraced in subdivisions 1, 2, 3, 4, 6 and 7 of Section 11 of this act, when same shall have been adopted by the city or county in which said person shall have violated such rules and regulations, he shall be deemed guilty of a misdemeanor

and upon conviction shall be fined in any sum not less than \$5.00 and not more than \$200.

It shall be the duty of the said Texas Board of Health to investigate and to provide for the removal of known causes of disease; to provide for the extermination of obnoxious and hurtful insects, vermin and rodents when necessary to prevent and suppress disease.

For the compilation and preparation of such code, it shall be the duty of the board to consult authorities and make investigations relative to the most approved modern sanitary codes and spare no pains to make the same complete in the light of modern science.

On adoption of the said code by votes of a majority of the members of the board, and approved by the Governor, it shall be published at length for one time in the official monthly bulletin of the State Board of Health, and at least three times for three consecutive weeks in three daily newspapers in the State, after which adoption, approval and publication, it shall become operative and have the absolute force of law, and any person who shall violate any of the rules, regulations in said sanitary code after its adoption and publication as above provided for shall be deemed guilty of a misdemeanor and upon conviction shall be fined as herein prescribed.

And it is hereby made the duty of the several courts of this State having jurisdiction over such offenses, according to the grade thereof, to enforce and carry into effect each and all of the rules and regulations as promulgated in said "Sanitary Code for Texas," when they have the force and effect of law as provided herein, and to impose and collect penalties in the amounts therein specified from all persons found guilty of any violations thereof.

There shall be printed by the board and by it published in pamphlet form a sufficient number of copies of the "Sanitary Code for Texas" for distribution to the public. Copies shall be furnished free upon application to county and municipal health authorities, boards of health, mayors, members of city councils, city commissioners and judges and clerks of courts. Copies of said code shall be furnished by the board upon application to any person applying therefor and paying a nominal sum, to be fixed by the board, to cover the cost of publication and transportation of same.

Provided, this act shall not be construed to repeal any of the laws of this State now in force affecting the public health, but shall be construed to be cumulative to said laws, and the Board of Public Health is hereby authorized to promulgate rules and regulations for all laws relating to the public health now in force in this State.

Sec. 11. Power is hereby conferred upon the Texas State Board of Health to further revise and amend said sanitary code for Texas at any time they may deem proper and expedient; provided, that such revision and amendment shall come within the scope of the power herein conferred upon the board for enacting the original code.

Sec. 12. It shall be the duty of said Texas State Board of Health to perform all functions and duties now imposed by existing laws upon the State Health Officer, and whenever State Health Officer is mentioned in the present laws the Texas State Board of Health shall be deemed to succeed in purpose and effect, whenever such statutes are not in conflict with this act.

Sec. 13. Each member of the said Texas State Board of Health and each of its inspectors and officers is hereby constituted a peace officer and shall have power to arrest persons violating any of the provisions of the sanitary code to be adopted by the board, of the violation of any public health, sanitary or quarantine law of the State, and such member, officer or inspector may so arrest such offenders without warrant when the offense is committed within the presence or sight of such member, officer or inspector, but otherwise only when in the execution of a warrant issued by a proper officer.

It is hereby made the duty of all sheriffs and their deputies and constables and their deputies, police officers, town marshals, State rangers and all other peace officers to assist in the apprehension and arrest of all persons violating any provisions, rules, ordinances or laws of the sanitary code for Texas as it may be adopted by said board, or for violation of any public health, sanitary or quarantine laws of the sanitary code for Texas as it may be adopted by said inspectors and officers of said board to apprehend and arrest all persons who may commit any offense against the public health laws of this State, or the rules, regulations, ordinances and laws of the sanitary code for Texas when

adopted, published and promulgated by said Board of Health, as provided in this act, when charged to execute a warrant of arrest issued by the proper officer for the apprehension and arrest of all persons charged with so offending.

Sec. 14. The members of the Board of Health and every person duly authorized by them upon presentation of proper authority in writing are hereby empowered whenever they may deem it necessary in pursuance of their duties to enter into, examine, investigate, inspect and view all grounds, public buildings, factories, slaughter houses, packing houses, abattoirs, dairies, bakeries, manufactories, hotels, restaurants and all other public places and public buildings where they may deem it proper to enter for the discovery and suppression of disease and for the enforcement of the rules, regulations and ordinances of the sanitary code for Texas after it has been adopted, promulgated and published by the board for the enforcement of any and all health laws, sanitary laws or quarantine regulations of this State.

Sec. 15. The members of said Board of Health and its officers are hereby severally authorized and empowered to administer oath and to summon witnesses and compel their attendance in all matters proper for the said board to investigate, such as the determination of nuisances, investigation of public water supplies, investigation of any sanitary conditions within the State, investigation of the existence of infection or the investigation of any and all matters requiring the exercise of the discretionary powers invested in said board and its officers and members and in the general scope of its authority invested by this act. The several district judges and courts are hereby charged with the duty of aiding said board in its investigations and in compelling due observance of this act, and in the event any witness summoned by said board or any of the officers or members of the same shall prove disobedient or disrespectful to the lawful authority of such board, officer or member, such person shall be punished by the district court of the county in which such witness is summoned to appear as for contempt of said district court.

Sec. 16. Any witness when summoned to appear before said board who shall falsely testify as to any matters proper for the determination of any question which the board may be investigating shall be deemed guilty of perjury, and

shall be punished as provided by law for the offense of perjury.

Sec. 17. Be it further enacted that the office of county physician shall be abolished within the several organized counties of this State, and that instead the office of county health officer is hereby created in each organized county within this State.

Sec. 18. The office of county health officer shall be filled by a competent physician legally qualified to practice under the laws of the State of Texas and of reputable professional standing.

Sec. 19. It is hereby made the duty of the commissioners court by a majority vote of each organized county to appoint a proper person for the office of county health officer for his county, who shall hold office for two years and until his successor shall be appointed and qualify, unless sooner removed for cause; provided, however, that in all counties where there is a duly appointed and acting county physician heretofore appointed the county judge shall appoint such county physician as county health officer. Said county health officer shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath of office and a copy of his appointment with the Texas State Board of Health, and until such copies are so filed said officer shall not be deemed legally qualified. Compensation of said county health officer shall be fixed by the commissioners court; provided, that no compensation or salary shall be allowed except for services actually rendered.

Sec. 20. The office of city physician for the several incorporated cities and towns within this State is hereby abolished, and instead created the office of city health officer; provided, however, that city physicians now in office shall serve as city health officers until the expiration of their present term.

Sec. 21. The office of city health officer shall be filled by a competent physician, legally qualified to practice medicine within this State, of reputable professional standing.

Sec. 22. It is hereby made the duty of the city council or the city commissioners, as the case may be, of each incorporated city and town within this State to elect a qualified person for the office of city health officer by a majority of the votes of the city council or city commission, as the case may be, except in cities which may be operated under a charter providing for a different method of selecting city health physicians, in which event the office of city

health officer shall be filled as is now filled by the city physician, but in no instance shall the office of city health officer be abolished.

The city health officer, after appointment, shall take and subscribe to the constitutional oath of office, and shall file a copy of such oath and a copy of his appointment with the Texas State Board of Health, and shall not be deemed to be legally qualified until said copies shall have been so filed.

Sec. 23. In case the authorities hereinbefore mentioned shall fail, neglect or refuse to fill the office of county or city health officer as in this act provided, then the Texas State Board of Health shall have the power to appoint such county or city health officer to hold office until the local authorities shall fill such office, first having given ten days' notice in writing to such authority of the desire for such appointment.

Sec. 24. Each county health officer shall perform such duties as have heretofore been required of county physicians with relation to caring for the prisoners in county jails and in caring for the inmates of county poor farms, hospitals, discharging duties of county quarantine and other such duties as may be lawfully required of the county physician by the commissioners court and other officers of the county, and shall discharge any additional duties which it may be proper for county authorities under the present laws to require of county physicians, and in addition thereto he shall discharge such duties as shall be prescribed for him under the rules, regulations and requirements of the Texas State Board of Health or the president thereof, and is empowered and authorized to establish, maintain and enforce quarantine within his county. He shall also be required to aid and assist the State Board of Health in all matters of local quarantine, inspection, disease, prevention and suppression, vital and mortuary statistics and general sanitation within his county, and he shall at all times report to the State Board of Health in such manner and form as it shall prescribe the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and he shall make such other and further reports in such manner and form and at such times as said Texas State Board of Health shall direct, touching such matters as may be proper for said State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of its proper

rules, regulations, requirements and ordinances and in the enforcement of all sanitary law and quarantine regulations within his jurisdiction.

Sec. 25. In all matters with which the State Board of Health may be clothed with authority, said county health officer shall at all times be under its direction, and any failure or refusal on the part of said county health officer to obey the authority and reasonable commands of said State Board of Health shall constitute malfeasance in office, and shall subject said county health officer to removal from office at the relation of the State Board of Health, and pending charges for removal said county health officer shall not receive any salary or compensation, which cause shall be tried in the district court of the county in which such county health officer resides.

Sec. 26. In the event any county health officer shall fail or refuse to properly discharge the duties of his office, as prescribed by this act, the State Board of Health shall file charges with the commissioners court for the proper county specifying wherein such officer has failed in the discharge of his duties, and at the same time the State Board of Health shall file a protest with the county clerk and the county treasurer against the payment of further fees, salary or allowance to said county health officer, and pending such protest and charges it shall not be lawful for such county health officer to be paid or to receive any subsequently earned salary, fees or allowance on account of his office, unless such charges are shown to be untrue and are not sustained. After five days' notice in writing to said county health officer the commissioners court shall hear the charges, at which hearing the county judge shall preside, and the State Board of Health may be represented. Either party, the State Board or the county health officer, may appeal from the decision of said court to the district court of the county, and pending such appeal no salary, fees or allowance shall be paid to said county health officer for any subsequent earned salary, and in the event the charges shall be sustained, the said county health officer shall be charged to pay all costs of court, and shall forfeit all salary, fees and allowances, earned subsequent to the date of filing the charges and protests.

Sec. 27. No bond for costs or bond on appeal or writ of error shall be re-

quired of the State Board of Health or State officials in any actions brought or maintained under this act.

Sec. 28. Each city health officer shall perform such duties as may now or hereafter be required by the city councils and ordinances of city physicians and such duties as may be required of him by general law and city ordinances with regard to the general health and sanitation of towns and cities, and perform such other duties as shall be legally required of him by the mayor, councils, commissioners or the ordinances of his city or town. He shall in addition thereto discharge and perform such duties as may be prescribed for him under the directions, rules, regulations and requirements of the State Board of Health and the president thereof. He shall be required to aid and assist the State Board of Health in all matters of quarantine, vital and mortuary statistics, inspection, disease, prevention and suppression and sanitation within his jurisdiction. He shall at all times report to the State Board of Health in such manner and form as shall be prescribed by said Board of Health the presence of all contagious, infectious and dangerous epidemic diseases within his jurisdiction, and shall make such other and further reports in such manner and form and at such times as said State Board of Health shall direct touching all such matters as may be proper for the State Board of Health to direct, and he shall aid said State Board of Health at all times in the enforcement of proper rules, regulations and requirements in the enforcement of all sanitary laws, quarantine regulations and vital statistics collection, and perform such other duties as said State Board of Health shall direct.

In all matters in which the State Board of Health may be clothed with authority said city health officer shall at all times be governed by the authority of said Board of Health, and failure or refusal on the part of said city health officer to properly perform the duties of his office as prescribed by this act shall constitute malfeasance in office and shall subject said city health officer to removal from office at the relation of the State Board of Health, which cause shall be tried in the district court of the county in which such city health officer resides.

In the event of a failure or refusal of said city health officer to properly discharge his duties of his office the

State Board of Health shall file charges against said city health officer with the council or city commission of the proper town or city, which shall specify in what particulars said city health officer has failed in respect to the discharge of his duties, and shall at the same time file a protest with the city secretary and city treasurer against the payment of said city health officer of further fees, salary or allowance, and pending such charges and protest no further salary, fees or allowance shall be paid to said city health officer, unless such charges are shown to be untrue and not sustained. After five days' notice in writing to said city health officer, the charges shall be heard before the mayor and council, or the mayor and commission of the town or city in which said city health officer shall reside, at which hearing the State Board of Health may be represented, and either the city health officer or the State Board of Health shall have the right to appeal to the county court of the county in which the city or town is situated, and if said charges be sustained said city health officer shall be adjudged to pay all costs of court, and shall forfeit all salary, fees and allowances accrued subsequent to the date of the filing of the charges and protest originally and which may be due him on account of his office.

Sec. 29. The compensation of city health officer shall be fixed by the mayor and council, or the mayor and commissioners of the respective towns and cities within this State.

Sec. 30. There shall be an annual conference of county health officers and city health officers of this State, at such time and place as the State Board of Health shall designate, at which conference the president or some member of the said State Board of Health shall preside. The several counties, towns and cities may provide for and pay the necessary expense of its county health officer or city health officer for attendance upon said conference.

Sec. 31. In all matters wherein the Board of Health shall invoke the assistance of the courts, the action shall run in the name of the State of Texas, and the Attorney General shall assign a special assistant to attend to all legal matters of the board, and upon demand of the board it shall be the duty of the Attorney General to promptly furnish the necessary assistance to the board to attend to all its legal requirements.

Sec. 32. The fact that there is now no uniform and efficient law for the suppression and prevention of disease within this State, other than that of foreign origin, and no effective system for preserving, tabulating and utilizing the vital and mortuary statistics of the State and for the appointment of local

health officers, creates an emergency and imperative public necessity that the constitutional rule providing that bills be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

PETITIONS AND MEMORIALS.

The Chair had the following read to the Senate:

Waxahachie, Texas, April 13, 1909.

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, your petitioners, respectfully represent that we are citizens of Ellis county, and of political faith, Democrats, and are farmers and business men. As such citizens we wish to enter our protest against the passage of any bill which has for its object the guaranteeing of deposits, in banks, by forcing such banks into a co-partnership, against their will, with other banks for the sole purpose of forcing the solvent and well managed bank to pay the losses of the ill managed and insolvent banks. Such a law would be manifestly unjust, socialistic, and out of harmony with what we regard as true democracy. Such a measure, if passed, would result in a great injury to our entire peoples.

Trusting that political passion and prejudice may be abandoned, and that reason may reign in the consideration of this vital question, we subscribe ourselves,

Numerously signed.

By Senator Paulus:

Shiner, Texas, April 14, 1909.

Hon. D. A. Paulus, Austin, Texas.

Dear Sir: This community is watching with unusual interest the proceed-

ings of the Thirty-first, and is in favor of fewer and better laws. We do not believe that a lawmaking body is for the purpose of promoting the interests of a few politicians who are playing before the galleries under the pretense of carrying out platform demands, declared to be such by politicians. We are unreservedly in sympathy with the brave and manly stand the majority of the Senate has taken against coercion and rebuke, believing that they have been subservient to the best interests of the people, and forming a wholesome bar against vicious and spurious legislation. Very respectfully yours,

CHAS. WILHAUSEN.

And many others.

N. B.—Charles Wilhausen was a pioneer settler of Austin county, Texas, and served four years as a brave Confederate soldier, rising to rank of captain.

By Senator Kellie:

Eagle Pass, Texas, April 5, 1909.

To the Honorable Adjutant General, Austin, Texas.

Dear Sir: From current reports it would seem that the Legislature has under consideration the advisability of increasing the appropriation for the maintenance of the State Rangers, which is very much desired, especially by the people who have interests on this frontier.

I have devoted more than a quarter of a century to the government service on this Mexican border; have co-operated with all branches of the government service, and when I say that no set of officers have done so much in the civilization of this country than the State Rangers, I am making a statement that will be borne out by facts and by the testimony of all men who are familiar with conditions throughout South and West Texas, and I sincerely hope that the Legislature may see conditions as they are and afford the protection that is so much needed along this border by an appropriation of a sufficient amount to increase the number of the Rangers in the State and to give them better pay.

I have about 650 miles of the unsettled portion of Texas, extending from the El Paso county line almost to Laredo, which is patrolled by customs-mounted inspectors. These officers are paid \$3.00 per diem and allowed \$1.00 per diem additional for horse feed, and knowing, as I do, the kind of work that is required of State Rangers and the

good accomplished by them, I cannot too strongly endorse their efforts.

The Rangers in Mexico are a terror to evildoers and the lawless Mexican element along the American side of the Rio Grande have more respect for the State Rangers than any other class of officials, and the moral effect of their presence is of more benefit than nine-tenths of the Legislature have any idea. It is only people who have gone through the mill, as I have for twenty-five years in this section, that can fully appreciate their work. Yours very truly,

R. W. DOWE,
Collector of Customs.

By Senator Holsey:

Fort Worth, Texas.

Be it resolved by the board of commissioners of the city of Fort Worth, That the arduous, loyal and unselfish service of the local military companies of the city of Fort Worth in preserving peace and good order and in protecting life and property in the city of Fort Worth during the progress of the great fire and at its conclusion, elicits the admiration and praise of all people; and therefore be it further

Resolved, That the grateful thanks and appreciation of said city be extended to said militia and to General Luther R. Hare who came to Fort Worth to be present in person and aid the militia, and to Major C. O. Elliott for service performed on the same occasion.

Commissioner Mulkey moved the adoption of the resolution; the motion was carried, and the resolution was unanimously adopted.

I, W. J. Estes, city secretary of the city of Fort Worth, do hereby certify that the above and foregoing is a true and correct copy of a resolution which was duly presented and unanimously passed by the board of commissioners of the city of Fort Worth at a session held Tuesday, April 6, 1909.

REASON FOR VOTING.

I vote for this bill because in my judgment it tends to promote the development of the State, but I shall register a protest against the method of submission of this subject by the Governor which seeks to limit the prerogative of the Legislature to a particular method of legislation upon a subject named. The precedent is one that ought not to be established. When the Governor seeks to limit the action of the Legislature upon a particular subject to provisions designated by himself, as he has done in this case, he usurps the authority of the Legislature, and becomes by direct act, the entire source of legislation. In my judgment the public welfare will be best subserved by a return to the constitutional system which assigns to the Executive the duty of enforcing laws and to the Legislature the power of framing laws.

PETITIONS AND MEMORIALS.

The Chair had the following read to the Senate:

Italy, Texas, April 13, 1909.

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, your petitioners, respectfully represent that we are citizens of Ellis county, and of political faith Democrats, and are farmers and business men. As such citizens we wish to enter our protest against the passage of any bill which has for its object the guaranteeing of deposits, in banks, by forcing such banks into a co-partnership, against their will, with other banks for the sole purpose of forcing the solvent and well managed bank to pay the losses of the ill managed and insolvent banks. Such a law would be manifestly unjust, socialistic, and out of harmony with what we regard as true democracy. Such a measure, if passed, would result in a great injury to our entire peoples.

Trusting that political passion and prejudice may be abandoned, and that reason may reign in the consideration of this vital question, we subscribe ourselves,

Numerously signed.

Hon. A. B. Davidson, Lieutenant Governor, State of Texas, Austin, Texas.

Dear Sir: We, your petitioners and Democratic voters of Henderson county, desire through you to express our hearty commendation and endorsement to the seventeen Senators who have, through their votes and influence on the bank guaranty question, stood for sound Democratic principles. The Senter-Hume bill, in our opinion, will be an absolute guarantee for the depositors in our banks, and has no tendency to Socialism which compels the solvent bankers to pay losses of incompetent bankers.

We believe 75 per cent of the voters of this county favor the Senter-Hume bill.

Numerously signed.

By Senator Real:

San Antonio, April 14, 1909.

Hon. Julius Real, Senator, Austin, Texas.

Dear Sir: The undersigned merchants and business men, representing the class which it is claimed would be the beneficiaries of a bank guaranty law, beg to protest earnestly against the passage of such law which we believe to be not based on sound principles of business integrity, and, therefore, not desired by bank depositors as a class.

We have been much pleased with the stand taken by a majority of the Senate, and beg you to convey to them our appreciation as well as our confident belief that they will not permit themselves to be swerved from the sound position heretofore held by them.

With best wishes,

Numerously signed.

By Senator Perkins:

Quinlan, Texas, April 14, 1909.

Hon. Tom Perkins, Senate, Austin, Texas.

Dear Sir: We note you have given to the press several telegrams and communications from bankers and a few others who are in line with your way of thinking on the bank guaranty law that has been before the Senate, but have failed to give out the petitions from those favoring the Cureton bill, of which you have surely received many, including one from this place containing forty-two names and could have as easily contained 1000, not a man refusing to sign that had an opportunity.

It remains to be seen whether the

bankers are in the majority in your district. Give each side a square deal is all we ask.

Numerously signed.

By Senator Senter:

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, the undersigned Democratic voters of Tarrant county, Texas, hereby represent to the honorable body, of which you are President, that in voting for the platform demands of the Democratic party at the last State election, it was not our intent to make any demands calling for legislation or innovations at variance with the time-honored principles of the Democratic party.

That we have all becoming and deferential respect for the leaders of our party, both National and State, both legislative and executive, in proportion to their adherence to true Democratic principles; but we deplore and condemn any tendency or effort, intentional or otherwise, on the part of any of them to lead the Democratic party astray, or force it into actions more tainted with Populism than bearing the native hues of democracy.

That we favor any bank guaranty under which each bank can be responsible for its own goodness, or want thereof; but we do not believe it to be just, reasonable or Democratic to require the good to pay the debts of the bad, or to penalize the competent for the benefit of the incompetent; and we do not believe that any necessity or emergency exists sufficient to justify the commitment of the Democratic party to such a policy.

Numerously signed.

PETITIONS AND MEMORIALS.

By Senator Senter:

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, the undersigned Democratic voters of Tarrant county, Texas, hereby represent to the honorable body of which you are President, that in voting for the platform demands of the Democratic party at the last State election, it was not our intent to make any demands calling for legislation or innovations at variance with the time-honored principles of the Democratic party.

That we have all becoming and deferential respect for the leaders of our party, both national and State, both legislative and executive, in proportion to their adherence to true Democratic principles; but we deplore and condemn any tendency or effort, intentional or otherwise, on the part of any of them to lead the Democratic party astray, or force it into actions more tainted with populism than bearing the native hues of Democracy.

That we favor any bank guaranty under which each bank can be responsible for its own goodness, or want thereof; but we do not believe it to be just, reasonable or Democratic to require the good to pay the debts of the bad, or to penalize the competent for the benefit of the incompetent; and we do not believe that any necessity or emergency exists sufficient to justify the commitment of the Democratic party to such a policy.

Numerously signed.

By Senator Stokes:

To the Representatives at Austin, Texas.

Gentlemen: We, the undersigned citizens and voters of Trinity county, Texas, wish to express our unqualified approval and endorsement of the various telegrams and petitions sent to members of the House and Senate from various portions of the State, to the ef-

fect that you pass the appropriation bill and adjourn.

There is no demand from the people for any further legislation at this time, and, in our judgment, the very best interest of the State will be subserved by suspending further effort to encumber our statutes with new and untried schemes of legislation.

Numerously signed.

By Senator Ward:

Hon. Pierce B. Ward, Senate, Austin, Texas.

Dear Sir: We, your petitioners, citizens of Hill county, respectfully ask that you use your influence and vote against the proposed measure generally known as the Love-Cureton bank deposit guaranty bill, for the reasons that—

We are satisfied with the present excellent banking laws, both National and State, and believe with a proper enforcement of same that depositors and customers of the banks, State and National, will be fully and amply protected.

We are not in favor of the banks of the country forming a general partnership, or of banks guaranteeing the business of another where they have no voice or control in the management of another. We regard this measure as unfair, unbusinesslike and against the best interest of our State, in that it is unnecessary, expensive and experimental.

We would favor instead of the Love-Cureton bill, the Senter amendment, which authorizes any bank to insure its deposits at their option.

Numerously signed.

By Senator Murray:

Cuero, Texas, April 19, 1909.

Senator W. O. Murray, Austin, Texas:

We heartily commend your opposition to bank guaranty bill, which bill we regard as extremely hurtful to the people of Texas. We can send you petition in opposition should you so desire. The people are in accord with your course in the Legislature.

Numerously signed.

Rockport, Texas, April 19, 1909.

Hon. W. O. Murray, Senate Chamber, Austin, Texas:

Petition from here today commending your position favoring Senter-Hume bill contains signatures of every business man in this town who was in when called on.

J. W. PEOPLES.

Rockport, Texas, April 19, 1909.

Hon. W. O. Murray, Senate Chamber, Austin, Texas:

We commend your position in supporting Senter-Hume bank guaranty measure, providing for individual responsibility and ask you to oppose to the last ditch Cureton-Love bill, which forces all banks into an involuntary co-partnership.

Numerously signed.

By Senator Real:

Kerrville, Texas, April 16, 1909.

Senator Julius Real, Austin, Texas:

I am inclosing you an endorsement of your vote on the bank guaranty bill which will explain itself.

I only had a very short time to see the voters, but could get nine-tenths of the people if I had time. I really only had one man to refuse to sign this endorsement. Yours truly,

J. M. HAMILTON.

Kerrville, Texas, April 14, 1909.

Senator Julius Real, Austin, Texas:

We, the undersigned voters and citizens of Kerrville, Kerr county, heartily endorse your vote in favor of the Senter-Hume bank guaranty bill, in preference to the Cureton bill.

We do not favor any bank guaranty bill and believe the principle of same to be wrong; but if we are to have such a bill thrust upon us, we do not favor the many radical features of the Cureton bill, and therefore we favor the Senter-Hume bill as a choice between the two.

Numerously signed.

By Senator Hudspeth:

San Angelo, Texas, April 14, 1909.

Hon. C. B. Hudspeth, Austin, Texas.

Dear Sir: Force the banks to secure the depositors at the bank's expense. They can easily get insurance or organize mutual insurance companies themselves. Your friend,

C. B. METCALE,

President Southern Cotton Growers' Association.

By the Chair:

To Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, the undersigned farmers and business men of Midlothian, Texas, respectfully ask you to use your influence in the coming called session of the Legislature to defeat any legislation whereby a law might be passed forcing all

banks doing business under a State charter into a copartnership whereby the good and honest bank will become responsible for the loss caused by the dishonest. We are Democrats of the old school and do not believe in socialism. We do not care how strong you make the bank law, but let each bank stand on its own merits, and if you will pass stringent laws in regard to dishonesty in banks there will be no more bank failures in our opinion.

Approving of the way your office has acted so far, beg to remain,
Numerously signed.

Bay City, Texas, April 15, 1909.

Hon. F. Chas. Hume, Austin, Texas.

Dear Sir: As you doubtless realize the State banks are deeply interested in the guarantee measure proposed, and we want to go on record as being unalterably opposed to the Cureton bill, and would much prefer that the Legislature pass no measure at this session in furtherance of the so-called platform demand. From our standpoint we regard legislation along financial lines should be extremely conservative as it affects the whole body politic, either adversely or favorably very quickly and it is difficult to determine in advance just how some apparently good laws may work out, therefore we hope your honorable body will make haste slowly in the matter of passing any kind of a bank guarantee measure at this term. We are very truly yours,
BAY CITY BANK AND TRUST CO.

Palacios, Texas, April 15, 1909.

Hon. F. Chas. Hume, Austin, Texas.

Dear Sir: We wish to congratulate the Senate on its opposition to the Cureton bill, which, appears to us, to be an outrageous bill making banks and bankers that are trying to do a legitimate, straightforward business, liable for the misdeeds of others. We wish to assure you that we feel that the Senter-Hume bill is a very fair measure and has our endorsement.

Yours very respectfully,

PALACIOS STATE BANK.

Blessing, Texas, April 15, 1909.

Hon. F. Chas. Hume, Austin, Texas.

Dear Sir: We wish to congratulate you and the remainder of the Senate who have supported the Senter-Hume bill for your attitude on the subject of a bank deposit guaranty. To my mind the adoption of the Cureton bill, as passed by the House, would be productive of most disastrous consequences to the general credit, and consequently to the individual depositor, as well as to the banks. It seems to me that your bond feature is better calculated to se-

cure the rights of the depositors and of the banks than any other proposition that has been urged, and we trust that you and those who are with you in the Senate will stand firm and not be influenced by intimidation from any sources, because the people are with you. Yours very truly,

BLESSING STATE BANK.

By Senator Brachfield:

Houston, Texas, April 19, 1909.

To the Thirty-first Legislature of the State of Texas, Austin:

We, the undersigned, for ourselves and in the names of more than 3000 other depositors of the T. W. House bank of this place, the larger part of whom are business men ruined by the failure, women, widows, children, dependent invalids, farmers and working people beggared by it and having an aggregate deposit of more than \$2,000,000, most humbly and earnestly petition the two houses of the Thirty-first Legislature of this State, in the interest of the public good and of humanity, to pass the bank guaranty measure now pending before your honorable bodies and known as the Cureton bill. We assure you that the votes of the Senator and Representatives from this county, on the question of bank guaranty, do not represent the overwhelming sentiment of the Democratic citizens of their districts, but are in direct conflict therewith.

You are, yourselves, deceived if you believe the people are deceived. There is no question upon which the people are more earnest and unanimous than that of guaranty of State bank deposits, and they recognize in the Senter-Hume bill a sham and a subterfuge whose enactment into law would be more disastrous than no guaranty. We protest against National bankers assuming to represent before the Legislature the interest of depositors on this question and we insist that the representatives chosen by the people to legislate for them shall view the question from the standpoint

of depositors who are not able to organize and finance a legislative corps of agents at Austin to argue their cause before committees and with members of the Legislature from day to day in order to secure what the people have so directly and unmistakably demanded by both National and State platforms.

The House bank failed on October 17, 1907, and to this date there has been dribbled out to us only 30 per cent in dividends, with small prospect of any material addition thereto.

It is too late to save us by any statute, but we send up this cry that we may give our feeble influence to save others from the fearful calamity that has fallen upon us, as well as upon the business interests of the country.

We request that this communication be read to your honorable houses, and that you spread it upon the Journals and give it such consideration and weight as it deserves.

Numerously signed.

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, the undersigned farmers and business men, earnestly commend the seventeen Senators who have stood for the Senter-Hume bank guaranty bill, which fixes upon each bank the responsibility for furnishing a special guarantee of its own deposits.

Meridian, Texas, April 20, 1909.

Hon. A. B. Davidson, Austin, Texas.

Dear Sir: Up to this time I have kept out of the bank guaranty controversy for the reason that I did not believe a bill antagonistic to the best interests of the country would be considered by our Legislature.

I now feel that it is time for every one, who has the best interests of our State at heart to speak his sentiments, hence this letter.

I believe that the measure known as the Cureton bill is contrary to the principles of sound business and conservative banking. I do not object to a guaranty law which would not require that every bank in the State be held responsible for the shortcomings of every other bank. My objections to the Cureton bill are not brought about by the fact that I am engaged as a National banker. The shareholders of this bank, myself among the number, have already applied for and obtained a charter from the State, to be used in case a just and equitable guaranty law is enacted. Personally, it matters not to me whether I am connected with a State or National bank. But I do believe as a private citizen of the State that the proposed law as it now stands is unjust and unfair to the old and tried banks that have already proven themselves worthy of the confidence of the people. I would favor and endorse a law to insure bank deposits, provided such a law should be along conservative lines, and would require that each bank furnish satisfactory and approved security for its own deposits and not be required to stand security for the deposits of any institution that might see fit to take advantage of the provisions of a law such as the one now being considered.

I have been engaged in the banking business in Meridian for twenty-five years, and feel that I know something about the people, their sentiments and wishes, and notwithstanding the fact that Senator Mayfield of this district has made statements to the contrary, I honestly believe that not more than 10 per cent of the people of this county

know anything about the law guaranteeing deposits or care anything about it. We have canvassed the county pretty thoroughly, and have had the opinion of disinterested parties along these lines, and the sentiment expressed has in almost every instance been one of indifference.

My advice would be to allow the matter to stand as it is, until the practicability of the guaranty idea, which is new and untried, has been tested. Let it stand at least until the Legislature is again convened in Regular Session, and by that time, we will have detected the flaws in the laws of other States and be in better position to consider and pass a measure which will prove beneficial and not detrimental to the best interests of our people. Give the higher courts of the country time to pass on the constitutionality of such laws, as they will most surely be called upon to do. Let us rather profit by the experience of others than have others profit by ours. Give the people an opportunity to inform themselves along these lines. They will then be prepared to instruct their lawmakers as to what they want.

Asking your indulgence in this matter, and trusting that this letter will have your careful consideration, I am

Respectfully,
J. W. RUDASILL.

By Senator Senter:

Hon. A. B. Davidson, President of the Senate, Austin, Texas:

We, the undersigned Democratic voters of Tarrant county, Texas, hereby represent to the honorable body, of which you are President, that in voting for the platform demands of the Democratic party at the last State election, it was not our intent to make any demands calling for legislation or innovations at variance with the time-honored principles of the Democratic party.

That we have all becoming and deferential respect for the leaders of our party, both National and State, both legislative and executive, in proportion to their adherence to true Democratic principles; but we deplore and condemn any tendency or effort, intentional or otherwise, on the part of any of them to lead the Democratic party astray, or force it into actions more tainted with populism than bearing the native hues of democracy.

That we favor any bank guaranty under which each bank can be responsible for its own goodness, or want thereof;

but we do not believe it to be just, reasonable or Democratic to require the good to pay the debts of the bad, or to penalize the competent for the benefit of the incompetent; and we do not believe that any necessity or emergency exists sufficient to justify the commitment of the Democratic party to such a policy.

Numerously signed.

Jacksboro, Texas, April 20, 1909.

Hon. E. G. Senter, Austin, Texas.

Dear Sir: Having closely watched the proceedings in our State capital pertaining to the guarantee of deposits, I take this opportunity to say that I think you and your followers deserve much credit for the stand you have taken throughout the entire sessions. The bill that you champion treats all men alike, letting each bank, whether private, State or National, continue as such, and putting a guarantee behind them that is unquestionable. No banker is afraid of his burglary insurance policy they now hold, guaranteed by any of the large bonding companies. I believe it would be so with your insurance or guarantee law. The assessment feature in the Cureton or Love bill, to my mind, is almost identical with the co-operative life insurance associations existing in many counties in our State today. As a rule the association is made up of farmers. The rules and regulations are very brief. Any man without being put through a physical examination, age from 15 to 60, possessing the small sum of \$1.00 is eligible to membership. On proof of death of a member, each surviving member must deposit \$1.00 with the treasurer to pay off the next death loss. Any man of sound mind can readily see that the rate of mortality is very high among the older members, and small, of course, among the younger ones. In other words, the young men pay the death claims, and as soon as they are called upon for frequent assessments and discover the fact that they are paying death claims of members of advanced age, who are old and decrepit, these young members see what they are "up against" and withdraw from the association, and the association goes out of business. And so it is with the assessment feature outlined in the Cureton or Love bill, the strong banks pay the depositors' losses for the weak banks and are compelled to stay in and "take their medicine" or liquidate and go out of business. I believe that

in case this law goes into effect and another panic comes upon us which would wreck about three or four weak banks in the association, the strong banks all over the State will "get enough" after about the second or third assessment, and they will liquidate at once in order to preserve their assets. The guarantee of bank deposits is being given consideration at our National Capitol, and it seems to me that such a law should be made there and be National in its scope. Very truly yours,
ELLIS MITCHELL.

By Senator Terrell of McLennan:

Lorena, Texas, April 20, 1909.

Hon. H. B. Terrell, State Senator, Austin, Texas:

Dear Sir: Feeling that every true Democrat is uncompromisingly opposed to every move in the direction of socialism and communism that is so rife in the bank guaranty bill as passed by the lower house of the State Legislature, we would urge upon you to use your best efforts to defeat any legislation on this subject that would fasten on this State a law conceived in iniquity and founded in injustice as the Cureton bank bill.

We think unquestionably the Senter-Hume bill or one embodying the principle as set forth in this bill is the most rational and sensible of any bill yet offered either in the Senate or lower house as this will not impose an unjust burden on the safe, conservative and strong banks in order to foster the weak and wildest banking institutions that will surely spring up at every cross road without either foundation or support.

Yours for the defeat of any unjust measure.

from obtaining from the Secretary of State a permit authorizing it to lend money within this State.

Sec. 3. If any foreign corporation which shall be otherwise entitled to a permit under the provisions of this act shall have, under its charter, or any amendment thereof, more than one purpose or power, any permit which may be issued to such corporation shall be limited to the exercise by such corporation of only one such purpose or power within this State.

Sec. 4. Every application for such permit shall set forth facts showing such corporation to be entitled to such permit. 7. The number, names and places of residence of the directors of such corporation.

8. The amount of authorized capital stock of such corporation.

9. The amount of capital stock of such corporation issued and outstanding.

10. The number of shares of the capital stock of such corporation, and the par value thereof.

Said application and a certified copy of the articles of incorporation of such corporation, and of any and all amendments thereof, shall be filed in the office of the Secretary of State before issuance of said permit.

the issuance by the Secretary of State of a permit to any foreign corporation authorizing it to do business within this State, the president, vice president, secretary, treasurer and two of the directors of such corporation shall make and subscribe an affidavit in writing, stating that such corporation is not a trust, or an organization in restraint of trade, or in violation of any of the laws of this State (and has not within twelve months next preceding the making of such affidavit become or been a party to any trust agreement of any kind or character whatsoever which would constitute a violation of any anti-trust law of the State of Texas, existing at the date of such affidavit, and has not within that time entered into or been in any wise a party to any such trust, agreement or to any organization or combination in restraint of trade within the United States of America, and that no officer of such corporation has, within the knowledge of such affiant, within twelve months next preceding the date of such affidavit, made on behalf of such corporation or for its benefit any such contract, or entered into or become or been a party to any such trust, agreement or organization or combination in restraint of trade).

Such affidavit in writing shall be personally subscribed and sworn to by each such affiant before some officer who is by law duly authorized to administer oaths, and the jurat of such officer shall be attested by his official signature and seal of office, and such affidavits in writing so attested shall be filed in the office of the Secretary of State before the issuance by him of such permit to such corporation.

Sec. 6. No permit shall be issued for a longer period than ten years from its date.

Sec. 7. Upon obtaining a permit under the provisions of this act, such foreign corporation shall have and enjoy all the rights and privileges conferred by the laws of this State on similar corporations organized under the laws of this State, and shall be authorized and empowered to hold, purchase, sell, mortgage and convey such real estate and personal estate as the lawful purposes of such corporation may require, and also to take, hold and convey such other properties, real, personal or mixed, as may be requisite for such corporation to acquire in order to obtain or secure the payment of any indebtedness or liability due, or which may become due, or owing to such corporation; provided, that if such corporation so ob-

taining a permit to do business within this State shall acquire any real estate under the powers conferred by this act, it shall alienate all real property so acquired by it not necessary for the lawful purposes of such corporation, within fifteen years from the time of acquisition thereof; and provided, further, that such corporation shall alienate all real estate acquired by it for the purposes of such corporation, within fifteen years from the expiration of the time for which such permit is extended or it is so authorized to do business within this State; and provided, further, that if such corporation shall cease to do business within this State it shall, within fifteen years thereafter, alienate all such real estate so acquired by it.

Sec. 8. Should any foreign corporation which may now have or which may obtain under the provisions of this act a permit to do business within this State desire at any time to withdraw from doing business within this State, it may surrender such permit to the Secretary of State, who shall thereupon mark or stamp such permit "Surrendered," dating and signing same officially, and shall endorse upon the record of such permit in his office the word "Surrendered" and the date of such surrender; and thereafter such corporation, upon complying with the provisions of this act, may secure a new permit to do business within this State.

Sec. 9. No corporation which is authorized by this act to obtain such permit shall maintain any suit or action, either legal or equitable, in any of the courts of this State upon any demand whether arising out of contract or tort, unless at the time such contract was made or tort committed such corporation had obtained and held a permit from the Secretary of State authorizing such corporation to do business within this State.

Sec. 10. It is hereby declared illegal for any foreign corporation which is authorized by this act to obtain from the Secretary of State a permit to do business within this State, or for any officer, agent, representative or employee of such corporation in the name or on behalf of or for such corporation to do any business within this State, except interstate business, or to establish or maintain within this State any general or special office therefor, unless such corporation shall have first obtained from the Secretary of State and shall hold a current permit authorizing such corporation to do business within this State; and such offending corporation,

its officers, agents and employes shall, by judicial decree, be restrained, enjoined and ousted from doing within this State any business whatever, except interstate business, and from establishing, having and maintaining within this State any general or special office therefor, and, if such corporation shall then have property within this State, a receiver shall be appointed to take charge of and dispose of all of its property and to wind up its affairs within this State under the orders of the court appointing such receiver.

Violation by any person of any of the provisions of this section shall constitute a misdemeanor, and, upon conviction thereof, the person so offending shall be punished by a fine of not less than \$100 and not more than \$1000; and such offender may be prosecuted separately for each day upon which such offense may be committed by him.

Sec. 11. Whenever any foreign corporation, which shall have under the provisions of this act a current permit to do business within this State, shall violate any of the provisions of any anti-trust law of this State, or of any other law of this state, violation of which, by a domestic corporation, would constitute grounds for a forfeiture of the charter of such domestic corporation, such permit shall be forfeited and cancelled by judicial decree, and such offending corporation, its officers, agents and employes shall be restrained, enjoined and ousted from doing within this State any business whatever, except interstate business, and from establishing, having and maintaining within this State any general or special office therefor, and if such corporation shall then have property within this State, a receiver shall be appointed to take charge of and dispose of all of its property and to wind up its affairs within this State under the orders of the court appointing such receiver.

Sec. 12. All civil suits to enforce any of the provisions of this act shall be brought by the Attorney General, or by the district attorney or county attorney of the county in which such suit may be brought, under the direction of the Attorney General; and venue of such suits is hereby conferred upon the proper courts of Travis county, concurrently with such courts of any and all other counties of this State within which any officer or agent of such foreign corporation may be found.

Sec. 13. Whenever any district court shall render against any such corporation any judgment of cancellation, or of

forfeiture, and cancellation, of its permit, the clerk of that court shall forthwith mail to the Secretary of State a certified copy of such judgment, and upon receiving same he shall endorse upon the record of issuance of such permit in his office the words "Judgment of Cancellation," or "Judgment of Forfeiture and Cancellation," as the case may be, and a designation of the court in which such judgment was rendered and the date of such judgment. In the event of an appeal from such judgment, by writ of error or otherwise, the clerk of the court from which appeal is taken shall as soon as such appeal shall be perfected, certify that fact to the Secretary of State, who shall thereupon endorse upon said record of issuance of such permit the word "Appealed," and the date upon which such appeal was perfected, as shown in such certificate from such clerk. When final disposition of said appeal shall be made the clerk of the court making such disposition thereof shall forthwith certify such disposition and the date thereof to the Secretary of State, who shall briefly note same, and the date of such final disposition thereof, upon such record of issuance of such permit.

Sec. 14. Any permit issued by the Secretary of State authorizing a foreign corporation to do business within this State or a duly certified copy thereof, issued by him, shall be evidence of compliance on the part of such corporation with the requirements of the laws of this State concerning application for an issuance of such permit; but such evidence shall not be conclusive upon the State of Texas in any suit which may be brought for cancellation, or for forfeiture and cancellation of such permit.

Nothing in this act shall in any manner affect any suit in the name of the State of Texas which may be pending when this act shall take effect.

Sec. 15. Chapter 17 of Title 21 of the Revised Statutes and Chapter 78 of the General Laws of the Regular Session of the Twenty-first Legislature of Texas, and Chapter 119 of the General Laws of the Regular Session of the Twenty-fifth Legislature of Texas, and any and all laws and parts of laws in conflict with any of the provisions of this act are hereby repealed.

The provisions of this act are and shall be held to be cumulative of all existing laws not expressly repealed by this act.

Sec. 16. The fact that many permits to do business within this State hereto-

fore issued by the Secretary of State to foreign corporations will expire in the immediate future, constitutes an emergency and an imperative public necessity requiring that the constitutional rule which provides that bills be read on three several days be suspended, and that this act take effect from and after its passage, and it is so enacted.

A BILL

To Be Entitled

An Act to amend Sections 122, 123 and 124 of Chapter 124 of the Acts of the Regular Session of the Twenty-ninth Legislature, relating to teachers' certificates, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Sections 122, 123 and 124 of Chapter 124 of the Acts of the Regular Session of the Twenty-ninth Legislature be amended so as to read hereafter as follows:

"Section 122. Teachers' diplomas conferred by the University of Texas upon students who have satisfactorily completed at least four full courses in the Department of Education in said university, and who have satisfied the requirements for the degree of Bachelor of Arts, shall have the force and effect of the permanent State certificates. Teachers' certificates granted by the University of Texas to students who have satisfactorily completed four full courses in the College of Arts and one full course in the Department of Education in said University, shall have the force and effect of first grade State certificates, and said certificates shall each be valid for a period of two years.

"The State Superintendent of Public Instruction may grant first grade State certificates to students who have satisfactorily completed four full academic courses and one full course in education in any institution ranked as first class by the State Superintendent of Public Instruction, upon the recommendation of the State Board of Examiners, and each certificate so issued shall be valid for a period of two years.

"Sec. 123. Any person who holds a diploma conferring on him the degree of Bachelor of Arts, or any equivalent bachelors' degree, or any higher academic degree, from any college or university of the first class, and who has completed four full courses in education, may receive from the State Superintendent of Public Instruction a permanent State certificate, which shall be valid anywhere in this State during good behavior; provided, that any person who holds a diploma conferring on him the degree of Bachelor of Arts, or any equivalent bachelor's degree, or any higher academic degree, from any college or university of the first class, who has not had four full courses in education, but who has taught three years in the State, may receive from the State Superintendent of Public Instruction a permanent State certificate, which shall be valid anywhere in this State during good behavior; provided, further, that any person who may hold a diploma conferring upon him the degree of Bachelor of Arts, or any equivalent bachelor's degree, or any higher

academic degree, from any college or university of the first class, shall, upon presentation of said diploma, be granted at once by the State Superintendent of Public Instruction a State teachers' certificate of the first grade valid anywhere in the State for a period of four years. The institutions to be recognized as colleges or universities of the first class shall be determined by the State Superintendent of Public Instruction upon the recommendation of the State Board of Examiners.

"Sec. 124. A city or town which has a scholastic population of 500 or more, and has become an independent school district, and which levies a local tax for educational purposes, or maintains a system of free schools for nine months in each year, and which has employed a superintendent of city schools, may have a city board of examiners. Said board of examiners shall in all cases consist of a city superintendent of the city schools, together with two other persons who shall be appointed by him, and who shall be teachers. The city board of examiners are hereby authorized to issue certificates valid only in the city in which they are issued. Such certificates shall be of two kinds, as follows: Temporary certificates, permanent certificates.

"Temporary and permanent certificates shall be of three classes for each kind, as follows: Temporary certificates shall be second grade, first grade and high school. Permanent certificates shall be primary, first grade and high school. A temporary city certificate shall be good for any period not exceeding four years, to be determined by the board of trustees of such city or town. A permanent city certificate shall be good during good behavior, and shall not be issued to any person who has not been engaged successfully in teaching in the schools of Texas for a period of at least three years. The further regulation of the issuance of such certificate shall be provided for by the board of trustees of such cities or towns; provided, that no city or town shall make the requirements for its temporary certificates inferior to the requirements prescribed by law for county or State certificates of the corresponding grades or the requirements for its permanent certificates less than those prescribed by law for permanent county or State certificates of corresponding grades. Nothing in this chapter shall interfere with the validity of outstanding certificates in such cities or towns, or prevent the extension of such certificates

upon such conditions as may be prescribed by the board of trustees regarding professional reading, attendance upon city institutes, and other means of professional growth. Cities and towns authorized by the provisions of this chapter to have a city board of examiners, may at the discretion of the superintendent of the city schools employ a teacher of any special branch not included in the requirements for a State certificate, without requiring an examination or a teachers' certificate; and nothing in this chapter shall prevent the board of trustees of any city or town from recognizing the certificates issued in any other such city or town in this State, and validating the same in the city or town so recognizing them."

Sec. 2. Owing to the shortage of teachers and the increasing demand that our colleges and universities of "the first class" be recognized to issue temporary and permanent certificates, and that city examining boards be permitted to issue second grade, first grade and high school certificates, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Engrossed rider:

Amend House bill No. 17 by striking out all after the word "behavior," in line 4, page 2, printed bill, and by inserting the following, to-wit: "No institution shall be recognized as a college or university of the first class, within the purview of this act, unless the same shall require as a prerequisite to graduation therefrom the completion of at least twenty full courses, each of which courses shall consist of at least three recitations, or class, or lecture hours per week for a period of at least eight calendar months in each year."

APPENDIX.

PETITIONS AND MEMORIALS.

The Chair had the following read to the Senate:

Mt. Pleasant, Texas, April 21, 1909.

Hon. A. B. Davidson, President of the Senate, Austin, Texas.

Dear Sir: We certainly want to enter our protest against any guarantee law like the Cureton bank guarantee law proposed.

I honestly and sincerely believe that it would be well to let the guarantee measure alone for this time, and give more time for investigation.

I could, I know, get up a petition and get a number of signers, but enough it seems to me has already been done along this line to convince the Legislature that the thinking business people who have deposits are pretty well all against the Cureton plan, when they have studied it properly. (I expect there are some exceptions occasionally.)

What per cent of bankers and depositors do you think favor any kind of guarantee?

What per cent of these do you think favor the bill for personal reasons? Do you suppose any people in Texas would like to have the State banks take precedence over the National banks?

Inasmuch as millions of Texas people's money is tied up in National bank stock, do you argue with some that the National bankers, shareholders of National bank ought to have nothing to say, even when a law is proposed which is clearly a discrimination against their interests?

But you have had arguments—perhaps too much—until you are tired of it, but we want you to know that we do not want the Cureton bill nor anything like it, and we would appreciate having the guarantee matter dismissed altogether if at all consistent with the views of your honorable body. Very much oblige,

W. H. SEAY.

There are hundreds and thousands like me, all of our shareholders, so far as I know.—W. H. S.

Stamford, Texas, April 20, 1909.

Hon. A. B. Davidson, Lieutenant Governor, Austin, Texas:

We, the undersigned business men and farmers, citizens of Jones county, Texas, most heartily commend your action and that of the seventeen Senators who have stood for the Hume-Senter bill, which fixes responsibility on stockholders of banks, where it should be. We respectfully urge that you use all efforts to sustain your position in the matter.

Numerously signed.

Denison, Texas, April 20, 1909.

To the Hon. A. B. Davidson, Lieutenant Governor, Austin, Texas:

We commend and approve the attitude of the Senators supporting the Hume-Senter bill, and hope they will stand firm for its passage, believing as we do that its provisions are just and equitable and that it amply provides for the security of bank deposits.

Numerously signed.

Colorado, Texas, April 20, 1909.

To Hon. A. B. Davidson, Lieutenant Governor, Austin, Texas, Senate Chamber, State Senate.

Dear Sir: We, the undersigned citizens and business men of Colorado, in Mitchell county, desire to say that we favor the guaranty of bank deposits bill offered by Senators Senter and Hume,

and known as the Senter-Hume substitute, as a more satisfactory solution of the subject of guaranty of deposits yet offered in either the Senate or House, and trust that the seventeen Senators who voted for this bill will not recede from their position in the support of a weaker measure.

Numerously signed.

By Senator Ward:

To the Legislature of Texas:

As citizens and taxpayers of Texas and as Texas depositors loyal to her interests and earnest in the purpose that her legislation should be both wise and efficient, we earnestly desire the passage of the Cureton-Mobley bank guaranty bill now pending before your honorable body.

We, as depositors, deeply appreciate the principles of protection therein contained and congratulate the House of Representatives in demonstrating their fidelity to the people in indorsing this measure by such a splendid majority.

The absolute protection offered the depositors by the Cureton-Mobley bank guaranty bill and the effectiveness of such a law to accomplish security for bank deposits removes any pretext for the enactment of a law guaranteeing deposits by individual security or indemnity.

We recognize the insecurity of individual guarantee; and sincerely hope that the Senate will not force the people of Texas to accept a subterfuge indemnifying by granting them the privilege of litigation in order to secure the protection to which they are justly entitled.

Numerously signed.

By Senator Senter:

Lancaster, Texas, April 20, 1909.

Hon. A. B. Davidson, Lieutenant Governor, Austin, Texas.

Dear Sir: We, the following qualified Democratic voters of this community desire through you to express our commendation and endorsement of the action taken by Hon. E. G. Senter and the other sixteen Senators in opposing the Cureton bank guaranty bill, which bill was recently presented to your honorable body for passage.

We do not oppose a bank guaranty law that will impose the liability of same on the officers, directors and stockholders of the individual bank where it belongs, but we know of no principle in law or equity that can ask one man or commercial business to enter into copartnership with every other

business of his kind to guarantee his liabilities when he has no voice in the management of his affairs or share in his profit.

We think the principles set forth in the Cureton bank guaranty bill are socialistic, populist and unjust, and is void of the least appearance of sound Democratic principles.

Numerously signed.

By Senator Weinert:

Martindale, Texas, April 22, 1909.

Hon. F. C. Weinert, Austin, Texas.

Dear Sir: I want to write and tell you I admire the stand you have taken in regard to the guarantee of bank deposits, and while our bank is a private institution and this guarantee would not affect us, at the same time I think it is one of the most radical pieces of legislation that could be enacted.

I believe when one's Senator or Representative does a good act as you have done their constituents' duty is 'o write and tell them they admire their course.

Yours very truly,

J. B. MARTINDALE.

The Chair had the following read:

Hon. A. B. Davidson, Lieutenant Governor, Austin, Texas.

Dear Sir: At a public meeting of the Business Men's Club of Yorktown, Texas, the following resolutions were adopted, to-wit:

Whereas, The Legislature of the State of Texas is now in session to enact just and equitable laws; and,

Whereas, It seems as there are two factions in the representative legislative body, one conservative and one radical in principle; therefore, be it

Resolved, That we heartily agree with the conservative element of our lawmakers and especially endorse your public utterance; and be it further

Resolved, That we admire the firm stand the conservative element of the Senate has taken to uphold their convictions in the face of oratorical display of the outside big political guns, which influences are evidently the cause of these extra sessions of the Legislature and increasing the expenses to the taxpayers of the State; and be it further

Resolved, That we are not opposed to equitable and just laws that would be fair to the general welfare of the public, but we are opposed to further banking legislation, and especially so to the Cureton bank bill; same is impracticable to our minds and fully be-

lieve that 90 per cent of the people are opposed to same.

Kindly read to the Senate.

We are very respectfully yours,

Signed—J. W. Hoff, R. H. Eckhardt, Gus J. Nau, C. L. Striber, E. T. Clark, Charles Mertins, R. McBain, M. H. Jacob, W. H. Dunn, B. L. Hausmann, J. C. Wise, R. Jersig, H. F. Junker.

SIMPLE RESOLUTION.

By Senator Holsey:

Whereas, The Waters-Pierce Oil Company paid into the State Treasury, on Saturday, April 24th, A. D. 1909, the sum of one million eight hundred and eight thousand four hundred eighty-three dollars and thirty cents in cash as a penalty for the violation of the anti-trust laws of Texas, and

Whereas, This noted case was a great legal victory and has taught one of the most gigantic trusts of America that the rights of the people must be preserved, and the laws of Texas must and shall be obeyed, and

Whereas, This case was begun in the District Court of Travis county and was carried by the Attorney General and his assistants through all the courts to the Supreme Court of the United States, and

Whereas, It is the greatest fine that was ever collected in the world and the grandest legal victory ever obtained, therefore be it

Resolved, That this Senate, as representatives of the people of all parts of Texas, extend our thanks to Attorney General R. V. Davidson, Hon. Jewel P. Lightfoot, and the entire Attorney General's department for their faithful and efficient service rendered the people of Texas.

REASONS FOR VOTE.

I vote to table the amendment to the amendment offered by the Senator from Parker and associates, and vote "nay" on the adoption of the said amendment for the reason that in my judgment Senator Bailey did not in any manner encourage, aid, assist or sanction the efforts of the Attorney General's department in the collection of the fine assessed against the Waters-

Pierce Oil Company, the only matter before the Senate under the resolution offered by the Senator from Navarro.

VEALE.

Senator Stokes offered the following amendment to the resolution:

Amend the resolution by adding thereto the following: "The thanks of this Senate and of the people of Texas are furthermore hereby tendered to said Joseph W. Bailey for aiding the Waters Pierce Oil Company in again obtaining a foothold in this State, whereby said oil company has filched from the pockets of its people many millions of dollars."

Senator Cofer made the point of order that the above amendment was not germane to the resolution.

The Chair (Senator Brachfield) sustained the point of order.

Senator Watson offered the following amendment to the resolution:

Amend the resolution by adding the following: "We also thank the Hon. Jewel P. Lightfoot for his draft of the bill, which was introduced in this Senate, and which had for its purpose the looting of the fund collected to the extent of about \$90,000 by providing that said sum should be paid to the county attorney of Travis county and his associates for services rendered in said cause, when all such services had already been performed, and which bill was intended for the one purpose of making a present to said attorneys for past and future political services rendered and to be rendered. We also thank said Jewel P. Lightfoot for not making an effort to get any more of the people's money for political pets. We believe that the people of Texas are very fortunate in getting any of this money into the State Treasury, for a few more bills of this character, if

he had been able to have gotten them through the Legislature, would have taken the whole amount and put it in the pockets of the political friends of the Attorney General and his great trust-busting assistant, J. P. Lightfoot.

"Be it further resolved, That the authors of the said bill are hereby relieved from any responsibility for said bill, as the said 'Jewel' failed to disclose the purpose of the bill when he induced them to introduce the same. We further believe that one more 'pair' of such statesmen in the Attorney General's department would be the 'limit,' and we would then be on the high road to hell according to law.

"Resolved further, That the thanks of the Senate be tendered, if due, to the Attorney General's department for filing suit against the Harvester trust, and accepting a nominal fine and permitting the reorganization of the concern by the same people who operated and conducted before the suit was filed.

"And if the 25 per cent of said fines which was retained as an attorney's fee has been caused to be paid back into the State Treasury, the grateful thanks of the Senate be extended on this account."

Senator Mayfield made a point of order that the amendment was not germane to the resolution.

The Chair (Senator Brachfield) sustained the point of order.

Action then recurred on the resolution, as amended.

Senator Veale moved to table same.

(Lieutenant Governor Davidson in the chair.)

Senator Terrell of Bowie moved to reconsider the vote by which the resolution was adopted, and lay that motion on the table.

The motion to table prevailed.

REASONS FOR VOTING.

On the adoption of this resolution as amended, I vote "no" for the following reasons:

1. The people of Texas fully appreciate the services of all officials in any manner connected with the collection of the fine in question, and I regard it as a matter with which the Senate has no concern.

2. The resolution as amended thanks Senator J. W. Bailey for his services in calling the attention of the courts to the fee bill question; I cannot concur in a proposition so palpably absurd.

VEALE.

During my canvass for State Senator, I promised the people of the Twentieth Senatorial District, if elected, I would vote against any resolution that might be offered praising Senator Bailey and that I would likewise vote against any resolution censuring him. I shall fulfill my promise and accordingly vote "yea" to table the amendment praising Senator Bailey, offered by Senator Alexander, and "no" on the adoption of the amendment as amended by Senator Alexander, and "yea" to table the resolution as amended and "no" against the final passage of the amended resolution. I was the author of the amendment to the original resolution thanking Messrs. John W. Brady, Gregory & Batts, and

Allen & Hart for valuable services rendered in the prosecution of the Waters-Pierce Oil Company, and regret that Senator Alexander's amendment as adopted, forced me to vote against it.

PEELER.

We vote "nay" on the adoption of the resolution, together with the amendments, because said amendments really destroy the intent and purpose of the bill. We would cheerfully have voted for the adoption of the original resolution thanking the Attorney General's Department for the great victory won for the State against the Waters-Pierce Oil Company, but we are not willing to thank men to whom the people of Texas owe little appreciation on account of their fandistand connection with this suit against one of the most powerful trusts that have for years ignored our laws and have trampled upon the rights and liberties of the American people.

HOLSEY.

A BILL

To Be Entitled

An Act concerning surety companies authorized to transact business in this State and their agents, and to permit such companies and such agents to form an association for the purpose of gathering statistics, exchanging experiences and ascertaining the fair and reasonable rates to be paid them for their suretyship, and to maintain such rates, and to prevent losses arising from dishonesty or dereliction of duty of public officers, trustees and others, and to prevent discriminations, favoritism or rebates, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Any two or more surety companies authorized to transact busi-

ness in this State, or their agents therein, may form an association for the purpose of reducing losses, gathering statistics, exchanging experiences, and ascertaining the fair and reasonable rates to be paid them for their suretyship; and such association and such companies and their agents may establish and maintain rates so ascertained and made; provided, that said rates are not unreasonable or excessive and do not exceed the rates that are now or may hereafter be established by law for any class of suretyship; and may also adopt means to prevent discriminations and rebates on the part of any company represented therein, and to prevent losses arising from dishonesty or dereliction of duty of public officers, trustees, guardians, executors, administrators and other fiduciaries of whatsoever kind, and of others for whom surety companies may become sureties; provided, that all rates shall before the same become effective under this act, be submitted to the Commissioner of Insurance and Banking and shall be by him approved as conforming to the requirements of this act.

Sec. 2. No such surety company shall make or permit any discriminations or favoritism between those of the same class for whom it shall issue its obligations, nor shall it, nor any of its agents, pay or allow, directly or indirectly, as an inducement to suretyship, any rebate of the premium payable for such suretyship, or any special favor or advantage to accrue thereon.

Sec. 3. Any such surety company, or agent thereof, who shall violate any of the provisions of the preceding section shall forfeit and pay a sum not exceeding \$100 for each and every violation thereof, to be recovered in an action in the name of the State.

Sec. 4. The fact that there is now no law authorizing the organization of the association provided for in this act, and the crowded condition of the calendar, creates an emergency and an imperative public necessity, requiring the suspension of the constitutional rule requiring bills to be read on three several days, and said rule is hereby suspended, and this act shall take effect from and after its passage, and it is so enacted.
